

September - October - November 2012 eNewsletter

The Reference Center staff prepares this BookNews eNewsletter to familiarize you with the library's assets.

- Going Mobile - Explore the Library's Apps!

Library Mobile App

Now you can access your library account, search our catalog and more using our new app! Atlantic County Library cardholders can now obtain a free mobile application (an "app") to access their library accounts via mobile devices, and search the catalog for books, dvd's and other library material while on the go.

In addition to providing library account and catalog access that is optimized for mobile devices, the new mobile app allows users to check out our calendar of events, connect with our Facebook and twitter pages, and even connect with the Overdrive system to download ebooks and audiobooks or Freegal Music to download music. Try our new app for your mobile devices, including Apple iOS devices (iPhone, iPad, and iPod) and Google Android devices (Nook, Kindle Fire, LG, Samsung, etc.)

In addition to the Atlantic County Library System's own new mobile app, patrons can also take advantage of mobile apps for three of our major subscription-based online resources; EBSCOhost, Mango Languages and Tutor.com.

EBSCOhost Mobile

All of the databases available through the library's subscription to EBSCOhost are now available through mobile applications that are supported by most mobile devices, including iPhone, iPad, Blackberry and Android.

With mobile access, now you can take EBSCO with you. The EBSCOhost Mobile version contains full text magazine, newspapers and journal articles for your research needs.

Now, users of EBSCO resources can conveniently search leading research databases anytime and anywhere using EBSCO's mobile access technology. Tailor-made for the smaller screens of mobile devices, these applications offer the EBSCOhost features and functionality that users are already accustomed to, right in the palm of their hands. Flexible access options for all popular mobile devices provide the same user-friendly and easy-to-use search experience that is available online.

Mango Mobile: Mango Goes Wherever Life Takes You

With the Mango Mobile Library Edition, now you can learn languages everywhere you go with a free app for iPhone, iPod touch and Android. Mango Mobile Library Edition gives you access to all the Mango language courses offered through the Atlantic County Library System's Mango subscription, now optimized for mobile device use from the palm of your hand.

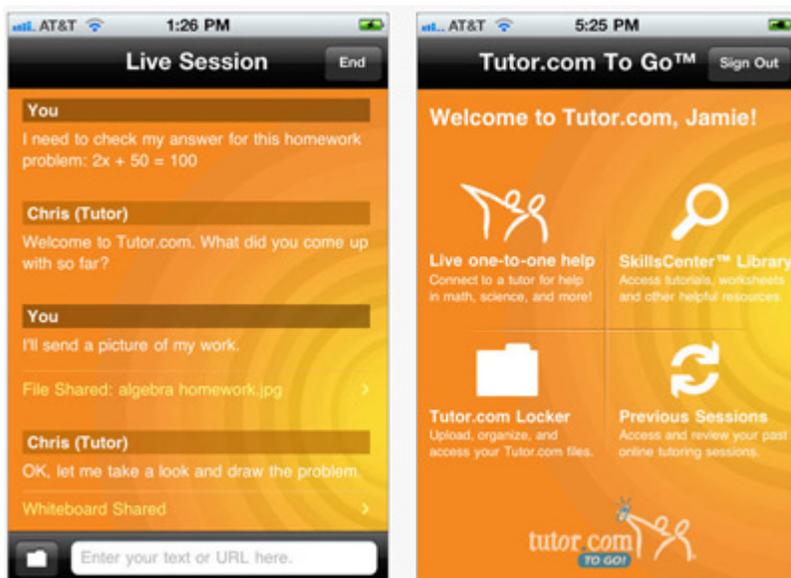

Mango Mobile Library Edition is a powerful language learning platform that delivers fast, easy and effective language learning wherever your travels take you. With the free iPhone and Android apps from Mango, you can access the same awesome courses already available through the Library's web page at www.atlanticlibrary.org, from your mobile device when you're on the go.

Tutor.com To Go

Tutor.com To Go is the mobile companion for Tutor.com, and the only education app that connects you to an expert tutor for real-time help.

Tutor.com To Go for iPad, iPhone & iPod Touch is available for free, and lets you connect for live one-to-one help, review past sessions, or store documents or photos in your Tutor.com Locker just like the standard online version.

**Visit the Atlantic County Library System website
for these and many other resources available 24/7.
