## MANY SUBJECTS BEFORE TOWN COUNCIL

### Law and Order Committee Reports No Need for Recorder

### THE JACKSON OFFERED THE TOWN

Report against the advisability of having a recorder in Hammonton was made by the Law and Order Committee of Council at the meeting held in Town Hall on Wednesday morning. The committee stated in their report that "the town does not need a Recorder." The report was received without discussion.

Town Engineer Baker spoke of details of the proposed storm sewer in the vicinity of the Reading Station and that the content of the parties interested had been obtained or promised and that the work should be well under way by September. He also made a report of the storm sewer at Fourth Street and suggested changes to make it more effective in carrying off the rain water which at times has flooded the streets over the curb, at this point.

Mrs. A. L. Jackson offered to sell the Jackson to the Town for \$17,000 the offer being limited to thirty days from the time it was sent. The letter was referred to the Special Committee.

The Mayor was authorized by motion to appoint one member of Council to serve on the Community Committee to consist of one representative of every organization in the town and to confer on public matters such as Fourth of July and other holidays. Mr. Harry Mottola was appointed.

Mr. A. J. Ridgeon behalf of the Atlantic County Sanquito Commission complained of the dumping of rubbish in the stream running from the Fowler place into the lake at the Park. The matter was referred to the Highway Committee.

Fire Chief Phillips reported 14 fires during the month of April.

The much postponed Delaware and Atlantic Tel & Tel. Co., ordinance was again laid over until the next meeting.

Tax Collector Bernhouse reported that taxes amounting to \$57.33 had been collected from P. Capelli twice and that he was entitled to a refund. It was decided that a bill for the amount should be rendered to the town by the tax payer.

Council decided to meet hereafter at 7:15 a. m. standard time or 8:15 daylight time.

Stinging criticism of articles by Mr. Thomas B. Delker in the last issue of the Star was made by Councilman Peter Lucas. He stated that "The implications backen the town itself and the legislative body especially, which governs the town. It is the dirtiest black mark possible against a town which adopted him." Continuing he stated that conditions in Hammonton were above the average and that proof and accountability would be demanded of any person who might in the future defame the town.

After the meeting Council went into the Committee of the Whole and considered the Hell phone ordinance, the jitney ordinance and the mercantile license ordinance suggested forms of which had been received from the Town Solicitor.

Councilman Anthony Macri brought up the question of the unsanitary condition of the cells in Town Hall. Those are infested with vermin and no amount of fumigating or disinfecting has had any permanent effect. Mr. Mottola also spoke of the deplorable condition of the cells. The matter was referred to the Law and Order Committee for investigation and report at the next meeting.

Miss Ruth Vaughn underwent an operation in St. Joseph's Hospital, on Wednesday May 9th. Dr. Brand of Philadelphia, was the operating surgeon.

Robert Stroum, well known baritone soloist, and Evelyn L. Hoving appeared before a Millsville audience on Thursday evening in several vocal selections. "Bob" as he is affectionately known by his many friends, possesses a remarkable voice which is constantly under the tutelage of Professor Carlo Nicotri.

## Republican Women to Hold Conference

The most important meeting held during the year by the organized Republican women of New Jersey is to take place in Atlantic City on Friday and Saturday of this week. This is the annual Spring conference, held under the auspices of the New Jersey Women's Republican Club, but open to all interested Republicans, both men and women. The meeting place of the conference will be Vernon Hall, Hotel Chalfonte-Haddon Hall and there will be four sessions - Friday afternoon, 2 p. m., Friday evening 8 p. m., Saturday morning 11 a. m., and Saturday afternoon 2 p. m.

One of the outstanding features of the conference will be the presentation by Ex-Governor Stokes, in the name of the State Committee, of a banner to the local unit of the New Jersey Women's Republican Club which has the largest membership, figured on the basis of the Republican vote cast last fall in the territory covered by the local unit. Governor Stokes' speech and the presentation of the banner will take place at the Saturday afternoon session of the conference.

The Friday afternoon session will be devoted to a discussion of what shall be the State Club's legislative and campaign policy for the coming year.

