

ENOCH L. JOHNSON CANDIDATE FOR SHERIFF. FRIENDS PREDICT A SWEEPING VICTORY.

POPULAR YOUNG OFFICIAL ENDORSED BY COUNTY REPUBLICAN LEAGUE—REPRESENTS YOUNGER ELEMENT OF THE PARTY.

Served as Under Sheriff for Several Terms and is Experienced in the Detail Work of the Office—Has Been Active in Former Political Campaigns and His Popularity in All Sections of the County Assures Success at the Primaries in September.

The first gun of the fall political campaign was fired Tuesday when the candidacy of Enoch L. Johnson for the office of Sheriff was announced by an Atlantic City contemporary. Mr. Johnson, who is at present serving in the capacity of Deputy Sheriff, which office he has

ENOCH L. JOHNSON.
Candidate for Sheriff of Atlantic County.

Having assumed the detail work of the office for three terms, his signal ability and practical experience render him a candidate peculiarly fitted for the office of Sheriff, with the duties of which he has become thoroughly acquainted as Deputy. He represents the younger element of the Republican party in this County, and is recognized as a young man of sterling qualities.

The Atlantic County Republican League at a meeting held Tuesday evening at their headquarters in Atlantic City unanimously adopted a resolution endorsing the candidacy of Mr. Johnson for the office. This organization is one of the strongest of its kind in the State, and numbers among its members the Republican leaders of the County, as well as scores of influential citizens. The endorsement of the League practically insures the success of their

WATERWAYS STAKED. Commissioner Schneider Completes Work With Governor's Aid.

After several weeks of work in the Government launch "Louie Allen," Waterway Commissioner Schneider has completed the staking out of all the channels from Great Bay to Jeffrey's Landing in the Great Egg Harbor River. Although the general waterway appropriation would not permit of money being spent for this purpose, the urgent demand of local boatmen for some such protection and convenience led Commissioner Schneider to seek aid from Governor Ford.

After the Governor had been taken over the route, the Commission had pointed out the need of stakes, the former concurred and the money for the project came out of the appropriation allowed for the Chief Executive's incidental expenses. Hence, boatsmen discovered Monday that they are indebted for the big staking improvement to the courtesy of Governor Ford and the ingenuity of the Waterway Commissioner. Abscon Bay has been staked out on both sides of the channel and parts of the bar are double-staked.

WILL CELEBRATE FOURTH. Egg Harbor City Band to Furnish Music at Lenape Park.

July the Fourth will be fittingly celebrated at Lenape Park next Saturday, when Professor Liellling will prepare an all-day celebration, the program of entertainment including sack races, foot races, and other races, polo on roller skates and a fine display of fireworks from the pier in the evening. The Egg Harbor City Band has been engaged to give concerts in the afternoon and evening, and both dinner and supper will be served.

The proverbial "fatted calf" has been saved for the occasion, and will be killed for the feast, which will be served in the grove. The park has been placed in excellent condition and if the weather is propitious there will be hundreds of people from surrounding towns to participate in the celebration, which will be started early in the morning and continue all day. The full program of the day, with the various features, will be announced next week.

"Bill Taft" Takes to Water. Captains Harrison Wilson and Harry Wood ruff launched their handsome motor boat "Bill Taft" named in honor of the Republican candidate for President of the United States to the boom of the Great Egg Harbor River Thursday evening. The new craft is eighteen feet in length, handsome in appearance and developed a high rate of speed on her trial trip.

Overcome by Heat in Gravel Pit.
While working in a gravel pit at Seaboard from which material is being taken for the construction of the new May's Landing-Downtown County road, several men were overcome by the intense heat of the past week and obliged to leave work.

NEW MILL MACHINERY WILL BE INSTALLED. EXTENSIVE IMPROVEMENTS CONTEMPLATED.

Automatic Weaving Looms to Replace Present System—Changes Will Cost Approximately One Hundred Thousand Dollars.

