SHOWERS AND SHIPWRECK ADD TO RHYE OF JUNE

It takes more than a thunder shower and hard luck to dampen the enthusiasm of boys and girls on a picnic. This fact was demonstrated last Monday, when picnicers of the Methodist, Presbyterian and Baptist Sunday Schools of Ocean City, numbering more than three hundred, were caught here in a heavy shower and later stranded in their boats near Dutch Gap for several hours.

The boats, consisting of the Perlees, Capt. Lewis, Helen and Capt. Lew II, reached here with the happy throng about eleven o'clock and after experiencing considerable difficulty landing, went to the dockers' cove. They spent a few hours at Lanes Park, intending to sail promptly at three. But a heavy shower came up and they were delayed on their return to the wharf, not getting away until half an hour later.

Most of the children fished it down from the Park in the heavy rain and all were thoroughly drenched. Others sought shelter and were left, as the boats could not wait longer.

The tide was ebbing fast and it was not long before the shipwrecked boats had already drifted away from the shore, where they were in the vicinity of Dutch Gap, where they stayed with the exception of one. This continued down the river and reached Ocean City about eight o'clock.

With the exception of a small cabin on one boat, there was absolutely no shelter for most of the passengers and they were completely drenched long before the anchored boats. The men, women and children of the party went up again. Roy Beach took some row boats down about seven o'clock and aided in getting the party ashore. Some of them were not knowing that twenty-six autos were speeding on the way from Ocean City. These had set out on the return of the boat and the spreading of the tidings of the "shipwrecked" picnic. The boats did not get away until nearly midnight when the tide returned and floated them.

Two little girls, about eight years of age, were left here after the shower and started to walk home. They were strangers, they said and did not have any acquaintances on the boat, hence were not missed. They were picked up several miles down the English Creek road and brought back here, where they were given coffee and sent home by train.

SOUTH JERSEY WORKERS TO RALLY AT LENAPE PARK

First Annual Joint Meeting For All Christian Endeavor Societies.

The first annual conference and picnic for the South Jersey Christian Endeavor Societies and denominational workers under the auspices of the Atlantic County-Christian Endeavor Societies, will be held Saturday, July 1, at Lanes Park. The Boy Scouts will be in charge of the grounds and in addition to a program of entertainment and instruction there will be many kinds of amusements, including boating, bathing and other features of the Park.

Arrangements will be made to have dinners and suppers served to the visitors and a picnic day is assured to all who attend. It is planned to make a picnic of the day, and in addition to the picnic, a social gathering will be held for one day only, succeeding meetings will probably cover two or three days.

The program for the meeting follows: 9.30 a. m.—Roll Call. 9.45—Devotional Exercises. 10.00—Address of Welcome, Mr. J. W. Wales. 10.15—Address, Rev. Thomas J. Cross, D. D., of Atlantic City, "Lift Up, or Fall Down, Whichever".

10.30—All Call. 11.00—Devotional Exercises. 11.15—Address, Mrs. Ida Duke, of Camden, "Our Little Folks". 11.30—Address, Rev. Samuel Price, of Camden, "World Wide Work". 11.45—Question Box, answering problems that face the workers. 12.15—Quiet Hour, led by Mr. J. T. Sproul.

Personal Mention. Mr. Arthur Cramer was an Atlantic City visitor Thursday last. A son was born to Mr. and Mrs. David Brown Thursday morning last. Mr. L. R. Colwell returned Tuesday from Philadelphia and will spend the Summer at Weymouth.

Mr. George N. Beebe took Mr. Isaac Robinson on a personally-conducted tour of Atlantic City Thursday, the first day of the Central. Mr. Joseph Davis visited the Summer school at Ocean City, which will open in the future under the direction of State school officials.

Mr. and Mrs. D. D. Hoover spent Sunday last with friends in Philadelphia and enjoyed a delightful motor trip through several Pennsylvania counties.

Miss Beale Moore returned from the State Normal School Tuesday last for her Summer vacation. She will leave for Trenton in September for her first year.

While playing ball at Lanes Park Saturday afternoon last Charles Mingen called to stop a ball thrown ball at first with his glove and it struck him in the left eye, inflicting painful cuts and bruises. His many friends will be glad to learn that his eyes suffered no lasting injury.

Appointed School Principal. Mr. Joseph M. Davis, of this place, who for the past two years has been teacher at Weymouth, has accepted the principalship of the Northfield public school and will enter upon his new duties next September. He will have four teachers under him. No one has yet been appointed to fill the vacancy caused by his resignation from the Weymouth school.

