**Life Insurance at Actual Cost**

THE NATIONAL LIFE INSURANCE COMPANY OF CHICAGO, it writes the attention of those contemplating insuring their lives to its **Mutual or Reciprocal**

PLAN, which enables even the poorest man provide for his family in case of death, without depriving them of the necessities of life, as do many who endeavor to pay the high premiums of old life companies, who charge for Assurances on Lives Union New York Ocean, and then add a heavy loading for extravagant expenses. On this plan you only pay for the actual losses actually experienced, and as they occur, with a small fixed sum for expenses. Call on the agent for circular fully explaining this system.

**The Practical Results!**  
Since its organization in 1870, the NATIONAL has paid in death losses \$57,764, at a cost to the deceased of \$791,000 in premiums. Old Life Companies would have paid, or the same premium \$21,224, showing a gain by insuring in the NATIONAL of over \$36,000.

The Capital and Securities of this Company are sufficient to comply with the Insurance Laws of any State in the Union.

PHILADELPHIA, May 29.

**PAID FIRE DEPARTMENT.**

For many years this city possessed a volunteer fire department, which was celebrated for its promptness and efficiency. Every company was independent in itself, and in the latter days of the department's existence, disgraceful fights frequently took place, and lives were lost on these occasions. The continued abuses that prevailed, led to the formation of the paid fire department, and now there is an effort to reorganize it also, on account of alleged irregularities in its management. The repairs to the apparatus cost more last year than would have been paid for entirely new engines!

It seems strange that so much dishonesty prevails amongst our public men. There are seven commissioners managing this department, and not one receives any pay for his services. The proposition now is to have a responsible head, and to give him a competent salary. By this arrangement it is expected that the department will be kept in better working order, and the expenses will be reduced. Our system costs far more than the London fire brigade, and the appropriations are increasing every year.

**SILLY STRIKES.**

Philadelphia turns out a greater number of yards of carpet than any other place in the world. Many men and women have been constantly employed in the numerous mills, and the nineteenth ward was always burring with the wheel of machinery. Recently some evil spirit seems to have taken possession of certain persons employed, and they determined to strike for higher wages. Not content with staying from work, they attempted to keep others from going to the mills, and in some instances they injured several by attacking them with cobble stones.

The situation became so threatening that the police were obliged to protect the willing workmen from bodily harm, and comparative quiet has been restored. How foolish it is for men to continue these strikes! The effort of the present movement is to stop some of the mills altogether, and to reduce the work in others, thus depriving Philadelphia of being able to boast that she is the largest carpet weaving city in the world. The war between labor and capital seems destined to never end.

The coopers and stavedores employed by the Atlantic Storage and Petroleum Company, six hundred in number, are on a strike. The strike is not for higher wages, but has been caused by the company withholding \$3 per week from each of their employees until the amount reaches \$30, so as to preclude the men from striking. If any one left their employ without good reasons, he forfeited the \$30. The men have rebelled against this, and hence the strike. They say:—

"We claim that we have as good a right to combine for our protection as the oil men have to combine to make a 'corner' in oil by stopping production, and thus advancing prices."

In New York 1,000 coopers are out of work from the same cause.

**IMPORTANCE OF MANUFACTURES.**

The growth of cities is due to the number and variety of their industries, and to this cause our Northern and Western cities owe their great population. Philadelphia has 11,000 manufactories, which turn out \$400,000,000 worth of manufactured goods per annum, and a population of near a million, living in 130,000 houses—of which 40,000 are the residences of working people. There is hardly any city which cannot improve its condition by some industry. Since Chattanooga and Atlanta began to manufacture, they have made such headway that their example exceeds that of Philadelphia. The advantage differs in differing conditions, but the principle remains and operates every where. Manufactories will build up any city, and Philadelphia is the largest manufacturing city in the United States. This accounts for her prosperity, and also her rapid increase in population.

**CURIOUS PERFORMANCES.**

Signor Beneditti and Mr. J. B. Johnson, members of Schumann's Transatlantic Novelty Company, have been aston-

ishing our citizens by the difficult feats they perform. Signor Beneditti appeared before a large class at the Jefferson Medical College, and performed some difficult feats of sword-swallowing, thrusting as many as six swords in his throat at one time. Another feat consisted of thrusting a very heavy musket with bayonet attached down his throat, he swallowing the entire bayonet, 16 inches in length, and then without placing his hands to the musket, he slowly bent his body until he let the weapon assume a horizontal position. He also swallowed a Spanish sabre twenty-nine inches in length. The opinion of the professors was that the blade displaced the stomach partially, tilting and passing on the left side of it. Mr. Johnson's performances include smoking, eating and drinking under water, and remaining under the water for three minutes at one time. All these performances he faithfully carries out. The smoking under water is done by inserting the lighted end of the cigar in his mouth and ejecting the smoke from his nostrils.

