## FRUIT GROWERS HEAR LECTURES.

A meeting of the Fruit Growers of Hammonton and vicinity was held in Civic Club Hall on Tuesday evening, April 10th, under auspices of the Atlantic County Board of Agriculture. Mr. H. O. Packard, chairman of the Association, was in the chair. Prof. A. J. Farley, of the New Jersey State College of Agriculture, spoke on the plans for the experimental work, on small fruits, to be carried out in Hammonton. This season work has been started, testing out 25 varieties of blackberries on the farm of Harvey Seeley, while the spraying of blackcaps, to control Anthracnose, is now under way at the farm of George Parkhurst on Main Road. Prof. Farley also stated that the State College who have a man to devote all his time to the testing of small fruits, after July 1st, when the State appropriation of \$2500.00 will become available. This appropriation became available through the efforts of the State Federation of the County Board. Joseph Barton, president of the Jersey Fruit Growers Co-operative Association, gave a brief history of the formation of the Association, which during the past season marketed apples and peaches. James Klahre, manager of the Association, briefly outlined the policy and plans for the coming year. He also stated that the Association did not plan to increase its membership this year, but that they were looking forward to next year, when a local association will be formed here. Mr. Klahre also stated that "Regarding the damage done to the peach crop in the South, reports were conflicting and it is impossible to make any definite report at this time." Over 50 members from the town and surrounding country were present and all reported a very enthusiastic meeting.

## Moose Lodge's New Features

Alterations on the Moose Home having been completed, the lodge threw open the doors of its new smoking and lounging rooms for its members. The basement section of the home was renovated for the convenience of lodge members and adds another attraction for their recreation. Another feature inaugurated by the lodge is the tendering of dances for the entertainment of members and members' friends every Friday evening. Music is furnished by an orchestra selected from the Moose Band. A small wardrobe charge is asked to cover the expense of music furnished, in lieu of regular admission. This plan gives the wives, sisters and sweethearts of members a chance to enjoy themselves at a trivial charge.

## HIGH SCHOOL PLAY A SUCCESS

The High School play given at Vector Hall under the direction of Miss Ina Paddock last Friday and Saturday nights was a pronounced success. There was a full house at both performances.

The play, which was chosen by Mr. Steffer, was well adapted to High School work; and the characters truly held their parts - in some cases showing rather more than an amateur's skill.

Each night the High School mixed quartet and the athletic dance contributed variety to the evening program. And on Friday evening several vocal selections played by Charles Hanna, accompanied by Mrs. Edward O'Donnell, were much appreciated.

The entertainment was given for the benefit of the Athletic Association and a little over two hundred dollars was cleared. A good bit of thanks is due those who helped to get over the entertainment so creditably.

## KIWANIS CLUB ACTIVITIES

### Trap Shooters Meet Ocean City and Pleasantville.

One of the largest meetings ever held by the local Kiwanis Club was held on last Tuesday noon at the Jackson House. Dr. W. J. Carrington, president of the Atlantic City Kiwanis Club, was the principal speaker. Dr. Carrington spoke on "Radium and Its Relation to Kiwanis." Taken in the broad sense, as radium has revolutionized the medical world, so has Kiwanis revolutionized the business man's world. In other words, Kiwanis brings out the good qualities of a man, and uses those qualities for the betterment and uplift of others. Kiwanian Laton Parkhurst gave the attendance prize, which was won by Kiwanian Charles Davenport. The prize was a basket of delicious apples. Among this week's visitors were: Prof. A. F. Farley, of the New Jersey State Agricultural Experiment Station, New Brunswick; I. R. Acheson, Hood River, Oregon; George Slummer, Haddon Heights; Arthur J. Elder, Egg Harbor. The Pleasantville Kiwanis Shooting Team were also the guests of the Club. In the party were R. L. Saunders, John J. Green, Walter W. Clark, D. W. Rosell and Walter R. Thoms. Following the meeting a large number of the members accompanied the trap teams to Campanella's farm, on Main Road, where the shooting match between Pleasantville, Ocean City and Hammonton was held. Shooting against a high wind which faced the entrants, Pleasantville nosed out the Hammonton team by 14 points, while the Ocean City team trailed with 16 points less than the local team. "Bob" Smith and Wilmer Crane made the highest individual scores, with 42 and 41 respectively. The score

