The Cheapest AND The Best!

Life Insurance at Actual Cost

THE NATIONAL LIFE INSURANCE COMPANY OF CHICAGO, it invites the attention of those contemplating insuring their lives to its

Mutual or Reciprocal

PLAN, which enables even the poorest man provide for his family in case of death, without depriving them of the necessities of life, as do many who endeavor to pay the high premiums of old life companies, who charge for Assurance Double Losses Which Never Occur, and then add a heavy loading for extravagant expenses. On this plan you only pay for the cash actually experienced, and as they occur, with a small fixed sum for expenses. Call on the agent for circular fully explaining this system.

The Practical Results!

Since its organization in 1870, the NATIONAL has paid in death losses \$57,760, at cost to the deceased of \$791,90 in premiums. Old Life Companies would have paid for the same premiums \$21,224, showing a gain by insuring in the NATIONAL of over \$36,536.
The Capital and Securities of this Company are sufficient to comply with the Insurance Laws of any State in the Union.

The Cranberry Growers

The New Jersey Cranberry Growers' Association met at Bricksburg Tuesday. Among the reports read was one upon the enemies of the cranberries which stated that the vine worm is not so formidable as formerly. A joint stock company was formed for the purpose of shipping cranberries to Europe. Action was taken to guard against the extortionate commissions charged by dealers. Mr. Quinn reported as to introducing cranberries in England. N. H. Bishop reported that he had sent 25 crates of cranberries to Liverpool. Mr. French on behalf of the Foreign Trade Committee, suggested the propriety of organizing a joint stock company for the purpose of shipping cranberries to Europe, and proposed a plan of organization. Mr. French moved that the books of the proposed stock company be opened, which was adopted, and a committee was appointed to solicit subscriptions. The Chairman referred the members to the report of Prof. Thomas Taylor of the Department of Agriculture on the rot and scald, and said the result of his investigation would save the growers hundreds of thousands of dollars. The report of the investigating Committee appointed to inquire into the transactions of the commission merchants states that a test case had resulted favorably to the producers. N. H. Bishop having had a case tried. The investigations are still proceeding. The proposition is to induce the Delaware peach-growers and other fruit-producers to join hands in shipping and selling fruits, and to guard against the extortionate commissions charged by dealers. The report was adopted. After some other small matters were disposed of, the Convention adjourned to meet the third week in January, at Trenton.

The meeting was large and composed of men of intelligence, who are extensively engaged in the business. Many useful facts were presented. Wild cranberry land formerly sold for ten cents an acre in Southern New Jersey, while at present it is worth \$800 an acre. Much has been done by the Cranberry Growers' Association during its short existence, in promoting the interest of the growers of this fruit, by searching out the enemies they have to contend with, determining the proper remedy, as well as taking steps for regulating marketing and selling, both at home and in Europe. The growers, by uniting in a common interest, will save thousands of bushels of berries formerly lost, and many thousand dollars will be added to the profits from this culture. They are well satisfied with the results of shipments already made, and intend to follow up the matter vigorously. It is believed that in England and France large and remunerating markets may be secured by a proper preparation of this way. The introduction of a moderate quantity of the fruit, under judicious arrangements, may induce its sale, and when once introduced and its qualities understood, it is believed by practical dealers that the demand will be large and the prices remunerative. - Sentinel of Freedom.

The "Gag Law."

Hon. Luke P. Poland has addressed the following letter to the editor of the most newspaper:
St. John, N. B., Nov. 10, 1874.
My dear Sir: There never was so much foolishness written on any subject, as on the Poland Gag law, as called. There never has been any law before, by which, if a man committed a crime in the District of Columbia, and escaped, that he could be got back there for trial. This law, in substance, provides that if a man commits an offense against the United States, in the District of Columbia, he may be arrested anywhere in the United States, and sent there for trial. This law always been the law in the whole United States, except the District. Why should it not also apply to that? But the law does not apply to an indictment for libel at all. The law only covers crimes and offenses against the United States. Libel is not an offense against the United States. No act of Congress makes libel an offense, and there can be no crime against the United States, except such as are made so by an act of Congress. It has become application to libel than it has to small-pox. The law is the same everywhere in this country: a man must be tried in the State and county where he commits the offense. Yours in haste,
L. P. POLAND

A Congressman's Platform.

In his speech before the Republican Convention for the Second District of Kansas, accepting his nomination for reelection to Congress, Hon. Stephen A. Cobb said: "The Republican Party is great and powerful, for the sole reason that it has always dared to do right. Rightitude and justice are its support, and where these are made to give way to expedients another than myself must bear your flag. Believing in and trusting to the common sense of the masses, among many things not enumerated, I am for equal rights and privileges to all citizens; for maintaining the dignity and honor of labor; for upholding morals, religion, temperance; for preserving inviolate the obligation of the State and nation with their creditors; for cherishing the memories of the patriots who fell in the late war, taking care of the maimed survivors and the needy dependents of each, and in all ways making it honorable and profitable to have been a patriot in that war. The enemy of caste, I am for progress and justice everywhere."

