

Edward S. Allen, Clerk

IRELAND WILL CONTEST.

JUDGE HIGBEE RESERVES DECISION.

Hearing Continued Three Days and City Legal Problems Were Presented—Mastery Arguments County's Greatest Will Contest

Law Judge E. A. Higbee began a special session of the County Orphan Court Monday morning to hear testimony in the contested will case of the late James Ireland, a sea captain of Linwood, who died recently. At his death he left an estate valued at over \$50,000, and in a will made several years ago bequeathed to his two daughters, Mrs. John Ryan, of Atlantic City and Mrs. Eliza Doughty, of Linwood, an equal division of the property and income. This will was filed in the office of the surrogate, with John P. Ryan, as executor.

During the last few years of his life he resided with his daughter, Eliza Doughty, the proponent in the case. About one month before his death another will was made, in which he left his money and property to Mrs. Doughty and children, Mrs. Ryan, the opponent, only receiving \$1,000 and her son James as trustee. The second will was made by Edward Ashwood and Richard Lindhaby, of Newark, represented the defendants and Thompson & Cole, of Atlantic City, the proponent.

Most of the first day was taken up in proving the second will by the proponent and testimony showing that deceased executed the will according to law, presenting a few days here and there to show that Captain Ireland for some time previous to his death was unable to make a will, his mind being greatly affected by physical conditions such as to render him an imbecile. Mrs. Jane Smith, an old colored nurse who attended the deceased during his last illness, testified that the Captain was unable to make a will, she observed symptoms of childishness at least two months before the last will was executed, at which time she was absent.

Mr. Ryan, called to the stand, said that after the last will was made she was not permitted to be alone with her father. She had no knowledge of the will at the time. Captain Ireland died on Thursday, January 28, 1908, and it was not until the following Saturday that she learned of the existence of the later document. She corroborated the testimony of the nurse that at the time the will was made her father was not in a fit condition to execute the document.

John Ryan, who had the care of the estate for some time previous to the death of Captain Ireland, was placed on the stand during the forenoon. From his testimony it appeared that the deceased was unable to look after the smallest affairs of his estate for several months previous to his death. Other witnesses placed on the stand were Dr. J. P. Ryan, who testified that he observed the evidence and the competence of the deceased to execute a will at the time the last document was made.

Physicians were called Wednesday to testify as to the mental condition of Captain Ireland at the time the last will was made. Dr. Clyde M. Fish, of Pleasantville, who was called by the defendant, testified that the deceased was mentally incapable of making such a document at the time the second will was made. On the other hand, Dr. Somers, of Linwood, who was called by the proponent, testified that the deceased was in a proper frame of mind to execute a will. High physicians were subjected to cross-examination, and the evidence of both sides was concluded at the close of the session Wednesday afternoon, and the arguments of the attorneys were heard Thursday morning.

The contest of the former battle in defense of the last will made by Captain Ireland, and in an able plea substantiated by numerous cases reviewed the evidence, according to the arguments of Mr. Lindhaby, who has not had read the will at the time it was executed nor had it read to him as the usual custom, he had full knowledge of its contents and it is therefore valid.

Following the argument of Mr. Cole, Mr. Lindhaby, in one of the ablest addresses ever delivered before the Atlantic County court, attacked the validity of the second document on the ground that it was not legally executed. "No evidence has been produced here," he said, "to show that there was any knowledge on the part of Captain Ireland as to the contents of the second will. It was not made in his presence, nor so far as the evidence tends to prove even by his knowledge or consent. Not one witness has been able to say that the word 'will' was mentioned at the time the Captain signed the document, nor has any testimony been offered that he read the document or that the document was read to him at the time it is alleged to have been executed. Evidence has been offered to show that the deceased was not sane at the time he executed the will, and that the document was executed on December 7th, the day that the document was executed, and the will therefore should be admitted to probate."

Lawyer who again addressed the Court in rebuttal following the argument of Mr. Lindhaby. At one o'clock both sides rested, and decision was reserved by Judge Higbee. The case will be argued again on Monday.

SPECIAL M. E. CHURCH SERVICES.

A Seven Days' Evangelistic Campaign to be Conducted.

