HEALTH NOTES

For nearly two weeks our citizens have been experiencing a nervous dread of a threatened outbreak of diphtheria. Wild reports were circulated, but here are the facts.

Since January 1st, six cases of diphtheria have been reported; one death has occurred, and the other cases are recovering. Every precaution is being taken to avoid a spread of the disease; the schools have been fumigated; suspected cases have been put under observation, and every child not up to the normal is excluded from school.

No new case has been reported since Monday morning.

Here are a few don'ts:

Don't get curious when you see a doctor going into a neighbor's house; stay away.

Don't neglect a sore throat; send for a doctor.

Don't allow any open drain—it breeds germs.

Don't look too long at the dollar before taking every known sanitary measure.

Don't be the first to jump on the Board of Health for what you think is dereliction of duty.

Don't get nervous, but call up 542 for the facts.

By order Board of Health.

There will be a partial eclipse of the sun next Monday.

Voluntary Fire Company will have a new roof and other repairs made,—the hoped-for new house not being in sight yet.

Miss De Voc, one of the new teachers, left for New York State yesterday morning, to engage in another occupation "for better or worse."

W. H. French's house, which was badly damaged by fire a few weeks ago, has been re-roofed and repaired, and painters are putting on the finishing touches.

There will be a meeting in Palace Theatre to-morrow afternoon, at two-thirty, conducted by Capt. John A. Matthews, a "Cow Boy Evangelist." A collection will be taken for the Children's Home, at Egg Harbor.

The Civic Club are to have a benefit at the Eagle Theatre on Thursday evening next, Jan. 25th,—the proceeds to go into the "Visiting Nurse" fund. The attraction will be Marguerite Clark in "The Goose Girl." Tickets, ten cents.

On Sunday morning last, Rev. W. S. Marple, pastor of the Presbyterian Church, announced that he would resign his position, to accept an appointment to the mission field in Alaska. A congregational meeting was held Monday evening, at which time the resignation was formally presented and accepted, to take effect last Sunday.

On Wednesday, A. L. Jackson went to Shamong on business, as is his custom. While "splitting" a bog, he put a little too much vim in his last stroke, the cleaver going clear through, and cutting a bad gash in his instep. He was brought home in their truck, and the doctor took several stitches to close the wound.

Dr. W. E. Mellvaine entertained a few friends, on last week Friday evening, at his home. The guests included Misses Doretta and Irma Laugham, Girlie Deitch, Marjorie Monfort, Ethel Bozarth; Messrs. Eugene Coggey, David Adams, Paul Imhoff, Robert Prash, Earle Megargle, A. Thompson.

Mr. and Mrs. John K. Lintner and family wish to acknowledge with thanks the many condolences and kind sympathy shown by numerous friends in their great sorrow and sad loss of a loving son and brother.

Mrs. Sophronia White, mother of Mrs. A. P. Simpson, died Jan. 3rd, at her home in New Sharon, Maine, aged 101 years. She was possessed of all her faculties to a remarkable degree, kept posted on current affairs by reading newspapers and magazines. She was ill but two or three days, and died like a child falling asleep.

Activities of the Vocational School
 On January 17th the committee met in the Vocational School room to formulate a program for the coming Farmers' week; February 17th to 20th. The Civic Club have kindly donated use of their hall for these meetings which are acknowledged to be for the benefit of all.
 The program is not completed but will include a night school in vegetable growing, small fruits, tree fruits, poultry, and domestic science. Such subjects as the following will be presented: Sweet potato seed selection, and growing healthy plants; Insect and crop diseases; Value and method of summer pruning peaches; The new summer peach spray; Top-working peach trees; Marketing; Fertilizing; Bush fruit diseases; Housing poultry; poultry diseases; Selecting and breeding stock; Incubation and brooding; Improvement of rural communities; Economy and efficiency in the home.
 These topics are of vital interest to every citizen, and it is hoped that the attendance will justify the efforts of the committee in arranging a program and procuring speakers. Don't forget the dates--evenings of February 17th to 20th, inclusive. Full programs will be ready at an early date.
 Fruit growers, berry growers and truck raisers should be interested in the six weeks course of lectures on pruning, spraying, fertilizing, and cultural methods, packing, and hot-bed work. This course will be divided into units of probably ten lectures, one each day or evening, at the convenience of the greatest number of farmers. They will probably begin about the first of February, and all who are interested are asked to communicate with the Vocational School Instructor. He is anxious to know who are interested, and who what particular topics are most vital to farmers in this community. Help him to arrange a profitable programme. Sessions will be about one or two hours, arranged so as not to interfere with farm work.
 Men who formerly attended the Friday night class will be glad to hear that it is again in session, and a large attendance is urged. Bring in your problems and questions for discussion.
 The regular school sessions are being held every afternoon, and on Monday, Tuesday and Thursday evenings.

 Ten of us came from Shamong together. Our total weight was 2400 pounds. But we lost weight rapidly after arriving at Jackson's Market. All of our heads but two went to Egg Harbor to make head cheese for some hungry Germans. SUNDAY SCHOOL LESSON.

January 21, 1917. FIRST DISCIPLES OF THE LORD JESUS John 1:35-51.

Golden Text: Jesus said unto him, Follow me, and I will make you fishers of men. John 1:43.

The events narrated in our lesson took place after the return of Jesus from the wilderness to which He had been led by the Holy Spirit, to be tempted of the Devil (Mat. 4:1).

When Adam had sinned, he was ashamed to appear before God, and tried to hide. Then God called to him, "Adam, where art thou?"

It is quite evident that none of the disciples of Jesus thought of Him as the sacrificial Lamb, who would take away the sin of the world.

When Nathaniel came to Jesus, he was astonished to find that Jesus knew of him, and that Jesus had heard John's words.

Don't do it. What's the use when it's so easy to make that room warm and comfortable?

Willis Lintner, the sixteen year old son of John K. Lintner and wife, died last Saturday, Jan. 13th from the after effects of diphtheria. The body was taken to Cedar Brook on Sunday for burial. He was a good boy, lively, energetic, popular among his classmates in the High School, and Boy Scouts. It is a severe trial for his parents who have universal sympathy.

"Les Miserables." A servant girl who had been to a cinematograph theater was asked by her mistress how she had enjoyed herself. "Not very much, mum," she replied. "The pictures were all so gloomy and sad. Nearly everyone died in them, and there was hardly one that you could laugh at. 'I think it will be better next week,' she added, hopefully, 'for as I came out I saw a notice that they were going to have 'Les Miserables!'"—London Express.

The Drink or the Job.

You young men, or middle-aged men, or old men, had best take note of the signs of the times, and make up your minds to the fact that in this day and generation it is your drink or your job. You may compromise with your conscience, or laugh at the oracular temperance orator, but you cannot fool the man with your job in his hand. Nor can you sign a truce with the growing ostracism that separates success from the man who habitually crooks his elbow.

Kill This Winter Fly That May Become Ancestor to Countless Others.

Flies multiply rapidly. One fly can become the ancestor to several billion other flies in a single season. The importance of exterminating the winter fly is apparent. It is something that the individual house-keeper must do. Be sure to kill the first flies of the season. Don't let one escape, as every fly killed in early spring means billions less of the pest this summer.