On Friday evening there will be an informal reception with speaking, those who will address the conference being, U. S. Senator Walter E. Edge, Judge Harold B. Wells, of Burlington County, who will speak on "Politics and Good Citizenship," and Mr. Walter Kilde, one of the Republican members of the new Highway Commission, who will tell the audience how the Highway Commission plans to spend the one hundred million of State money which they will have at their disposal.

On Saturday morning the members of the group will address the group on plans for widening the scope of our Club work and reports of County Activities by Presidents of Unit County Councils, County women Vice-chairmen and State Committeewomen will be heard.

## Heads State Cops

### Captain Carter Succeeds McDonough at Hammonton Barracks

Capt. Wm. Carter was appointed last night to command Troop A of the New Jersey State Constabulary which is stationed at the Hammonton State Police barracks.

Announcement to this effect was made by Col. Norman H. Schwarzkopf, commander of the State Police at his Trenton headquarters.

Captain Carter last night assumed his new duties, succeeding Lieut. Wm. McDonough, who has been in command of the State police barracks here for the past year.

Netcong State Police barracks, which he has been transferred to the in the northern headquarters of the New Jersey State Constabulary.

Capt. Carter, who is a native of Camden, is one of the oldest members of the State Police, rising to his present rank from a sergeant. He was formerly a Lieutenant at the Netcong barracks. During the World War Capt. Carter served with the Second U. S. Army division, being wounded three times and later being honorably discharged.

## MOTHER'S DAY

The First Presbyterian Church is making special preparations for appropriate celebration of Mother's Day. In the morning there will be an attractive program presented by the Junior and Intermediate departments of the Sunday School. The exercises are very unusual. The exercises are very unusual. In the evening, Mrs. Elsie Rider Smathers will be the soloist. The choir, under the direction of William Gappen, will render two appropriate anthems. The hymns will be those Mother used to sing. A short sermon will be given by the pastor, Rev. Charles O. Mudge. Both services will be bright and attractive.

## MOTHERS' DAY.

I, George S. Sizler, Governor of the State of New Jersey, do hereby direct that the United States flag be displayed on all public buildings in the State on the second Sunday in May, 1935, known as Mother's Day, as a public expression of love and reverence for the homes of our State, and especially for the mothers and other patriotic women therein. I would further urge that in all places of public worship on that day fitting recognition be given to the purpose of that day.

## ELWOOD NOTES "LADIES' NIGHT" AT KIWANIS

The musical given in the Elwood Methodist Episcopal Church under the direction of Professor L. Powell Evans of Atlantic City was a pleasing success.

The members of the quartette from Atlantic City in which Mrs. W. Eldridge Hooper took the soprano, Miss Dorothy Christine Turner, contralto, Mr. Harry Kaufmann, tenor, and Prof. L. Powell Evans the baritone were magnificently rendered with freedom and enthusiasm. Mrs. Eldridge Hooper charmed the audience with her soprano solos which were sung with fine authority in full sweet tones. In the solos rendered by Professor Evans his voice stood out for the power, volume, and richness of quality. The accompanists were Miss Marie Royal and Miss Dorothy Christine Turner. The audience expressed keen appreciation of each number by much applause. The proceeds of the musical were for the benefit of the church.

## Cabaret Dance To Be Given in Myers' Hall under the Auspices of Women's Democratic Club

At the regular meeting of the Women's Democratic Club of Hammonton, plans were made for a "Cabaret Dance" to be given under the auspices of the Club, in Myers Hall on Friday evening, June 1st. It is the plan of this Committee in charge to make this event the largest affair ever of its kind, ever held in Hammonton. Invitations have been sent to both Governor George Sizler and United States Senator Edward I. Edwards, to attend. Many prominent people in both political and social life from Atlantic City and around Trenton are expected to attend. The hall will be elaborately decorated for the occasion and no trouble will be spared to make the evening a success. Music will be furnished by the Original Novelty Five and the catering will be in charge of Joseph Heck, who has handled that end of it very successfully, at former affairs. The committee appointed at the meeting to have charge of the program are: Chairman Miss Dorotia Laugham, Mrs. Hugo Kind, Mr. and Mrs. Byron Davis, Mr. and Mrs. Fred Adler, Mr. and Mrs. Howard Rogers, Mrs. James A. Johnston, Jr., Miss Mina Conkey, Miss Ruth Westcott, and Miss Roberta French.

