DR. JOHN BULL'S Smith's Tonic Syrup FOR THE CURE OF FEVER and ACUE Or CHILLS and FEVER, AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a little dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and Scrofulous affections—the King of Blood Purifiers.

DR. JOHN BULL'S VEGETABLE WORM DESTROYER is prepared in the form of candy drops, attractive to the sight and pleasant to the taste.

TUTT'S PILLS

TORPID BOWELS,
DISORDERED LIVER,
and MALARIA.

From these sources arise three-fourths of the diseases of the human race. Their symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, Fullness after eating, aversion to exercise of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Blurred vision at the close of the day, Heaviness of the eyes, watery and sore, and a general debility, and demand the use of a remedy that acts directly on the liver. As a liver medicine TUTT'S PILLS have no equal. Their action on the kidneys and bladder is also prompt, removing all impurities through these three "scourers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect ANTIDOTE TO MALARIA.

THE FEELS LIKE A NEW MAN.
"I have had Dyspepsia, with Constipation, two years, and have tried ten different kinds of pills, and TUTT'S are the first that have done me any good. They have cleaned me out nicely. My appetite is splendid, food digests readily, and I now have natural bowels. I feel like a new man." W. D. EDWARDS, Palmyra, O.

Russian Apple Humbugs, No. 2

Please remember this general rule—The new variety which can be sold for the most money is praised the most. The Tetofsky was highly lauded a few years ago, when the trees sold for a high price; now, it being plenty and cheap, is said to be small, acid, poor grower, and of no account. The Duchess of Oldenburgh, I am told, rots badly on the tree, a few miles from here, and must be disposed of in the height of the August glut. I mention these because they are the only Russian apples generally recommended by reliable Nurserymen for all sections. Good-by Russian apple for South Jersey.

Later.—The last number of the *Fruit Recorder* says Russian apple trees are badly injured in Northern Minnesota and Dakota.

A few words of caution and I will close: 1st, Don't allow any one to graft apple trees till quite late. I suppose I have set about thirty thousand scions, mostly here, and have lost ten times as many when set before the leaves expanded as I have when set in full blow, or later. 2nd, Don't trust any one in town who has been in the habit of selling trees not true to name. I know

such parties, but as my knowledge cost me dear, I am in no haste to give it away. 3rd, Don't pay the enormous, outrageous, unheard-of prices charged by the swindlers. At their rates, it will be easy to run up a bill of fifty to five hundred dollars in a small orchard; and for grafting my thirteen hundred Hagloes, a bill of from two to three thousand dollars could be made, and not put in more scions than good authority in horticulture would sanction. Charging more than two dollars per hundred scions, or fifty cents per hour for small jobs, is a pretty sure sign of swindling.

Since writing the above, I have had a call from Mr. Wm. Rexford, who disclaims any connection with the man I referred to last week. Mr. Rexford gave me the name of W. G. Hunt & Co., and a list of varieties which they especially recommend as late keepers for Hammonton.

More next week.

WM. B. POTTER, M. D.

From the Capital.

WASHINGTON, D. C., Feb. 9, 1884.
Government receipts to-day: Internal revenue, \$148,538.76; customs, \$498,061.27.

Hon. Wm. M. Everts, representing the Western Union Telegraph Company, made an argument before the Senate Committee on post-offices and post roads yesterday in opposition to the establishment of a postal telegraph system. Hon. Gardiner Hubbard spoke on the other side. The discussion will be continued, and there is a growing belief that the House, at least, will pass at this session one of the several bills before it on the subject.

The annual report of Librarian Spofford was presented to the Senate to-day. It sets forth that the annual enumeration of the library, completed a few days ago, exhibits an aggregate of 512,441 volumes, besides about 170,000 pamphlets, thus showing an increase during the year 1883 of 32,365 volumes, derived from the following sources: From purchase, 8,321; copyright deposits, 14,584; deposit by the Smithsonian Institution, 2,465; donations, 6,985; exchanges, 840; increase of the Toner collection (presented) 470; total, 33,365. The law department embraces 60,719 volumes, being an increase of 3,486 volumes. Mr. Spofford urges with force the necessity for a library building. Thousands of books are practically useless because inaccessible in the present crowded state of the library rooms, and other thousands are being worn out because it is impossible to take proper care of them.

