"Our Lady's Day."

The Italians have made more than usually elaborate preparations to celebrate the Feast of Our Lady of Mount Carmel, on Monday next, July 16th.

There will be three bands, — the Marine Band from Philadelphia, the Hammonton Band, and the local Italian Band. These will separate during the forenoon, and march about town.

There will be three masses said in St. Joseph's Church, — at eight o'clock, 9 30, and 10 30 a.m., the last being high mass, with three priests.

The grand procession is scheduled to start from the Church at 3.30 p.m., — marching to Bellevue, to Main Road, to Fairview, to Railroad Avenue, to Bellevue, to Third St., to the Church.

About nine o'clock in the evening they will give a fine display of fireworks on the north corner of Third Street and Fairview. They have invested three hundred dollars in this line.

Among the attractions will be a free moving picture show, out-doors, early in the evening.

The Italians always make this day interesting, and promise that Monday's festivities will be the best yet.

This evening, the two local Bands are expected to parade about town.

The Local Telephone Company.

The first annual meeting of the Hammonton Telephone and Telegraph Co. was held in Odd Fellows' Hall, last Tuesday evening.

The annual report was read, and proved very satisfactory to the stockholders present. It was shown that all construction expenses had been paid, up to date.

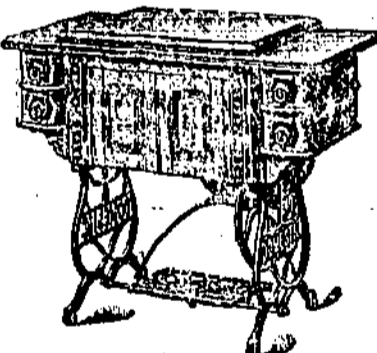

The running expenses are now paid by rental receipts, with a nice little percentage of profit.

A robust infant, isn't it?

The following Directors were re-elected for three years: George Elvins, Edw. M. White, B. W. Richards, and Wm. Colwell.

Several other items of business were transacted, not public property as yet, but will be developed later.

Lucas Paints

It doesn't pay a painter to mix his own paint. Lucas Paints are mixed more evenly and thoroughly by improved modern machinery. They save his time and are better after they are mixed. They spread so easily and cover so thoroughly that he can finish a job with much less labor and in shorter time.

Best of all, they hold their color better, wear longer, and always make a satisfactory job. Ask your dealer.

Thousands of Jerseymen Participate in Concessions!

Over \$6,500,000 have been given by The Prudential to policy holders, in cash dividends and other concessions, over and above what the policies called for. Of this amount, over \$1,000,000 went to policy holders in New Jersey, thus showing that Jerseymen share in the prosperity of The Prudential.

SATURDAY, JULY 14, 1906

Town Council Meeting.

Regular meeting was held last Sat-
urday evening, July 7th, all members
present.

Clark being absent, Orville E. Hoyt
was appointed pro tem.

Minutes of last regular and special
meetings read, corrected, and approved.

Highway Committee reported by Mr.
Austin, that Third Road is closed over
McCallough's property, and Mr.
Cappuccino asks that it be opened.

Committee believes said road has never
been accepted by the Town.

Light Committee reports lights in bad
shape the past month. Resolves recom-
mendation for a correct testing of the
candle-power furnished, believing it will
pay. Mr. Garrison was present, and
told of an accident to dynamo, also of
repeated burglaries at the electric light
plant. Referred to Law and Order
Committee.

Licenses Committee reported favorably
on application of G. D. Giacomio. Later,
licenses were granted, Messrs. Spear and
Parkhurst voting in the negative.

Property Committee reported making
needed repairs at the Park. Also
having made verbal arrangements with
Geo. W. Bassett to arrange trees; but
nothing has been done.

Bills ordered paid were:

Communication road from Forest
Park Recreation Commission of New
Jersey, calling for appointment of a Fire
Warden for Hammononton "Firewatching"
Action postponed for one month.

Messrs. W. L. Black, W. J. Smith,
and W. R. Seely, appointed last Decem-
ber to audit accounts of the Water
Department, tendered their resignations
"having been unable to gain possession
of the books." No action taken. The
following resolution was adopted:

That the Secretary of the Water
Commission be ordered to present all
Water Department books and papers to
Chairman of Council by July 14th, ready
for auditing, or Council will take steps
necessary to compel an accounting.

Thomas Hall applied for license to
keep an inn and tavern at Fruit Grow-
ers Union Hotel. Chairman declared
the application not properly made out,
and referred it back to the applicant.

Overseer of the Poor Bernshouse re-
ported that Angelo Gatto, the crippled
Italian, had been removed to County
Alms house, at a charge of six dollars
per week. Also, that he had sold
Gatto's personal effects for \$16.65, and
his partially paid for real estate for
\$875. From this latter amount, some
claims are to be paid.

The Overseer also presented written
request from Mrs. McCalland that the
Town reimburse her, in part, for bed-
ding, etc., destroyed after being used by
Mrs. Botwell, amounting to five dollars.
A motion to pay was lost, but members
favor paying if a bill is presented.

Voted, that all money received for
street dirt, past or future, be credited
to highways account.

Voted, that committee place signs on
Park Avenue, warning people to dump
refuse in the swamp, and not leave any
on the road.

W. L. Black asked permission to
erect an awning over the sidewalk in
front of his store. Request granted,
provided he complies with Council's
specifications.

Don Foglietta asked permission for
the Itallaga to parade on July 16th.
Granted, with same provisions as last
year.

