NO. 9

ELVINS & ROBERTS HAMMONTON, N. J.

As considerable has been said recently concerning "Name" as applied to fertilizers, we desire to say in reference to the Mapes Manures for all crops, that since their introduction by us, twenty years ago, the demand for them has steadily increased, and the past year our sales more than doubled any previous one; and this notwithstanding the fact that they have been brought into competition with many other mixtures and compounds claiming to be "just as good," for a little lesser price. This we think the most conclusive and convincing evidence of their superiority over all others.

Should be pleased to furnish to any one desiring a pamphlet containing full description and directions for use of each special Manure, and also some very interesting statements of results obtained by many persons now using them exclusively.

We still hold the price of Butter down to 33c. We realize the difficulty of procuring the finest goods in this line to sell at the price; but depend upon it we shall keep the quality up to its present high standard, and price as low as possible at all times.

Taylor's Prepared Ham we reduce to 14c. per lb. Quality unexcelled. Remember, no salty taste to this meat. Try it.

That Apple Butter in four pound jars at 25c. is very popular. Verdict of customers,—quality of the preserve unsurpassed; and such a "lovely" little jar.

Nice assortment of Preserved Fruit by the pound, at 8 cents.

Have added to our line of Crackers a very popular "Toast." Let us have your order for at least one pound. Our word for it, you will be back for more. We quote to introduce, at 9c.

Call at our Second Street Store and get a sample package of

Faultless Graham Flake.

As their name indicates, they are absolutely without fault. Samples free; but we sell the goods, and will be pleased to supply you. 16 c. per pound.

We have a little drive in

Genuine Indigo Blue Prints at 6 cts.

It is needless to say anything concerning the quality of these goods. Everybody knows what an Indigo Blue Calico is for wear and absolutely fast color; and at such an unheard-of low price we expect they will move quickly.

Muslins,—both Bleached and Unbleached, are lower. We quote in a general way, from 6 to 10 c. Send for samples.

We cut off half-a-cent per pound from the price of Rolled Oats this week—offer at 3 cts.—has been 3½ c. per pound. Nothing the matter with the quality, simply a squeeze in the market.

Pettijohn's Breakfast Food at 12 c. per package is also very low. Many people prefer it to anything else for breakfast.

Garden and Field Seeds will be on hand in a few days. Please bear in mind that we handle only fresh seeds, fully warranted in every way. Small seeds in full size papers at 2½ c. per paper.

Early Peas, Beans, and Onion Sets will be here at the same time. We cannot quote prices yet, but be sure we will be as low as the lowest.

Early Seed Potatoes are beginning to arrive. A little early to plant, but a good time to be looking for the best varieties and "right" place to purchase. We shall be with you as to quality and price.

Eating Potatoes, just received, an exceptionally fine lot of N. Y. state White Stars, bright, solid and sound. We offer at 85 c. per bushel.

Some folks may not know it, but we do quite a business in Nails. In these "good old-fashioned times," Iron is law. We quote Cut Nails at 2½ c. per pound. Special price by the keg.

First quality Jersey Axes,—light, medium, or heavy,—we reduce 12½ per cent.

EDITOR REPUBLICAN:—The Bible says: "To him that knoweth to do good and doeth it not, to him it is sin," and I believe this includes the truth that whoever has the knowledge that could be of benefit to his neighbor, and refuses to impart it, is guilty. Allow me to contribute for the general good, and to sufferers from cramps in the legs, an effectual remedy (or rather a preventive), which is both simple, cheap and pleasant, and which one would suppose that our boasted common sense would have long ago taught us all. When we get into a cold bed with naked feet and legs, as too many do, while the heat-generating organs of the body (heart and lungs) have one or more coverings beside the bed clothes, is it any wonder we suffer? I have for years worn warm woolen socks and drawers at night, in cold weather, and have since been entirely free from those discomforts. I recommend woolsen from head to foot, because it has proven both pleasant and beneficial; and whenever my friends have adopted the same on my recommendation, they have found the remedy equally effective, and say it is worth dollars to them, and wish they had known it sooner. Wishing your readers the blessing of comfortable and refreshing sleep, in a healthy body, I am most truly yours,
A. H. VANDOREN.