Pleasantville

## Women's Democratic Club Opens Headquarters

In preparations for the coming political campaign, in the fall, the Women's Democratic Club of Hammonton, will open a permanent headquarters, in the Baker Building, on Central Avenue. The room will be tastefully decorated, and a small library will be placed there, for the benefit of the members. As a side feature, a fudge shop will be opened, by Mrs. Irma M. Adams, chairman of the Club, to help defray expenses. The men, who are equally interested in the project, will also have the use of the Club room.

## FIRST PRESBYTERIAN CHURCH

Sunday Evening 7:45 o'clock

 Soloist—Mrs. W. B. McDougal

## BASKET BALL CHAMPIONS

Reading from left to right, standing, Roberta Frhuch, Fanny Montgomery, Ethel Steen; front row, Florence Steen, Alice Gibbs.

The sensational Hammonton Girls' Quintette, who won the Championship of Atlantic County on Thursday evening, when they defeated the Atlantic City Girls' Team at Egg Harbor, score of 24-3.

## IMPORTANT SESSION OF COUNCIL

### New Street Lights, Storm Sewers, and New Town Hall Projects Discussed.

One of the most important meetings of Town Council was held in the Town Hall on Wednesday. The regular order of business was suspended to allow several present to address Council. After Rev. Robert Sorgi had been heard Council received offers from two different concerns to install winking traffic signs on trial. One of the signs is operated by gas and the other by electricity. The Law and Order Committee was authorized to arrange for the trial, purchase if desired, to be taken up by Council later. Mr. James Cottrell and Mr. Lino Rubba reported on the opinions received from various parties about the question of parking in the downtown section. No action was taken by Council at this meeting. Report of H. M. Phillips, Chief of the Fire Department gave a list of twelve alarms during the month of March. He reported inspection of two fire escapes on Bellevue Ave., stops and that he had ordered repairs made at the earliest practicable date. The Mayor and Council were invited to attend the meeting of the Atlantic City Fireman's Association to be held in Masonic Hall on Wednesday the 18th. The invitation was accepted. The ordinance for the Del. and Atl. Tel. & Tel. Co., which was to come up for second reading was laid over until the next meeting of Council as the opinion of the Town Solicitor had not yet been received. The Board of Health forwarded a petition received by them asking that some arrangements be made for drainage near the Beneficial Society Hall on Main Road. The matter was referred to the Town Engineer, Joseph Baker for a preliminary survey. Another petition asked that the old road running from Joe's Bridge to the Old Columbia Road be opened to traffic. The matter was turned over to the Highway Committee and the Town Engineer for investigation and later something novel in petitions to legislative bodies appeared in the form of a numerous signed document asking that Emerson A. Burdick be appointed Recorder for the Town. While there is State Legislation empowering Councils to ap-

point Recorders our Town Council has not yet taken any formal action to create such an office. Councilman Peter Lucas voiced the sentiment that the office should be established before applications were made for it. The matter was referred to the Law and Order Committee to investigate the desirability of having a Recorder in the town. A letter from the Civic Club complained of the unsightly condition of the streets and the rubbish blowing about particularly down town. As the complaint originated before the street cleaner was employed Council believed that no action was necessary. Council authorized the Mayor to issue a proclamation establishing the from May first to fifth as Clean up Week. The Highway Committee will provide teams to cart away the rubbish. The new pumping equipment at the disposal plant on Pleasant Mills Road, having been running satisfactorily for some weeks, was formally accepted and the balance of the purchase price amounting to \$625 was ordered paid. Town Engineer Baker submitted blue prints of two storm sewers to take care of surface drainage. One from Third and Maple Streets toward the Lake and the other taking care of the area near the electric light and ice plants. The plans were received and will be acted upon later. By resolution Council authorized the installation of one hundred and two additional electric street lights to burn until midnight each night. The total cost for the maintenance of the new lights will be \$1920 per year. A resolution, which contained enough reasons for the building of a new Town Hall to satisfy the most generous taxpayer, was passed by Council.

