AND
Demorest's Monthly Magazine.
A WONDERFUL PUBLICATION.

Many suppose DEMOREST'S MONTHLY to be a fashion magazine. This is a great mistake. It undoubtedly contains the finest Fashion Department of any magazine published, but this is the case from the fact that great enterprise and experience are shown, so that each department is equal to a magazine in itself. In Demorest's you get a dozen magazines in one, and secure amusement and instruction for the whole family. It contains Stories, Poems, and other Literary attractions, including Artistic, Scientific, and Home-hold matters, and is illustrated with original Steel Engravings, Photographs, Water-Colors, and fine Woodcuts, making it the MODEL MAGAZINE OF AMERICA.

Each copy contains a PATTERN ORDER entitling the holder to the selection of ANY PATTERN illustrated in any number of the Magazine, and in ANY OF THE SIZES manufactured, each valued at from 20 cents to 50 cents, or over \$5.00 worth of patterns per year, free.

Yearly subscription, \$2.00. A trial will convince you that you can get ten times the value of the money paid. Single copies (each containing Pattern Order), 20 cents.

Published by **W. JENNINGS DEMOREST, New York.**

The above combination is a splendid chance to get our paper and Demorest's Monthly at a special rate. Send your subscriptions to this office.

The Verdict Unanimous.

W. B. Salt, druggist, Bippus, Ind., writes: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of six years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in 20 years' experience is Electric Bitters. Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys, or blood. Only a half-dollar a bottle at Cochran's drug store."

[Entered as second class matter.] HAMMONTON ATLANTIC CO. N. J. SATURDAY, MARCH 9, 1889.

President Harrison took the oath of office on Monday last, in the presence of a vast multitude of people. In his inaugural address he gave new evidence of ability to grasp the important topics of the day, and to state his views upon them in a few choice sentences...

Secretary of State, James Gillespie Blaine, Born January 31, 1840, at Indian Hill Farm, Washington county, Penn. He was educated at Lancaster, C., and Washington College, Washington, Penn., taught school after his graduation, and did newspaper work. In 1855 he was elected to the Maine Legislature of which he was the Speaker one term. He went to Congress in 1862; re-elected repeatedly, and elected Speaker in 1869. Made Senator in 1877. Was Secretary of State in the Garfield administration.

Secretary of the Treasury, William Windom. Born in Ohio, in 1827, removed to Minnesota in 1855, ten years (1858-63) member of Congress. Appointed United States Senator in 1870, elected for full term in 1871, re-elected in 1876. Made Secretary of the Treasury in 1881. Is a capitalist of large means and an able financier.

Secretary of War, William Woodworth, Ex-Governor of New York, Republican in Vermont. Was Chairman of the Vermont delegation to the Chicago Convention last year. Lives at Proctor, a town he founded, situated a few miles from Rutland. Is rich and public spirited. Owns extensive marble quarries, and cultivates a large farm.

Secretary of the Interior, John W. Noble. Was born in Lancaster, Ohio, in 1831. Was at Miami University, a fellow-student with President Harrison. Is a graduate of Yale, class of 1851. Settled in St. Louis as a lawyer in 1855. In 1856 removed to Keokuk, Indiana. Served in the war; mustered out in 1865 as Brigadier-General. Returned to St. Louis, and recommenced practice. Was made United States District Attorney by President Johnson. Resigned the office in 1870, and has practiced law successfully since.

Postmaster-General, John Wannamaker, of Philadelphia. Was born in the Quaker City about fifty-two years ago, of poor parents, his father a bricklayer. Went to work when 14 years old, at a dollar and a half a week wages, was advanced, and in five years had saved \$2,000. In 1859 he was made Secretary of the Young Men's Christian Association, Philadelphia. Went into business with Mr. Brown in 1861. Married partner's sister. Partner died twenty years ago, since when Wannamaker has been alone in the business.

Attorney-General, Wm. Henry Harrison Miller. Former law partner of President Harrison. Born at Augusta, Oneida county, New York, about forty-five years ago. Graduated at Hamilton College when twenty. Consumption Can be Cured!