A Prophecy Fulfilled.

James G. Blaine once used these memorable words:

"I love my country and my countrymen. I am an American and I rejoice every day of my life that I am. I enjoy the general prosperity of my country, and know the workmen of this land are the best paid, the best fed and the best clothed of any laborers on the face of the earth. Many of them have homes of their own. They are surrounded by all the comforts and many of the luxuries of life.

I shudder, however, at the thought that the time must come when all this will be changed, when the general prosperity of the country will be destroyed, when the great body of workmen in this land, who are now so prosperous, will hear their wives and children cry for bread; that the day must come when the great factories and manufactories of this land will shut down, and where there is now life and liberty, there will be the silence of the tomb.

And the reason why this must be is this: The great Southern wing of the Democratic party are determined to establish the doctrine of free trade in this land. They will be assisted by their Northern allies. The fight is now on. There is a great body of visionary, but educated men who are employed day by day in writing free-trade essays and arguments in favor of that doctrine, which find their way into every newspaper in this land. The great body of our people have never experienced themselves the sufferings which always result when the protective principles are laid aside. Poisoned and excited by the wild statements of these writers and the demagogic appeals of Democratic speakers, the result will be that in the very near future these forces which are now working will be strong enough to defeat at the polls the party advocating protection.

It must inevitably follow that uncertainty and doubt will issue. The business of the country, fearing the destruction of the principle of protection, will decline to engage in business, consequently mills will be shut down and the workmen will be thrown out of employment. The people will then see as they have never seen before, that they cannot be prosperous and have work while this principle is threatened. In the midst of their sufferings they will learn that the only way they can be prosperous and happy is to vote for the party that has built up the industries by which they have gained a livelihood; because they will then see clearly that when the manufactory is shut down there is no demand for the only thing which they have to sell, and that is their labor."

A FORTY MILE RIDE.—E. R. Swetnam, of Fairfax Station, Virginia, says: "A party came forty miles to my store for Chamberlain's Cough Remedy, and bought a dozen bottles. The Remedy is a great favorite in this vicinity, and has performed some wonderful cures here." It is intended especially for coughs, colds, croup, and whooping cough, and is a favorite wherever known. For sale by A. W. Cochran, druggist.

While the Democrats are trying to put the United States on a free trade basis, popular agitation in favor of a return to protection is increasing in free trade England.

The nine Democratic members of Congress from Pennsylvania who voted for the Cleveland tariff bill must find the study of the late election returns a very depressing occupation.

The Republican.

[Entered as second class matter.]

SATURDAY, MARCH 3, 1894.

The Senate middle is still before the
Court. The Democratic attorneys com-
pleted their case, and many witnesses
for the Republicans have been heard.
Judging from newspaper reports of the
proceedings, so far, we should think the
Court might decide the matter in favor
of one minute, declare the Governor and
his crew considerably "off," and set the
legislative machinery to working more
smoothly.

Mr. Cleveland is said to have left
Washington, thoroughly disgusted with
Congress. From the best obtainable
information, Congress has been disgusted
with Mr. Cleveland for quite a while,
and the people with both. It might be
advantageous to the country for Mr. C.
to extend that hunting trip indefinitely;
maybe Congress can do better alone. It
cannot do worse than it has done under
his manipulation.

Senator Hill declines to run for Gov-
ernor of New York, which shows that
whatever else he may be the Senator is
not a fool.

RHEUMATISM QUICKLY CURED.—Three
days is a very short time in which to
cure the most stubborn rheumatism; but it
can be done, if the proper treatment is
adopted, as will be seen by the following
from James Chamberlain, of New-Braintree,
Mass.:—"I was had afflicted with rheumatism
in the hips and legs, when I bought
a bottle of Chamberlain's Pain Balm. It
cured me in three days. I am all right
to-day, and would insist on every one
who is afflicted with that terrible disease
to use Chamberlain's Pain Balm and get
well at once." 50 cent bottles for sale
by Cochran, druggist.

