Moses Goldman and Jacob Hering both of Atlantic City, County of Atlantic and State of New Jersey, both being of full age and being duly sworn according to law upon their oaths say, that for several years last past they have been personally and intimately acquainted with Charles King of Atlantic City, State of New Jersey, that for about one or two years last past they have, by frequently observing the behavior, words and actions of the said Charles King, looked upon him as a person not of the same reason and understanding that he formerly had been, and that for several weeks last past they have observed by the actions, words and doings of the said Charles King that his mental condition had failed very materially, so much so of a more recent time as that in the opinion of the deponents he the said Charles King has been deprived of his reason and understanding to such a degree as that he is unfitted to care for himself or his business with safety.