By the use of Crescent Cough Cordial.

If taken in time. Or, perhaps, it would be better to say there would be no such thing as Consumption, in most cases, if care were taken to relieve the first symptoms of lung troubles; and for the purpose nothing can be so good as Crescent Cough Cordial.

LOCAL MISCELLANY.

Bank election to-day. Town meeting next Wednesday. Dancing school this afternoon and evening.

Lent began this week, with Ash Wednesday. New hams, "Best in the world," at Jackson's.

Board of Trade meeting next Monday evening. Best home-made Lard, at Jackson's, every time.

Mr. George Stevens visited his brother, Elmore, this week. We have not seen a sleigh on our streets during the past winter.

It might be satisfactory if we could elect a Postmaster, next week. The Atlantic City branch of the Financial Union has voted to dissolve the organization.

Three candidates are announced for the office of Collector of the Port of Great Egg Harbor. New shoulders, just out, home cured, from Jersey hogs, at Jackson's, ten cents per pound.

The Loyal Temperance Legion met on Thursday, this week, because of the school entertainment. The District Clerk says that two School Trustees are to be elected this year. Mr. Jacob Muhl offers for sale plans of his "Star" strawberry, of which we spoke last summer.

J. G. Oliver, former publisher of the Atlantic Journal, is now editor of the Tomahawk, at Cullison, Kansas. It seems strange that, with nearly six hundred voters, our town should poll but ninety-one votes at the caucus.

J. Frank Scullin is selling coal, and has some of the finest small stove, Lehigh, ever offered in Hamonton. Try a ton.

Mrs. Sarah Adams, who has been visiting her brother, C. S. Newcomb, expects to return home, York State, on Tuesday next. The annual Conference of the M. E. Church met in Salem on Wednesday. Mr. Lawrence will doubtless be returned to the Hamonton Church.

And still they come—the visiting poultrymen. We saw a small army of them on the street, Thursday, under command of Captain Jacobs. Call at this office and examine specimen of pure unbleached Canada ashes. They are of excellent quality, and price is reasonable. John Scullin sells them.

The Town Clerk has never received a copy of this law, nor has he been notified of its passage; hence his election notices conform to the latest law in his possession,—the polls to close at sunset. Probably the election board will decide to keep open until seven o'clock.

Mr. E. J. Woolley has a fine stock of jewelry, silverware, etc., and makes a specialty of American watches. He has the new "short-wind" Waterbury Watches, which are a great improvement on the old style.

Comrade Thomas Rogers gave the Sons of Veterans a pleasant lecture, Thursday evening, which the boys appreciated well. Other members of the Post were present and responded to a call with appropriate remarks.

The W. C. T. U. will meet in Sons of Temperance hall, next Tuesday, March 12th, at 2:30 P.M. It is earnestly hoped that every member will attend this meeting. A cordial invitation is extended to any one wishing to become a member.

The weather was very disagreeable since our last issue, until Tuesday evening, when the clouds parted and gave us a view of the new moon. On Wednesday, the sun shone. Thursday dawned bright, but clouds gathered before noon, and an occasional flake of snow reminded us that this is blustering and uncertain March.

For nearly twelve years "Our Little Ones" "The Nursery" has been a regular visitor in our family, and has always been a most welcome one. Always the best, it seems, if possible, to grow better. Demorest's Monthly is the leading fashion and temperance magazine of the day,—is fully alive upon all subjects interesting to its vast army of readers. The March number contains an article on Religious New York, illustrated with handsome views of different prominent churches and the officiating clergymen, including an excellent likeness of Rev. DeWitt Talmage. There are stories, short and continued. In the household department are recipes for nice dishes for the Lenten season. Each number contains a likeness of one of the State Presidents of the W.C.T.U., with a short biography.

Bank election to-day. Town meeting next Wednesday. Dancing school this afternoon and evening.

Lent began this week, with Ash Wednesday. New hams, "Best in the world," at Jackson's.

Board of Trade meeting next Monday evening. Best home-made Lard, at Jackson's, every time.

Mr. George Stevens visited his brother, Elmore, this week. We have not seen a sleigh on our streets during the past winter.

