**Forsakes Evil of Saloon Keeping.**

Matthew M. Farrell, proprietor of a prosperous saloon at Forty-seventh St. and Lancaster Ave., has voluntarily petitioned the Court to revoke his liquor license. This is the first of its kind known to the courts, and it will probably be promptly acted upon.

Farrell, disgusted with the evils of the saloon business, appeared before D. Clarence Gibony, secretary of the Law and Order Society, on Saturday, and asked the man who fought to prevent the issuance of a license to him, how he could be relieved of his well-paying traffic. This resulted in the submission of a formal application to the courts.

The religious wave which is sweeping this city and country is believed to have inspired Farrell to take this unusual procedure. Although he himself declares that his conscientious scruples against further participation in the business was due to the impure whiskey dispensed to the public, his friends say that he was led to relinquish his license through religious influences. Dr. Torrey is loud in his praise of the man's act, and says that if no other good results, this alone would repay him for coming to Philadelphia.

**FARRELL'S UNIQUE PETITION.**

In his petition to the License Court, the disgusted saloon-keeper says :

*To the Honorable Judges of the License Court:*

Your petitioner respectfully represents that he is a licensed liquor dealer, having been granted a wholesale liquor license for the premises southeast corner Forty-seventh St. and Lancaster Avenue, Thirty-fourth Ward, at the March term of your Honorable Court, 1905. The license fee was not paid by your petitioner, and the rent and expenses incident to the fitting up of the place and the conduct of the business have all been paid by a firm who have had sole charge and management of the business, and have received the profits and paid all the bills and expenses.

In addition to the fact that your petitioner is not the real owner of, and is in no sense interested in the profits of the said business, your petitioner has conscientious scruples against further connection, direct or indirect, with the liquor business.

The liquor trade has so degenerated that it is almost impossible to purchase pure liquors, and it is a crime to furnish cognac spirits and fuel oil to a man or woman who asks for whiskey, and yet it is done. I can no longer permit my name to be connected with a business which distributes such poisonous potions, as there can be no doubt that many of the cases, where men and women have been found dead have come to their death through patronizing saloons selling the vile concoctions under the guise of liquor.

Again, I further object to having my name connected with a business which takes from human beings not only their money, but their will power and their reason, and leaves them abandoned or ruined wrecks for all time and eternity.

I further object to longer being a party to a business which causes so much suffering and misery in the homes of this city. It is a fact which must be taken as a verity that more crimes are traceable to the rum business, and more sorrowing, heart-broken wives and children, mothers and fathers, are due to the drinks than to any or all other causes.

Your said petitioner therefore prays that the said liquor license granted to him for the year beginning June 1st, 1905, be revoked. Your petitioner's sense of justice and common honesty, and his conscience, will not permit him longer to be a party to a business so surrounded with trouble, deception and corruption.

My experience with the said business has presented to me so many views of the terrible consequences of the doctored liquor so largely dispensed in Philadelphia, that I am fully decided and determined to obey the dictates of my conscience and the appeals of my good old mother, and try to make a living in a business not so intimately connected with the ruin of all that is good and pure in human life and its relations.

MATTHEW M. FARRELL.  
From Philadelphia Ledger.

It's a sound axiom that we tell you. Your work costs less dollars and is best every time you use L. & M. Paint.

You do more painting with one gallon of L. & M. than with two gallons of other paint, and the L. & M. Zinc hardens the L. & M. White Lead and makes the L. & M. Paint wear like iron.

4 gallons L. & M. mixed with 2 gallons of paint will paint a moderate sized house.

L. & M. costs only \$1.20 per gallon.

A. J. Farrell, Haverhill, N. Y., writes, "10 years ago painted with L. & M. Only now requires repainting."

### Church Resolutions.

At the fourth Quarterly Conference of the First Methodist Episcopal Church of Hammonston, N. J., held February 22nd last, the undersigned committee were instructed to prepare the following resolution:

WHEREAS, The relation of Rev. G. R. Middleton, as Pastor of this Church, will cease at the close of this Conference year;

Resolved, That we hereby express our appreciation of his work during the two years of his pastorate here.

His preaching has been forcible and spiritual, clearly revealing the deep things of Scripture, showing the fullness of salvation in Christ, making clear the possibilities of a higher spiritual life for the Christian and deliverance from the bondage of sin for the sinner.

He has been indefatigable in his efforts on evangelistic lines, and while large results have not followed, we believe there is a harvest to be reaped in the near future.

We can heartily recommend him to whatever church he may be called.

ROBERT STEEL, A. L. JACOBSON, W. R. TILTON, Com.

[In addition to the above, we wish to say that we have become well acquainted with Rev. Mr. Middleton, and value him as a friend, as a conscientious Christian worker, and a loyal citizen.