**SHOOTING CASES.**

When will people learn that fire-arms are not to be trifled with? Chas. Jetter, a young man much given to sky larking, called to see a Miss Lizzie Tamplin, and while teasing her conceived the bright though not original idea of pointing a pistol at her, and telling her to "look out." Much to the surprise of Jetter, the pistol was discharged, wounding the unfortunate young lady. Charles immediately started for a physician, and a policeman in turn was soon desiring an "interview" with Charles. Miss Tamplin will lose an eye, and probably her life. Both parties state that the shooting was purely accidental. Jetter says he "was not aware the pistol was loaded."

We had another shooting case on Wednesday morning last, this time with murderous intent. Simon August Franks shot his wife Christina three times, at their residence, 304 Green street. Jealousy was the cause, and the woman will probably die.

**FOREIGN FRUIT.**

Our city has in the last few years become quite a port for the importation of foreign fruit. One firm with which we are acquainted are now receiving three cargoes a week of choice fruit from the West Indies. The schooner Matoka recently arrived with 3,300 bunches of red bananas and 78,000 coconuts. Of course this vast quantity of fruit is not all consumed here, but is re-shipped all over the country. Bananas are a very perishable fruit, and are not in much demand outside of large cities. As there are at present no government duties on this class of importations, prices are low, and bananas, which formerly could not be purchased at retail for less than one dollar a dozen, are now a drug here at twenty-five cents. Pine apples, oranges and other fruits can be purchased at equally low prices.

**DEATH OF J. EDGAR THOMSON.**

John Edgar Thomson, long and favorably known as the President of the Pennsylvania Railroad, died at his residence in this city, at an early hour on Thursday morning, from a complication of diseases. Mr. Thomson has been at the head of the Pennsylvania Railroad since 1852, and was considered one of the greatest railroad men of the world. The result of his administration of the affairs of the Pennsylvania Railroad Company, in augmenting its business and establishing its credit is before the public. He assumed the duties of his office without a dollar in the treasury of the company, and now its financial resources are a most unlimited. The deceased was born in Delaware Co., Pa., in 1808, and at his death had amassed a large fortune.

**FINANCIAL.**

The money market, as we have noticed for some time past, continues very quiet about former rates. Call loans rule at 4 1/2 per cent. First class mercantile paper ranges from 6 1/2 per cent. per annum. There was considerable excitement in the stock market and on Third Street, owing to the death of Mr. J. E. Thomson, President of the Pennsylvania Railroad Company, and prices generally were unsettled. About 30,000 shares of Pennsylvania sold, opening at 47, declined and closed at 46 1/2, advanced and sold at 47 1/2, and closed at 47 1/2, being a slight advance on the opening.

Truly thine,  
BROADBRIE.

**MISCELLANEOUS.**

It will be remembered that Susan B. Anthony was tried—and fined—for illegal voting at Rochester, N. Y. She prayed Congress to have this fine remitted, as she alleged that it was unjustly imposed. The committee before whom it came have recommended that her prayer be granted, on the ground that the decision of the Judge was given and the fine imposed, without first having been decided by the jury. That is, the case was withdrawn from the jury by the Judge, without allowing the question to be argued or submitted to them or for the jury to pass upon it.

During the Temperance Crusade in Massachusetts, a Mr. Simpson was waited upon in his saloon at East Douglass, and was appealed to by the women as to the right of his business, he became singularly affected, and died in a few hours after. The following statement in regard to this matter is from the Worcester Mass. Spy, and furnished by a Mrs. Hills, the leader of the band to whom, in the language of her letter, "a call from God was so clear," that they "dared not refuse," and they "went forth to do and speak as God should direct," and was read at the people's prayer meeting at the Old South church. The meeting was conducted by Mr. Jonathan Luther.

