## The Mt. Holly Fair.

The great agricultural event of the season is the Mount Holly Fair. It will be held Oct. 10th, 11th, 12th, 13th, 14th, and 15th. The people of Burlington County have for nearly half a century been famous for the excellence of their annual exhibitions; but in this, the forty-first year of their organization, they propose to even outdo themselves. Every accommodation, and every feature of the Fair has been improved.

The Pennsylvania Railroad Company will sell excursion tickets from all stations in the State, Oct. 10th to 15th, good to return until 17th, at reduced rates. In addition to the regular trains, all of which will stop at Mount Holly during the Fair, special trains from all prominent points on the principal days, which are announced by posters.

The "son-of-his-father" yell, which the Democrats have raised against Fred Grant in the State of New York, seems likely to become a dangerous weapon to those who use it. Sons of their fathers have not infrequently proved to be safe men in the public service of this country-in the cases, for instance, of John Quincy Adams, the Bayards of Dela ware, Don Cameron and Robert T. Lincoln-and history is reasonably certain to repeat itself in the case of Fred Grant. In the case of the latter we cordially join in the sentiment: "Hurrah for the son of his father!"

AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in a case the truth of the assertion that in no case whatever will it fail to cure if the direc-tions are strictly followed and carried out. tions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY FILIS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and Sorofulous affections.