PATENTS

CAN I OBTAIN A PATENT? For a
man to obtain a patent, he must first
know that he has an invention, and that
it is new, and that it is useful. A
Handbook of Information, containing
the laws, rules, and regulations of the
Patent Office, and a full and complete
explanation of the system, is now
being published. It is a most
valuable work, and is sold at a
very low price. It is a must for
every inventor. It is a must for
every man who wishes to know
the truth about patents. It is a
must for every man who wishes

others he succeeded in extinguishing
without damage. But it came quite too
near a serious conflagration.

We have Fillmore Bros. Musical
Messengers for March. It is a rich
number, like its predecessor. With it came
a supplement, containing two Easter
anthems,—"Life from the Dead," by J.
B. Herbert, and "Sublimate," by J. H.
Turner. The monthly contains much
appropriate reading matter, "An Easter
Song," by J. H. Fillmore; a march,
quickstep, gavotte, all new. Fillmore

The question of electing five
School Trustees, instead of three, is
being agitated. The argument used is
that our school tax is now fully one-half
of the tax paid, and should be placed
at the disposal of more than two men—
a majority of the Trustees. Last year,
the total tax assessed in Hammonton
was (in round numbers) \$15,000; of
this, over \$7000 was paid directly to the
County Collector. Our District School
tax was \$1,500, leaving less than \$3000
for our six Councilmen to expend. But
the three School Trustees have the tax
above mentioned plus over \$5000 from
the State, —nearly \$10,000 in all.

The many issues of "Magic City,"
"Dream City," and kindred illustrated
works, sold by companies published in
various papers all over United States,
should not be allowed to cause any one
to forget "The Book of the Fair," the
most beautiful and artistic publication
of which we have any knowledge. Its
pages are double the size of any of those
referred to, paper and print finer beyond
comparison. Its illustrations are such
as an artist would delight in; its de-
scriptive text full and entertaining. It
is more costly than those cheaply gotten
up works, of course, but is worth its
price, and is intended to be a permanent
treasure in the household. Published
by the Hancock Co., Chicago.

We spent a couple of hours at the
Agricultural Society's meeting, on
Wednesday afternoon, and was proba-
bly entertained by Messrs. Dye and
Baker. The former gentleman gave an
address on farming in general, full of
good points and advice. "Don't try to
raise anything that you can buy cheaper
than you can produce it. Study your
market, then your soil, and farm it for
profit. Have confidence in yourselves
and pride in your calling—the noblest
and most independent of all occupa-
tions." Mr. Baker spoke on the culti-
vation of strawberries, and gave his
experience in the use of crimson clover
as a fertilizer. Many questions were
asked each speaker, drawing out useful
replies and some discussion.

In the evening, Prof. J. B. Smith, of
Rutgers College, lectured upon "The
Insect Problem," using numerous lan-
tern illustrations, showing the structure
and habits of various pests and their
parasites, and giving methods of coping
with these small enemies. We wish
the lecture could be repeated before the
members of our High School.

Last monthly meeting of Town
Council on Saturday evening, Feb. 24.
All members present.

A petition was presented, numer-
ously signed, asking that Council so amend
the ordinance that bicycle riders be per-
mitted to use the sidewalks, outside of
the business centre. This was freely
discussed, and Council unanimously de-
cided that "the greatest good to the
greatest number" requires that the
ordinance remain as it is.

Light Committee reported locating a
lamp at Valley Avenue and Grape St.
Also presented Firemen's request that
the lamp on the front of their building
be lighted every night. Committee was
authorized to make arrangements on
reasonable terms, if possible.

Water Committee reported matters
all in good order. Also, that Dr. Edw.
North had ordered the use of water
tank on his premises, in case of fire.
Also, that the C. & A. R. Co. were
arranging connections with their tank
for the same purpose. Voted to accept
both offers; and Committee instructed
to make the proper connections at Dr.
North's.

Complaints were entered of vicious
dogs owned by two citizens, and per-
mitted to attack passers-by on the street.
On motion, Town Marshal instructed
to notify the parties named that they
must keep their dogs off the street.