## REV. SORGI MAKES CHARGES AGAINST OVERSEER OF POOR

### ARITHMETIC AND SPELLING CONTEST AT MAYS LANDING

In the annual arithmetic contest there were over seventy contestants. When the papers were corrected, there were nineteen perfect papers, and ten of those were from Hammonton. The following Hammonton pupils received 100 per cent. Mike De Cicco, Evelyn Wood, Ferdinand Woolson, Frank Spado, Rowland Kelly, Gerson Malinsky, Samuel Cataldo, Tony Scaltrito, Benjamin Speer, Etta Eastman. Since there were only eight prizes to be awarded, it was necessary to give a second test to the nineteen pupils. This time each pupil was to hand in his papers as soon as he had finished. The one who finished first with a perfect paper, was the winner of the first prize; the one who finished second with a perfect paper, was to be winner of the second prize; etc. All this was very confusing to children, and it was very hard for a child to hold on to his paper and concentrate till they knew they were right, when pupils all around him were handing in papers ahead of them. Frank Spado of Hammonton was the second pupil to finish with a perfect paper, so he received second prize. Tony Scaltrito of Hammonton was the third pupil to finish with a perfect paper, so he was the winner of the third prize. In the second contest, there were only three perfect papers, and these were all Hammonton papers. Samuel Cataldo of Hammonton was the fourth prize. The fifth and sixth prizes were taken by pupils from other town in the county. The seventh prize was won by Evelyn Wood, Hammonton, and the eighth prize, by Mike De Cicco, also of Hammonton. So Hammonton took six out of eight prizes, and the first four of those. Our team average with a team of seventeen pupils was 91 plus per cent given us second place; Egg Harbor being first with 93 plus per cent. All prizes were taken by pupils not having a lower mark than 98 per cent. Etta Eastman had a mark of 98 per cent, but she wasn't allowed a prize because she won first prize last year. The members of the Hammonton arithmetic team were: Frank Spado, Benjamin Speer, Tony Scaltrito, Samuel Cataldo, Evelyn Wood, Mike De Cicco, John Kelly, Rowland Kelly, Lucy Ravelli, Tony Campanella, Nick Capelli, Anna Maimone, Joe Giordano, Frank Santora, Gerson Malinsky, Ferdinand Woolson, Louis Domino. On the spelling team were: Etta Eastman, Earl Davenport, Ferdinand Woolson, Eleanor Myrose, Thelma Bertrice, Mike De Cicco, Tony Lendin, Basil Gugliotta, Louis Domica, Evelyn Wood, Marie Jacobs, Dolly Smith, Rowland Kelly, Gladys Peterson, Robert Goff, Marguerite Doughty, George Montgomery.

### DELPHIAN SOCIETY

An unusual and interesting meeting of the Delphian Society was held at the home of Mrs. H. K. Spear, on Bellevue Avenue, on Monday evening. Talks on Italian art, the paintings of Michael Angelo, Titian Veronese and other great artists were given, after which there was an interesting discussion by the members. Mrs. S. C. Loveland gave a vivid description of the different galleries, having visited most of them. Plans were made by the Society for joining the State Federation of Women's Clubs.

