THE VOTING MACHINE.

The State Gazette, Trenton, of Jan. 29th, says: "Opposition to the voting machine comes principally from a Democratic source. Senator Minerva has introduced a bill in the Senate which is calculated to put the voting machine out of business in New Jersey. The people are not demanding abolition of the machines, and until they do, the State can afford to use them."

Perhaps that is the general sentiment in Trenton; but if the voters of Hammononton could decide the matter, the only voting machine in town would be "out of business" before next election day. In fact, in Town Meeting a resolution was adopted, requesting the powers that be to remove that voting machine, and restore our printed ballot form of voting.

Why? because the machines are too complicated to be understood by the average voter, who prefers to see his ballot before depositing it, and know that he has voted as he desired. In fact, not a few men have refused to vote in the first precinct, where the machine is in use.

It may answer for a man who is voting a straight ticket; but the right to "cut" is valued by every intelligent voter, yet how-to-do-so, and whether he has done so or not, remains a problem in the minds of too many. Our Town Clerk and election officers have been painstaking and patient in their explanations, but even men of bright intellect will make mistakes among the numerous cranks.

Last November we were in the company of seven intelligent men, and this machine being under discussion, we found that five among the party had failed to vote on Town appropriation, — not intentionally, but forgot that an extra set of "stops" must be manipulated for that purpose. Returns from the machine precinct show that very few men voted on that question.

Elm Items.

On Wednesday night, last week, the school house was broken into and a lot of pencils, paper, etc., stolen; also, one dollar taken from a desk. A hatchet and file were found near by, left by the burglars.

Theodore Green has returned from a visit to New York.

Mrs. Schneider fell down stairs, on last Saturday evening, and cracked her collar-bone.

Miss Mamie Robertson has returned from a ten weeks visit in Camden.

Wm. Hagan, Sr., has added extensively to his large estate, having recently bought nearly three hundred acres of the timber, near here.

Quite a kick is made by the young people going to Winslow to church. Two parties of them were held up for fifteen minutes or more, this week, by freight trains on the Reading.

John Wurtz has bought a new horse and cow, both of fine breed.

The population of Elm has been increased some fifty or sixty, mostly foreigners, since work commenced on the railroad below Winslow.

Tell ghost stories, boys, and be popular.

Practical Painter.

Painting is practical work. Skill wins. It's the same with paint making.

You know 4 gallons L. & M. mixed with 2 gallons Linseed Oil makes enough paint for a moderate sized house—the best paint money can buy—because the L. & M. Zinc hardens the L. & M. White Lead and makes the L. & M. Paint wear like iron.

Buy L. & M. and don't pay \$1.50 a gallon for Linseed Oil, as you do in ready-made paint, but buy oil fresh from the barrel at 30 cents, and mix with L. & M. L. & M. costs only \$1.20 per gallon, sold by Harry McD. Little.

On Tuesday evening, a birthday social was held by the primary teachers, in Old Fellows' Hall. Miriam, a charming little daughter of Hon. Thos. O. Evans, is suffering with incipient tuberculosis, probably caused by infection from the two cows which were killed by State authority two weeks ago. Under expert medical advice, the child is being treated by the fresh air system, with special diet, and hopes are entertained for her recovery.

Washington Camp, F.O.S.O., which celebrated its fourth anniversary, however, on Monday evening, will be the first of the local evangelistic meetings, which will continue two weeks, in the Methodist. It is beyond question that Hammononton needs a reform, both in morals and politics. The political method has been tried, with but indifferent success; suppose all Christians support this new move, and see whether a little more of the grace of God will not tend to curb the growing power of the saloon and its friends, as well as other evils.

Those who have not paid their taxes must do so by next Monday. On Tuesday, Feb. 6th, all unpaid taxes on real estate will be returned to the County Clerk, to be recorded as lien against the property.

But, on investigation, it was found that a water pipe leading through the well had a bad leak.

HIGHEST PRICE paid for all kinds of old tin, junk in large or small quantities. Send postal and I will call. W. J. LICKER, Hammononton, N. J.

On Tuesday evening, a birthday social was held by the primary teachers, in Old Fellows' Hall. Each invited guest was expected to contribute a cent for each year of his age at his nearest birthday, the proceeds to furnish a cloak room for teachers in the new school building. There was a large attendance. Music and refreshments constituted the major part of the evening's program.