It might be satisfactory if we could elect a Postmaster, next week. The Atlantic City branch of the Financial Union has voted to dissolve the organization.

Three candidates are announced for the office of Collector of the Port of Great Egg Harbor. New shoulders, just out, home cured, from Jersey hogs, at Jackson's, ten cents per pound.

The Loyal Temperance Legion met on Thursday, this week, because of the school entertainment. The District Clerk says that two School Trustees are to be elected this year. Mr. Jacob Muhl offers for sale plans of his "Star" strawberry, of which we spoke last summer.

J. G. Oliver, former publisher of the Atlantic Journal, is now editor of the Tomahawk, at Cullison, Kansas. It seems strange that, with nearly six hundred voters, our town should poll but ninety-one votes at the caucus.

J. Frank Scullin is selling coal, and has some of the finest small stove, Lehigh, ever offered in Hamonton. Try a ton.

THE NEW YORK MAIL AND EXPRESS

The Advocate of the Best Interests of the Home—The Enemy of the Saloon. The Friend of American Labor. The Favorite Newspaper of People of Refined Tastes Everywhere.

The New York MAIL AND EXPRESS, the favorite American newspaper of many people of intelligent and cultivated tastes, has recently made some noteworthy improvements, materially increasing its general excellence. It is in the broadest sense

A National Newspaper,
Most carefully edited, and adapted to the wants and tastes of intelligent readers throughout the entire country—North, South, East and West. It is a thoroughly clean paper, free from the corrupting, sensational and demoralizing trash, misceleanous news, which defiles the pages of too many city papers.

OUR POLITICS.
We believe the Republican party to be the true instrument of the POLITICAL PROGRESS of the American people; and holding that the honest enforcement of its principles is the best guarantee of the national welfare, we shall support them with all our might; but we shall always treat opposing parties with consideration and fair play.

AGAINST THE SALOON.
The MAIL AND EXPRESS is the recognized National organ of the great Anti-Saloon Republican movement. It believes that the liquor traffic as it exists to-day in the United States is the enemy of society, a fruitful source of corruption in politics, the ally of anarchy, a school of crime, and, with its avowed purpose of seeking to corruptly control elections and legislation, is a menace to the public welfare and deserves the condemnation of all good men.

New Peaches.
One would suppose, from "Peach Grower's" article, that he had "an axe to grind," and that I had trodden on his corns in my strictures on the new peaches; but I do not think him to be a man who would knowingly misrepresent things; yet it does seem a little strange that he should quote from interested nurserymen to prove the value of those peaches. Neither of the men he quotes is considered particularly reliable authority, and the language quoted from Mr. Green is largely a repetition of what the introducer said about the "Wonderful."

The *American Garden* for February says: "The new 'Wonderful' peach, introduced with fancy high-colored plates and glowing descriptions, has not been fruited enough to enable the introducers to answer inquiries concerning the fruit when asked to do so at the recent meeting of the New Jersey State Horticultural Society." P. G. will see that even the introducers actually know very little about it. I saw "Ford's Late White" at the Egg Harbor Fair last Fall, and the specimens on exhibition there (which may fairly be supposed to be the best to be had) were only medium in size, and quite green and uninviting in appearance. The "Globe" peach has now been before the public long enough to know a little about it, and the general estimate of well-informed peach growers places it so very near Crawford's Late in all essential points that it seems hardly an object to pay any extra figure for it. "Peach Grower" himself told me that quite a number of the specimens he raised last summer had the stones cracked open. This may or may not prove to be characteristic of the variety; but if it does, it will be a serious objection.

She bought of us Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night, and with one bottle has been miraculously cured. Wilkinson's Phosphate.

After three years' trial; after several car-loads have been used in this section on plants, berries, trees, potatoes, corn, garden truck, etc.; after repeated trials with other fertilizers, side by side, by unbiased men, and evidence given in its favor, we ask for another fair trial with any other phosphate or fertilizer you may choose to use, and note improved results in your crops.
This phosphate does not reduce the soil, but its benefits can be seen for years after. For sale by