Mr. Davis is a rising young man in the teaching profession and his rapid promotion, from one of the most obscure schools in the County, to his new post is evidence of a reception accorded him here, both by Mr. Davis and to the children of the Northfield school.

THE FIRST STEP IN PREPAREDNESS

Little more than a week later to-day and the annual celebration of the Nation's Independence, commonly known as the Fourth of July. So far there has been no effort to celebrate the day in any fitting manner, or to give to it any more than a perfunctory observance.

At this time there is more than ordinary need to keep awake the Spirit of Patriotism, the Pride of Country, the Love of National traditions, that should ever be uppermost in the hearts and minds of Americans. There is need to arouse a more intense enthusiasm in the Stars and Stripes, the symbol of Liberty and of that sublime fighting spirit of our forefathers when they carried to the front their banners on which was emblazoned the warning, "Don't Tread on Me!"

Although we pride ourselves on our latent patriotism, let us not be lacking in our demonstration of it! Let us awaken, and keep awake, a stronger manifestation of our love of country. We know not what the coming day may bring forth. We hope it will be peace, but not peace at any price. Let us have a stirring celebration of our Independence Day that will revive the Spirit of '76 and quicken in every American heart the life-blood of National honor and integrity.

ITEMS OF INTEREST TO COUNTY FARMERS

AGRICULTURE SUGGESTIONS AND RECENT RURAL HAPPENINGS

Many plants this year are very small for this time of the season. The farmers will not have any good plants as they need, and will be forced to use weak plants. Regarding the size of the plants, however, expert growers should prepare their fields ahead of time in order to get them into the best condition for a quick growth of the season. Well-rotted manure may be applied to the field, either before or after the soil is plowed.

Time is very beneficial to celery when the soil is sour. This is best harvested into the ground soil. From \$75 to \$100 per acre of celery can be raised on a weak soil. With frequent harrowing, this treatment should get the ground into an excellent physical condition, free from weed seed and well supplied with moisture, so that the plants may be at any time, regardless of the time of rain.

In order to secure bright clean fruit, free from insect or fungus injuries, it is necessary to spray Fall and Winter apples in not only April and May but also the latter part of June, to protect the fruit from the second brood of codling moth and from sooty blotch, fly speck or other fungus diseases. Either concentrated lime-sulfur, diluted to 5 quarts of the concentrated mixture to 80 gallons of water, or established lime-sulfur should be used for this application.

While the so-called mixture is disagreeable to use, because of the somewhat heavy sediment, its use results in a better finish on the fruit. This spray should be applied during the last week of June in the Southern and central sections of the State.

The Farm Demonstrator will be more than pleased to answer any questions pertaining to the use of fertilizer to be analyzed, and all samples taken under his direction will be forwarded to the Experiment Station. In reference to taking samples of soil for acidity tests, the demonstrator has in his office the equipment necessary for the work and has made the test for several farmers.

BOOKS AS A SOURCE OF FINANCIAL SUCCESS

Miss Askew Emphasizes Need of Good Literature For All.

Those who heard Miss Sarah R. Askew, State Librarian at the Court House Tuesday evening last found her talk most helpful and entertaining. The meeting was held under the auspices of the May's Landing Grange, and those who failed to attend missed a rare treat.

Miss Askew emphasized the value of books as a source of financial success, of pleasure, of inspiration and the highest value of all, character-building. She pointed out that true education is not the accumulation of a great amount of knowledge but is a mental, moral and physical training that fits one to do well the work he has chosen and enable him to use the various sources of information, particularly books, to find out the things he needs to know. She explained how the State has provided a vast collection of information for the people of New Jersey which they may have just for the asking. Traveling libraries, consisting of fifty books on any desired subjects may be secured by any town or organization and exchanged, when read, for other collections.

Miss Askew's talk was by no means a dry dissertation but was vivacious throughout by her well-known ability as a story-teller. For social incidents, plantation stories and famous "Burr" Rabbit held the closest attention of the audience and made everyone regret that the 9:21 train, which carried the speaker away, did not leave later in the evening.

MODERN ENOCH ARDEN FACES WIFE IN COURT

Jury, However, Believed Mrs. Brook's Story That She Thought Him Dead.