Improvements aggregating an expenditure of approximately \$100,000 will be made to the cotton mill of Messrs. Wood at this place, work on which will be started as soon as new machinery now being constructed is received from the factory. In place of the present looms used in weaving, which are of the old-fashioned type, automatic automatic looms will be installed, which will increase the annual output of the mill and enable the cloth to be manufactured at a much lower rate than is possible with the old looms.

"The installation of the automatic looms in the mills of the country has practically forced the company to replace the old looms with the new style, which is a possibility. The new machinery, cotton texture more cheaply and to increase the output with the same number of employees," said Superintendent Charles Kears when approached on the subject. "Our plans are not certain, and particularly the improvements cannot be given accurately at this time. With the new looms it will be necessary to purchase other new machinery, but to what extent we are not certain. It may be that the mill will have to be enlarged."

"There are now 500 looms of the old style in operation in the mill. A large number of these were only purchased last year and especially new and will not be disposed of with the old looms, many of which are so worn as to be practically useless. One weaver with helpers will be able to do almost as much work as with the old looms. The new machinery necessarily imply that less help will be needed, as many of the old looms will be replaced and other work made necessary under the new system."

The mills at present employ approximately 300 people, including weavers, spinners, finishers and other employees. The improvements will not necessitate the closing of the mill, but will be made in such a manner as not to interfere with work. As soon as the new machinery is placed in position and assembled it will be put in operation. "Nuck," as he is familiarly known to his many friends, is very popular, and has a legion of friends in every section of the County who will line up for his support, and who are extending hearty congratulations on his candidacy.

As an evidence of his popularity a number of Atlantic City friends, who were attending a session of the County Court last Tuesday morning, showed pictures of the young Deputy Sheriff and pinned them to the laps of their coats. The delegation headed by Ex-Fire Commissioner Hugh Gough marched from the station to the Sheriff's office in a body, where they were warmly greeted by the Deputy, and everybody smoked for the success of the next Sheriff of Atlantic County.

SUPPER AT LENAPE PARK. Affair Promised to be Social Event of the Season.

There is every indication that the supper to be given at Lenape Park by the Atlantic City Athletic Club, which will be the social event of the season, is being planned on a grand scale. The affair, which will be held on Tuesday evening, is being planned on a grand scale. The affair, which will be held on Tuesday evening, is being planned on a grand scale.

HIS HONOR WAS OBSCURE. Juryman Could Not Hear Case in Their Shirt Sleeves, Said the Judge.

"Can the dignity of the Court be upheld by twelve Jurymen in their shirt sleeves?" Judge Endicott, sitting in the special session of Circuit Court Wednesday afternoon, was obliged to render a decision in the negative, to the discomfiture of the jury that made the appeal to His Honor that they be allowed to hear the case without their coats.

LAUNCHES INSPECTED. Government Demands That They Be Equipped According to Law.

Launch owners here were called to account yesterday when Inspector M. Snyder, of the Custom House Department at Somerset Point, swooped down upon them and demanded that they equip their boats with lights, life-buoys, foghorns and other safety appliances as required by Government law, which applies to all self-propelled craft seven feet in length or over.

Failure to comply with a prescribed time to the provisions of the law will be followed by heavy fines, says the Inspector, who will make it a point to cover the territory at regular intervals through the summer. Inspectors have been appointed along the entire coast with instructions to enforce the law to the letter. The territory of Inspector Snyder includes Pleasantville, Somers' Point, May's Landing, Bessley's Point, Ocean City and Longport.

Removed to State Prison. Six prisoners, with sentences aggregating twelve years and eight months, were taken to the State Prison at Trenton, yesterday by Sheriff B. E. Johnson. The prisoners were: Burt Bigelow, breaking, entering and larceny, 3 years; Frank Fernan, larceny as bailor, 3 years; Frederick Gould, larceny, 1 year; George Dixon, larceny, 3 years; Lewis Stidder, atrocious assault, 5 years.