The pulpit of the Methodist Episcopal Church will be occupied by noted preachers and evangelists tomorrow, when a seven days' series of evangelistic services will be inaugurated. Rev. John Higgins, of Philadelphia and Rev. Benjamin Collins, of Millville, will be among the workers to conduct the services.

Rev. John Higgins, who in addition to his ministerial work is a singer of some talent, will render selections at the several services of the day, assisted by the choir and the Girls' Choir of the Epworth League.

Following the regular evening sermon the evangelistic services will be opened and conducted during the week, conducted by Pastor Jones, assisted by James Surveys and Sherman Pitt, of Atlantic City, and others.

Morris Guards Banqueted. The twenty-first anniversary of the Morris Guards of Atlantic City was celebrated Saturday evening at the Hotel Chelsea. Tribute was paid by many speakers to the late Col. Daniel Morris, in whose honor the organization was named twenty-one years ago.

MAY'S LANDING JOTTINGS.

A SUMMARY OF THE WEEK'S DOINGS.

Paragraphs, Personal and Otherwise, Briefly Describing What Has Occurred in the Capitol of the County.

Trees are fast becoming green. The dog ordinance should be enforced. Senator E. A. Wilson does not visit yesterday. Belated March gales swept the coast region Thursday.

Mr. Irving Pich, of Sea Isle City, was a visitor yesterday. Special services at the Methodist Episcopal Church to-morrow. Salvation Army workers have been canvassing the town recently.

The several departments of the cotton mill are working full time. The Township Committee will meet at Library Hall this afternoon.

Gamma Warden Loder is vigilantly watching for violations of game laws. Fire wardens are maintaining a strict watch to see that the fire laws are observed.

Former Fire Commissioner Hugh Genos, of Atlantic City, was a visitor yesterday. Mr. John Isard was the guest of Mr. Harry Coulton in Atlantic City Thursday evening.

Mr. Charles Foulds, a former resident, was a visitor this week. The monthly report of the Township schools shows a gratifying percentage of attendance.

Mrs. Sarah Funk and Master Earle, of Camden, N. J., are spending a few days here as the guests of Captain and Mrs. D. E. Vaughn. Mr. George Ripley, who has been an invalid for several months, is reported to be seriously ill at his home.

The family of Mr. Smith and family have taken possession of the Scheuck cottage on Gravelly Run Avenue. Station-master Harry F. Horner has purchased the property of Mr. Carl O. Pack on Cape May avenue.

Several new naphtha launches are nearing completion and will be ready for christening within a few days. Mr. and Mrs. Lucien Taylor, of Atlantic City, were the guests of Mr. Taylor's parents, Mr. and Mrs. Taylor, Sunday.

Fruit-beds are nearly ready to burst open and it is expected that a heavy frost will destroy the crops for the season. Work on the May's Landing-Downtown County Road is progressing rapidly. The road will be completed in a few months.

A party was given at the residence of Mr. and Mrs. Charles O'Connor and family, of Camden, were the guests of Mrs. Rachel Watson during the week. Mr. J. Meas Campbell, of Philadelphia, representing the Daniel B. Frazer Company of that city, was a visitor yesterday.

The weather was very pleasant Monday morning brought out the winter wear that were too hastily laid aside during the warm weather preceding. Herons are running thick and fast in Great Egg Harbor River. The bony dentures of the deep are selling at fifteen cents per dozen.

Extra cars are being added to the electric trolleys to accommodate the increased traffic. The travel to-morrow will be heavy if the weather is fair. Prof. John P. Walker, Superintendent of the State Normal School at Trenton, was here Thursday looking after his extensive property interests at the Forge.

Mrs. Jessie Gray and daughter, Beatrice, of Camden, N. J., were the guests of the township Clerk and Mrs. Thompson G. Hoover, on several days this week. Mr. and Mrs. Mark Shimp moved to Millville Thursday where Mr. Shimp has assumed the management of the large store of the Millville Manufacturing Company.

LIGHT NEEDED AT CROSSING.

COURT HOUSE PLATFORM DANGEROUS.

Patrons of Electric Road Complain of Inadequate Illumination and Township Committee May Be Asked to Place Light in Vicinity.

Complaints heard from time to time concerning the lack of sufficient light at the Court House Platform and adjacent crossing are becoming more numerous. A feeble light is diffused by a few antiquated kerosene lamps set up by the railroad to relieve the link darkness, but they are insufficient to make a measure of lighting the roadway and crossing.