## WOMEN'S DEMOCRATIC CLUB

appoint Chairman One From Each Precinct Vice chairman, one from each precinct, were appointed at the regular meeting of the Women's Democratic Club, held in the headquarters on Tuesday evening last. Those appointed are: First precinct, Mrs. Hycen Davis; Second precinct, Mrs. Annie Smith; Third precinct, Mrs. Fred Adler; Fourth precinct, Mrs. Mary Conkey. Mrs. Howard Rogers was elected an financial secretary of the Club.

Through the efforts of the Green Mount Cemetery Association and Mr. N. R. Black, who is a member, the Greenmount Cemetery has been greatly beautified by the setting out of some very fine shrubbery, which is a gift from Mr. Black. But few people realize the amount of time and money the members of the association have spent, to make the Cemetery a spot of beauty. Their work and effort is more than worthy of every ones support.

## What's The Matter With Hammonton?

My dear Mr. Editor: I always thought I had some "Not much" but some "get up and get", but I certainly must take a back seat and be outdone by a meek and bashful minister of the gospel, what do you know about that? However as I intended to hand this little talk in for you last issue and did not, I give it to you now for your next issue, in answer to the article in the South Jersey Star of last issue, and written by the celebrated editor, Mr. Delker, in reference to the deplorable conditions of our town and its "riff raff" citizens, young and old. In the first place I take issue with the aforesaid Mr. Delker about our young people. I lived here over thirty eight years and was an observant man all that time; I think I have seen as much of this old world as our celebrated Mr. Delker and am as good a judge of human nature as the aforesaid Mr. Delker and I can say without fear of contradiction, except from the said Mr. Delker that our young people, girls and boys, are no worse, and perhaps are some better than kids of other towns and cities.

"I wonder" if when he wrote the article for his paper, had in mind his own children? They were brought up here under unfavorable circumstances, being deprived for several years of the most precious gift in this world - a dear good mother. "Which is a handicap to any child." "I wonder", I say it he thinks they are any worse for being brought up here? I have known his children for a great many years and I think he should be proud of them all. I know hundreds of children, who were born and raised in Hammonton and also hundreds who were raised in Philadelphia and those of Hammonton compare not only favorably with the city boys and girls but some far surpass them in every way.

I think, as an old citizen of Hammonton that Delker would be ashamed to write such a scurrilous article and thank God we have few who would be guilty of such an act against the people of this town. Dr. J. A. Waas.

## FOREST FIRES BURN 32,000 Acres in Ten Days.

Preliminary reports received by State Firewarden C. P. Wilber of the Department of Conservation and Development indicate that the forest fires which raged in all parts of New Jersey during the last ten days of April burned over an aggregate of approximately 32,000 acres. When it is realized that this area exceeds Essex County in size by about 6,000 acres, some idea of the extent of the devastation may be gained.

Division Firewarden Jos. B. Sharp Jr., of Burlington, in charge of Division C, made up of Atlantic, Camden, Cape May, Cumberland, Gloucester and Salem Counties, reports a total of 18,000 acres burned in 10 serious fires.

Division Firewarden Jos. E. Abbott whose territory, known as Division B, and composed of Burlington, Mercer, Monmouth, and Ocean Counties, and Middlesex County, south of the Raritan River, which includes the great pine areas of central New Jersey, reports the greatest acreage destroyed. While there were only 5 large fires reported from his territory the area destroyed is estimated at 50,000 acres. It is pointed out by forestry officials that because of the inflammable nature of the pine trees, fires there are much harder to control than those in hardwood timber and therefore a larger area is generally destroyed before the flames are brought under control.

"This loss, great though it is, would surely have been even greater had it not been for the tireless efforts of the Division Firewardens and the loyal and efficient work of the township and district wardens with their crews of fire fighters.

