NATURES HEALTH RESTORER

Composed Entirely of Roots and Herbs.

Is considered by thousands of users

The Best and Cheapest Family Remedy on Earth

Because it has been proven by actual trial

A most satisfactory Laxative,

Blood Purifier, and Liver Regulator!

Pure blood will prevent you from catching all those diseases, such as smallpox, yellow fever, cholera, typhoid fever, etc., which cause so much suffering and death.

KEEP THE DIGESTIVE ORGANS IN GOOD ORDER by taking Natures Health Restorer and you will lessen your chances of becoming sick a great many times. Health means happiness to you and yours. It is therefore your greatest blessing as well as your highest duty to keep well when you can do so, simply by keeping your blood pure with this meritorious remedy, a product of Nature's own laboratory, prepared from the roots and herbs which Nature alone has provided for the "healing of the nations."

NATURES HEALTH RESTORER is perfectly harmless and is good not only for mother and father, but also for the old people and children as well. Natures Health Restorer will help to keep every member of the family well, from Grandpa in his easy chair down to baby in the cradle. So positive are we of the beneficial results of Natures Health Restorer that we positively guarantee to refund the money paid for it in all cases where the patient is not benefited by its use. Could any offer be better or fairer than this?

Don't pay \$1.50 a gallon for canned oil, which ought to cost but 60 cents a gallon. Ready mixed paint is half oil and half paint. Buy oil fresh from the barrel and add it to the L & M Paint which is semi-mixed.

When you buy L & M Paint you get a full gallon of paint that won't wear off for 10 or 15 years, because L & M Zinc hardens the L & M White Lead and makes L & M paint wear like iron.

4 gallons L & M mixed with 3 gallons linseed oil will paint a moderate sized house.

L & M costs only \$1.20 per gallon. Sold in the north, east, south and west. C. S. Andrews, ex-Mayor, Danbury, Conn., writes: "Painted my house 10 years ago with L & M. Looks well today." Sold by Harry McD. Little.

O'Donnell Corner, - Hammonton,

The "FOURTH" Conference.

A meeting of the Fourth of July committees was held on Wednesday evening, a goodly number of them being represented. Reports were received, developing the information which follows.

A royal arch will be erected near the Park entrance, thirty-six feet high, eight feet across at the base, and spanning the County Road.

Money received, - voluntary contributions and entertainment, - about \$200; - during meeting, a phone message added \$100 from an individual, through Capt. Murphy.

About one dozen booths will be erected at the Park, many of which have already been leased. These will net the cause seventy-five dollars.

Capt. Murphy reported permission for parade, given by Council, also to fire crackers in the streets, and erect an arch. Council appropriated one hundred dollars to make needed repairs to Park buildings.

Alfred Reed will probably have charge of hiring boats.

Committee has in charge a grand entertainment to be given June 12th and 13th, in Bellevue Hall. It will be combined vaudeville and menagerie (various animals), also the bearded lady, wild man of Borneo, and lady snake charmer.

Prizes may be offered for best decorated buildings in town.

Prizes for contestants in sports will soon be on exhibition in one of the store windows.

The committees wish it understood that admission to the Park, and to witness sports and fireworks, is free to all, - charge being made only for the boats and at the booths.

One of the great features of the parade will be the floats. All business men, and private parties, are asked to rig up and add to the procession.

Several items of business were transacted.

Voted to purchase a \$300 display of fireworks, - the usual price for this being \$1200.

Voted, to purchase a flag-pole, Mr. Horne volunteering to transport and raise it.

Capt. Murphy offered sufficient number of posts for a fence on inner side of the race course; also the loan of five teams for four days, to repair Park premises.

Invitations were extended to Egg Harbor Fire Co., the Italian Beneficial Society, and the Independent Club (one of the latter army erect a float, representing Columbus discovering America. Letters will be sent organizations in the various surrounding towns.

As the time draws near, greater zeal is being manifested, and those heretofore decidedly lukewarm are waxing enthusiastic.

The programme for the Fourth, as now arranged, is as follows:

9.30 Procession forms

10.00 Procession starts

12.00 Procession reaches Park

One hour for dinner

Raising of flag, and patriotic air by the Band. Singing by choir.

The local telephone company stretched its messenger wire on Central Ave., this week, and is suspending the cable. There are many phones taken along its route, part of which will be in operation next week.

Everybody, young and old, is invited to the memorial service to be held in Union Hall next Wednesday evening. There will be music and other exercises, and an address by Rev. F. L. Jewett. Free to all, of course.

Complaints reach us that parties are dumping rubbish of all kinds on Twelfth Street, — waste paper, tin cans, and all kinds of trash. The city police, which so many admired is ruined, and the street itself littered. This can be, and should be, stopped.