The placing of an electric arc light is urged by many who are obliged to use the station or crossing at night. This portion of the road is particularly objectionable to the May's Landing that is not well illuminated, and even a small incandescent electric light would be a great aid to those using this street at night. The fact that the crossing is the most dangerous of the several grade crossings makes the placing of an adequate light in the vicinity doubly important.

The matter may be brought before the Township Committee at a meeting this afternoon, and steps taken to render the crossing less dangerous. FREEHOLDERS DISCUSS BRIDGES. Many County Structures Will Be Repaired or Replaced.

The Board of Freeholders at its regular monthly meeting Wednesday devoted itself to a discussion of the subject of County bridges. The most important action taken was to prepare plans and specifications for the proposed drawbridge at Dorset Place in Ventnor City.

Norwood L. McConnell, member from Buena Vista Township, reported thirty small bridges in his township in a bad condition and asked for immediate repairs. The Bridge Committee was authorized to make an inspection and order such repairs as they thought to be necessary.

The only wooden bridge in Mullins Township remains in a bad condition and is being repaired by Freeholder John T. Irving to be in need of repair. It is an old structure and its foundations are crumbling. Plans and specifications for a new concrete structure will be prepared.

The bridge at Weymouth will be replaced with a new structure. Chairman Frank Ederlin of the Bridge Committee was directed to prepare plans for the new bridge. The new Middle Run Bridge in Galloway Township has been completed by Contractor George Hanselman.

C. U. Adams was awarded the contract for the new bridge at Weymouth for \$14,000. Mr. Adams was awarded the contract for the new bridge at Weymouth for \$14,000. Mr. Adams was awarded the contract for the new bridge at Weymouth for \$14,000.

BULL DOG ATTACKS BOY. Lip Painfully Lacerated by a Vicious Animal. Misfortune seems to pursue ten-year-old Teddy Sidway, son of William Sidway, of May's Landing.

After recovering from the effects of a severe illness which cost him the right eye, he was again attacked Wednesday afternoon by a vicious bull dog. The animal bit his lip and lacerated his upper lip being almost severed. The lad luckily sought the assistance of Dr. C. E. Sauerstein, of Buena Vista, who said "I'm so glad you can fix it," he said to the physician, "I was afraid it would not heal up."

He stood the trying ordeal bravely while the doctor was at work. The injured lip is placed in a splint. While playing with the dog, and before neighbors could interfere the vicious animal had seized his lip and painfully lacerated it.

The matter was referred to the Township Committeeman William Weir. Antidiphtheria was recently passed requiring all dogs at large to be muzzled, and the affair has made the people of the community anxious to have it enforced immediately.

No Star Course Next Winter. At the last business meeting of the Gamma Sigma it was decided by the unanimous vote of the members that they would not conduct a Star Course of Entertainment next winter, there being not a sufficient number of patrons desiring it. The result of the canvass at the last meeting was that the small number of those desiring the course, while 150 patrons are necessary to meet the expense of paying the entertainers alone, exclusive of all other expenses.

The management of the Gamma Sigma has expressed their regret that they will be unable to furnish another course of entertainment to those who signed their desire for it. The report of the treasurer shows that the Gamma Sigma still due the society from the course. The performers were paid \$225, and incidental expenses brought the total expense to \$296.47. Slightly in advance of total receipts, \$296.30.

FIRE PROTECTION FOR JAIL.

PREHOLDERS MAY PURCHASE EQUIPMENT.

Present Fire-Fighting Facilities Inadequate, Says Irving, Who Recommends Immediate Action To Insure Safety of Prisoners.

That the present fire protection of the County Jail is inadequate was urged by Freeholder John Irving at the meeting of the Board of Freeholders in Atlantic City Wednesday. He called the attention of the Board to the fact that there is not one means of exit from the jail and that was through a corridor constructed of wood.

The jail kitchen, from which there is greatest danger of fire, is located in this corridor. The Legislature however, is expected to provide for the expenditures in the annual appropriation bill, and it is likely that \$100,000 will be appropriated for the purpose of deepening the inlet and opening up for staking the waterways between the various summer resorts.

