Thomas Mahoney, Judge of elections in the Fifth Precinct of the Third Ward in Atlantic City at the general election in 1910, was conby a special struck jury of permitting one , Pattison to cast his ballot without being duly registered. Mahoney said that the mistake, if one, was made honestly and with the thought that the mair was entitled to yoto: but Attorney General Wilson urged the jury to believe the theory that the vote was allowed Jury it is manifest that the licenses granted to to be east with a criminal intent. In his charge to the Jury Justice Kallson said that if they believed it was an honest mistake on Mahoney's part they should acquit,

Under the indictment Thomas Mahoney, age of elections in the fifth precinct of th third ward of Atlantic City at the general election in 1910, was charged with allowing one E. H. Pattison, a colored man, to votelliegally, knowing he was not registered. The State was represented by Attorney General Edmund Wilson, assisted by B. The registration book was introduced and identified, but Justic Kallsch later ruled it out as incompetent evidence.

Robert Poole, challenger for the prohibition party that year, testified that he was in the room when the alleged transaction took place and corroborated the evidence of McCabe, Albert Griscom, another challenger, was called but offered nothing new, Charles Moore, challenger for the Democratic party told frequent investigation and report to the Court practically the same story.

Frank Steelman, a member of the board, who was missing in the morning, showed up and was placed on the stand towards the close of the State's case. He said he objected to Pattison voting and Mahoney gave the man a ballot and placed it in the box, after he took Breelman's place at the desk and wrote in the Neveral other minor witnesses were called.

Early in the afternoon the defense opened, producing Edward Pattlson, a beach front walter, the voter over whom the transaction occurred. Pattison said he went to the polls. and registered properly on registry day and when he went to vote he was challenged secause the board said his name was not on the book. "I had voted there for years," he said, "and that was the first time such a thing

NEW JERSEY FOR TAFT Senator Briggs Predicts Clean

Sweep Throughout State For President " Even Though Wilson Becomes Candidate."

"New Jersey will be a unit for Taft," is the prediction of U.S. Senator Briggs. He says that sentiment is swinging rapidly to Taft Howard G. Harris et. ux. to Mary M. Drisch and that the influence of the opposition was slight. Party leaders predict the Republicans [48] R. South of Oriental Ave. \$11,500. will carry the State in the November election, even though Governor Wilson, becomes a candidate. The claim is based upon the belief that former U.S. Senator James B. Smith, of Newark, will fluid an opportunity to venthis anger upon the present Executive.

Senator Briggs is receiving replies daily to a Republicans at Trenton today. The Senator | South of Oriental Ave. \$5,500. says that there is every indication of an enthusiastic meeting of Taft supporters. The One Hundred Sons of Taff," an organization formed a week ago at à banquet at Newark, is proving popular among the Republicans, and many active clubs are being organized in every county. The State primarles will b held on May 29:

AUTO RECIPROCITY PASSES. Will Attract Tourists To New Jersey

# Seashore Resorts.

Governor Wilson approved the Stickel automobile reciprocity bill Wednesday last following a hearing on the measure. This gives foreign autoists tourist privileges of filteen days without payment of any license fee or without filing, the power of attorney to accept any services in event of charges. 🔦 Over one hundred appeared in favor of the bill and the sentiment for it was overwhelm-

ing arguments being mide by the Board of Trade of Newark, the Manufacturers' Association, W. C. Crosby, R. C. Jenkinson and J. H. Wood, the latter representing the automobile manufacturers of the State. Present from Atlantic City besides Senator Edge were Albert H. Darnell, C. D. White and Henry W.

The friends of the measure argued before the Governor that it would be State policy and would ald the manufacturing and commercial interests to sign it. The speakers showed the State was being boycotted because it was the only commonwealth not granting reciprocity The farmers claimed the influx of non-residen motorists would ruin the roads at the expense of the tax payors. The Governor told the agriculturists that a State system of highway was in contemplation, which would place the road burden upon the State and take it from the tax payers.