The first appropriation bill of the session was reported yesterday by Mr. Baudall. It was the Naval bill, and appropriates eight millions less than the Secretary's estimates.

Senator Hoar's sub-committee of the Privileges and Elections committee, appointed to investigate the alleged irregularities at the polls in Copiah County, Mississippi, held a meeting yesterday to decide upon their plan of action. They will leave Washington early next week—probably on Tuesday morning—for Hazelhurst, the county seat of Copiah county, and decide upon further proceedings upon their arrival. Their sessions will probably be held at New Orleans and Jackson, Miss. The other sub-committee, that is to make similar inquiries as to the disturbance at Danville, Va., with Senator Sherman at its head, will leave for that place soon.

To carry out a suggestion made by the President some months ago, a bill was introduced in the House of Representatives yesterday by Mr. Evins, of South Carolina, which provides in effect that no person shall be appointed to the Governorship of a Territory who has not been a resident thereof for at least two years. The proposition meets with much favor among Congressmen of both parties.

HOWARD.

MR. EDITOR:—In last week's *Mirror* I read an article signed "Com," with most of which I heartily agree. But I would like to call attention to the following extract: " * * * agreeing to pay Murphy, the shoemaker, three thousand dollars to move his manufacturing interests here, and remain here not less than two years. What was the result? The result was that protection did not protect, for at the end of two years money, Murphy, and the factory scooted * * * carrying the idea that we as a town, received no benefit from it. Altho' it may not have been a paying investment for the individuals who subscribed, it certainly has been a benefit to the town, for in all probability but for that start we should never have had any shoe-factories here."

Now for the tax-exemption theory. I understand that with proper inducements, a large glass factory would be built here. I write this hoping to hear from others on this subject.

STATION.

The condition of Mr. Hunt, American minister to St. Petersburg, is not thought to be dangerous.

Our growth in wealth is fabulous. Our first savings bank was established in 1816. In 1830, about \$6,000,000 were on deposit; in 1880, \$1,000,000,000.

Queen Victoria's new book contains interesting references to scenes of the royal family's private life, the Queen's devotion to John Brown and her grief at the death of the French Prince Imperial.

There are 55,000,000 souls in America to-day. Ten years hence the number will be 70,000,000. At the close of the century, 90,000,000. What will it be 100 years hence? What 1,000 years?

Northwestern timber speculators are buying timber lands in the mountains of central Mexico. The lands are bought for about 9 cents an acre, and the purchaser takes his chances to get at the timber. The low price seems to be the only inducement for the investment.

One of the natural curiosities of Hernando County, Florida, is an immense live oak, situated near Brookville, which, seven feet from the ground, measures thirty-five and one-half feet in circumference; from this height to the top it has but two large limbs, the limbs spreading out, and at the top measure eighty yards across. On one side of this singular work of nature is a small orifice from which issues a continual stream of cold air, showing some subterranean connection that is unaffected by what is going on above the surface of the ground.

There are no oaths in the Chinese language. When a Chinaman has his legs knocked from under him by a boy on a clipper, he probably hurries home and slams the door with thundering emphasis. There must be some way to give vent to his feelings.

"You gave my wife the wrong medicine," exclaimed a man, entering a drug store. "I hope no harm has resulted," replied the druggist, tremulously. "Oh, no, she's all right." "How do you know it was the wrong medicine?" "Why, because it helped her immediately."

A country clergyman who recently preached in an Austin Church is an admirer of the writings of Charles Dickens, and quotes from his novels almost as often as he does from the Bible. He surprised his congregation by winding up a gorgeous peroration with: "It is thus, you see, my brethren, as the Scriptures say, 'Barkis is willin', but the flesh is weak.'"

A car load.—Nominally a car load is 20,000 pounds. It is also 70 barrels of salt, 70 of lime, 99 of flour, 60 of whiskey, 200 sacks of flour, 6 cords of soft wood, 18 to 20 head of cattle, 50 or 60 hogs, 90 to 100 head of sheep, 9000 feet of solid board, 17,000 feet of siding, 13,000 feet of flooring, 40,000 shingles, one-half less of lumber, one-tenth less of joist, scantling and other large timber, 430 bushels of wheat, 400 of barley, 400 of corn, 680 of oats, 300 of flaxseed, 366 of apples, 340 of Irish potatoes, and 1,000 of bran.

The following is told by aged actor about Mr. Frank Chanfrau: The comedian arrived in St. Louis one Saturday morning in readiness to open his engagement there on Monday night. Salvini, the tragedian, was just finishing a week's engagement, and Chanfrau went to the matinee to see him act. The members of both companies were staying at the same hotel and met at dinner that evening. Mr. Chanfrau and his wife sat at the table next to Salvini, and facing him. Mr. Chanfrau was just eating his soup when his wife, with the characteristic tact of her sex, said in a whisper to her husband: "Frank, you ought to say something to him."

"What if I say?" whispered Mr. Chanfrau.

"Say, 'I went to see you this afternoon.'"

"I went to see you this afternoon," said Mr. Chanfrau, in a loud voice.

Salvini, who knows no English, bowed and smiled graciously.

"I cannot express my admiration," whispered Mrs. Chanfrau.

Mr. Chanfrau repeated it in a loud voice.

"I was delighted," prompted his wife.

"I was delighted," shouted her husband.

Just at this moment Mrs. Chanfrau discovered that her husband was distributing a spoonful of soup over his countenance.

"Wipe off your chin," she whispered.

"Wipe off your chin," shouted Chanfrau.

There was no more dinner that day. Mr. Chanfrau afterward told his wife that when he did not know his part he would not get her to prompt him again.

STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BITTERS, which is a true tonic—a medicine universally recommended for all wasting diseases.

501 N. Fremont St., Baltimore.

During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paralysis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.
G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

Andrew F. Rogers, postmaster at Hamilton, a village near Asbury Park, was given a hearing before Commissioner Morgan, at his office in Camden on Friday last upon the charge of stealing \$3 from a registered letter. In March last John Ballard, of Hammonton, mailed a registered letter containing \$28 to Mrs. Chas. Eltch, at Fort Washington, N. Y. The letter failed to reach the person for whom it was intended, as also could not be found. The postmaster at Fort Washington then redirected the letter and placed it in the pouch for Hamilton instead of Hammonton. Rogers, the Hamilton postmaster, saw where the letter came from and placed it in the pouch for Hammonton. When the letter reached the latter office, the assistant postmaster, George Elvins, discovered that the letter had been tampered with, one end of the envelope having been cut and then stuck together with maulage. On opening the letter Ballard discovered that \$28 had been abstracted. Other evidence went to show that in several cases where Hammonton registered letters had got to Hamilton by mistake they had been ritled. The postmaster was put under bonds for a further hearing on the 21st inst. It is said the real guilty party is a son of the postmaster. Messrs. Elvins and Ballard, and Dr. Packer, were among the witnesses called to Camden. The evidence, if published, would show how circumstances will sometimes combine to defeat a man when he tries to be a villain. American Rogers, aged 22 years, the son referred to, was arrested on Tuesday last.

The stockholders of Oak Grove Cemetery Association are to meet at the Main Road School House, on Monday evening, Feb. 25th, to elect trustees and transact other appropriate business. We hope they will order the sinking of a good well in a. e. country, and provide for a pump therein.

Andrew F. Rogers, postmaster at Hamilton, a village near Asbury Park, was given a hearing before Commissioner Morgan, at his office in Camden on Friday last upon the charge of stealing \$3 from a registered letter. In March last John Ballard, of Hammonton, mailed a registered letter containing \$28 to Mrs. Chas. Eltch, at Fort Washington, N. Y. The letter failed to reach the person for whom it was intended, as also could not be found. The postmaster at Fort Washington then redirected the letter and placed it in the pouch for Hamilton instead of Hammonton. Rogers, the Hamilton postmaster, saw where the letter came from and placed it in the pouch for Hammonton. When the letter reached the latter office, the assistant postmaster, George Elvins, discovered that the letter had been tampered with, one end of the envelope having been cut and then stuck together with maulage. On opening the letter Ballard discovered that \$28 had been abstracted. Other evidence went to show that in several cases where Hammonton registered letters had got to Hamilton by mistake they had been ritled. The postmaster was put under bonds for a further hearing on the 21st inst. It is said the real guilty party is a son of the postmaster. Messrs. Elvins and Ballard, and Dr. Packer, were among the witnesses called to Camden. The evidence, if published, would show how circumstances will sometimes combine to defeat a man when he tries to be a villain. American Rogers, aged 22 years, the son referred to, was arrested on Tuesday last.