The measure was actively supported by Senator E. A. Wilson and Assemblyman Martin E. Ketter of this County. The Board of Freeholders is expected to promote the summer traffic between the resorts and will be one of the most beneficial measures passed in recent years for the advance of the coast resorts of South Jersey.

GLASS COMPANY REORGANIZED. D. C. Applegate Elected President and J. H. Plummer Secretary. A meeting of the stockholders of the George Jones Glass Manufacturing Company of Minotola was held last week and the following directors were chosen: D. C. Applegate, J. H. Plummer, John F. Perry, Martin H. Mulford and E. B. Garfield.

The Board organized by electing D. C. Applegate president and treasurer, John F. Perry vice president and J. H. Plummer secretary. The night shift at the factory, which has been laid off for several weeks was put on again the first of this week and everyone is now employed, more help being needed.

The interests of Mr. George Jones in the company were recently purchased by him to the Cumberland Glass Manufacturing Company, the old name being retained, as the company is a corporate organization.

News Notes. William J. More has been appointed postmaster at this place to succeed John H. Sims, resigned. Postmaster More took charge of the office Wednesday.

Mr. and Mrs. Jerome H. Plummer spent Sunday at Quilton, N. J., as the guests of Senator and Mrs. William Plummer. Prosecutor J. Hampton Phipps, of Bridgeton, was in town Monday.

Several cases of diphtheria have been reported in the community. Sherman F. Bowen is erecting a new cottage on Pacific avenue. When completed it will be occupied by his son, Lawrence Bowen and family.

FIREMEN MADE QUICK RUN. Chimney Blaze Causes Small Flurry of Excitement. A fire originating in a defective flue at the residence of James Heady on Gravelly Run Avenue Thursday morning at 11:45 brought the Atlantic Home Company to the scene in a few moments.

The blaze was extinguished by means of a bucket stream before it had made any headway. The work at this time was largely a matter of clearing away the debris and the remains of the frozen pipes. Several prompt disbursements might have followed. A large number of the Reliance boys responded to the call and their promptness on the job is to be commended.

Wants Township Ordinances Printed. Editor of the Record. DEAR SIR—There are many ordinances in effect relative to Hamilton Township, with which the average citizen is more or less unfamiliar. As a citizen and taxpayer, I would like to see copies of these ordinances now effective printed in pamphlet form and distributed among the residents of May's Landing and Hamilton Township by their information, that they may become better acquainted with the laws. True, that this suggestion will bear fruit, I remain. Very truly yours, A. E. W. May's Landing, N. J., April 3, 1908.

Unclassified Letters. The following list of letters remain unclaimed in the May's Landing, N. J., post-office April 4, 1908: Mrs. Mary Rabot, Mrs. Mary Murphy, Mrs. W. Tomlin, Mr. Riedel & Specht, Mr. George B. Mason, Charles Harwood, Earnest Gibbs, Guild, Dim & Farley, A. J. M. O'Leary, J. E. Kline, Frost, Truitt, Malo, Antonio, Pease, Caporaso.

Persons calling for any of the above letters must pay advertisement and give the date of the paper. LAWRENCE W. CALKINS, P. M. Dated April 4, 1908. County May Have Two Assemblies. The House Wednesday adopted a resolution calling for an amendment to the constitution of New Jersey, if adopted, will give Atlantic County an extra member in the House of Assembly. The County under the former constitution is entitled to one member, but since the amendment was adopted it has increased in population three-fold, and has about 20,000 population. The amendment also calls for the election of members by districts instead of by a full vote of the County.

COAST WATERWAY ASSURED.

BILL READY FOR SIGNATURE OF GOVERNOR.

Passes Both Houses Without Disagreement and Approval of Executive Will Make Possible Pet Project of Seashore Resorts.

The bill providing for the improvement of the waterways between the summer resorts between Cape May and Bay Head passed both branches of the Legislature Thursday night and is now in the hands of Governor Fort and his signature. In his campaign speeches the Governor favored such a measure and his approval is practically assured.

The bill provides for an expenditure not exceeding \$600,000 for the purpose. The Legislature however, is expected to provide for the expenditures in the annual appropriation bill, and it is likely that \$100,000 will be appropriated for the purpose of deepening the inlet and opening up for staking the waterways between the various summer resorts.