We sincerely regret that he is to leave Hammonston. — EDITORS]

#### Town Council Meeting.

Regular session was held Saturday  
evening, March 8th. All members  
present except Mr. Spear, who was  
reported ill.

Water Committee reported on the  
desired extension of water pipes to the  
Independent Fire House. The distance  
is 800 feet; 2-in. galvanized pipe, laid,  
will cost 20 cents per foot; black pipe,  
17 cents. No action. Also, that the  
electric street lights were decidedly  
unsatisfactory.

License Committee reported favorably  
on transfer of Munro bottler's license to  
McAllister; unfavorably on Jos. Cam-  
piglia application; stated that the latter  
wished to withdraw his application.  
Later, McAllister's request was granted,  
and Campiglia allowed to withdraw.

Property Committee reported sale of  
old house to Wm. H. Burgess for \$3.25  
Bills ordered paid were:

Electric light bill laid over until Com-  
pany reports proper deductions for  
service not rendered.

Volunteer Fire Company communi-  
cated its decision to decline the salaries  
offered, while conditioned on other pro-  
visions of the ordinance. Received and  
filed.

Prosecuting Attorney wrote, stating  
that constables get only 75 cents for  
delivering disorderly men to Sheriff,  
no provision for mileage to County seat.  
Sanitary Inspector called attention to  
filthy condition of gutters on Bellevue,  
saying that unless they were cleaned, he  
would be compelled to have it done and  
send bill.

Frank Jacobs applied for a renewal of  
his license at Fairview Inn. Referred.

Amended telephone ordinance read,  
as published last week. A recess was  
declared, to give citizens present a  
chance to speak on the subject. Messrs.  
Rider, Colwell, Jacobs, Osgood, and  
others spoke, using some very plain  
language, accusing the D. & A. (Bell)  
Company of unfair treatment, unsatis-  
factory service, and general unreliability.  
It was there stated that the Company  
was not incorporated in New Jersey  
when the franchise was granted them;  
hence said franchise was void, and they  
had to-day no right to do business in  
Hammononton. It was finally voted to  
request Council to postpone action on  
the new ordinance for one month. After  
recess, Council granted the request,—  
the ordinance to be republished with all  
amendments.

P. O. B. of A. asked for use of Park  
on July 4th. They cannot grant it  
unless Red Men surrender their lease.

Property Committee authorized to  
procure shades for Council Room  
windows.

Moved, to authorize local telephone  
company to procure fire alarm gong,  
and install same at Town's expense.  
Referred to Property Committee.

Water Committee to secure bids on  
well and force-pump for Independent  
Fire Company.

On motion, N. R. Black was appoint-  
ed Dog Warden, at his own suggestion.  
The big drainage ditch was again  
described as much in need of comple-  
tion,—clearing out stumps and other  
obstructions. Referred to Highway  
Committee, with instructions to have  
the work done.

Adjourned.

The Historical Society will hold  
its regular monthly meeting Thursday  
evening next, probably in Town Hall,  
at which time several interesting papers  
will be read by local historians. Old  
papers, documents, and relics will also  
be exhibited. Any person having any  
thing in this line is invited to bring it  
to this meeting. All are invited to  
attend, and it is desired that any hav-  
ing any scraps of information about  
early affairs of the Town will come  
prepared to give others the benefit of it.

For Italian "No. 40," working on  
railroad improvements at Winslow, had  
two fingers nearly severed, last Sunday,  
while fooling with a razor. Dr. Chas.  
Cunningham attended him.

As we have stated, after March  
8th the price of the REPUBLICAN and  
Tribune Farmer will be advanced to  
\$1.50 per year. The Post-office officials  
objected to the low price of the Farmer,  
and the publishers had to increase it.  
We cannot understand why Uncle Sam  
should interfere, so long as the required  
postage is paid; but there seems to be  
no appeal. Of course, all who pay us  
\$1.25, this month, or who have already  
paid, will receive both papers one year  
from the date of their subscription.

## The Publisher's Claims Sustained

#### UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International  
Dictionary allege that it is in fact the popu-  
lar Unabridged thoroughly re-edited in every  
detail, and vastly enriched in every part, with  
the purpose of adapting it to meet the larger  
and superior requirements of another genera-  
tion.

We are of the opinion that this allegation  
most clearly and accurately describes the  
work that has been reached. The Dictionary,  
as it now stands, has been thoroughly re-  
edited in every detail, has been corrected in  
every part, and is admirably adapted to meet  
the larger and severer requirements of a  
generation which demands more of popular  
philological knowledge than any generation  
that the world has ever contained.

It is perhaps needless to add that we refer  
to the dictionary in our judicial work as of  
the highest authority in accuracy of defini-  
tion and that in the future in the past it  
will be the source of constant reference.