Our Little Ones and The Nursery. The most beautiful Magazine in the World for the Youngest Readers. The Library and Artistic Success of the Age!

Mrs. Marie O'Neck has made arrangements to be at the Station twice a week to give lessons in German and French. Address box 7, Hammonton, N. J. We know of a handsome residence, fitted up with every convenience, not far from Winslow, near the railroad, that would be sold cheap. It would make a convenient summer residence for some city man.

The next examination of teachers will be held in the Egg Harbor City school house, Saturday, February 23rd, 1884; commencing at 9 o'clock a. m. S. R. Moore, County Supt. Moses Stockwell, Esq., has bought from the heirs of the late B. W. Bowles, the lot on Bellevue, between Nathan Ellis' and Mrs. Sampson's, and will build him a residence. Justin S. Thayer has the contract.

Last year people complained that so many Sundays were rainy and disagreeable. This year it looks as if quite the contrary would be true -- the Sundays clear and all the other days wet.

Have our Town Council any legal authority to compel or encourage the destruction of pestiferous insects -- such as roaches, etc.? If not, we wish they had. A combined effort on the part of all our farmers would put an end to these pests in short order. Long-continued rains have so saturated and softened the soil that house foundations not built to the cellar-bottom are in danger of giving way. One break has occurred under Union Hall -- but is doubtless repaired ere this. We are told that Mr. Wells, of Fitzhugh Street, has had trouble of the same kind.

Hammonton-made Yeast Cakes are the best. Use no other, if you wish wholesome food, free from chemicals. Make fresh yeast, in your own town, and will do their work, any time if proper care is taken, in extremely cold weather, to keep your bread in a warm place. Sixteen to eighteen years' test ought to convince you of their merits. Patronize home industry. Mrs. D. C. HENNING. N. B. -- Ask for Mrs. Herbert's Yeast Cakes. For sale by Messrs. Elvins, Tilton, Black, and Stockwell.

The Grand Army Society proved even a greater success than was anticipated. Union Hall was filled with members and invited guests -- ladies and children being in a majority. At eight o'clock Commander Monfort called the company to order, and introduced "our little Quarter-Master," Orville E. Moore, Chairman of the Committee. The exercises were opened with prayer by the chaplain.

Quartette, -- "Star-Spangled Banner," Messrs. W. R. Seely, C. F. Osgood, Miss Emma Pressey, Mrs. J. P. Patton. Rev. Mr. Mitchell then gave us a very excellent oration on "Why should the Grand Army of the Republic sustain its organization, and be encouraged by the public generally?" We have no notes of the address, but the forty minutes occupied seemed to our mind but half the time, so well were we entertained.

Song, -- "Home, Sweet Home." Presentation of gold Badges from the Post to Past-Commander L. H. Parkhurst, by O. E. Moore; with appropriate reply by the recipient. Recitation, -- "Barbara Freiliche," by Master Saterfield, of Waterford. Recitation, -- "Little Jane, of Battery B," by Miss Leona McAniey, of Elwood. This was a war incident, prettily rendered by a little lady apparently twelve years old. Reading, -- "Joe," Miss Susie McAnney. Song, -- "Betty and the Baby," Miss Ida Bakely. Quartette, -- "Beautiful Island of Sometime," Mrs. A. H. Whitmore singing solo. Cake and coffee were then passed to all in the house, and nearly an hour spent in chat and sport. Solo, -- "Swinging in the Lane," Mrs. J. P. Patton. Recitation, -- "The Picket," Mr. L. Beveridge. Solo, -- "Grandfather's Homestead," Miss Ida Bakely. Duets, -- "I've got a Beau," Miss Emma Pressey, Mrs. H. Whitmore. This was followed by a persistent enger, to which the ladies felt unable to respond. The entertainment closed with a remarkably sweet quartette, -- "Sweet Night, be Calm." The audience dispersed slowly, seeming loth to leave without one more word of greeting with the numerous friends. We noticed among the company residents of Waterford, Winslow, DaCosta, Elwood, and Atlantic City. At the door, each one was presented with an orange, as the Post's "H. H. might" to the guests. Mrs. O. E. H. being unable to be present, tendered thanks to the ladies of the Committee, who so kindly remembered her.

