NO. 4

## ELVINS & ROBERTS HAMMONTON, N. J.

We have just received direct from the importer some of the finest Irish Mackerel, we venture to say, that has been offered to the people in this vicinity in some time. Very fat and white, no rust about them. All this season's catch, and the price makes them quick sellers.

We quote at 10 c. per pound.

Kippered Herring is also very palatable. While a canned fish, yet it is put up with great care, and when properly served, is excellent. If you have not tried them, we advise you to invest in a can—which at 22 c. we think is cheap.

Codfish Cakes, ready for the table in 10 minutes when you use X. C. L. R. Shredded Codfish. No soaking, no boiling, no bones, and no bad smell in the house. Simply mix with potatoes, and fry.

Large package, 10 c.

English Cured Cod, we have mentioned before, simply wish to remind you that we have it constantly in stock. Price a little higher than the ordinary fish, but those who are acquainted with it are quite willing to pay the difference. 10 c. per pound.

Have you tried Taylor's Prepared Ham? If not, let us have your order for at least one pound. Every body that has used it speaks in the highest terms of its superior qualities. Remember, there are no bones, no waste—all solid meat. 15 c. per pound.

We would like your ear a few moments, on the Butter question. We think the quality we are now offering will please the most fastidious, being finest Elgin Creamery that the market can furnish. We ask a trial. Our price at present, 31 c. Compare with others,—you will find us on the right side.

LARD.—We want to say that absolutely pure lard, at our prices as given below, is a good purchase, as there has been a sharp advance in prices recently, and every prospect of a still further rise. We guarantee the quality, and quote at 12 c. pound. 50 lbs or more, at 10½ c., and we furnish the tub. Send in your orders.

Genuine Vermont Maple Syrup is the proper thing to serve with Buckwheat Cakes. We have it put up in very attractive shape,—full quart glass jars,—and at 35 c. we think it cheap.

We have also a full stock of Buckwheat Flour, both prepared and the plain old-fashioned kind.

We quote Hecker's prepared at 16 c.  
Grove's prepared at 15 c.

Hecker's Griddle Cake Flour at 16 c.

Plain Buckwheat, the price is so unsettled that we refrain from quoting, but depend on us being right on the prices.

"I will pay you to buy liberally of Canned Tomatoes, as the market has advanced, and is still rising for the best packs. We claim ours to be the finest packed." We still hold the price down to 10 cents, which is considerably below what they should be; under present conditions.

Let us remind you, in passing, we still hold the price of Sugar at 4½ c., in any quantity. Can't tell how long this price will hold; depend, however, on finding our price as low, if not a trifle lower than some others, at all times.

A small quantity of White Clover Honey, in the comb. We offer it at the extremely low price of 10 cents per pound. We anticipate a ready sale at this price.

These California Prunes, advertised last week, 30 to the pound, at 12 c., all closed out. We offer for a few days only, same quality, 50 to the pound, at 9 c. These are new bright goods, eat just as well as the larger sizes.

Now that we have to use lamps at both ends of the day, Oil is in demand. We fill your 5-gal can with 150 test Headlight for 37 c., and deliver at your door without extra charge.

We also keep constantly in stock the very best of Gasoline. 5 gallons for 50 cents.

The Michigan Adventists are kept so busy making explanations that they are in danger of being mistaken for members of the Cleveland Cabinet.

The Colorado Legislature should not hesitate in choosing between the advice of Gov. Walte, who has made himself the laughing stock of a continent, and that of Senators Teller and Wolcott, whose records have proven their worth and good sense.

Senator Quay says of the situation: "The administration has produced a condition of affairs which has destroyed trade, foreign and domestic, and greatly diminished the revenue, internal and from customs."

Jerry Simpson says he has finally made up his mind to be a candidate for Congress again. We trust that his constituents will by November have fully made up their minds to elect Jerry to stay at home.

Congressman Tom Johnson, although a professed free trader, acts on the short but comprehensive platform—Protect my interest; never mind the rest.

The Democratic party has bosses and sub-bosses in profusion, but it has no leader, either in or out of Congress.

The administration will find all the trouble it can handle on account of that bond issue. That wing of the Democratic party that's tinged with Populist ideas is flapping wildly, and seems determined to either destroy itself or the administration.

It looks as though the free traders had got a good grip upon the Democratic majority of the House.

A million Americans ask for work, and the Democrats of the House offer them the Cleveland tariff bill. For indifference to suffering, this discounts the stone given for bread about a thousand per ct. The unemployed expect better treatment from the Senate.

If Senator Voorhees will heed the answers the Senate Finance Committee will receive to the questions contained in that circular letter, 60,000 copies of which have been sent out, he will join in killing the Cleveland tariff bill.

The starting of a few idle mills, with a reduction of force and wages, may be in the eyes of Democrats as signs of a resumption of prosperity; but they are not the kind of signs the country has been given by Republican legislation.

The blossom cannot tell what becomes of its odor, and no man can tell what becomes of his influence and example.

Two persons, who have chosen each other out of all the species with a design to be each other's mutual comfort and entertainment, have, in that action, bound themselves to be good humored, affable, discreet, forgiving, patient, and joyful, with respect to each other's frailties and imperfections, to the end of their lives.

God respects not the arithmetic of our prayers, how many they are; nor the rhetoric of our prayers, how long they are; nor the music of our prayers, how melodious they are; nor the logic of our prayers, how methodical they are—but the divinity of our prayers, how heart-sprung they are. Not gifts, but graces, prevail in prayer.

William Mason was leading basso in an aristocratic church choir in Bloomfield, until it was discovered that he was a coachman, when he was driven out. Some folks are altogether too-too to sing in the heavenly chorus with any but members of the 400.

About a year ago I took a violent attack of la grippe. I coughed day and night for about six weeks. My wife then suggested that I try Chamberlain's Cough Remedy. At first I could see no difference, but still kept taking it, and soon found that it was what I needed. If I got no relief from one dose I took another, and it was only a few days until I was free from the cough. I think people in general ought to know the value of this remedy, and I take pleasure in acknowledging the benefit I received from it. MADISON MUSTARD, Otway, Ohio. 25 and 50 cent bottles for sale by Cochran, druggist.

The persistent cough which usually follows an attack of the grip can be permanently cured by taking Chamberlain's Cough Remedy. W. A. McGuire, of McKay, Ohio, says: "La Grippe left me with a severe cough. After using several different medicines without relief, I tried Chamberlain's Cough Remedy, which effected a permanent cure. I have also found it to be without an equal for children, when troubled with colds or croup." 25 and 50 cent bottles for sale by Cochran, druggist.