Mr. LeRoy E. Green, son-in-law of Rev. Edward A. Rook and secretary of the East Buffalo Railroad Y. M. C. A., in Buffalo, N. Y. spent Thursday at the Baptist Parsonage. Miss Evelyn Rook will accompany Mr. Green to Buffalo where she will enjoy a several weeks visit with her sister Mrs. LeRoy Green.

### Delegates Attend Convention

Federation of Women's Clubs Meet in Atlantic City.  
Mrs. A. J. Rider, Mrs. Wm. Turner and Mrs. Hugo Kind attended the meetings of the Federation of Women's Clubs held in Atlantic City last week. Among the many interesting features of the convention were addresses by the National President, Mrs. Thos. G. Winters, of Minneapolis, on "The Changing World." Governor Silzer. Mr. Proctor Smith, President of the New Jersey State Teachers Association, on The Raising and Distribution of School Monies; The India of Tagore and Kipling given by Dhan Gopal Mukerji a native of India; Better Homes in America by Mrs. Wm. Brown Meloney, Editor of the Defeatist. She advocated that a sample house be furnished in each community to show the better furnishings and household appliances now available. Such an exhibition recently made in Ohio has attracted much attention, although the idea was tried with much success in Colonia, N. J. eighteen years ago.

### WALNUT STREET THEATRE.

The summer musical revue "I'll Say She Is", to be given at the Walnut Street Theatre starting June 4th by Jos. M. Gaites and James P. Scury is well under way in rehearsal in New York and these producers promise to give Philadelphia one of the big surprises of the year. A cast of artists that insure snap, comedy, beauty the last word in dancing and in fact everything that goes to make a great entertainment has been assembled for this production. Heading the cast will be the "Marx Brothers" who are acclaimed the greatest quartette of entertainers ever seen in vaudeville. As comedians, dancers and musicians they have no equal. The leading feminine voice will be that of Marjorie Hudson a graduate of Zeigfeld's Follies and said to be the most beautiful woman on the American stage. Miss Hudson is the possessor of a voice of rare quality, is a comedienne and excellent dancer. Cecelia D'Andrea and Harry Walters, a team that acquired the terpsichorean art in France and Italy and who have been featured at the Comedie Francaise and the Tivoli and Hippodrome in London are among others in the cast as are Fording and Hart classical dancers, Robert Capron the elongated eccentric comedian, Herbert and Baggot, Gertrude O'Connor, Arnold Gluck, Leola Stillier, The Melvin Sisters and others to be announced later.  
The composer of the revue is Tom Johnston who wrote the music for "Up in the Clouds", "Molly Dooling" and other successes while the book and lyrics are by Will B. Johnston, author of "Take It From Me" and other musical plays. A chorus of thirty girls, selected out of several hundred applicants, has been assembled for this revue and the claim is made that has ever been presented here has anything on this group.

## Vocation Day Special Services

Vocation Day was marked in the Presbyterian Church on Sunday night by special services. For the benefit of the young people just choosing their life work and for parents guiding their children to a wise choice Rev. Charles O. Mudge secured four men to speak of different vocations.

Mr. W. B. McDougall spoke of the importance of agriculture to everyone and gave an outline of the advantages and the disadvantages of farming as a career and voiced the belief that the advantages predominated.

Mr. James W. Cottrell speaking of the wide field of business as a career told of the constant effort for better conditions in the business world. Cooperation, better understanding, higher ethics and unselfish work for the good of the community are now the ideas and the practice of the business man and of the journalist.

Dr. H. R. Rarig told of the medical profession. The long term of preparation and the real hardships of active practice were mentioned and the satisfaction of service to fellow men given as the reward of the medical man.

Prof. Rohrbach, supervising principal of the Egg Harbor City Schools advocated the profession of teaching because of the wonderful influence for good possible in right teaching. He gave illustrations of men whose success was easily traced to early training.

Rev. Charles O. Mudge, said that the calling to the ministry must come from an inward feeling and consciousness that this must be one's life work. The importance of the influence of the minister on the spiritual life of others was brought out.

Repair work a speciality.

