Tell You So.

Pain in the back is an almost infallible sign of hidney disease; a surer sign is the condition of your urine. If you have a pain in the back, then look to the condition of your urine. It is easily done. Take a glass or tumbler and fill it with wrine; after it has stood \$4 hours, if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

G. F. Bammer of No. 409 Tioga street, Syracuse, N. Y., in a recent letter says:
