Burglars entered the Hammon-  
ton Post Office, Wednesday night.  
With a home made "jimmy" they pried  
open the side window—bursting off the  
catch—and drilled a hole nearly through  
the front plate of the safe. They evi-  
dently left in a hurry; for they left  
their jimmy, and made their exit  
through the back door. Nothing has  
been missed. Mr. Garten, the night  
watchman, was at the corner every half  
hour during the night, and no doubt  
his approach stopped proceedings.  
inside. There was no other reason for

their failure to secure good pay for their  
night's work. The saving would pay  
the watchman for many weeks' service.

FOR SALE.—Five and a-half acres of land  
on Third Street, half-mile from the P. O.  
Good six room house. Fruit, oak grove.  
Mrs. E. B. OLNEY.

Jacob Mith's horse was startled  
by shifting cars at Union Depot and  
ran away on Thursday, making quick  
time down Egg Harbor Road and up  
Bellevue. Tripped by the blanket  
which hung down in front, he stumbled  
along and on endeavoring to run on the  
sidewalk at Third Street, one hind  
wheel of the wagon struck a tree and  
was left behind. A little farther up  
the wagon was upset into the gutter  
badly wrecked, and the horse went on  
alone through yards and fences, and  
after smashing a small chicken house,  
was caught by C. E. Fowler, apparently  
none the worse for his run.

FARM FOR SALE.—on Ninth Street, near  
First Road. 27 acres, 8 acres improved,  
small house and barn. Some fruit, 300 grape  
vines. Inquire of JOHN ATKINSON.

PLOWING. I will plow your garden or  
field at a reasonable charge, and give  
you satisfaction.

The Spiritualists of Hammonton  
had a very successful and pleasant cele-  
bration of their 47th anniversary.  
Their public meetings were well attend-  
ed, and the spirit manifestations were  
very satisfactory. There appeared to  
be a great anxiety on the part of re-  
cently departed ones from Hammonton  
and its vicinity to make themselves  
manifest and send little messages to  
dear ones left here. The great effort  
seemed to be to let the friends know  
that they were in a satisfactory condi-  
tion, if not in perfect bliss, and that  
they had not lost their interest in those  
still in the flesh; and were still able to  
assist them in many ways. They all  
agreed that their best treasures, saved  
for enjoyment in their present home,  
were the good deeds they had done, and  
the knowledge they had acquired in  
this life. Mrs. Brown, of Philadelphia,  
though in poor health, was able to give  
many remarkable, if not astonishing,  
tests of individual identity. Mr. Ran-  
som spoke on several occasions for spirits  
with more than his accustomed ability.

cago, Ill. It is for sale by druggists.

## Saved his Life.

Mr. D. Gallonette, druggist, Beavers-  
ville, Ill., says: "To Dr. King's New  
Discovery I owe my life. Was taken  
with a gripe and tried all physicians  
for miles about, but of no avail, and was  
given up and told I could not live. Hav-  
ing Dr. King's New Discovery in my  
store I sent for a bottle and began its use  
and from the first dose began to get  
better, and after using three bottles was  
up and about the house again. It is  
worth its weight in gold. We won't keep  
store or house without it." Get a free

thin winds, are predicted for South  
Jersey, especially in the vicinity of

(Entered as second class matter.)

SATURDAY, APRIL 6, 1895.

During the session of the Legislature there were 602 bills introduced and considered in the House and 334 were introduced in the Senate. Of this number the Senate passed 205 and the House about 270. Nearly all the bills passed will become laws. In the whole number not a single political bill was passed, many useless offices were abolished, salaries have been reduced, and appropriations fairly slaughtered. The incidental bill carried but \$7000 this year, this being about \$4000 less than last year and about \$10,000 less than the Democratic Legislature of 1892. It is estimated that the total appropriations this year, including those for the new wing of the State Prison and the Reformatory, will show a decrease over last year of over \$250,000. The work of the Legislature is well summarized as follows:

Not a single office has been created. Not a salary has been increased. The Legislature started in by cutting off from \$10,000 to \$20,000 expenses in the salaries of pages, doorkeepers and other appointive officials.

It continued the good work by saving the State \$50,000 annually in abolishing the useless office of lay judges.

