TUTT'S EXPECTORANT

It is composed of Herbal and Mucilaginous products, which permeate the substance of the Lungs, expectorate the acrid matter that collects in the Bronchial Tubes, and forms a soothing coating, which relieves the irritation that causes the cough. It cleanses the lungs of all impurities, strengthens them when enfeebled by disease, invigorates the circulation of the blood, and braces the nervous system. Slight colds often end in consumption. It is dangerous to neglect them. Apply the remedy promptly. A test of twenty years warrants the assertion that no remedy has ever been found that is as prompt and efficacious as TUTT'S EXPECTORANT. A single dose raises the phlegm, subdues inflammation, and its use speedily cures the most obstinate cough. A pleasant cordial, children take it readily. For Croup it is invaluable and should be in every family. In 25c. and \$1 Bottles.

TUTT'S PILLS

ACT DIRECTLY ON THE LIVER.
Cures Chills and Fever, Dyspepsia, Sick Headache, Bilious Colic, Constipation, Rheumatism, Piles, Palpitation of the Heart, Dizziness, Torpid Liver, and Female Irregularities. If you do not "feel very well," a single pill stimulates the stomach; restores the appetite, imparts vigor to the system.

A NOTED DIVINE SAYS:
Dr. Tutt:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last spring your pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

Mr. Editor:—I was very much surprised at your editorial in regard to the Park; surprised that so enterprising an editor should view the matter as you do when you say "We do not need a park." A few years ago the people of Philadelphia said the same thing, and the majority of them opposed having a park. It was only through the persistent efforts of a few clear headed existences; that Fairmount Park came into existence; but where can you to-day find a Philadelphian who will tell you—they do not need a Park? or that they cannot afford it? No sir; they know that they do need it; and so do we. We may not have much use for it now, but the day will come, and come soon at the rate Hammonton is increasing, when we will.

You very truly say that "the first cost would be from \$1000 to \$1500," which is less than one dollar each to the residents of the town,—not as much as a person would spend in one day to visit the Mt. Holly Fair. Then you say \$500 to fix it up and \$150 per year to keep it in order. That would be very well if the town wished to spend so much on it: but suppose we didn't wish to spend anything on it at present? We could devote the rent we might receive to fixing up the place,—clearing out groves and planting new where the old ones are not wanting now. In ten or twenty years we would have a shady retreat, the only one bordering on the lake, where, if the old folks did not wish to go, the children, at least, could spend a pleasant afternoon.

Yours, for the public good,
C. E. FOWLER.

Roads! Sidewalks! Crosswalks!

MR. EDITOR:—The present condition of our streets, etc., reminds me of the Arkansas man who could not fix the roof of his house while it rained; and when it did not rain it didn't leak. Hence he let it alone. Now I wish to say, that if the vastness of our Town Council is so great that, being so great, they do not find time to attend to our streets, then I would certainly say, let us do away with them. I personally like every man in our present Council, but if, through red tape, their hands are tied, why then, for gracious sake, let us untie them. I would suggest a first-class man, a worker, for Overseer of Highways, giving him absolute control of the roads, subject to the Council only in case of neglect of duty. This would relieve the Council of a great deal of thankless duty, and the result, I think, would be so beneficial that we would not wish to return to the old present way.

We are a little too apt, as a people, to boast of our town, its many real advantages, brilliancy of our people in music, and general go-a-head-iveness. But, at the same time, it wouldn't be a bad thing if we as a town, could see ourselves as others see us. The average condition of our business streets and (no) sidewalks, is disgraceful in the extreme; and to know this ought to suggest the remedy. Yours,
WM. RUTHERFORD.

HAVE YOU RHEUMATISM?

A Remedy that has been in successful use for many years in Europe, and was only lately introduced in this country, is the

RUSSIAN RHEUMATISM CURE

This Remedy has the endorsement of Continental Physicians and Government Sanitary Commissions, as well as the thousands of sufferers to whom it has brought relief. It has saved others—all who have tried it. It

WILL CURE YOU

from further agony, if you will only give it a chance.

For complete information, Descriptive Pamphlet, with testimonials, free. For sale by all druggists. If one of the other is not in position to furnish it to you, do not be persuaded to take anything else, but apply direct to the General Agents, PFÄELZER BROS. & CO. 819 & 821 Market Street, Philadelphia.