### Improper Conduct in Office Alleged Council to Hold Hearing

Reverend Robert Sorgi, pastor of St. Joseph's Church appeared before a meeting of Town Council on Wednesday and filed written charges of improper conduct in her office of Overseer of the Poor against Mrs. Maybelle Cunningham. The specific charge is that "On or about the middle of October 1922 she said Maybelle Cunningham was interfering with the Parochial School of which I am the Director. Furthermore she refused to provide clothing and other necessities to a poor family by the name of Messina, the father being Michael Messina. On Nov. 27, 1922 she refused to provide for this family because the children were attending the Parochial School instead of the public school." A copy of a letter which Rev. Sorgi stated had been received from Mrs. Cunningham was also filed. It was a request to Rev. Sorgi to transfer Rosie Messina to the Public School. The regular order of business was suspended to allow Rev. Sorgi to present his charges. Council without discussion of the charges voted to have a hearing as a Committee of the whole sitting in executive session. At which time the parties concerned would be heard and also any witnesses who might be needed. James L. O'Donnell, acting Postmaster and member of Council was appointed chairman of a committee to arrange the time and place of the hearing and to notify those who are to attend. When interviewed at her home on Wednesday afternoon Mrs. Cunningham declined to comment on the charges, made as she had not then received a copy of them. She stated however that she would insist that any hearing held be a public one. As Rev. Robert Sorgi will sail for Italy the latter part of next week the hearing will probably be arranged for Monday.

## Eighth Grade News

**ATTENDANCE**  
 The general average of the boys of grade 8 during the past school week was 88 per cent; that of the girls was 86 plus per cent. The boys had the banner once; the girls had it seven times. The pupils in the Eighth Grade having the highest general average in the subjects for the month of March are: 1 Frank Spado, 2 Thelma Adie, 3 Etta Eastman, 4 Alden Hurly, 5 Marie Jacobs, 6 Evelyn Wood, 7 Ferdinand Woolson, 8 Kathryn Ralph, 9 Dorothy Carr, 10 Nick Capite, 11 Tony Campanella.

**ARITHMETIC**  
 The following pupils received 100 per cent in their weekly accuracy test in arithmetic: Joseph Collins, Beatrice Crane, Mike De Cicco, Marie Jacobs, John Kelly, Gerson Malinsky, Benjamin Speer, Pasquale Spalillo, Evelyn Wood, Ferdinand Woolson, Myrtle Austin, Joseph Celous, Marina Gallosta, Anthony Jacobs, Savarda Johnson, Rose Rehman, Frank Tomasello, Adolph Kunen, Nick Capite, Tony Campanella, Anna Maimone, William Merline, Virginia Parisi, Rosie Perrino, Joe Totora, Frank Spado, Girard Bilazzo, Thomas Puzza, James Pinto.

**ATHLETICS**  
 The girls of Sections I and II played punchball, the score being 12 to 1 in favor of Evelyn Wood's team. The girls of Sections III and IV played kickball, the score being 0 to 0. The boys of Section I and II played baseball, the score being 3 to 4 in favor of Section II. The boys of sections III and IV played baseball, the score being 0 to 3 in favor of Nick Beronatoro team.

**P. A. T. BANNER**  
 Section I of grade eight won the attendance banner at the last meeting of the Parent Teacher Association.

### American Legion Notes

A meeting of the Executive Committee of the Post was held in the Red Cross rooms on Monday night. Several members of the Troop Committee of Troop 1 Boy Scouts were present. The question of Scouting was freely discussed and ideas exchanged as to the best way in which the Legion could assist in the carrying on of Scout work in Hammonton. It was decided that the Scouts would meet on the same night as the Legion, the Scout meetings to be called promptly at seven o'clock and the Legion meetings at eight-fifteen.

Several of the Legion members offered to instruct Scouts in various subjects such as signalling and knot tying. The plans for Memorial Day were advanced at this meeting. The committee decided to ask the fullest co-operation of churches, lodges, organizations and the people of the town generally. They believe that every one should take part in the exercises on Memorial Day to honor the veterans who have passed on. The Adjutant was instructed to send a written invitation to each of the organizations in the town, asking them to take part in the Memorial Day exercises. The time and place of the joint Scout and Legion meetings were left with the Adjutant to arrange.

A street cleaner is on duty down town, principally on the paved streets. His work has already made a marked improvement in the appearance of the streets.