The measure was actively supported by Senator E. A. Wilson and Assemblyman Martin E. Ketter of this County. GOVERNOR VETOES BILL. Chancery Chambers for Atlantic City Delayed by Executive. The Governor Monday vetoed Assemblyman Ketter's bill appropriating \$1,500 for the immediate establishment of Chancery Chambers in Atlantic City. This does not affect the bill authorizing the establishment of the court, but it does delay the beginning of the next fiscal year.

The reasons of the Governor for vetoing the bill were: "The bill is not necessary for the improvement of the city of Atlantic City with an appropriation of \$1,500 which will be available at the beginning of the next fiscal year. This bill can wait with it an additional appropriation of \$200 to be made at the beginning of the next time and the beginning of the State's fiscal year. Between this time and that will occur the vacation season of the courts and there is no time to be lost in making the appropriation of \$1,500 covered by this bill for the opening of Chancery Chambers in the city of Atlantic City. A further objection to this bill is that it does not appear to be under what is intended to be a return bill. The bill is not entitled to an act making an appropriation for the rent of rooms and other expenses for the court of Chancery in Atlantic City. ATLANTIC COUNTY RECORD.

(MAY'S LANDING RECORD.)

Published Every Saturday Morning at May's Landing, N. J.
Readers of "The Record" may have their paper mailed to any address in the United States without extra charge.

One, of the foremost questions confronting the legislature at Trenton at the present session is that of better protection of game in the State, which in many localities is becoming almost extinct.

The recent application of an unfrocked minister confined in the State Prison for a crime of a peculiarly detestable nature to the Court of Pardons for his freedom has brought down fresh anathemas upon his worthless head.

If the price of meat continues to advance at its present rate, there will soon be a marked increase in the number of vegetarians. Beef will be too high for the average man to reach.

Reliance Hose Company is endeavoring to persuade the authorities to purchase what is commonly known as a "fire-wall," to be utilized in preventing the spread of fires and as a life net.

The American Tobacco Company is to abandon billboard advertising after a trial of six years as unprofitable. It is to be trusted that other concerns throughout the United States will come to a similar decision in the immediate future.

Jersey City complains of the number of corner loafers that congregate on the corners and make themselves obnoxious. Corner loafers seem to be a troublesome lot in every community.

The question of purchasing a street sprinkling wagon is a reasonable one and will receive the commendation of those who are obliged to suffer inconvenience from clouds of dust raised in dry Summer weather by passing automobiles.

Pleasantville is urging the West Jersey and Seashore Railroad Company to erect an attractive station to replace the old one, which the residents declare is an eyesore and inadequate for the business of the borough.

Two more dogs said to have been inflicted with rabies were killed within the town limits this week. How much longer are the authorities going to wait before they enforce the new dog ordinance recently enacted?

Trenton is to establish agriculture as a regular study on the public school curriculum. Doubtless the children will be greatly interested, and to instill a love of growing things in the child's mind is commendable.

The recent application of an unfrocked minister confined in the State Prison for a crime of a peculiarly detestable nature to the Court of Pardons for his freedom has brought down fresh anathemas upon his worthless head.

Take it the year 'round, May's Landing furnishes less criminals pro rata than any other community of the County. The past year has been one especially free from criminality.

If the price of meat continues to advance at its present rate, there will soon be a marked increase in the number of vegetarians. Beef will be too high for the average man to reach.

STATE PRESS COMMENT.

In assuming to be the mouth piece of the Governor, declaring the Executive intention to hold the Legislature to a certain line of duty as legislation pending or required to carry out party policy and the Governor's recommendations, Mr. Martin, majority leader in the House, laid himself open to the rebuke administered by Assemblyman Thompson from Mercer County.

Atlantic City approves the bill to pay Prosecutor Goldenberg \$4,000 per annum for his services because it believes the County is going to get \$4,000 worth of results.

A Government engineer, Major Flagler, is coming to Atlantic City to talk to business men about creating a dam or channel over the inlet bar. Then there is to be a survey ordered from Washington later on.

The Assembly has passed Professor Prince's bill, authorizing the Governor to appoint a commission of nine persons, to serve without pay, to investigate the causes of dependency in all forms and the causes of criminality in the State.

The new House rule, which compels the reporting of a bill upon the written application of fifteen members, was effectively applied, Tuesday, in the case of the primary election bill.