It seems, from an article commented upon by the Evening Post, that there is nothing so fatal to a man's reputation in New York as to have been concerned in the work of overthrowing the thieves who ruled in this City under the name of Tammany. Most people remember that the Herald defended Tweed and his gang down to the last moment, suppressed the evidence of their robberies, and has ever since openly expressed its regret at their downfall. It has of late gone a step further, and tried to make out that everybody who "abetted," as it says, "in the Reform movement of 1871" has been ruined. "It has proved a blight and a mill-dew even to reputations which were green." "Even Mrs. Evans" has suffered because he helped to turn out Tweed & Co. The Times is to be "supplanted"—dreadful tale! Everybody who fought against Tammany is to be annihilated. If that is to be so, we must admit that it is a bad look-out for us. But, under any circumstances, we should be inclined to leave the defense of thieves to thieves, and to stick to the theory that is better for an honest community to be governed by honest men; and that if we fail to get honest men the first time, it is good to keep on trying until we do get them. But there is a view which we cannot expect the Herald to adopt, especially at the present moment. There is no doubt that identity of thought, pursuits, and interests is one of the most powerful of bonds which hold men together. N. Y. Times.

We recommend the following persons who have so much to say for themselves: compatibility between husband and wife, and there are some of them, who think a little of the same sort (not composed) pair, but a season sufficient for separation. As a word: below come from a woman, and one who has had some experience in the matter, her advice should be counted as worth volumes of trash published by women in form, but who have an awful "hankering after" propensities and habits of the masculine gender, and are really more male than female in their nature. It is no other than Mrs. Swannick herself who is talking: "Th' matter a wife finds that any other man may possibly supply to her something lacking in him to whom she has plighted her faith, but only a little plan is, thus, broken reverse engine, and make a deal better before switching off completely track. No question justified in taking any man into her confidence about any war of hostility between her and her husband, upon whom she has relied upon, separation, or her confidence is her father, brother or uncle: If she be too weak to bear her burden in silence, or to lay it down, let her seek the confidence of one of her own sex, or of some man; and his wife whom she can consult together.

The Baltimore Sun, which has always had a leaning towards Democracy, predicts that the Democratic party will be beaten everywhere, and will deserve to be beaten, unless it unequivocally repudiates the repudiation platform of the Indiana Democrats.

reliance school, for there is no more reliance, than there is between a dove and a polar bear. And if he knows any better about our politics for the last thirty years, he knows, as does the whole world, that it cannot be successfully denied that it is true that "Democracy and slavery went hand in hand." The Democratic party was the right power of that accursed institution. Without its aid slavery of our time had not existed as long as it did. Your tale so recorded it. For years the principal legislation in Congress, was the Democratic party was in power, at the inauguration of Republican rule, for the protection of slave holders, and the strengthening and perpetuation

The Tribune "straddles" somewhat, but nevertheless is honest on one or two points:

The nomination of Mr. Halsey was a forgone conclusion, and all the hopes that were in the State, except the disappointed aspirants and their household followers, will rejoice at it. We hope the Democrats may be induced to nominate a more unobjectionable man, if not a better one.

[It can't be did.]

The Newark Register, a journal we should know whereof it speaks, says of our nominee:

He has a wide and deserved repu-

tions against corruption are cheap traps. All parties profess to be opposed to corruption of their opponents. The true test of a party is its self-examination and purification, and tried by this test the Republican party is distinguished above every other in the history of the country. Nobody believes the Democrats to be particularly sensitive about corruption. When in power, it was noted for the skill and industry with which it covered up the frauds of its own members, but the Republican party, on the contrary, has uncovered all the delinquencies and recalcitancies in its own ranks, and has promptly punished every official detected in wrong."

WATERS' CONCERTO ORGANS

are the most beautiful in style and perfect in tone ever made. THE CONCERTO STOP is the best ever placed in any Organ. It is produced by an extra set of reeds, peculiarly voiced—the EFFECT of which is most CHARMING and SOUL-STIRRING, while the IMITATION of the HUMAN VOICE is SUPERB. Terminal, WATER'S Philharmonic, Vesper and Orchestral ORGANS in UNIQUE FRENCH CASES, are among the best made, and combine PURITY of VOICING with great volume of sound. Suitable for PARLOR, CHURCH, or MUSIC HALL.