The following, from a member of
the family, is a correct account of the
recent death of Mr. Charles Walker,
of Ancon.—He returned from a business
trip to Hammonton before dinner, on
Saturday, Feb. 17th. A few hours
later he suffered intense pain in the
region of his stomach, and said, "If this
touches my heart I will die." After an
hour or so he said, "Every particle of
pain has left me." Then he attended
to the barn work and heater fire before
dinner, and then read an article from his
wife and read to her an article from the
paper, in a clear, strong voice. He
laid the paper down, turned and sat
down in a chair near the door, and was
dead instantly. It was his wish to go in this
manner, fearing he might outlive Mrs.
Walker. The remains were taken to
Germantown, Pa., on Monday, funeral
on Tuesday afternoon at the residence
of Mrs. M. M. Walker, interment at
Fair Hill burial ground, near
Philadelphia.

ANNUAL MEETING of the Stockholders
of the White-Lake Lumber, Machine
Company will be held at the Hotel, N. J.,
on Monday, March 5th, 1894, for the election
of officers. By E. W. HOFFEN, Secretary.

We have been asked why the Re-
publican Town Executive Committee
have called a party caucus. For two
years past, Republicans have opposed
party nominations for Town officers; but
each year the Democratic Committee
have taken the initiative, and we have
in most cases endorsed their action.

This year, leading men of the two parties
agreed upon a union caucus; but the
Democratic Committee has again called
that party together, and the party must
abide by their action. For this reason
the Republican Committee issued their
call, and recommend that Republicans
only be nominated. There are men of
that political faith who can satisfactorily
fill every town office.

Munyon's Rheumatism Cure.

Mr. W. J. Wilson Suffered such agony from Rheumatism that he Considered Death Preferable to Life. He is Entirely Cured.

In reply to the question if he had been benefited by the use of Munyon's Rheumatism Cure, Wm. J. Wilson, 2316 Taylor St., Philadelphia, said: "I have had rheumatism for thirty years, and have suffered untold agonies; was completely discouraged, and felt that death was preferable to life in my suffering condition. My shoulders were so sensitive that even the weight of my coat caused me much pain. I tried everything I knew for relief, and spent hundreds of dollars in medicines, but found nothing that did me any good until I procured a bottle of Munyon's Rheumatism Cure. Before I had taken half of it, I felt relieved. The pain disappeared after taking three doses, and I am now entirely free from suffering."

Munyon's Rheumatism Cure never fails to relieve in three hours, and to cure in a few days.

Munyon's Homoeopathic Home Remedy Company put up specifics for nearly every disease, which are sold by all druggists, mostly for 25 cts. a bottle.

Catarh positively cured. Munyon's Vitalizer imparts new life, restores lost powers to weak and debilitated men. Price, \$1.

Between the Compound Oxygen Treatment of Diseases and that by the use of Drugs? It is an important one.

Drugs are taken into the stomach. For this reason their action is not direct. Compound Oxygen is taken into the lungs, and, therefore, comes immediately into contact with and is absorbed into the blood.

Drugs, being generally poisons, act by causing a disturbance in the body. Compound Oxygen, being composed of the elements of the air, and acting upon the blood, is not open to this objection.

But, however it may act, it has certainly cured many cases of chronic disease, in which drugs have failed. This is the point of greatest interest to all chronic sufferers. To all such we say:

Send for our book of 200 pages, sent free. Read for yourselves what Compound Oxygen is, how it acts, and, above all, what it has accomplished.

Senator Vest displayed a strange lack of inclination to defend himself against the charge of using knowledge acquired through his position as a member of the Senate Finance committee to speculate in sugar, which was made by Senator Chandler.

Ohio folks are bound to be in the swim, even if they have to cut ice eight inches thick to get in it, as was lately done by a Springfield preacher to baptize 141 converts.

THEY WANT THE BEST.—"The people of this vicinity insist on having Chamberlain's Cough Remedy, and do not want any other," says John V. Bishop, of Portland Mills, Indiana. That is right.