It has cut down much needed appropriations but at the same time it has provided for the beginning of a State Reformatory, for the enlargement of the State Prison, and for a plainly needed extension of the Morris Plains Asylum.

It has added to the State School Fund in order to supply much needed improvements in the State system of schools.

It has adopted amendments to the Constitution essential to the moral and judicial protection of the people.

It has opened up and exposed to public view the rascalities, the thievery and the bold, unscrupulous robbery of the State in former years, and has stopped it all. This is exactly the same as saving the State untold thousands of dollars in the annual appropriations.

It has enacted the elective judiciary bill, the new naturalization bill, has judiciously amended the township school law, and its acts and enactments will bear close scrutiny from beginning to end.

Those who never read the advertisements in their newspapers miss more than they presume. Jonathan Kenyon, of Boley, Worth County, Iowa, who had been troubled with rheumatism in his back, arms, and shoulders, read an item in his paper about how a prominent German citizen of St. Paul had been cured. He procured the same medicine, and, to use his own words, "It cured me right up." He also says, "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad that he had to do the cooking. I told him of Chamberlain's Pain Balm, and how it had cured me; he procured a bottle of it and it cured them up in a week. 50 ct. bottles for sale by druggists.

"ACME" PULVERIZING HARROW, CLOD CRUSHER & LEVELER

It is adapted to all soils and all work for which a harrow is needed. Flat crushing spurs pulverize lumps, level and smooth the ground, while at the same time curved coulters cultivate, lift and turn the entire surface of the soil. The backward slant of the coulters prevents tearing up rubbish and reduces the draft. Made entirely of cast steel and wrought iron and therefore practically indestructible. CHAS. F. R. LINDING HARKROW ON EARTH—sells for about the same as an ordinary drag—eight dollars and upwards. N. J. I deliver free as best a distributing depot. SEPT. ON TRIAL. The County Christian Endeavor Convention was held on Tuesday, in the Hammonton Presbyterian Church.

The weather was unfavorable, and the attendance not as large as was hoped for. Reports were read from fourteen of the twenty Societies. The exercises were very interesting, especially the marching, singing and unison recitation by the Juniors, numbering about forty. The evening session opened with an excellent song service. Rev. W. T. S. Lumber's address on "Christian Citizenship" was eminently practical. The following officers were elected:

President, W. L. Clark, Hammonton.

Secretary, Miss Beale Moore, Atlantic City.

Cor. Sec., Miss Georgia Townsend, Absecon.

Treasurer, Rev. A. Jagers, Newtonville.

Lookout Committee, Henry Zeltz, Hammonton; John Fell, Atlantic City; Richard Harris, Atlantic City; Miss Gertrude Lezard, May's Landing; Miss Emma Cordery, Absecon.

The following resolutions were unanimously adopted:

1. That the hearty thanks of this Convention be given to the speakers, for their excellent and helpful addresses.

2. That the thanks of the Convention be extended to the "Junior Superintendents" and their helpers for the careful drill and preparations which gave us the splendid Junior exercises of the afternoon.

3. That the thanks of the Convention be given the friends who have so willingly opened their homes for the entertainment of delegates.

4. That we find cause for regret in the fact that so many societies are not represented by delegates at this meeting, and it is the sense of this Convention that the individual society should be loyal to the interests that are common to all, as represented in the County work, and should be more zealous in the support of such work.

5. That it is the sense of this Convention that the County officers should be thoroughly loyal to the County work, as such; and should push such work to a more complete organization along all lines.

6. That we recommend to our County officers the formation of a department of "Good Citizenship," with special reference to the cause of temperance and Sabbath observance.

The consecration meeting was well sustained, the topic being taken from Romans xii. 1-2.

The M. E. Church was well filled on Monday, with friends of the late Peter S. Tilton. The funeral services were very impressive, conducted by Rev. J. C. Killian, Rev. H. E. Randall, and Rev. Alfred Waag, the Pastor. Such universal sorrow is seldom manifested as was shown on this occasion. Pastor Waag's words of eulogy were as strong as language could make them, but not more so than the life of the deceased warranted.