Governor Appoints Coroner. Acting upon the recommendation of Senator Edward Wilson, Governor Ford has appointed Emmanuel Southem, brother of the late Senator Lador Southem, to fill the vacancy until the next election. The new appointee is well known throughout the County, and his appointment will meet with general satisfaction.

School Election Quiet. Only eighteen votes were cast at the school appropriation election last Tuesday evening, when the sum of \$200 was voted for incidental expenses for the schools of the Township during the coming term. The schools will be greatly improved before the opening of the year in September. The vote for the superintendent was unanimous.

Drinking Fountain a Blessing. That the public desire to have in the Industrial Park is being in all the world of the thirty-two houses of the firm of Sutton & Crosby, and the drinking fountain, which will be a great blessing to the public, is being erected at the foot of the hill, where the firm has a large building.

INLET PARK OPENING. Base Ball Season Will Be Started With Egg Harbor As Attraction.

The formal opening of the base ball season at the Inlet Park, Atlantic City, will be celebrated on Monday afternoon when the new Atlantic City Collegians will cross bats with the Egg Harbor Base Ball Club. The opening of the ball season will be a gala event and will be observed with ceremonies befitting the occasion.

The two teams will assemble at the Hotel Excelsior, New York and Pacific avenues at 10 o'clock sharp Monday afternoon and headed by the Egg Harbor Cornet Band, will be conveyed to the Inlet Park in private automobiles from the Million Dollar Pier Company.

There will be three home games reserved for the Atlantic City and County officials who will be the special guests of the management and Mayor Stettin will officially open the season by looking out to inspire by Dickson, a ball decorated with the city colors of white and blue.

The Collegians, who are again under the management of the Atlantic City Athletic Club, of which Mr. Chairman Meeker is President and Louis Melcher, Treasurer, will be very fast this year being composed of the cream of last year's team and several college stars.

The May's Landing Base Ball Association will play the Collegians at the Inlet Park on Tuesday, the famous Cuban Stars playing Wednesday, Thursday and Friday and the Caledonian Base Ball Club on Saturday.

Gamma Sigma Caught Crabs. The Gamma Sigma Society were the guests of Capt. Arthur Craver aboard his motor boat, the "Go to It" last Saturday, in a trip down the Great Egg Harbor River. After feasting on fresh water Somers' Point, the party boarded the trolley car and crossed the bay to Ocean City. They arrived home late in the evening, difficulties with the motor adding to the pleasure of the day and the other inci- dental mishaps that follow in the wake of a launch party.

Attempt to Wreck Train. Prompts on the part of a motorman in stopping a train on the electric line of the West Jersey and Seaboard Railroad saved a wreck between Woodbury and Wenonah Tuesday night. It was shortly after eight o'clock when a train bound for the shore reached Woodbury Highland. As is the custom of the train crew the train was being stopped near Woodbury to take on passengers at the Heights, when suddenly the motorman discovered a railroad switch was closed. The brakes were applied with such force that passengers were tossed about the coaches, but the train was stopped within a few inches of the railroad tie, which had evidently been placed on the track to cause a wreck and a terrible loss of life.

Chauffeur's Injuries Serious. John Trapp, chauffeur for Mr. and Mrs. Samuel Bailey, who were killed at the Bri- dgeton avenue crossing by collision with the electric train several weeks ago, is still con- fined to the Atlantic City hospital and there is little chance that he will be able to leave that institution before next winter.

amounting to \$10,000 for injuries received at
a railroad grade crossing last July, Frank
Garrett, was awarded a verdict for \$5,000 before
Judge Endicott in the special session of Circuit
Court Wednesday, after a trial which was
bitterly contested by both sides. The suit was
brought by Garrett against the Atlantic City
Railroad Company, representing the defendant com-
pany, for a direction on the general ground
that the company had not been negligent and
that the complainant was guilty of contributory
negligence. Judge Endicott rendered the verdict
without a written opinion.