"We went into Mr. Simpson's saloon. I shook hands with him and introduced the ladies, and spoke of our coming in love and kindness to talk with him about his business. After some conversation he was asked if he would not refrain from selling liquor; he said, 'I cannot promise to,' then being asked if he thought it right, he replied 'just as right as to sell groceries.' I then said, 'let us see what the word of the Lord says.' Opening to 1st Cor. vi. 10, I read, 'nor thieves, nor covetous, nor drunkards; nor revilers, nor extortioners, shall inherit the kingdom of God.' He replied, 'I knew it before, but that does not include me.' The reply was we did not expect to bring anything new, only to call to remembrance. You said it was right to sell, but this shuts all who use it out of the kingdom of Heaven, and you don't want to be shut out. Mr. Simpson—"

"Then turning to Hab. ii. 15, 'We know to him that giveth his neighbor drink, that putteth the bottle to him and makes him drunk also.' Then to Deut. xxix. 19: 20, 'I shall have peace, though I walk in the imagination of mine heart, to add drunkenness to thirst; the Lord will not spare him, but then the anger of the Lord and his jealousy shall smite against that man and all the curses that are written in this book shall lie upon him, and the Lord shall blot out his name from under heaven.'"

"On looking up his eyes were riveted on mine and he was very much agitated, trembling exceedingly. No further words were given us to say; we were all spell bound for what seemed a long time. At length one of the ladies said to his partner, 'I think something is the matter with him.' No movement was made until urged the second time. He was then removed from the counter by which he was supporting himself, when his tongue seemed to be loosed and he cried out twice, 'O, God, have mercy on my soul.'"

"He was then taken to a room back; we were about to retire when another cry for mercy arrested our attention; these who were with him—begging us to stay and talk with him, both saying it was the Holy Spirit. I said it was the word of the Lord, 'sharper than any two edged sword.'"

Comforting words quieted his agitation. His mind was clear, but he could not talk. He was soon taken home and died about eleven hours after.

"I have since visited some of the men who were there at the time; one of them said, to use his own words, 'we were all tied up, there's no use getting round that.' They all looked very pale. We proceeded to the other saloons, a solemn stillness pervaded them, and those who were gathered to stir at us seemed to be held by the same power. Just one week later the saloons were all closed, and the liquor carried out of town. I have been thus particular to show that it was not of us, but of God, and to him be all the glory."

**Harriet Beecher Stowe,**  
Author of "Uncle Tom's Cabin,"  
"Minister's Wooing," "My Wife and I,"  
and other powerful stories, each the literary sensation of its period; and this story presents a like genuine and wholesome sensation. It bears directly on social topics, interest, combines the true romance of youthful companionship, the brightness of happy home-life, the epic complications of neighborhood associations, and such follies and profound domestic miseries as have led to the widespread Temperance movement of the day.

Mrs. Stowe is now in the prime of that genius which wrote "Uncle Tom," ripened by years of study and observation. Her novels are immensely popular—*Uncle Tom's Cabin*, "and of selling by hundreds of thousands, any edition of any original work ever published—*see the Bible*. Her book two years ago, "*My Wife and I*," outsold every contemporary. Such a pure and unclouding saga as "*Uncle Tom's*" and "*My Neighbor*" should be read in every home. # THE GEORGI PIANO-FORTES.

## LATE NEWS REGARDING THEM.

The Georgi Piano-Fortes have taken the first premium over all competitors at the State Fair of West Virginia, in Kentucky, and at all other fairs and expositions where they have been exhibited.

Their durable build and refined expression of tone causes them to be the favorite instrument in seminaries of learning.

From Rev. L. VAN BOKKELEN, Rector of Jane Grey Seminary,

Mr. Morris, N. Y., August 13th, 1873.  
"I have pianos of other celebrated makers in the Seminary, but the Georgi was selected and used at the concert as the best. It is resorted to by teachers and pupils."

From Rev. WM. F. MORRISON, Rector of St. Luke's Church, Buffalo, N. Y.

"On leaving Iowa, I was reluctantly obliged to part with my Georgi Piano Forte. When I settled in Buffalo one of my first cares was to provide my family with one of the same manufacture. It fully sustains the high reputation the Georgi instruments have in all parts of the country."

Mr. JOHN ZUNDEL, Organist of Henry Ward Beecher's Church Brooklyn, says:

"The Georgi has an exquisite action, and everything about it shows thorough workmanship and indicates durability."

Rev. S. H. McCOLLESTER, President of Buchtel College, certifies:

"We have been using two of your pianos the past year in our college. They have given great satisfaction. We regard them as superior instruments."

From the New York Independent:

"As they were highly recommended to us, we bought one for our own use, and we find that they are worthy of all the praise they have received."

The above are only a few selections from letters continually arriving which prove.

The Georgi to be the Leading Piano of the day.

I guarantee entire satisfaction, and never fail to give it.
