COMMUNICATION.

To the People of Hammonton:
For some time a true consideration of our Churches has held sacred Thursday evening as the night for the Church prayer services.

Recently, this night has been entirely disregarded as a Church night, and there has been no thought of those who pray or worship on this night.

We do not believe this has been done with intentional, but without thought.

That the work and service of the Church may not be hindered, and that the loyal members may have equal opportunities with others, we most respectfully present what we believe is a true and just consideration and respect for the Church; viz: that Thursday night, so far as possible, be kept free from other engagements.

Yours respectfully,
Chas. O. Mudge,
Edward A. Rook,
Pennington Corsoun.

Good Bye "Sheets"

The mosquitoes you have had for the last few days are bred in sewer catch basins or nearby receptacles.

Please look after rain barrels and other receptacles.

We hope to have the inspector on the job next week.

Mosquitos do not grow on trees; are unnecessary as bed bugs and fleas.

A. J. Rider.

SATURDAY, APRIL 30, 1921

It is gratifying to see the speed with which property owners have co-operated with the Shade Tree Commission, in the trimming and otherwise caring for their trees. It is a large proposition; and without the help of citizens, but little progress could be made this year. There are several dead trees left that would look better on some wood pile.

The transportation-by-bus proposition, which the Republican promised its readers, is now a sure thing. It will be of much value to those who wish to travel either toward Camden or Atlantic City.

Council is about to provide for a long-felt necessity,—a building inspector. He will see that all plans for buildings are safe and sane, and that those now in use are either made safe or condemned.

What do you think of the new tax rate? It is \$3.85,—sixty-seven points below last year. This is especially welcome, the fruit crop being so badly frozen.

How it got through, we are at a puzzle to know; but nevertheless, we are glad of it, for we had feared that New Jersey would fall down on it. The Van Hoes bill, a prohibition enforcer, puts it up to the local governing body to enforce the Eighteenth Amendment, and in case they either refuse or neglect so to do, they can be impeached themselves.

We again urge our advertisers to get their copy in before Thursday noon, or we cannot promise to use it that week. We are endeavoring to improve the Republican; and for that reason ask our patrons to assist us in every way possible.

Nujol For Constipation

GOOD health cannot be maintained if constipation is allowed to poison the system. Nujol works on an entirely new principle. Without forcing or irritating, it softens the food waste. This enables the many tiny muscles in the intestines, contracting and expanding in their normal way, to squeeze the food waste out of the system. It is absolutely harmless and pleasant to take. Try it. Regular as Clockwork

ON THE SCREEN

Palace Theatre To-Night.

Hobart Bosworth, — — "1000 to 1."

A soldier of fortune, mock-married to a girl so that, with her money he might be enabled to cover his shortage. While on their supposed honeymoon, the train is wrecked. Some are killed, and many are injured. The heroine rescues a travelling miner who is badly injured, and nurses him back to health, and here the story assumes a peculiar angle. Complication after complication arises until finally—but that is the part that you must see to really believe it.

Chester Comedy, — — Torchy "Turns Cupid."

Doors open 4.15, admission to first show 17c. thereafter, 20c.

MARY PICKFORD in "SUDS"

Town Council.

All members were present but Mr. Jackson, on Wednesday evening.

Property Committee reported a difference in surveys on back of Dr. Myrose's land, along the Town property line. Mr. Remington will look after the matter.

About six hundred dollars worth of bills were ordered paid.

Petition was received for extension of sewer out Third and north on Fairview. A clothing factory employing one hundred hands is about to start up, and must have this convenience. Referred to Sewerage Committee.

Attention was called to need of a building inspector. Messrs. O'Donnell, White and Tell were appointed by Mayor as a committee to see that ordinance is drawn up, providing for said office.

Resolution was adopted, making The Peoples Bank and Hammon-ton Trust Company depositories of town funds.

Communication from Jas. E. Myers explained charge made for jitney service.

According to a new law passed, Hammon-ton will not have to sub-divide its polling districts, as the limit has been raised from 400 to 600. The largest vote polled at any district was 506.

Seven per cent was adopted as the legal rate for delinquents.

Attention was called to the bad, and even dangerous, condition of certain Bellevue Avenue pavements.

Property Committee was empowered to paint and otherwise repair the drinking fountain.

American Legion Notes.

F. A. Funston Post, 186, American Legion, will turn out on Memorial Day in honor of their departed comrades and the veterans of other wars.

Decoration of veterans' graves, a very short ceremony, firing of volley and taps, are on the program.

Complete details will be given here next week.

Regular meeting of the Post will be held in Civic Club Hall, on Tuesday, at 8 P. M.

The Delaware and Atlantic Transportation Company had one of their eight cars—a Pierce-Arrow—on exhibition in front of Hammon-ton Post Office on Friday morning. It is a handsome car, comfortably seating twenty-five passengers, and will make runs every hour and a half. They purpose to make passenger and freight rates below those charged by the railroads. Details are yet incomplete; but the hundreds who inspected the car are eagerly awaiting the installation of the interurban service.
