## BOARD OF TRADE

Regular meeting on Tuesday evening last, with President Black and Secretary Borgan at their desks.

The "Highway Protective Association of New Jersey," having for its object the repeal and enactment of laws for the protection of public roads, sent some voluminous documents, and requested a branch organization. Board thought that our Legislature is doing all we could expect in this line.

Committee on transportation reported a conference with the Reading Superintendent; but received little encouragement for an evening or midnight train.

Voted, that Committee co-operate with Postmaster Jackson to secure an afternoon mail from Philadelphia, suggesting the bridge train.

Announced, that at next meeting will occur election of officers.

Voted, to sell booklets to Mrs. Henson for one dollar per hundred.

Harry Salinas and S. S. Williamson were admitted to membership.

The subject of electric lights was freely discussed, and members urged to watch proceedings for a new lighting contract.

Reported, that the committee appointed by Town Meeting had held several meetings, considered various laws for incorporating the Town, and favored the "City having a population of less than twelve thousand." Chairman of Council had been notified to call a special town meeting to consider this report as voted this fall.

Foot-ball dates are as follows: Egg Harbor, 24th; Pleasantville, 29th; West Philadelphia, December 1st; December 8th, probably a city team. A game has been arranged for this afternoon, at 3.30, with the Italian U. A. A. Admission, 15 cents.

The Hotel Columbia's liquor license will expire December 8th, and, as it cannot be renewed in time, the bar will have to be closed. In fact, as Mr. Daminger has not resided in Hammonton one year, he cannot be granted a license, under the Bishop law.

## The Package of Trouble.

A package was brought to me, one day.  
"Twas plainly marked 'A trouble case.'  
I was tempted, at first, to put it away  
And keep it hidden in some dark place.  
But the messenger said, 'It is better far  
To find out at once what your troubles are.'"

I opened it carefully then, and found  
This gift of trouble, a cloak of pain  
That I must wear, that all around  
Could see and speak of the bitter strain.  
But if I could hide it, it seemed to me,  
I cared not what the trouble might be.

I lifted it slowly, so loath to wear  
This garment of trial I did not choose.  
At first I noticed a fragrance rare  
And bent, that none of it I might lose.  
I found a packet in every fold,  
And wondered much what each might hold.

The marks on these, I smiled to read,  
Were "Patience," "Hope," "A shiny cheer,"  
"Strength unflinching for every need,"  
"Courage to conquer every fear,"  
"Thro' suffering perfect." I bowed my head,  
"The will of the Lord be done," I said.

And soon I found was given to me  
Power to another's woes to share;  
For always the coat of sympathy  
Is suffering well; nor can we spare  
One jot of the burden that makes us know  
This heavenly ministry here, below.

And ever, through weary nights and days,  
I am folded close in the holy divine,  
"Till my heart can only utter praise  
That so in me will His image shine.  
And I wait and rest in perfect peace,  
"Till my Lord Himself shall give release."  
M. C. K.

## Thanksgiving Proclamation.

On Thursday, Governor Stokes issued the following proclamation:

It is a time-honored privilege annually accorded to the citizens of this mighty and prosperous republic, to pause for a day and ponder upon the bounty of an all-wise and all-powerful Father. History records another year of plenty, of gifts bestowed upon us in rich profusion. Our civilization is advancing; our influence as a nation ever widening. The fruits of labor are abundant, and he who toils receives a liberal reward. Rich and poor alike share in opportunity, in the blessings of freedom, of justice, of wider knowledge and higher standards. Happiness and contentment have ceased to menace the homes of our people. Hopes of the past, realized in the present, inspire greater efforts for the future, and it is meet that a day be set apart to render thanks to him who has guided us in prosperous paths.

Therefore I, Edw. C. Stokes, Governor of the State of New Jersey, do designate Thursday, the twenty-ninth day of November, as Thanksgiving Day, and do recommend that the people of this commonwealth gather together in places of religious worship, to lift their voices in songs of praise to our Heavenly Father for the marks of his divine favor already enjoyed, and to ask that he continue to lead us in the way of peace.

Given under my hand and seal at the executive chambers, in the city of Trenton, this twelfth day of November, one thousand nine hundred and six.