More than a Million Dollars' worth of New Central Office Equipment will be added to the Bell System in southern New Jersey this year

Its money will be spent for new switchboards, additions to present switchboards, terminal room equipment and a thousand and one other things which go to make up a modern telephone office.

The investment for new equipment will cover every central office in southern New Jersey.

As fast as equipment is received from the factories it is placed into service. Never was the demand for telephone service greater and never in the history of the telephone company were such tremendous amounts of equipment placed in one year.

For Artificial Feeding of Infants, Get Skilled Advice.

The mother who is so unfortunate as to be unable to nurse her baby during the first nine months of its life, has a problem upon which she must bring all her intelligence to bear. She cannot, of course, make cow's milk exactly like mother's milk, but she must do her best to make it suit her baby as well as possible. This she should do with the advice of her doctor or the baby clinic.

It is too big a problem to solve alone, says Dr. Florence Powdermaker, nutrition specialist of the State Agricultural College, who further adds that it is certainly too important to let the well meaning but untrained neighbors or relations solve for you. Your baby deserves the best.

When the doctor or nurse gives the formula - follow it exactly. Do not vary it by even a teaspoon. For the normal baby the mother is usually advised to use cow's milk which she knows is clean and from healthy animals. To this is added a form of sugar - cane sugar, milk sugar, or dextro-maltose - and the whole diluted with water, cereal water or lime water. The proportion of each depends on the age and condition of the baby.

Patent, advertised baby foods and condensed milk should be used only when advised by the physician in a particular case. They frequently make a fat baby; but a fat baby is not the same as a strong, muscular, well-developed baby.

Because Mrs. Next Door neighbor's baby did well on a certain formula proves nothing about your baby. Two babies are not like two pins, or even two dolls turned out by machines and exactly like. Each is a very different and should be treated as such.

Cleanliness First When Preparing The Baby's Bottles.

Even if your baby only gets one bottle a day - or if it gets five - it is of the greatest importance not only that the formula be just suited to him, but that it be prepared in an entirely clean facility.

Everything that comes in contact with the food should be clean - not

just look clean but be clean, that is, free from germs is the advice of Dr. Florence Powdermaker, extension specialist in nutrition, of the New Jersey Agricultural College. In the first place select bottles that have no sharp corners which cannot be cleaned. They should be rounded on the inside. Buy nipples that can be turned inside out and scrubbed with a brush kept for that purpose.

Above all, remember that soap and boiling water are the great purifiers. Wash not only the bottles and nipples in hot suds, but also the mixing pitcher, the measuring glass and spoons, a jar for the nipples and cover for the bottle (if stoppers are used). Rinse in hot water and boil for 5 minutes. After sterilizing be careful not to touch anything on the inside. Don't stand the bottles upside down. Fill them as soon as possible and keep cold until used. Cover with rubberstoppers, sterile cotton wax paper held on with rubber bands. Put the nipples in the sterilized jar for the used nipples.

It is best to have a separate shelf on which all the utensils needed may be kept and not used for any other purpose.

Mrs. Fitting Has Children's Clothing Project at Her Home

Summer Millinery Project Is The Transparent Hat.

The Summer Millinery Project was presented to the demonstration Agents by Mrs. Catherine Griebel at their day's conference last Saturday in New Brunswick.

The women of the counties had been hoping that Mrs. Griebel would make her summer project the transparent hat and their hope is to be realized. Wire brims will be used and the hats made of organdy or dotted swiss this for group work, the women may use other material if they wish for home work.

Any woman who desires may take this work. Mrs. Griebel will be in Mays Landing for a county wide leader group on Tuesday, May 22nd. Following that the project will be given the various communities by Mrs. Norman assisted by the local leader.

Hammonton Ladies Attend State Wide Home Bureau Day At New Brunswick.

Mrs. Charles Fitting, Miss Amanda Wilson, and Mrs. Charles Cunningham, Atlantic County Home Bureau Executive Board members, are among those who will attend Home Bureau Day at New Brunswick, May 11th. This day has been set aside for all County Project Leaders and Home Bureau Executive Board Members from all counties to come together for a full day of enthusiastic interesting and instructive meetings. Attend the Home Bureau business meeting at the Civic Club Hall on Thursday May 17th, and hear the report of this meeting.

