NoveList Plus: Summer Reading Made E-Z!

It's time for the annual Summer Reading Program, and we invite you to dream the summer away with great books! Two handy resources we have available for satisfying your reading appetite is NoveList Plus for adults and teens, and NoveList K-8 Plus for younger readers. Both can be found on our website, www.atlanticlibrary.org, by clicking on Books and More, then NoveList Plus or NoveList K-8 Plus.

NoveList Plus for ADULTS and TEENS

If you are on the hunt for an armload of books to read during the Adult and Teen summer programs, Between the Covers and Own the Night, NoveList Plus is the perfect place to start.

A simple title search for a book such as "Night Hoops" leads to a wealth of features that can enhance your summer reading experience. You can learn about the plot, reading level, tone, and storyline of the book at just one glance, and see that it's a popular and noteworthy book by the 4-star rating and the blue ribbon next to the title. There is also a link to an excerpt from the first chapter. Be sure to click on Good Reads, where you can see reviews of the book by other readers, additional recommended titles, and actual quotes from the book itself.

If you enjoyed this book and want to find other similar titles, see the Search for More area where you can find other fast paced, action packed sports fiction titles for your reading enjoyment. There are also up to 9 additional read-alike titles for you to browse.

NoveList Plus is not just for stories; you can also find non-fiction titles on just about any subject. Are you an adult or teen looking to read up on some New Jersey folklore and see what strange goings-on have occurred in our state? Simply click on the Non-Fiction tab and search for Jersey Folklore in the search box, and you can browse the search results for non-fiction titles, which are clearly marked with a purple box.

NoveList K-8 Plus for Younger Readers

This year's Summer Reading program theme for younger readers is Dream Big, Read!, where we will be reading all about subjects such as bats and other night animals, campfire stories, folk tales, and more. NoveList K-8 Plus can be used to find many titles for your child's summer reading pleasure.

Searching with NoveList K-8 Plus ...

For example, if your child just finished Bats at the Library and loved it so much that he or she wants to see what other adventures those bats got into, then simply enter the title of the book in the search box, and click on the link for the author's name. A list of all the other books he either wrote or illustrated will appear, including several other titles involving those adventurous bats.

If your child is interested in reading all about real bats or other interesting night creatures, and why they come out at night, simply use the search box to enter words such as bats, possums or night animals and click on the Non-Fiction tab to bring up a number of non-fiction titles, again marked with purple boxes. Click on any title and visit the Search for More area to get more titles on related subjects and learn all about animals that roam about at night. Don't forget to click on Check the Library Catalog to see if any book you are interested in is available here at the library.

Visit the Atlantic County Library System website for this and many other resources available 24/7.