Waters' New Scale Pianos have great power and a fine singing tone, with all modern improvements, and are the BEST PIANOS MADE. These Organs and Pianos are warranted for 8 years. PRICES EXTREMELY LOW for cash or part cash, or balance monthly or quarterly payments. Second-hand instruments taken in exchange. AGENTS WANTED every County in the U. S. and Canada. A liberal discount to Teachers, Ministers, Churches, Schools, Lodges, etc. ILLUSTRATED CATALOGUES MAILED. HORACE WATERS & SON, 491 Broadway, New York. P. O. Box 3507.

TESTIMONIALS OF WATERS' PIANOS AND ORGANS.

"Waters' Concerto Parlor Organ possesses a beautiful and peculiarly soft tone. The Concerto Stop is, without doubt, the best ever placed in any organ. It is produced by an extra set of reeds, peculiarly voiced, from which the effect is most charming, and its limitation of the human voice is superb. For sweetness of tone and orchestral effects it has no equal."—N. Y. Times

"The Concerto Parlor Organ is something entirely new; it is a beautiful parlor ornament, possesses a sweet and powerful tone, is a most commendable invention and holds a high place in public favor."—N. Y. Evening Post.

"An ORCHESTRA IN THE PARLOR.—The Orchestral organ is the name of a new and recent invention, announced by Horace Waters and Son. The instrument takes the name from its recently invented, orchestral stop. The voicing of this is peculiar, producing the effect of a full, sweet contralto voice. Its finest effect is produced when the stops are drawn. Then the full chords are toned down, so that an orchestral effect is given. The case is unique and makes a handsome article of furniture."—N. Y. Sun

The Waters Pianos are known as among the very best. We are enabled to speak of these instruments with confidence, from personal knowledge."—N. Y. Evening Post.

A MEDICAL TRIUMPH!

Dr. D. S. PERRY'S

Vegetable Aromatic

Bitters.

These Bitters must become the universal

remedy of the age. There is nothing like them

or equal to them under the sun. They restore

the weak, invigorate the feeble, and give new

life and tone to the broken down system. In

miasmatic and malarious districts they are

worth a ship load of quinine powders and pills.

They are especially adapted to persons suffer-

ing from

Dyspepsia, Liver Complaints,

Constiveness, Headach,

Neuralgia, Rheumatism,

Chills, Fever and Piles.

TO DELICATE FEMALES.

Ladies, old or young, will find these bitters especially adapted to diseases peculiar to their sex. Nervousness, Lassitude, Want of Appetite, and General Debility, all yield to the magic charm of these inestimable Bitters.

HEAR WHAT IS SAID.

HEAR WHAT IS SAID.

HEAR WHAT IS SAID

"Wonderful effects have resulted from your

Dr. Perry's Bitters."

"My chills are gone. I can hardly believe it."

"Send me one case Perry's Bitters again."

Nothing like them here."

"I enclose affidavit of my case. I had to do

so to convince you of the wonderful cure."

"Surely they are the most delightful wine

tonic in the world."

"Dr. Wilson says that you are a public bene-

factor."

"Hurrah! No more rheumatism."

"No more headaches, thanks to you."

We could fill this paper twice over with just

such genuine extracts, but the above must suf-

fice. Our Bitters are prepared under the super-

vision of Dr. D. S. Perry, Member of the Royal

College of Physicians and Surgeons, London,

England, and of the Medical Clinic of Glasgow.

All orders should be addressed to the

Perry Aromatic Bitter Co.,

NEW YORK, U. S.

These Bitters are sold either by

the bottle or case at \$1 a Bottle.

Parties in sending letters for advice as to

their diseases, will confer quite a favor by giv-

ing name of County as well as Town where

they reside. It will save us a wonderful amount

of time and annoyance if this will be observed.

THE GEORGI PIANO-FORTES.

LATE NEWS REGARDING THEM.

The Georgi Piano-Fortes have taken the first premium over all

competitors at the State Fair of West Virginia, in Ken-

tucky, and at all other fairs and expositions

where they have been exhibited.

Their durable build and refined expression of tone, causes them to be the favorite

instrument in seminaries of learning.

From Rev. L. VAN BOKKELEN, Rector of Jane Grey Seminary.

Mr. MORRIS, N. Y., August 14th, 1873.

"I have pianos of other celebrated makers in the Seminary, but the Georgi was selected

and used at the concert as the best. It is referred by teachers and pupils."

From Rev. WM. F. MORRISON, Rector of St. Luke's Church, Buffalo, N. Y.

"On leaving Iowa, I was reluctantly obliged to part with my Georgi Piano-Forte. When

I settled in Buffalo one of my first cares was to provide my family with one of the same man-

ufacture. It fully sustains the high reputation the Georgi instruments have in all parts of the

country."

Mr. JOHN ZUNDEL, Organist of Henry Ward Beecher's Church Brooklyn, says:

"The Georgi has an exquisite action, and everything about it shows thorough workman-

ship and