Miriam, a charming little daughter of Hon. Thos. O. Evans, is suffering with incipient tuberculosis, probably caused by infection from the two cows which were killed by State authority two weeks ago. She had long drank the milk, and was in the habit of visiting the barn where the cows were kept. Under expert medical advice, the child is being treated by the fresh air system, with special diet, and hopes are entertained for her recovery.

A meeting will be held in Town Hall next Thursday evening, to organize a local Historical Society. The can be made very interesting, if properly supported. Everybody is invited.

The twenty-fifth anniversary of the Christian Endeavor Society will be celebrated to-morrow, in the Presbyterian Church at 8.30, and in the Baptist Church at 7.30. Everybody is invited.

Washington Camp, F.O.S.O., which celebrated its fourth anniversary, however, on Monday evening, will be the first of the local evangelistic meetings, which will continue two weeks, in the Methodist. It is beyond question that Hammononton needs a reform, both in morals and politics. The political method has been tried, with but indifferent success; suppose all Christians support this new move, and see whether a little more of the grace of God will not tend to curb the growing power of the saloon and its friends, as well as other evils.

Those who have not paid their taxes must do so by next Monday. On Tuesday, Feb. 6th, all unpaid taxes on real estate will be returned to the County Clerk, to be recorded as lien against the property.

The Band will repeat "Musical Mischief" Feb. 15th, benefit of the Volunteer Fire Company's uniform fund. A partial change of programs, with new songs and bits on local doings and people. Buy your ticket now.

IF I WERE A BOY.

If I were a boy I would want to be
happy, and I would prize no friend
more highly than the one who taught
me to be true and noble and happy.
As so many fail to understand this
secret, I would make it my special
quest. I would ask my friends, and
those I met with experience and abili-
ty, to tell me how to win a noble, true
and happy life. I could not be satisfied
to eat, drink, play, sleep and study
without having a clear understanding
of life, its purpose and future possi-
bilities.

If I were a boy, and about to join in
a foot race, or a game of ball, I would
want to do it understandingly. I cer-
tainly would acquaint myself with the
object and conditions of the game. It
must be evident to boys that life means
something, and if they would win a
high position they must understand
the purpose and conditions in the case.
The most important question, the
question of more pressing need than
education, profession or wealth, is
this to which I refer. It is so deeply
graven in the heart of every true and
noble life that it can never be erased.
This all-important question for a boy,
as well as for a man, is, "What are my
relations to my Maker? Am I right
with him?"

Every boy old enough to understand
ordinary language, is old enough to
understand this question and settle it
at once, if he has the same help he has
in other matters. No boy of six, eight
or ten years of age, fails to understand
that being in his father's house he
must render obedience, and with this
spirit of submission he grows to love
and reverence the one who provides
the sheltering roof and home comforts.
The lesson is the same.

It needs only to be transferred to our
Heavenly Father, who has created—
provided—this home world with its
wealth and beauty, and given us all
blessings we enjoy, even the parents
who provide for us so tenderly. It is
an exceedingly interesting, easy and
beautiful lesson, and will make boys
happy. No theology is needed to un-
derstand and love our Maker.

Every boy can likewise understand
that a noble thought and act elevates
the life and incites the heart to fur-
ther similar thoughts and acts. To be
happy, the boy must be true; he must
live right; he must know that the
secret of a happy and successful life
lies in living in right relations with
others and with his Maker. This,
again, makes the question, "Am I
right with my Maker?" one of first
importance.

If I were a boy, I would want to
begin right in my youth, and lose
none of those precious years given to
me by God, through any mistake of
mine. A boy who begins by getting
right with God, and keeping right
with him every day and every year,
will have the best chance to make his
life happy and successful. We cannot
prosper in wrong and dark paths. It
is light, and truth, and honesty that
help to make the brightest and best
lives; and if I were a boy, growing to
manhood in these very great years of
the twentieth century, these are the
questions I would ask. I would keep
my face ever turned toward truth
and righteousness, and if I found
many ignorant and unable to help me
in my quest, I would press on, believ-
ing that I would sometime find some-
body who could teach me more and
more of this joyous, happy life.

If I were a boy, I would read my
Bible with all diligence, for that book
teaches us the sure way to get right
with God. I would know that the
meetings to be held during the coming
weeks would also help me to get right
with my Maker, and I would attend
these with a thoughtful heart and
reverent manner.
