

Town Council meets on Wednesday evening next.

The Annual School Meeting will be held on February 8th.

Tramau, the auctioneer, will conduct another huge sale on Wednesday morning.

Hotel Schulze property, at Folsom will be sold by Auctioneer Rehman on Jan 29th, at two o'clock.

Friends were glad to see Dr. C. J. Waas on the street again, looking but little the worse for his illness.

A high-class vaudeville show will be given for the benefit of the American Legion on Feb. 16th, in Eagle Theatre.

The Civic Club will hold a food and candy sale this (Saturday) afternoon, at three o'clock, in the Club House. Prices will be unusually reasonable.

For the benefit of those who have been misinformed, Victor Hall will be conducted as before, under the same management.

Louis L. Purchase.

Frank Britta, the popular young shoe repair man, and Miss Lucy Mazza, were united in marriage on Monday, January 18th, 1921. Their many friends wish them all joy.

Mr. and Mrs. John Giunta, of Philadelphia, are being congratulated upon the birth of a son, on Saturday, July 8th. Mrs. Giunta will be remembered as Miss Florence Russo, of this town.

Married, at the M. E. Parsonage, by Rev. Pennington Corson, on January 20th, Clarence Bates, of Winslow, and Miss Verna Foster, of Hammonton; also, John Goldonof, of Atco, and Miss Lena Becket, of Hammonton.

Sympathy extended Mrs. Lillian French Sweeney, whose husband, James C. Sweeney, died on Sunday last, at their home in Atlantic City. Three children survive him. Mrs. Sweeney will be remembered as having resided on West Third Street, and a niece of John T. French.

Several whistles were blowing, yesterday morning, in the vicinity of Winslow, for a half hour. All who heard them thought of fire; until two citizens motored up and found that a locomotive whistle on the Jersey Central would not shut off, and other whistles blew out of sympathy.

The Closed Schools.

Perhaps a brief statement of conditions as they have been and are would be interesting to the school patrons. The cases of scarlet fever have generally been light, so light that frequently a physician was not called, and the only intimation of danger we had at school was to find, on his return to school, a child with hands peeling.

The week that school closed, we found every day pupils whom it was necessary to exclude for reasons just mentioned. We also found that the cases were apparently on the increase where children were sick and no doctor was called. This information the teacher would get from another member of the family in school, and the information attainable was that brother or sister was sick and no doctor. In such cases we at once excluded the well ones from school, not daring to take any chances. Perhaps the children would return the next day with a physician's certificate that there is no contagious disease at home. Finally, there seemed so many cases that we knew, and so many more rumored, the Board of Health closed the schools.

To allay any undue alarm, I wish to say that I am sure we have not had over fifty cases and that is approximately the number reported to the Board of Health—rather less than more.

Since schools closed every building and room, central and suburban, have been fumigated; also the floors of all the rooms have been washed with water mixed with disinfectants. Every desk has been carefully wiped with the same liquid. I do not think there is, at present, any cleaner and more sanitary place in town than the schools.

This is written to reassure anyone who may think that proper precautions for safeguarding the boys and girls are neglected.

When school reopens, I do not think the careful parent need fear to send his child. The schools are well heated and ventilated by a special system of ventilation and, at this time, are so clean that not even the "Old Dutch Cleanser" mannikins could find any dirt to chase. The child is under the observation of a medical inspector, a nurse and a teacher who, is instructed to send out, at once, any pupil who gives the least evidence of sickness.

At this writing (Thursday) the Board of Education have not determined when school shall reopen. As soon as I know I shall notify "Central" of both telephone companies, and any one interested may find out from them.

N. C. HOLDRINGER,
Supervising Principal.

After a consultation yesterday morning, the Board of Education decided to re-open the schools on Monday, Jan. 31st.

Having just sold my entire Victrola and Record business to Ware Campbell Co., I want to take this opportunity of thanking my many patrons for their very liberal patronage, and hope you will extend to Ware Campbell Co. the same splendid business that you have given to me. Louis L. Purchase.

Mrs. D. W. C. Russell passed away on Friday evening, following a stroke. The deceased was a faithful Christian woman, beloved by all. Her husband, and her sister, who is librarian at Drexel Institute, have the sympathy of friends everywhere. Funeral service was held at the house, on Tuesday morning, conducted by her pastor, Rev. E. A. Rook. Interment was in Philadelphia.

The firemen made three runs the past week. The first, Monday noon, was at Mrs. Carpenter's on Grape Street. Papers near the heater became ignited, and filled the house with smoke. It was quickly smothered by water, with no fire damage. The second, Tuesday evening, was a chimney on one of J. C. Rizzotto's houses, on Pine Road. A good dose of salt, a little acid down the chimney, and the wetting of the roof, soon did the trick. The third run was made about eleven thirty, yesterday morning, out to a Capella home, on Basin Road, a harmless chimney fire.

Will the Mayor Please Explain?

We, as taxpayers and former officials of the Town, would like to have an explanation of the following statements made in his public address of January 1st, 1921:

1. That one official collected about \$600.00 of the Town's funds without authorization.
2. How he, the Mayor, saved \$600.00 in the Treasurer's office.

We believe that we are entitled to a specific statement from the Mayor, Mr. Cunningham, as we feel he is totally ignorant of the law and the Town records in regard to the accusations he has made.

SATURDAY, JANUARY 22, 1921

We were treated to some real weather the past week. Some thermometers registered as low as zero on Tuesday morning.

We would appreciate it if our readers, especially those living at a distance, would notify us what condition their Republicans arrives in, also if it is delayed enroute.

The firemen are certainly to be commended for their promptness in getting to the fires. There is virtually no lost time.

Yes, all Sunday Schools are closed until further notice, by order of the Board of Health.