### GOOD NOTES

The Mallica Township field day will be held on May 17th. The Parent-Teacher Association is making preparations for an entertainment to be given in the Town Hall, April 28th, if the chicken pox won't interfere. A pantomime, "When the Cat's Away the Mice Will Play," Mrs. Nassokin will coach the players. The school children will also take part, and a good entertainment is planned.

Mr. and Mrs. Albert Fisher were over Sunday visitors at Somers Point. Mrs. Kent, of Elwood, visited Mrs. Mannings at Atlantic City during the week. Mrs. Elinor Manner visited her mother at Woodstown. The business of Mr. A. Fisher has been increasing so as to necessitate an addition to the garage of a large varnishing room.

Mr. Wood, one of our leading poultry men here, is kept busy these days, as he is doing quite a large amount of custom hatching besides hatching for his own poultry farm. Doing the hatching in the large incubator of Wm. Blair. Mr. Charles Kuen, Jr., who is engaged extensively in the chicken business, is doing custom hatching with his large incubator. The scholars with the chicken pox are all improving and hopes are entertained that no others will get them. Fifteen scholars stayed out of school on account of it being in their families.

The Parent-Teacher meeting being postponed from last Thursday on account of the storm, was held Tuesday evening. The speaker for the evening was Mr. Henry Cressman, County Superintendent of Atlantic County schools. He spoke on "Health and Health Crusades," "Dental Clinics," "Habits," "Home Environments," "Leisure Time" and "Parents." It was an instructive, entertaining and educational to all present, which was a good many, as all seats and chairs were filled, causing several to stand. Mr. Fisher, who also was present, spoke of the vocational school work among the boys and girls of the school, telling of one boy's experience with child labor, and the results for one year. The various committees reported on their work. Mrs. Nassokin, on Free Comptrol; Mrs. Morgan, treasury; Mrs. Brown, on books for library. The Resolution Committee read the resolutions prepared, which were accepted and were to be sent to the Atlantic County Fair officials. The Entertainment Committee reported preparations for entertainment to be given April 28th, consisting of Mrs. M. Tonn, Mrs. Theresa Bantly, Mrs. J. Frey, Mrs. H. Kehler and Mrs. M. Reilly were appointed. Also, M. M. Reilly, Mrs. J. Nassokin and Mrs. N. Morgan as a committee to see about purchasing a piano for school. A subscription was started and quite a number of signers pledged money towards it. The music was rendered by the school children, the boys with the horns and girls with the teacher, Mr. Hayes, at the organ. Little Marjorie Brooks recited about a frog.

Two large protruding chestnut tree stumps were levelled off even with the road to eliminate the danger of automobiles hitting them, as they were dangerous and could not be moved until one was too near. They were along the edge of County Road, in front of Odenson's property. Mrs. Deena Ebell and Mr. Milton Reilly, the new elected school board members, are in office since the last school board meeting.

Everett A. Hooper, son-in-law of former Mayor Charles Cunningham connected with the Wilson Steamship Line, plying between Philadelphia and Wilmington has been promoted to Membership of the Wilmington office. Mr. Hooper and family will move to their new home in Wilmington this week.

### SAVE 13 1/2% on coal

TRUSTS have shown that over-coating an old frame house with Portland Cement stucco effects a saving of 13 1/2% on coal. Add to this the saving on painting expense and the continual little repairs that permanence eliminates. Many old homes cannot be improved on for general appearance, general comfort. But permanence and upkeep saving can be added at small cost. Ask your building material dealer how.

### SOUTHERN NEW JERSEY IS IN THE MIDST OF A GREAT BUSINESS AND INDUSTRIAL ERA

The construction of the Delaware River Bridge, combined with heavy development along the sea-coast, has caused an unprecedented demand for telephone service. The new Delaware River Bridge will give a tremendous impulse to business and industry in southern New Jersey. To meet this situation we are spending more than three million dollars for telephone equipment this year. Switchboards, terminal room apparatus, buildings, wire, and a thousand and one other things that make up a modern telephone system will be included in the 1923 program.

