## Gettysburg.

July 2nd, 1888.

FRIEND HOYT:—I don't know, after  
all, but it would be better to be dead,  
and buried here, and be a hero, than to  
be an ordinary Jersey insurance agent  
and live.

What I shall write is not for those  
who know all about it. Gettysburg is a  
beautiful old style village of some 3000  
people. It lies in the Cumberland val-  
ley, in southern Penna., southwest by  
south of Harrisburg, on the Cumber-  
land Valley R. R. It is a county town,  
and has a fine seminary, also a college,  
of which its people are justly proud.  
Its streets are wide, shaded, and side-  
walks brick-paved, with brick gutters,  
and its streets are lighted by electricity,  
its dwellings by gas. The battlefield as  
we old soldiers know, covers a circuit of  
from four to six miles. The principal  
points are,—Round Top, Little Round  
Top, Seminary Ridge, Cemetery Hill,  
the Devil's Den, the Bloody Angle and  
the famous "wheatfield." The blood  
fairly tingles in my veins, as I think  
of the thrilling scenes enacted here  
twenty-five years ago.

The cannon are still on Cemetery  
Hill and other places, with the hastily  
built earthworks there thrown up,  
though time has somewhat leveled the  
latter. The monuments are numerous,  
varying in cost from away into thou-  
sands of dollars, down to the humblest  
stone costing but a few hundred dollars.  
Many of them, alone, would repay a  
person of taste a journey of thousands  
of miles to see.

"Little Round Top" is an inverted  
bowl shaped hill, overlooking three-  
fourths of the battlefield, and is entirely  
covered with huge boulders, from the  
size of a house, down. It was here that  
General Meade swept the field with his  
death dealing artillery. The Devil's  
Den is a field (or fields) of some twenty  
acres, more or less, at the foot of Big  
and Little Round Top. It also is cov-  
ered, here and there, with huge boul-  
ders, from which the Confederates dealt  
death to the Boys in Blue. The wheat  
field in which the great hand-to-hand  
struggle took place, is near to the  
Bloody Angle, and near to the point  
where Hancock turned the tide of bat-  
tle with his splendid veteran corps.  
Cemetery Hill was the most advanta-  
geous position held by our troops.  
From it the field could be swept by our  
artillery, in almost any direction.

The grounds of our National Ceme-  
tery, right across the road from Ceme-  
tery Hill, cost \$189,000. It is beautiful  
in the extreme. The trees are from  
almost every state in the Union, and  
many are from abroad. To give the  
reader an idea of their growth in twenty-  
five years, I will say that many of them  
are over forty feet high.

The reunion of the blue and the gray  
was complete. The gallantry of both  
stands unequalled in History. The  
Nation is disenthralled of that blight-  
ing curse, human slavery. Whenever  
a Boy in Gray was found, hands were  
stretched out to grasp his with a "Hel-  
lo; old Confederate! how are you?  
Glad to see you." And it was respond-  
ed to with equal fervor.

I had the pleasure of a handshake  
with our grandest of war Governors,  
old Andrew G. Curtin, also Generals  
Sickles, and the famous General Long-  
street. Age tells on them all. Curtin,  
with his six and a half feet stature, was  
in his then position, worth to the Union  
100,000 men.

There were on the grounds, at one  
time, some 50,000 people; and a more  
orderly crowd I never saw. From our  
own famous generals down to the hum-  
blest private soldier, all were covered  
with badges,—badges everywhere—reg-  
imental, brigade, division, corps, battle,  
miniature knapsacks, canteens, etc.;  
and the ladies and children, too, wore  
the colors of husbands and fathers. The  
spirit of fraternity and peace prevailed  
everywhere. There was no timidity or  
assumption of airs in "associating with  
the Grand Army boys" on that field.  
The "boys," every one of them gray,  
were the heroes of the hour.

WM. RUTHERFORD.

## Two Intruders.

Summer caterpillars, or tent worms,  
are building nests on apple, mulberry,  
and black cherry trees. They will ap-  
pear at different times all the rest of the  
season, and trees should be looked over  
occasionally, all webs removed and the  
worms destroyed. They spin webs as  
they go along eating out all the tender  
parts of the foliage, and it allowed to  
remain until mature, a good-sized nest  
of them will make a large web, which is  
very unsightly as well as injurious. I  
find it the easiest way to destroy them,  
to cut off the branch on which they are,  
and burn or tramp under foot.

In riding by a grass-field, to-day, I  
saw a large number of plants of broad-  
leaved Dock, seeded very heavily. I am  
not aware of any useful purpose to  
which this plant can be applied, and I  
think all domestic animals refuse to eat  
it. It would save a deal of trouble in  
future if all such weeds were grubbed  
out before ripening seed; and if already  
ripe enough to grow, they should all be  
burned.