DYSPEPSIA

Is a dangerous as well as distressing complaint. If neglected it leads by rapid succession and directly to the loss of the system, to prepare the way for the grave.

Physicians and druggists recommend it as a safe and completely reliable remedy in all cases of Dyspepsia, Heartburn, Indigestion, Stomach Troubles, etc. It enriches the blood, invigorates the appetite, and relieves the most distressing symptoms of the disease. It is a powerful tonic, and its use is highly recommended by the First Religious Church, New York City. Having used Brown's Iron Bitters for several years, and finding it to be a most reliable and judicious remedy, I feel it my duty to recommend it highly. As a general tonic, and in cases of weakness, it is equally valuable. It is sold by all druggists and chemists. Price, 50 cents per bottle. Prepared by Dr. J. C. Brown, New York City.

DR. JOHN BULL'S
Smith's Tonic Syrup
FOR THE CURE OF
FEVER and ACUE
Or CHILLS and FEVER,
AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.
BULL'S SASSAPARILLA is the old and reliable remedy for impurities of the blood and Scrofulous affections.

New York Tribune.

While the NEW YORK WEEKLY TRIBUNE is the most expensive publication of its class in the United States, its price is fixed at \$1 a week, the same weekly at \$2; in both cases an extra copy with a club of ten.
The campaign just closed found the country in the trough of the political waves. The Republican managers have made the best strategic they could against a state of general apathy. In a few states they have been aided by the inspiring presence of a great leader whose speeches have awakened almost the only enthusiasm anywhere shown. The result of the campaign is gratifying; its points are an inspiration; the Democratic losses are a plain guide to popular drift. From this time forward the country will feel the lift of the advancing wave of 1888, which, if we all do our duty, will sweep out of Washington the managers, and now in possession, the loss of protection, equality and patriotic government. It is now the duty of all earnest and experienced workers to lend their energies toward united and hearty work for 1888. The party is to be consolidated, cheered, and rallied. To this work the Tribune pledges its zealous efforts.
The Tribune offers for 1887 several excellent premiums, including THE TRIBUNE

Book of Open Air Sports.
A work compiled by the Tribune, especially for the young men of the United States. It is a thorough statement of the present status of open-air athletic amusement in America, with suggestions for the improvement of every important game, records of notable contests, and achievements of American champions. The book will contain about 150 illustrations. Chapters are provided on Archery, Baseball with record of wonderful playing and League and Association contests, and instructions how to turn a ball. Court Tennis, Lawn Tennis, Foot-ball, Croquet, Lacrosse, Hockey, Horsemanship, Cross Country Hunting, Yachting, with a description of Sloop and Cutter and instructions how to design, build, and sail a boat; Rowing, Canoeing, Fishing, Trapping, Swimming, Hunting with shot gun and rifle, Camping, out, Winter Sports, Bicycling, Amateur Photography, and a few minor sports.
Among the contributors are: Wm. Blake, Maurice Thompson, Capt. Jacob A. Auger, Cavalry Instructor at West Point, David Kirby, Thomas Clapham, Gen. Geo. W. Wingate, Prof. Geo. Goldie, Director of the New York Athletic Club, and a large number of private gentlemen throughout the country have furnished facts concerning their wild game and hunting grounds of their several localities. No book of this character has ever been put into print in America. It is sufficiently elemental to be a "Boy's Own Book," and answer all the purposes of our manly youth, and yet it also meets the wants of adults. Will be ready for delivery Dec. 1st. Octavo, 500 pages. Retail price, \$2.50. Terms, postage paid: with Weekly, one year, \$2.50; with Semi-weekly, 1 year, \$1.50; with Daily, \$10.50. Only to be had in connection with yearly subscriptions to the TRIBUNE.
Also "Blunt's Rifle Practice," a book for every hunter and National Guardsman; a fine "Wildlife War"; the low-priced Waterbury Watch; the two Vocabularies, Dictionaries; Wood's Medicine, Hygiene and Surgery illustrated; and Young's Concordance of the Bible.
Sample copy, giving terms in full, sent free. Order by postal card.