### METHODIST BAZAAR

**HUGE SUCCESS**  
The Bazaar and Supper given by the Ladies' Aid of the Methodist Church in Masonic Temple on Friday and Saturday of last week was a most enjoyable and successful affair. Great pains and care were taken in carrying out the decoration scheme, which was in draped Wisteria. The dining room was arranged on one side of the hall, while on the other side booths had been erected, where flowers, cakes, candy, fancy and miscellaneous articles were on sale. Beside the large number of town-people who partook of the delicious dinner served by the ladies, many people from throughout the county availed themselves of the opportunity. Almost 300 people were served to dinner during the two nights. At a meeting of the ladies' committee held Wednesday afternoon it was reported that close to \$300.00 was cleared during the two nights. A generous donation was made to the Masonic Association, who donated the hall to the Ladies' Aid for the affair, and they also extend their appreciation—to all the members of the Ladies' Aid and others who helped make the entire affair a huge success.

### SOCIAL HAPPENINGS

**EASTERN STAR ATTENDS COMMUNITY MEETING**  
Members of the Hammonton Chapter, No. 34, O. E. S., attended the Community Meeting of the City District, O. E. S., in Ocean City on Monday evening, April 9th. Members from Atlantic City, Linwood and Egg Harbor also were there. Several of the Past Grand Officers of the District made addresses. Among those who went from here by automobile were: Mr. and Mrs. John Young, Mr. and Mrs. William A. Simpson, Mr. and Mrs. Alonzo B. Davis, Mr. and Mrs. John Rothfus, Mr. and Mrs. Clarence I. Littlefield, Mr. and Mrs. Herbert Measley, Mr. and Mrs. Paul Sealey, Mr. and Mrs. George McIntyre, Mr. and Mrs. William A. French, Mr. and Mrs. Fred Measley, Jr., Mrs. F. C. Burt, Mrs. Bert McDonald, Mrs. Robert Picken, Mrs. Davis Bellamy, Mrs. Byron A. Davis, Mrs. Elliott Davis, Mrs. Herbert C. Doughty, Mrs. William H. French, Mrs. Thomas Sparks, Miss Adeline Cunningham, Miss Lillian Measley, Miss May Measley, Miss Emma Measley, Miss Ella Measley and Miss Anna Walthers.

It is hardly to be expected that a weekly paper can give its readers the news quicker than a daily paper. So we may claim credit for telling our readers in last Saturday's issue that the Board of Education was planning a separate school for defective children. One of the Atlantic City dailies carried this information in slightly different form on the following Tuesday.

# PACKARD

To realize the pronounced advantages of the Packard Fuelizer, the experienced driver has only to make a personal test. The Packard operates with an amazing smoothness under most adverse conditions, when even the finest of other makers "loads," "chokes" or "backfires."  
The Single-Six starts more quickly and easily. It warms up without any manipulation and long wait. It accelerates with summer speed. And it always gives three to four miles per gallon better mileage.  
These are qualities which belong exclusively to Packard. Because the Fuelizer is a patented Packard feature. These are superiorities which the owner of a Packard Single-Six appreciates as basic factors of Packard excellence. But only when he steps from his Single-Six into any other car does he realize the full extent of Packard leadership—in smoothness, comfort, ease of handling and economy.

### THE OFFICE SAFE.

ONE of the purposes of a commercial bank is to extend credit to its customers to the extent of its permissible ability and consistent with the principles of sound banking. THE extension of credit is necessarily founded upon business familiarity, as no reputable bank can do so, until assured of the business habits, character, and responsibility of the person seeking accommodation. A commercial account here is one of the best methods to place us in a position to properly acquaint ourselves with these necessary facts.

### The Peoples Bank

### Blue Hen Colony Brooder

Built for service and efficiency—Note its solid construction and double automatic regulation.  
  