Overseer of Highways spoke of the
drainage from the Nicolai glass factory,
which runs on Vine Street and becomes
offensive. Highway Committee was
instructed to notify the owners of the
building to care for said drainage.

Voted, that the Light Committee be
instructed to ascertain the cost of an
expert and proper instruments to test
candle power of electric lights supplied
to the Town, to report at the next
meeting.

Adjourned.

It would be a good idea for some
public spirited citizen or group of citi-
zens to start subscriptions for two or
three bath houses to be put up at the
Lake. It is a pity that, with such un-
excelled bathing grounds, there is not a
single bath house on the Lake for public
use. Although we, personally, have
yet to see any of the scores of bath-
ers that frequent the shores at the Dam,
without full bathing suits, yet it is cer-
tainly objectionable to the bathers, as
well as to the public, that every clump
of trees and bushes in the neighborhood
should be converted into inefficient
dressing-rooms.

Elm is not a large town, but
there are few stations that are busier,
for its size. During the first eleven
days of this month the freight receipts
amounted to over \$3000. Some of the
largest berry growers of Hammononton,
living near there, ship at Elm station,
so that the average daily shipment, so
far this month, has been over 1300
cans. The agent has decided that his
duties are too arduous for the salary he
receives, and has resigned, to take effect
next week.

entirely remove all disagreeable smells.
It will also remove grease and all im-
purities from such produce in this
neighborhood. Prices, especially for
blackberries, are keeping up unusually
well. New York—reds 8-12, most 10;
blacks 8-10; hucks 10-12, Philadel-
phia—reds 8-10; blacks 7-9; hucks

MR. E. P. DICKINSON, Reay and Frank
Creighton, Hammononton, July 7, 1906.
We are in town and located here, is disposed
to extend a country party alone in western,
in the purchase of the stock. He can be
reached by addressing P. O. Box 106.

Shipments of berries are contin-
uing very heavy. By freight alone, the
Berkeley reports for the week ending
July 7th, 2415 crates. Aside from a few
scattering, these were nearly evenly di-
vided between New York, Philadelphia,
and Boston. Express shipments would
likely add a few thousand more. Since
the first of the month, up to the 11th,
the Penny had shipped about 7284
crates. From Elm were shipped, in the
same time, 14,647. As a rough esti-
mate, then, we might say that there
were in the neighborhood of 35,000
to 40,000 crates shipped from these three
stations during the first eleven days of
July. If we count even one dollar per
crate clear, which is a very conservative
estimate, it will be seen what an income
is derived from such produce in this
neighborhood. Prices, especially for
blackberries, are keeping up unusually
well. New York—reds 8-12, most 10;
blacks 8-10; hucks 10-12, Philadel-
phia—reds 8-10; blacks 7-9; hucks
10-12. Yesterday's reports.

FOR RENT—the building just vacated by

levue. Apply to J. B. HARKN.

A twenty foot extension is to be

sods.

neglected to purchase facsimile copies of
the Declaration of Independence, July
4th, at the Park. They are on sale at
Henson's news room. All the children
who hang on that day who will take
their fare to the above-named place can
have a copy free; to others they will
cost five cents per copy.

Hammonton's Celebration.

[The following appeared in the Philadelphia Press of July 3rd, and seems to us worthy of reproduction here.—Ed.]

A big Fourth of July celebration is to take place in Hammonton, N. J., to-morrow. For months an energetic committee has worked diligently with one aim in view,—to show to the people of South Jersey one of the greatest and most long-to-be-remembered Fourth of July celebrations ever held in this part of the country.

Visitors from Philadelphia, New York, and hundreds of cities and towns in New Jersey, Pennsylvania, and Delaware will be in attendance, and it is assured that there will not be a dull moment during the entire day.

The program of festivities is to commence with a big parade, which will form in the morning about 10 o'clock, and after following a certain route through the town, march to the pretty Hammonton Park. Then will follow flag-raising, speech-making, chorus singing, bicycle races, an automobile race, pajama race, potato race, canoe race, swimming match, fire drill, and vaudeville entertainment.

In the evening there will be a grand display of fireworks. No expense has been spared to make this display one of unusual beauty and grandeur. The program will close with a dance in the Park House.

The grounds will be lighted with red, white and blue lamps. Homes and business houses throughout the town will be decorated with national colors—two prizes having been offered by the committee for the finest display of this sort.

Hammonton is to-day a busy up-to-date place, possessing a good municipal service of utilities. Large attractive stores line the main street. Gas and electric lights are on all the streets, and are furnished to every home. Water of the purest quality is abundantly supplied to every house. The schools are large, well equipped, and most efficiently managed. Churches of all the leading denominations are scattered throughout the town. There are splendid avenues, shaded by luxuriant trees, stretch for miles in every direction from the center of the town.

There are several busy factories, the manufacture of cut glass of fine grade being the leading industry. A beautiful lake affords delightful bathing and boating, and is a possession of the town. The roads are remarkable for their excellent construction and maintenance.

All in all, there are few places more inviting within easy reach of Philadelphia. Many business men find it pleasant to live in Hammonton and travel on the express trains to and from their business in Philadelphia or Camden.

[The writer of the above might well have added that Hammonton has two large and flourishing shoe factories, and a prosperous hosiery factory, to which an addition is now being built. Also, that a local telephone company has in operation two hundred or more phones, in business houses and private residences all over town, giving communication with the outside world; and the Bell has also a fully equipped station in town. Ed.]