The funeral services over the remains of the late W. Wallace Mayberry, who died at his home, First Road, on Friday May 4th, were held on Monday evening May 7th at his late residence. Rev. Charles O. Mudge, pastor of the First Presbyterian Church conducted the services. Interment was made in Northwood Cemetery, Philadelphia, on Tuesday, May 8th at 1 p. m.

Services were also conducted in the Chapel at the Cemetery. Mr. Mayberry who was 65 years old, came to Hammonton from Philadelphia, 15 years ago, on account of his health. He has been in failing health for the last five years.

**EDITORIAL COMMENT**

**The New High School.**

At a special meeting of the Board of Education to be held on Monday, plans for a new High School will be discussed. The Board is already on record as favoring the submission of the question to the voters as soon as possible.

That Hammonon needs more school room is a fact which can easily be proven by a few minutes figuring, or a visit to the schools. More children enter the school each year than leave it.

The only question about which there can be any argument concerns the form of the school, its size, cost, and when it should be built. The Board will try to work out a solution of these problems.

**Daylight Saving.**

The question of time is rather more confused this year than ever before. People generally have adopted a new schedule, but some have moved clocks ahead an hour; others use standard time and do everything an hour earlier. Owing to the situation in Philadelphia, the use of standard time and earlier hours seems less confusing. This conforms to railroad practice.

**Coming Events.**

**TAX BILLS.**

**Chicken Supper**

The Ladies Aid Society of the First Presbyterian Church will serve a chicken supper in the dining room of the church on Friday evening the eighteenth. Supper will be served from 6:30 to 8 o'clock Daylight saving time. The ladies give assurance that the meal will be well worth the price charged.

**Delphian Society**

The regular monthly meeting of the Delphian Literary Society will be held on Monday evening, May 14th, at the home of the Misses Mary and Mina Conkey, Bellevue Avenue, at 8 o'clock.

**High School Play**

"Turning the Trick" will be presented by the Senior Class of the High School in Victor Hall on Friday and Saturday of next week. The cast includes William Petricca, Helen Imhoff, Thomas Youngman, Amelia Rehman, Emma Crawford, George Youngman, Louise Grassi, Burt Strouse, Joseph Rubba, Roberts French, and Charles Jones.

**O. E. S. Play.**

The music for the three act comedy, "Mary's Millions" given in Masonic Hall on Thursday and Friday evenings under the auspices of the Eastern Star, will be furnished by Stinners' Orchestra. After the play on Saturday evening dancing will be continued until midnight.

## For Cross Country or City Driving

From the handsome luggage trunk on the rear to the nicked drum head lamps the Buick four cylinder touring sedan has an air of smartness that is distinctly new in a motor car of its price.

This model combines the rich luxury of the fine closed car with practical every day utility for business and social motoring. Touring is made comfortable by the

luggage facilities the trunk provides and by the broad vision afforded by the wide windows.

Fitted with every convenience for comfort in winter and summer and completely equipped for restful driving and riding, the four cylinder touring sedan is recognized everywhere as an exceptional motor car value.

#### EGGS CHEAP; MANY CAN THEM FOR WINTER USE.

Thousands of Jersey housewives are now "canning" eggs for use next Winter when prices are high. The egg production of farm flocks and the big commercial poultry plants is now at its height and prices, according to the State Bureau of Markets, are probably at the lowest level for the year.

Market officials advise that fresh eggs can be easily and satisfactorily preserved in water glass. For this use, eggs should be purchased at once, the Bureau says, in quantity or cane lots, direct from the farm or poultry plant if possible, or from a dealer handling strictly fresh eggs. These eggs can be used during the winter, when eggs in the market cost at least double the present price.