Bradley. On Saturday, February 9th, 1884, Rollin Bradley, aged eighty-nine years. [Funeral services conducted by Mr. J. O. Ransom, in Union Hall, on Monday afternoon. One by one our ancient landmarks disappear; one by one the settlers of early days "pass over" to the silent majority. May each be born when his summons comes. -- E. J. Mr. Bradley was born in Williston, Vermont, on the 31st of December, 1802. In his youth he was apprenticed to a printer, and learned that trade. He afterwards gave it up, in order to carry on farming, which appeared to him at that time to be a more reliable way of procuring a livelihood. He early acquired a taste for literature of the more solid sort, preferring history to the lighter literature of modern days. Although reared under the strictest manner of the old school of Presbyterianism, he soon embraced the doctrine of universal salvation for all mankind. On the advent of modern Spiritualism, he was ready to accept that, owing, perhaps, to his organization and the proof he had already received of the truth of the immortality of the soul. In his native place he held several offices of trust, being Town Clerk and Justice of Peace at different times. On account of his peculiar views, in politics and religion (being neither a Democrat nor a Republican), he made some warm friends and some very bitter enemies, but he ever endeavored to proceed regardless of opinions of others, so long as he felt that he was right. Recognizing the truth of the fatherhood of God, and the brotherhood of all mankind, he was always ready to do a kind act for a neighbor or friend. Mr. Bradley was one of the early settlers of Hammonton. Having met with financial reverses in Burlington, Vermont, to which place he had removed a few years previously, he concluded to make a new home, and in the spring of 1803, together with his two daughters, and younger son, he removed to this place. The past few years have been devoted to his books and papers, and the cultivation of his land. His work it now done, may be read in peace. M.

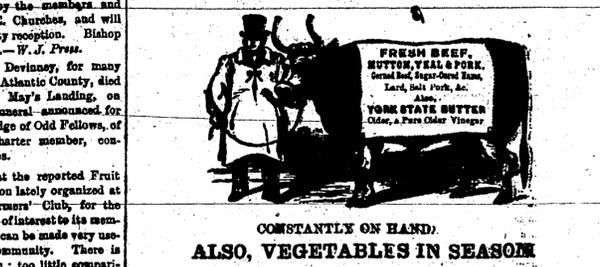

Some weeks ago a petition was sent to the Camden & Atlantic Railroad Co., asking for the placing of safety gates at the Vine St. and Bellevue Avenue crossings in Hammonton. It only has been received from Genl. Bennett, in which he promises to "consider the matter" and report his decision at an early date. This proposition is needed, and will probably be granted. The work of preparing for the forthcoming meeting of the New Jersey Conference, which meets in Camden on the twelfth of next month, has already begun. The ministerial and lay delegates will be cared for by the members and friends of the M. E. Church, and will be accorded a hearty reception. Bishop Harris will preside. -- W. J. Press. Solomon R. Deviney, for many years Surgeon of Atlantic County, died at his residence, in May's Landing, on Monday last. Funeral announced for yesterday -- the Lodge of Odd Fellows, of which he was a charter member, conducting the services. It seems that the reported Fruit Growers' Association lately organized at Elm is only a Farmers' Club, for the discussion of topics of interest to its members. Such a club can be made very useful to the entire community. There is too little discussion; too little comparison of methods and results, here in Hammonton. The pastorage of Rev. William Mitchell, of the M. E. Church, at Winslow, is rapidly drawing to a close, and at the coming conference he will be assigned to pasture new. Mr. Mitchell will leave followed by the best wishes of many friends. -- W. J. Press. [As this is Mr. Mitchell's second year, he may be returned to Winslow. If he is not, we sincerely hope that the M. E. Church of Hammonton will secure his services. -- ED. REPUBLICAN.] W. REPUBLICAN, -- Harry C. Jewett, the county correspondent of the West Jersey Press, is lying ill at the residence of his father, Captain H. M. Jewett, at this place. The ladies of this place have had the furniture of the church, consisting of safe, four chairs and pulpit, newly and handsomely upholstered. The interior of the church now presents an attractive appearance. John J. Jessup, of Camden Mills, is having plans and specifications drawn with the view of erecting a store and dwelling house combined on his property at that place.