Made in two sizes—  
500 Chick, \$24  
1000 Chick, \$26.  
**GEO. M. BEAL**  
Bellevue Ave., Hammonton, N. J.

### The Magic Coal Burning Brooder

When you buy a brooder look for quality and not price. The Magic has been tried out alongside of numerous makes and found to be a superior brooder. It holds the fire on a cold, windy night which is due to the top and bottom automatic draft. This feature is patented and you will not find it on the ordinary brooder.  
It is not necessary to take chances with your broods when you can buy a Magic as it insures success. It has a large coal magazine, gas escape system, large ash door, galvanized steel ash pan, etc. They need attention only twice a day and no worry. The gas chamber is worth more than the price of the brooder.  
We will gladly refund money after thirty days trial, if brooder does not do all we claim. Send for free catalogue describing the Magic brooder together with plans for colony and laying houses.  
Two sizes — \$24.00 and \$20.00

South Jersey Republican

Published every Saturday morning... HAMMONTON PRINTING CO., PUBLISHERS

The officers of the company are: President, R. L. Buck; Vice-President, Lino Rubbs; Secretary, David M. Adams; Treasurer, James W. Cottrell

SATURDAY, APRIL 14, 1923

Editorial Announcement.

Starting with next week the "Republican" will be issued on Friday instead of Saturday. We believe that the change will benefit both our readers and our advertisers.

Let's Boost a Little

Our town of Hammonton is entitled to some boosting, some tooting of our own horn, even to some praise.

Because of happenings in and near the town, accounts appear in the papers of a large number of violations of the law, numerous arrests and fines and jail sentences.

But such a picture is not a true one. The real life of Hammonton is that of quiet, peaceful, law-abiding citizens going about their daily task without fuss or notoriety.

The wrong doings of outsiders and even a few Hammontonians are not characteristic of all of our people.

Let us start to talk up Hammonton's manifold advantages as a place to live. We can do this, too, without covering up or hushing up any wrong doing there may be.

Musical Recital in Masonic Hall

A Musical Recital was given in Masonic Hall on Thursday night under the direction of Professor C. Nicolsa. Well known local talent as well as some from out-of-town took part.

The recital will be repeated in Masonic Hall to-night. The excellence of the program presented and the hearty reception it received on Thursday night will no doubt result in a large attendance to-night.

PROGRAMME

FIRST PART

- 1. Overture from the Opera "Maritana" W. Wallace
2. Prayer from the Opera "Maritana" W. Wallace
3. Duet from the Opera "Forza del Destino" G. Verdi

SECOND PART

- 10. Overture from the Opera "Maritana" W. Wallace
11. Violin Solo from the Opera "Forza del Destino" G. Verdi
12. Angel's Song from the Opera "Maritana" W. Wallace

ANNOUNCEMENT

of Interest to

MILLIONS OF FAMILIES

"I will build a car for the multitude"

Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of your local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it. father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

Low Cost—Comfortable Motoring

This Buick four cylinder, five passenger touring car affords dependable, comfortable motoring for every occasion.

Improvements in the design of both the chassis and the famous Buick Valve-in-Head engine have contributed further to the well known Buick qualities of dependability and economy.

For instance, with the Buick designed storm curtains, reinforced by the Buick weather strip, closed car coziness in bad weather has been closely approximated.

New Compensation Law For Ex-Service Men

Congressman Isaac Bacharach requests that the attention of the War Department be called to the provisions of the act of March 4, 1923, changing the law in respect to filing of claims for compensation for neuropsychiatric and tubercular diseases.

"The particular amendment to which I desire to call special attention is one which applies to those cases where the ex-service man is suffering from neuropsychiatric (nervous) or tubercular diseases."

"So that, in the amended Act, all persons suffering from neuropsychiatric or tubercular diseases, who apply for compensation within three years from date of discharge, and who have been examined by a medical officer of the Bureau or a legally qualified physician and found to be suffering from and disabled by the disease of more than 10 per cent degree, are presumed to have contracted the disease in the service and are therefore entitled to compensation without further proof."