WM. F. BASSETT.

The New Jersey veterans present at  
the memorial services held at Gettys-  
burg returned well pleased with the  
monuments erected by the State on that  
historic field. The ceremonies were  
imposing and were entered into with  
spirit by all present. Gov. Green deliv-  
ered the oration.

Argument on the injunction asked  
by the Atlantic City Water Works  
Company restraining the Consumers'  
Company from beginning business will  
be heard on July 12. The latter com-  
pany has five miles of pipe laid, but the  
former company claims exclusive rights  
in the city.

## Personal.

Mr. N. H. Frohlichstein, of Mobile,  
Ala., writes: "I take great pleasure in  
recommending Dr. King's New Discovery  
for Consumption, having used it for  
a severe attack of Bronchitis and Cat-  
arrh. It gave me instant relief and  
entirely cured me, and I have not been  
afflicted since. I also beg to state that  
I had tried other remedies with no good  
result. Have also used Electric Bitters  
and Dr. King's New Life Pills, both of  
which I can recommend."

Dr. King's New Discovery for Con-  
sumption, Coughs, and Colds, is sold on

## TIRED OUT!

At this season nearly every one needs to use some  
sort of tonic. IRON enters into almost every phy-  
sician's prescription for those who need building up.

For Weakness, Lassitude, Lack of  
Energy, etc., IRON IS NO EQUAL, and is  
the only iron medicine that is not injurious.  
It enriches the blood, invigorates the  
system, restores Appetite, Aids Digestion  
It does not blacken or injure the teeth, does not  
affect the bowels or produce constipation—other iron  
medicines do. Dr. C. H. Brewster, a leading physician, Spring-  
field, Ohio, writes:  
"Brown's Iron Bitters is a thoroughly good medi-  
cine. I use it in my practice, and find its action ex-  
ceeds all other forms of iron. In weak cases, a large con-  
densation of the system, Brown's Iron Bitters is usually  
a positive necessity. It is all that is claimed for it."  
Dr. W. N. Watkins, 1239 Thirty-second Street,  
Georgetown, D. C., says: "Brown's Iron Bitters is  
the Tonic of the age. Nothing better. It creates  
appetite, gives strength and improves digestion."  
Genuine has above Trade Mark and crossed red lines

## The Republican.

(Entered as second class matter.)

AMMONON, ATLANTIC CO., N. J.

SATURDAY, JULY 7, 1888.

## OUR TICKET.

For President,  
Benjamin Harrison,  
Of Indiana.

For Vice-President,  
Levi P. Morton,  
Of New York.

Congressman Buchanan, of the Second New Jersey district, is recognized as one of the ablest Republicans of the House, and Democrats have learned to fear his keen repartee and incisive eloquence on matters of public interest in partisan debate. Last Friday he scored a strong point in exposing the reckless expenditure of government money in the Pan-Electric suits, in which Attorney General Garland is particularly interested. An incident of the debate was a remark by Mr. Brockbridge, of Arkansas, that "the gentleman from New Jersey" is generally here in his seat on that side of the House." Of one thing Democrats can rest assured, he covers his full share and does it faithfully and well. While we have no wish to interfere or unduly meddle with the affairs of the Second District Republicans, yet we think it will be a big mistake if they do not return Judge Buchanan to the place he so ably and satisfactorily fills.—W. J. Press.

[Thank you, Bro. Chew, for your complimentary words and good advice. We assure you that Mr. Buchanan is highly appreciated in this district, and so far we have not heard any name but his mentioned for the nomination this Fall. We shall do all in our power to secure his election.]

A friend now in Michigan, writing of the nominations made at Chicago, says: "Everybody here is excited. I have found about seven Republicans to one Democrat for the last two weeks. I tell you, this question of protection to American industries against Democratic destruction of them, is the one to be settled by the ballot in November; and Republicanism must triumph, notwithstanding the British gold that is coming over from the Cobden Club to purchase votes and corrupt our elections, and to carry out the free trade ideas advocated in Cleveland's message. Large numbers of Prohibitionists will vote the Republican ticket next fall, for they see that Democratic tactics are death to the industries of many of the sections in which they live, and they will forego prohibition one year. Any Republican who will give Democracy half a vote is criminally negligent of his own interest and that of his family, if he has to labor for a living. I pray God for the election of our candidates, that ex-rebels any no longer run this government, as they do now, and brag of it. How do loyal men relish the Confederate rule. And they mean to hold it by suppressing the Republican vote of the south. Are the comrades of the Union army, and loyal men of the nation, satisfied to let this be so? I think not."