The State Department of Agriculture gives the following formula for making water glass:

A good method for the preservation of eggs in the use of sodium silicate, or water glass. If the price of sodium silicate is about 30 cents a quart, eggs may be preserved at a cost of approximately 2 cents a dozen. It is not desirable to use the water glass solution a second time. Use 1 quart of sodium silicate to 9 quarts of water that has been boiled and cooled. Place the mixture in a 5-gallon crock or jar. This will be sufficient to preserve 15 dozen eggs and will serve as a guide for the quantity needed to preserve larger numbers of eggs. 1. Select 5-gallon crock, clean thoroughly, scald, and allow to dry. 2. Heat a quantity of water to the boiling point, allow it to cool. 3. When cool, measure 9 quarts into the crock, add 1 quart of sodium silicate, stir thoroughly. 4. Place eggs in solution. If sufficient eggs are not obtainable when the solution is first made, additional eggs

may be added from time to time. Eggs keep at least 2 inches of solution over eggs. 5. Place crock containing the preserved eggs in cool dry place, well covered to prevent evaporation. Waxed paper covered over and tied around the top of the crock will answer this purpose.

Mr. and Mrs. Charles Dilks were tendered a surprise Kitchen Shower at the home of the bride's parents on last Saturday evening. Mrs. Dilks before her marriage, a short time ago was Miss Charlotte Berry, daughter of Mr. and Mrs. Herbert R. Berry of Vine Street. The evening was spent in playing games and dancing. Refreshments were served during the evening. Mr. and Mrs. Dilks will reside in Somers Point as soon as their bungalow, which is now under construction, is finished. Among those present were: Mr. and Mrs. Harry Dilks, Mr. and Mrs. Herbert Berry, Mr. and Mrs. Aaron Bassett, Mr. and Mrs. Alex E. Wetherbee, Mrs. John Praseh, Mrs. Pete Chalk, the Misses Susie Earling, Anna Sooy, Elvira Martin, Nancy Bassett, Marie Foster, Ethel Craig, Elizabeth Ely, Eleanor Barry, Margaret Dilks, the Messrs. Frank Wetherbee, Orrin Berry, Aaron Stimmetts, Luke Sooy, Ed. McNaney, William Dilks, Robert Dilks, and Charles H. Wetherbee.

Mrs. R. B. Hill and son of Bridgeton, are visiting Mrs. Hill's Mother, Mrs. William Burgess on Bellevue Avenue.

A delightful surprise party was tendered Mrs. G. F. Lonz, of Loraino Ohio, by the Ladies Aid Society of the Baptist Church, at the home of Mr. and Mrs. Chas. E. Small, Walnut Street, on Tuesday evening. Mrs. Lonz, always a favorite here, is on for a two weeks visit, after an absence of nearly five years. Refreshments were served after an enjoyable social evening. Those present were: Mr. and Mrs. A. F. Rublack, Mr. and Mrs. Donald Chapman, Mr. and Mrs. Harry Brown, Mr. and Mrs. A. K. Jones, Mr. and Mrs. Myram Wescot, Mr. and Mrs. Adin Wescot, Mr. and Mrs. Chas. E. Small, Rev. E. A. Rook, Mrs. F. A. Lechman, Mrs. Jno. J. Young, Mrs. F. C. Burt, Mrs. Wilbur Menzley, Mrs. Clifford Small, Mrs. Louis Spycen, Mrs. Jno. Praseh, Mrs. G. F. Lonz, Mrs. Harold Lindsay, Mrs. Wm. Miller, Mrs. Wm. Craig, Mrs. Abigail Miller, Mrs. Frank Ransom, Mrs. A. H. Lakue, Mrs. Geo. Strone, Mrs. Len Adams. The Misses Mabel Chapman, Evelyn Rook, Alberta Foster, Florence Foster, Emma Veruler.

It is not too early to place your order for peach labels with the Hammonton Printing Co.

They be added from time to time. Eggs keep at least 2 inches of solution over eggs. 5. Place crock containing the preserved eggs in cool dry place, well covered to prevent evaporation. Waxed paper covered over and tied around the top of the crock will answer this purpose.

### Accommodation

ONE of the purposes of a commercial bank is to extend credit to its customers to the extent of its permissible ability and consistent with the principles of sound banking. THE extension of credit is necessarily founded upon business familiarity, as no reputable bank can do so; until assured of the business habits, character, and responsibility of the person seeking accommodation. A commercial account here is one of the best methods to place us in a position to properly acquaint ourselves with these necessary facts.