EDW. C. STOKES,  
Governor of New Jersey.

#### The Bishop Law

Here are a few of the provisions  
of the new liquor law which affect  
Hammoncton.

"No license shall be granted to  
any person who is not a citizen of  
the United States, and who has not  
been a resident of the Town  
for at least one year."

No selling on Sunday, nor to  
minors, nor to any person "known  
in the neighborhood to be of con-  
firmed intemperate habits."

Any two persons may make a  
complaint of any violation of law.  
No saloon is allowed within two  
hundred feet of the curtilage of any  
church building, school house or  
armory, measuring from the nearest  
point of each.

An inn or tavern must have at  
least ten spare rooms and beds for  
public accommodation. A saloon  
must be entirely open to view from  
the public street, with no obstruction  
whatever.

No mercantile business, except  
cigars or restaurant, can be carried  
on in the same store, shop or apart-  
ment with a saloon.

In Hammoncton, Town Council  
grants and controls all licenses;  
therefore all complaints of violation  
must be presented to that body,  
which is constituted a court, to give  
a summary hearing in each case,  
with power to summon parties con-  
cerned, consider the evidence, render  
judgment, and assess the costs.

#### Town, or City?

Very few thinking people are sat-  
isfied with our present Town Char-  
ter, with its numerous amendments  
and frequent inconsistencies. A  
formal move is now on foot to change  
all this, by incorporating under the  
state laws governing cities of less  
than 18,000 inhabitants.

While we cannot give here the  
arguments in favor of a change, we  
have made sufficient study of the  
laws to be satisfied that the new  
arrangement would be a vast im-  
provement upon present conditions.  
At least, responsibility is placed for  
enforcement of laws and ordinances,  
the need of which is obvious.

We urge every voter to attend the  
meeting next Thursday evening,  
when we anticipate a full discussion  
of the subject from every point of  
view.

Volunteer Fire Company had a  
short but strenuous drill, Monday night,  
at the laundry factory. We believe the  
attendance would be larger if they  
would publish a notice of the drill, in  
addition to the sending out of postal  
cards.

## Time Tables Needed.

"Why don't the railroads print their  
timetables in the newspaper as they  
used to?" several have asked recently.

"It used to be that we did not have to  
chase the ticket offices to get a time  
table, but we could pick up the town  
paper and ascertain all we wanted to  
know about the trains."

"Yesterday," said one. "Most several  
hours hunting for a time table, with the  
attendant discouragement of my plans  
because, when I did find a time table, I  
discovered that the schedule had been  
changed, and half a day of my time was  
gone."

"A newspaper time table is one of the  
most convenient things to have around,  
in these days of rapid business," said  
another.

The Board of Trade, Tuesday even'g,  
favored the subject.

Evangelist Buffum comes to Hammonton to labor in the M. E. Church with fine recommendations as an excellent preacher, and tactful in management of revival meetings. We trust all the churches will be benefited by his labors. The Methodist Church extends a cordial invitation to all to hear him.

The young lady friends of the ex-High Foot-ball Team were very successful at their sale, last Friday, netting about \$33. The boys wish to publicly thank them, also those who patronized it so liberally. Sweaters and stockings will be purchased.

We heard a man who deals on credit say: "If every merchant would do a cash business. It would be a blessing. As a general rule, the man who can get credit abuses the privilege. If he had to pay cash he would learn to economize, and would finally learn to live within his means." Grocers claim they can do cash business for almost half the money they now have invested, and could afford to sell goods cheaper.

Is Absolutely All Wool.

## Take the Stock of Men's Overcoats

We are generous providers—you don't pick, from a small  
stock here, but from thousands of dependable all-wool overcoats.

If you have any misgivings about being able to get a per-  
fect fitting overcoat at a fair price, you'll drop them when you  
come to OAK HALL.

In Fall weights, all-wool overcoats begin at \$10; in Winter  
weights at \$12. The greatest activity is in the splendid range  
running from \$15 to \$30.

We welcome men who merely wish to look the stock over.  
It always has a sure ending—the stimulating of trade.

splendid suit in very dark hard twisted worsted, the sort that  
does not show the dirt or lint.

greatly reduced prices.