MR. FOWLER says that bicycles are coming in fast, to be cleaned and repaired.

Mrs. Carrie Grace Whitmore, wife of A. H. Whitmore, only daughter of Dr. H. E. Bowles, died on Tuesday evening last, April 2nd, aged 36 years.

Coming to Hammonton in early childhood, growing up to womanhood among us, she was ever a favorite in the community. With a remarkably sweet voice, inherited dramatic talent of high order, with a cheerful and obliging disposition, she has been all her life prominent in concerts, operas, plays, and entertainments of every kind, whether for church, charity or pleasure. In our church choirs, too, her voice added to the melody for many years. Many of our young people have from her received instruction in instrumental and vocal music that will make her memory dear to them. Her homelife was exceptionally happy, and in the society of her venerable parents, husband and child she found her deepest delight. Taken suddenly very ill, some weeks ago, her recovery lately appeared certain though slow. On Tuesday she was brighter than usual, sat up most of the time, received her friends and conversed cheerfully, but late in the day was taken suddenly worse, and passed away before nine o'clock. We tender sincere sympathy with the afflicted husband, daughter, parents, brothers, and the entire community mourn with them the departure of one so highly esteemed. Funeral services will be held in the Universalist Church to-morrow afternoon, at two o'clock.

William A. Elvins, Sr., died on Friday morning, April 6th, aged 64 years.

Mr. Elvins was among the very early settlers in Hammonton, with his brother George built the Store corner of Main Road and Bellevue Ave., was for several years Post Master, has held various positions of trust in the Town, was universally esteemed. He suffered for several years from an incurable disease (aneurism-of-the-aorta), but kept the knowledge of this fact to himself until a few months ago, when his suffering could no longer be concealed, and an early fatal termination became inevitable. Funeral services on Monday morning at ten o'clock.

A letter was received on Tuesday by Mr. Poyer, announcing the death of Capt. A. D. Dent, which occurred Jan. 18th, on board his vessel. The Captain, we are told, was on a three years' whaling cruise, away up among the ice-fields, and contracted a severe cold, pneumonia followed with fatal result. Capt. Dent was a popular citizen of Hammonton, one of those genial men who make friends everywhere, and sympathy is everywhere felt for his wife so grievously afflicted.

Mr. and Mrs. Geo. F. Saxton were married March 20th, 1895. Last Friday evening—their forty-second anniversary—more than three score friends of all ages, gathered at the homestead to celebrate the event. They provided ice-cream and cake, brought good cheer with them, had music and games, and all enjoyed themselves to the full.

BICYCLES.

Spring has Come!

Ho, all ye cyclists, brace up and buy your '95 wheels, for Spring has come. The crow, blackbirds, the blue birds and the robins are here, the "hunk" of the north-bound wild goose makes discordant music, and the "kerchunk" of the bull-frog is heard in the land. If you want to be with them, and at the same time have a good wheel, go to

Mr. Angell, founder of the "Band of Mercy," said, in an address:

Nearly all the criminals of the future, the thieves, burglars, incendiaries and murderers, and the greater criminals who commit national crimes, are in our public schools now, and we are educating them. We can mould them now if we will. To illustrate the power of education: We know that the same boy can be made Protestant, Romanist, or Mahomedan. It is simply a question of education. You may put into his little hands, first, toys, whips, guns, and swords, or you may teach him, as the Quakers do, that war and cruelty are crimes. You may teach him to shoot the little song bird in springtime, with its nest full of young, or you may teach him to feed the bird and spare the nest. You may go into the schools now with book, picture, song and story, and make neglected boys merciful, or you may let them drift until, as men, they become sufficiently lawless and cruel to throw your railway trains off the track, place dynamite under your dwelling-houses or public buildings, assassinate your president, burn half your city, or involve the nation in civil war. Is it not largely, if not wholly, a question of education?

These State House exposures are at the worst possible time for the Democrats. Why didn't the Trenton mice eat up that flag-staff, flag and all.

Our better halves say they could not keep house without Chamberlain's Cough Remedy. It is used in more than half the homes in Leeds. Sims Bros., Leeds, Iowa. This shows the esteem in which that remedy is held where it has been sold for years, and is well known.