### D. A. R. ELECT OFFICERS

Yearly Interesting Talk at Annual Meeting Last Saturday.

Kate Aylesford Chapter D. A. R. held their annual meeting at the home of Mrs. A. J. Rider on Saturday the fifth. Following the report of the officers the Chapter elected officers for the next year. They are Regent, Mrs. A. J. Rider. Vice Regent, Mrs. Samaria Goforth. Corresponding Secretary, Miss Mary Conkey. Recording Secretary, Miss Mildred Tilton. Treasurer, Mrs. Laron Parkhurst. Registrar, Mrs. John Rothfus. Historian, Mrs. Herbert Measley. Librarian, Miss Miriam Wood. Chaplain, Mrs. Wm. Bassett.

The Regent, Mrs. Rider, gave an account of the Continental Congress of the D. A. R. held at Washington. Mrs. Mathias Steelman of Elizabeth, N. J., visited the Chapter and gave a very interesting talk on D. A. R. work. Mrs. Steelman is very active in the Society being an ex-National officer; for many years Chairman of the State Committee of Education of the D. A. R. and during the last administration was National Chairman of the Philippine Scholarship Fund. The income from this fund is used to provide training as a nurse for Filipino girls and was started by D. A. R. members who were living in the Philippines.

### BOARD OF EDUCATION

ADOPTS RULES.

Discuss New High School at Special Meeting

An adjourned meeting of the Board of Education was held in the High School on Monday night. Much of the time was taken up with revision of the rules governing the Board and staff.

The Board had previously adopted a rule that teachers hereafter appointed for positions in the Central Schools must have Normal School or College training or if special teachers, training in institutions giving such special training, and that teachers could be employed in the Suburban schools who have High School education and one year's experience in teaching.

On the question of incorporating this in the revised rules there was much discussion. Mr. Phillips objected to any lower standard for teachers for suburban schools than for Central schools and Mr. Cottrell objected to an arbitrary standard for measuring teaching ability. The rule was included in those adopted by a vote of 4 to 2.

Miss Jennie Santora, who graduates from Normal School this June declined a position offered her by the Board. Miss Leontine Northrop, a teacher of drawing, declined appointment for another year, which had been offered her.

The Board adjourned to meet again on Monday the 14th, at which time the question of a new High School will be discussed.

Mrs. Charles Bates and infant son of Palmyra, are visiting her sister Mrs. H. R. Rarig on Bellevue Ave.

### Unusual Recital

By Presbyterian Choir

An unusual musical was presented in the Presbyterian Church on Friday night by the Choir. It was quite the most informal entertainment of its kind we have had the pleasure of attending. There were no programs and each number was announced by Mr. William Galpen with some side remarks which greatly interested the audience.

Before the first number Mr. Galpen stated that the audience was requested not to applaud. It took, indeed, a strong will and much self control to refrain from applauding the many excellent selections given. The audience did not altogether relish the restraint placed upon them but the jovial mood of Mr. Galpen helped to keep them in good humor. He suggested while hunting for a selection, that music books should be indexed, while singing a long sustained high note if with Mr. Hearing he suddenly asked, "What do you think of that?" The members of the choir had an enjoyable time.

When we found no programs available we decided to get the copy Mr. Galpen had and add to it the notes of the best numbers as they came along. At the end of the recital we found that every number had been noted. We can be informal too.

### THE PROGRAM

## PACKARD

To realize the pronounced advantages of the Packard Fuelizer, the experienced driver has only to make a personal test.

The Packard operates with an amazing smoothness under most adverse conditions, when even the finest of other motors "loads," "chocks" or "backfires."

The Single-Six starts more quickly and easily. It warms up without any manipulation and long wait. It accelerates with summer speed. And always gives three to four miles per gallon better mileage.

These are qualities which belong exclusively to Packard.

Because the Fuelizer is a patented Packard feature.

These are superiorities which the owner of a Packard Single-Six appreciates as basic factors of Packard excellence.

But only when he steps from his Single-Six into any other car, does he realize the full extent of Packard leadership—in smoothness, comfort, ease of handling and economy.