"Hockey" seems to be the favorite pastime with people now-a-days. We had not noticed it until the Mayor came out, New Year's Day, a-knocking things.

The Chief of Police had "sewn up the mouths of local newspapers that had seen fit to knock rather than assist the force."

It surely is a joke; but in print you can call it something else, if you like. Then he says that twelve hundred dollars were saved by the Chairman of the Law and Order Committee acting as Chief of Police.

Let us older ones learn a lesson from the youngsters. When we knock, let's not knock for knocking's sake, but to help, to uplift, to encourage.

It is with very great regret that I have heard that the Rev. G. R. Underhill, the Rector of St. Mark's, Protestant Episcopal Church, has announced to his church, that because of impaired health and strength, he must resign his rectorate.

We trust, however, that his life shall be spared for many years, and that rest and relief from active duties of his parish may bring speedy returning health and strength.

He will always be remembered and honored by everyone who has known him, but by no one, I believe, more than by

The country is recovering from the effects of its orgy of spending. Extravagance, profiteering and unbridled speculation have brought a burden to all. A cry for economy is heard all over the land. Such conditions have occurred before and will occur again unless checked.

This program represents the farmer's attitude now—as it did then. The Grange always has adhered to it. It has sought steadfastly to check needless extravagance, both private and public, both individual and governmental.

Our farmers, by reason of sane habits of living, are a great steady force in the nation. But they need leadership and a common spokesman to widen their influence. The Grange offers you both!

MAYOR CUNNINGHAM'S ADDRESS

Address of Mayor Charles Cunningham, delivered at the organization of Council, Saturday, January 1, 1921, at 10:30 P. M.

TO THE CITIZENS OF HAMMONCTON:
Last year, with four new members in Council, we believed we could accomplish for the town of Hammoncton almost the impossible.

We had in mind a public building, a different form of government or a sweeping change in the methods by which our obsolete town government was being conducted. A police department was being established. We found we had a big contract to fulfill. We established a police department, we conducted a long fight with the State Highway Department over the Dan outrage. Auto traffic was regulated, and notwithstanding the opposition of some of our citizens and organizations, a successful campaign was made against gambling and other vices.

There are now before us, or are in the making, ordinances governing the firey traffic, one organizing a Shade Tree Commission, one authorizing sewer extensions, and another creating a mercantile tax. The money collected by this tax will be a substantial part of the money lost to the town by the abolition of saloon licenses.

We laid aside the idea of building a municipal building when the Board of Education issued its budget showing a jump from \$11,000 to \$16,000. We believed at the time that lack of judgment and fairness on the part of the Board had been shown by the Board.

The different committees have acted in perfect accord with the Mayor. The park has been improved, a bathing beach having been made. Here we wish to thank the members of the Council, Fulton Park, American Legion, as it was their matching dollar for dollar with the town that the hall improved.

The Finance Committee has done very good work in amending the rule very good work in amending the rule of "watch-dog" of the treasury.

The Sewer Committee had had little to do as the sewer plant, under the management of the present superintendent, has run smoothly. One extension has been made and two others are now being carried on.

The Fire, Water and Light Committee has been busy with difficult problems which have been successfully met. The water rates of necessity have been increased, but we are assured by the Water Commissioners that this increase is only temporary, the installation of a new combustion plant will save several thousand dollars and will give general satisfaction to the taxpayers.

The water rates had of necessity to be increased, but we are assured by the Water Commissioners that this increase is only temporary, the installation of a new combustion plant will save several thousand dollars and will give general satisfaction to the taxpayers.

The brains of the Police Department has been furnished by a man not on the payroll. We refer to the Mayor. He is a tailor, by the way, and has directed the conduct of the force, and has sewed up the mouths of certain individuals and local newspapers that have sought to knock rather than to assist the force; he has ironed out the wrinkles and smoothed the ruffles of the force. He has measured up to the standards set by your Mayor as a Chief of Police.

The Overseer of Roads has for the last ten months been working with the chairman of the Highway Committee. He has shown us how to build roads. He has demonstrated that results can be produced even with inadequate equipment and an entirely too small appropriation.

The Post Department has been raised to a high point of efficiency through the installation of a system of bookkeeping, weeding out the laxation and carrying out the plan of helping those who help themselves.

By a new system of tabulation and understanding of accounts the office of Collector and Treasurer is now being conducted in an understanding manner.

We are unblushingly able to state that your town affairs are being carried on honestly.

"When we assumed office we learned that a town official had given out fifty dollars and twenty-five dollars worth of town property. This has been restored to the town. We found that another official was collecting about five hundred dollars annually of the town's funds without authorization, while another official was making false invoices which were paid without question by a former Council. As we said before graft is a thing of the past and concerns the town government.

We have not just the support of the local press, both papers soundly taking pleasure in publishing derogatory statements concerning the town government which they could not substantiate with evidence. Yet the local press has received nearly \$400 from you for printing.

"When the citizens, by their vote, said the Mayor was not worth \$300 per year and the Councilmen not worth \$200 per year, the chairman of the Councilmen upon your governing body, "I got an idea what your 'Innocent Council' has saved you:

"Twelve hundred dollars a year by making the chairman of the Law and Order Committee the Chief of Police; \$800 a year by making the chairman of the Board of Health by the Inspector working without pay; \$200 in the poor department; \$600 in the Treasurer's office; making in all a million over from Councilmen and a grand total of \$1,200, and yet Council is not worth over \$250 to you.

"We conclude the Mayor wishes to thank you who have stood by our efforts at making good government, and he also wishes to extend his regards to those citizens who have seen fit to play the part of local blockheads."

(See "Open Letter," or outside page, signed by ten well-known citizens of Hammoncton)