If the contest between Harrison and Cleveland were left to the decision of England, the Republican candidate would succeed. The truth is, the free trade policy of the Democratic party has captured the British press, and they are howling for Cleveland with all their might. Here is something for the tolling millions of America to make a note of. They want a President who is not so anxious to win favor abroad, but one who believes in caring for his own country and his own people. When the war of secession called upon the loyal men of the North to take up arms in defence of the Union, Benjamin Harrison left his growing practice and brilliant prospects and fought bravely for his country. Grover Cleveland was not so patriotic. He waited until summoned by draft and then hired a substitute. It ought not to take the Grand Army boys long to decide as to which one of these men is the most worthy of their support.

## TOWN COUNCIL.

There is much said about what the Council do, and don't do. There are some things that ought to be done,—things that the old Council neglected entirely,—and while the new members were not pledged to these things, probably they will see the necessity for a reform, and if it is in their power, and not prohibited by our Charter, we have no doubt there will be a change for the better. The particular reform we ask for, is of the weather. We have great faith in the Town Council—and good weather, and so have provided a good supply of Spring goods, such as

Mr. Fowler gives notice that the catamaran will make daily trips to the new ladies' bath-house during present month, leaving the Park at 4:30 P. M., stopping long enough for the ladies to take a bath. Fare, 10 cents; children, five cents.

"The Hammonon Preserving Company," Messrs. A. B. Copeland and E. H. Higgins, have an evaporator at work, over Aitken's wheelwright shop, preparing raspberries for winter use. Call and see their machine at work.

If any of our readers can entertain one or more poor child children for week or two, they will confer a favor by notifying Mrs. M. S. Hoffman, agent of the "Children's Country Week Association," of Philadelphia. It is a good work—real charity.

We hope that every man in front of whose premises a street-lamp has been placed, will trim up his shade trees so that the light can shine out. We saw several places where the lamp is almost useless because of the dense foliage around it.

Mr. G. Valentine says that the Greenmont Cemetery Association must be well satisfied with his administration of its affairs, for neither printed bills nor personal urging could secure a quorum at the annual meeting, Monday evening. Well, the old officers can hold over, and will conduct the business properly.

Prof. David Davis and wife are visiting at the M. E. Parsonage. Prof. D., who has been principal of one of the public schools of Gloucester County for a few years, and on the board of examiners with County Supt. Milligan, of that county, and prominent in the educational work of the state, has recently been elected Principal of the Moorestown schools.

List of unclaimed letters remaining in the Post Office at Hammonon, N. J., Saturday, July 7th, 1888:

Mrs. James Kennedy.  
Mrs. Joseph Homer.  
Mrs. Lena Carter.

Persons calling for any of the above letters will please state that it has been advertised.

CRAUS F. OSGOOD, P. M.

Burglars—evidently amateurs—entered the residences of Chas. Laver and Chas. Jones, last Saturday night, through windows. They took a suit of clothes belonging to Mr. Laver, went through the pockets, secured about three dollars, and left the suit in the yard. They missed a vest which hung near by, containing quite a sum of money. At Mr. Jones' they fastened on cake, pie, and milk, but decamped hastily at the approach of a belated boarder.

Tuesday was Mrs. U. S. Peebles' birthday, and in the evening a company of lady friends made an unannounced call at her residence, and spent an hour or two in social converse.

Wednesday was Mrs. T. B. Drown's birthday, and just as the family were about retiring, wearied with a long day at the Park, the nearest neighbor came in, and proved but the advance guard of a brigade of friendly ones, who took possession of the premises, yet were themselves surprised by the arrival of seasonable refreshments, which some thoughtful one had quietly ordered. It was a very pleasant manner of spending the closing hours of the Fourth.

Without any doubt, the Post and Camp are satisfied with the results of their Fourth of July celebration; and certainly the people who attended have no cause to complain. The weather was delightful,—not too warm, with breeze enough to make a sail delightful. About 11 o'clock, the Glee Club sang, and prayer was offered by Rev. H. R. Rundall, after which Dr. H. E. Bowles made an interesting and appropriate address, which was appreciated.

The ever-new Declaration of Independence was read by Mr. David S. Cunningham. Music was interspersed with other numbers on the programme.

In the afternoon there was a mile (?) race, the entries being gotten up for the occasion, won by John Adams. A potato race, in which the contestants had the appearance of being decidedly tipsy on cold water, won by Aurelius Wheeler, Ralph Jones coming in second.