The graduating class of '06 of the Hammononton High School held their class party at the residence of Mr. D. Cottrell, on Friday evening, May 11th. The President, James M. Cottrell, entertained the class in a manner befitting the occasion. After walking several squares in a peanut race from prior to sitting-room, we proceeded to the dining room, where nothing short of a feast was prepared for us. The artistic decorations of this room were wrought by the skillful fingers of Miss Florence Cottrell. What happened after the banquet can best be told by one who was not quite so sleepy as I was.

Thursday was Ascension Day.

The High School team goes to Pleasantville next Wednesday.

Council's Property Committee will repair Park buildings, a hundred dollars being appropriated for that purpose three years ago.

Miss Mary A. Trol, one of our oldest residents, died at her home, Oak Road, on Wednesday, May 23rd, after suffering for four weeks with Bright's disease. Funeral was held yesterday. It will be remembered that her only sister died not many weeks ago. This leaves only a brother, who himself requires constant care.

Our Needlework Guild has been doing good work for the San Francisco sufferers. Seventy-five dollars were sent to their home office in Philadelphia, to be distributed to the most needy. Besides this, from other generous friends, a box containing eighty pairs of shoes, also one pair with partly worn clothing, were sent. "If every guild did as well there would be no needy."

Our Pioneer Combs dug out that great maple tree at the corner of Second Street and Bellevue Avenue. It was badly affected by scale, last year, was cut back almost to the trunk, and well sprayed. This season it started to grow, but the scale was still there. The trunk, nearly two feet in diameter, and the base, about six feet, extended into the street; so Town Council decreed its removal.

There was more than a ripple of excitement on Bellevue Ave., Monday morning. A handsome big automobile stopped in front of the REPUBLICAN office, where its rapid vibration called general attention. In a few moments, the coach filled with partly worn clothing, and flames were soon pouring from the machine, and rapidly spreading. Some one ran to the fire-house and brought out the small extinguishers; but they have not been used for nearly a year (although they were ordered repaired), and would not work. Then the chemical engine was brought out, and soon extinguished the fire. It seemed sad to see so costly a machine virtually wrecked by a little leak. That wasn't all, — the tank contained fifteen gallons of gasoline, and the heat would soon have caused an explosion, the results of which might have been disastrous. But what do you suppose the autoists said to those who thus saved them hundreds of dollars? Only this: "If you had been quicker, you might have saved the machine!"

Married.

SLACK-BEARD. At the residence of Mr. and Mrs. H. Kirk Spear, Hammononton, on Saturday, May 19th, 1906, by Rev. W. W. Williams, Mr. Charles Somerfield Black and Miss Beattie Nora Beard, both of Hammononton.

Kate Aylesford Chapter, D. A. R.

On Wednesday evening, 28th inst., the Chapter was entertained by the Misses Etta H. Steelman, Alice DeB. Tweed, and Frances V. French, at the home of Miss French.

The literary entertainment opened with patriotic songs, and prayer. An interesting and instructive paper on "Famous Women of the Revolution" was read by Miss Peet. This was followed by a reading by Miss Hill, and an original poem by Miss Peet.

"Famous Characters" was an original game enjoyed by all; and guessing of historical places, represented by post-cards, caused much amusement.

After refreshments had been served, the hostess presented each guest with a unique souvenir, — a four-leaf clover fastened to a card with the colors of the Chapter, and wishes for "Faith, Hope, Love, and Luck" inscribed thereon.

As this was the last social meeting of the season, all joined in "Auld Lang Syne," and when the closing notes died away, good-byes were said, and the guests departed with memories of a year pleasantly and profitably spent.

The Chapter held their annual election of officers on the 16th inst., resulting as follows:

Regent, Mrs. A. J. Bider.
Vice Regent, K. Adella Hill.
Second Vice Regent, Mrs. A. J. King.
Rec. Secretary, Maud Peet.
Cor. Secretary, Mrs. Josie B. Baines.
Treasurer, Emma Faunce.
Registrar, Mrs. M. J. Monfort.
Historian, Miss Samaria Bernhouse.

M. L. JACKSON, P. M.

It's going to rain. At least, that's what they say when Laton M. Parkhurst starts irrigating his truck patch. Mr. P. has doubled the size of his reservoir, it being now 20x40x3 1/2 ft., and is filled by gasoline and wind-mill pumps. Up to tonight, he will have put the third instalment of 40,000 gals. of water on his strawberry patch, this week. That means twenty-five barrels of water on each row twenty-four rods long, and one and three-fourths acres of such rows. Let 'er rain!