Pure Indian Tea.

VINELAND, N. J., 30th June, 1883.

We, the undersigned inhabitants of Vineland testify that we have used during the past year the **Indian Tea**, introduced into this town by V. M. Hollisworth, and certified by him to have been grown, and manufactured in, and imported direct from the plantations by himself.

We have found it equal in every way to the statements contained in his personal guarantee which is placed over his initials upon every packet sold, and we can personally recommend it as a pure, unadulterated black tea of a high class which meets all that has been claimed for it by its introducer, Mr. Hollisworth, now of this place.

SIGNED:
 Jos. Mason, ex-Mayor, T. W. Braidwood, Asahel Garo, Rev. Jas. Walden, B. F. Ladd, W. Herbert Crozier, Henry T. Craven, Alexander Smith, H. C. Beckwith, U. S. N., J. H. Canning, Oliver D. Graves, W. G. Worden, [ham, (and many others.)

This tea is sold at a fixed price, the quality never varies, and its strength is more than double that of other teas. Procure it in packets from the following Agents ONLY: Vineland, T. B. Ross, Post Office. I. G. Newton, Auction Rooms. South Vineland, William Russell. Bridgeton, C. Corey, Confectionery, Commerce Street. Millville, J. W. Newlin. Lewis, Post Office. Vineland, W. That is what any one will receive who subscribes for *The Independent* of New York.

It occupies two fields. First, as a religious journal it is unimpeachable and broader than any sect. Its aims to strengthen and extend Evangelical religion and to defend it against the attacks of Materialism, Atheism and Unitarianism. It is free to approve or criticize in any of the denominations whatever it believes to be designed to advance or hinder the progress of the Gospel of Christ.

Among its religious writers are Leonard W. Bacon, D. D., S. C. Bartlett, D. D., Pres. John Bacon, Bishop Thos. M. Clark, Rev. J. O. Cook, Bishop A. C. Oake, Geo. R. Crooks, D. D., Howard Crosby, D. Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"I was troubled with a most uncomfortable itching more especially my limbs, and at night, and by that I could scarcely sleep. I was also afflicted with a severe catarrh and catarrhal cough, my appetite was poor, and I was a sufferer from AYER'S SARSAPARILLA. I began to use the above-named medicine almost from the first day. After a short time the fever subsided, and all signs of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel that I attribute a hundred per cent stronger, and I recommend it to all who are afflicted with the same ailments, which I recommend with all confidence. I took it in small doses three times a day, and in all, less than two bottles. These facts at your service, hoping their publication may do good."

Yours respectfully,
 Z. P. WILDS.

The Trenton Times for 1884.

It would take too long to tell what *The Times* has done for the people, and the State in its fourteen months of existence. Suffice it to say that from the start it has attacked abuses of all sorts, political, municipal, national and financial. It has been fearlessly independent and independently fearless. Corruption is its bitterest enemy. Extravagance in State expenditures has been persistently fought. *The Times* secured, for one thing, the passage of a Printing Contract Bill through the Legislature that will save the taxpayers of the State at least \$35,000 a year. It has kept bad men out of office and put good men in.

The Times for 1884 will continue its independent, constant course. It will watch every bill introduced into the Legislature. It will ventilate every piece of jobbery, whether that jobbery be the work of corporations or individuals. It will fight to the death every attempt to add to the taxation of the people. It will not be suppressed by politician or corporations. Monopolies will be viewed with suspicion. The people and the people's interests will be the especial care of *The Times*.

All the news, all the views and all the truths of the day will be given in *The Times*. Therefore every citizen of the State of New Jersey will need the paper. Those who have been without it in 1883 cannot afford to be without it in 1884.

The *Daily Times* is five dollars a year or \$1.50 for the session of the Legislature. Send subscriptions always to THE TIMES, Trenton, N. J.