For the first time in thirty-five years, since they parted in Wilmington in 1811, William Yetman, 67 years old, looked upon his wife, Mrs. Elna Brooks, yesterday in Court, when the latter, together with Robert Brooks, was arraigned on a charge of perjury. A year ago Mr. and Mrs. Brooks received \$5,000 from the West Jersey for injuries the latter received in a fall from a train at the Court House Station. In that trial they swore they were man and wife. After hearing all the evidence in the case yesterday the jury returned a verdict of not guilty.

LEAGUE OFFICERS ELECTED FOR THE ENSUING YEAR

ECHOES OF CHICAGO CONVENTION

BARTLETT AND ABBOTT TELL OF EXPERIENCES ON TRIP

Reorganization of the Hamilton Township Republican League was effected Wednesday evening last at a well-attended and enthusiastic meeting held in Liberty Hall and plans discussed for the forthcoming campaign in which the League will enter vigorously.

Meetings will be held frequently from now until election and every effort made to roll up one of the biggest Republican majorities ever returned by this district.

The League endorsed Charles E. Hughes for President, Charles Warren Fairbanks for Vice-President and Walter E. Edge for Governor. A feature of the evening was the story of the Republican National Convention at Chicago, from the viewpoints of Sheriff Joseph R. Bartlett and Albert C. Abbott, who attended the convention as visitors.

Surrogate E. C. Shaner was re-elected President of the League and other officers were chosen as follows: First Vice-President, Harrison Wilson; Second Vice-President, Thompson G. Hoover; Secretary, Alex. F. Denmad; Financial Secretary, George T. Yeller; Treasurer, James A. Lambert; Sergeant-at-Arms, Lewis W. Cramer; Chairman of the year, Harry Jenkins; two years, Julius Kraus; three years, Joseph E. Bartlett; four years, Ira T. B. Smith; five years, Charles T. Abbott.

A strong plea for party unity was made by Albert C. Abbott, who declared that Republicans should stand together this year as never before. Characterizing Wilson as "the most adroit politician that ever occupied the White House," Mr. Abbott pointed out how he has used the patronage of the office ever since he has been President with a view to the 1916 election.

The League discussed the matter of township officers to be filled this year but made no endorsements as the members felt it was too early to "start the pot boiling" in local matters. The officers to be filled in the Township this free year are: Township committeeman, chosen freeholder, township clerk, two constables, justice of the peace, two surveyors of highway and two poundkeepers.

PRESTO GIRLS HELD BERRY DANCE OVER LAKE LENAPE

Some Affair Too, Says Clarissa, Who Hopes For Another.

Dear Maybelle— Their laughter peals across the lake Twirl Norvitt's sweet strains, While glossy of Leann Lenape awake To marvel the refrain.

Am on a couple steals away To wander 'neath the moon And sweet mosquitoes as they stray— Shocks! What's the use of trying to weave a romantic glaucous over the proceedings and rhythm moon with June and upon an error— just about as much as as there really is to be romantic on a June night, with the peaky bugs nipping one's ankles just at the psychological moment!

'Twas a great night, anyway—that Tuesday night last, when the Presto maidens gave their dance at Lanes Park. The pavilion was prettily decorated for the occasion and about one hundred and fifty people attended. The Paul Jones was regular old timer, too, only one of the young folks nearly broke it up by spouting his colloquy at exactly the wrong moment.

Yes indeed Maybelle, it was some affair, and everyone is hoping there will be a little real soon. The Presto Girls received quite a little maxima, too, from the proceeds—Oh, just oodles and oodles of it! Everyone had a splendid evening's fun and the strokes of twelve ended the pleasurable occasion at 11:30 soon.

Pick-Ups Defeat Sluggers. The "Park Pick-ups" beat the Efficiency Sluggers at Lanes Park last Saturday afternoon by the score of 8 to 7. The feature of the game was the fielding and batting of Jim Yantello, who with only one arm copped several hard flies and swatted the ball with a vengeance. The grounds, on which new gravel had just been scattered but not rolled, were partly responsible for many errors on both sides.

Riddle Team Here To-day. The Athletic Association journeyed to New York Saturday afternoon last and suffered defeat at the hands of the team of that place by the score of 3 to 2. The game was exciting and interesting from start to finish and witnessed by a large crowd.

After Tuckerton Again. May's Landing is never satisfied until Tuckerton has been trimmed. Augmented with Old Sports Al and Wilmer Abbott, Chad and Tom Stevens, and the Athletic Association, they journeyed to the near future and do battle with the husky shore aggregation.