The race was well-contested, won by C. E. Fowler. Bertie Jackson took first in the sack race. The attendance was very large, especially in the afternoon, and the games caused much merriment.

Regular meeting of Town Council, Saturday evening, June 30th. All members present except Mr. Elvins. Minutes read and approved.

Petition received from Mr. D. Fields, asking that Council put a stop to the sale of liquor to berry pickers. Referred to the Town Marshal, with a suggestion that the petitioner present his evidence to said officer.

The following bills were examined and ordered paid:

J. S. Thayer, lamp, post, etc. 60.00  
D. F. Lawson, carpenter, etc. 12.00  
G. Valentine, berrying parties 14.00  
J. C. Browning, for 20.00  
H. E. Bowles, care of post 5.00  
Orville E. East, printing and 20.00  
Lumber & shingles, highway lumber 25.00  
Walker & Highways 25.00

The grade established on Bellevue being unsatisfactory, the question of revising the same was referred to the Highway Committee, with power to act. Highway Committee reported having ordered one hundred dollars' worth of stone for cross-walks.

Committee on Safety Gates reported gates complete and in working order. On motion, committee discharged, with THANKS!

Committee on Street Lamps reported nearly fifty lamps in use, and contract made with lighter.

Voted, that the Town Clerk be directed to take a copy of the Charter and ordinance in reference to the enforcement of ordinances, show them to Judge Pancoast, and ask his opinion as to the legality of said ordinance; and if not correct, have one drawn.

The Secretary of the Board of Trade asked for the use of Council-Room for board meetings. Voted, that request be granted, the Board to pay fifty cents per night for janitor's fee and light.

The need of a well at the Park was mentioned, and the matter referred to the Property Committee, with power to act.

The Collector presented a list of unpaid taxes for the year 1886, and asked for a warrant to sell wood and herbage. Ordered to take legal course.

Adjourned.

serves the condemnation of all good men.  
In brief, all who wish to have in their

**The Tribune for 1888**

Much the Biggest of all the  
New York Weeklies.  
Greater Variety of Contents, New  
Presses, New Type, and New  
Appliances.  
At the Head of the Republican Press.

The New York Weekly Tribune will be enlarged on  
or before the 1st of January, 1888, by the addition of  
from four to eight more pages of actual reading matter  
[an increase of size of great expense to the Tribune,  
but without expense to the subscriber.  
A complete outfit of the new folding and inserting  
presses will be put into the Tribune's great room  
in November and December; and the extra sheet will be  
folded into its place in the main sheet before it comes  
from the press. The enlarged Tribune will be the  
biggest and best of all the New York weeklies, and the  
new machinery will print it, in the enlarged form, at  
the rate of seventy-two thousand copies per hour.  
New features and a greater variety of contents will  
be added to the Tribune during the coming year.  
Readers will be given nearly half more for their money  
than ever before.

Pensions for the old volunteers, especially Service  
Pensioners, are being vigorously acted in the Tribune,  
much space is given in every issue to this subject.  
Better Protection to Farmers under the tariff;  
the salvation of the country from the curse of Intemper-  
ance; and the rescue of the national government from  
the hands of the rebel brigadiers; these, and all the  
other live issues of the day are receiving aggressive,  
earnest and loyal treatment in the Tribune.  
The Tribune does not attempt to supersede the local  
State and County press. But, in the great Presidential  
contest now at hand, every thinking Republican, old  
soldier, farmer, and temperance man, should have his  
local paper and the New York Tribune.

**The Weekly Press,**  
OF

Best Home Paper in America

This is not brag.  
It is a plain statement of honest fact.  
Ordinarily, the weekly issue of a daily  
paper is esteemed to be merely a digest of  
the week's news, suited alone for rural  
readers.  
This is not true in reference to the  
Weekly Press.  
It is specially edited by a trained corps  
of writers selected for the purpose of  
making the best paper.  
It is adapted to the improvement and  
enjoyment of both sexes, of all ages, of  
every family whether a resident of the  
city, village, or country.  
Not a word of crime or impure sugges-  
tion in any part of the paper.  
It is an old paper, and carries its age  
and reputation equally well.  
Now we are seeking a new and larger  
circle of readers. As an inducement to  
this end, the Weekly Press in connection  
with any four dollar magazine in America  
will be sent for the single subscription  
price of such magazine.  
Or, on application, we will make a  
special combination of any two or more  
periodicals published in America, either  
weekly or monthly, in conjunction with  
the Weekly Press, at such low rate as will  
be equivalent to a year's subscription to  
the Weekly Press free for one year.  
We make this exceptional proposition  
in order that the Weekly Press may go on  
trial in a million households for an entire  
year.
