# COAL FACTS 1921

No. 5.

To those who are hoping for lower prices:

We are in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think further reductions are likely. Present mine wage agreements don't expire until March 31, 1922.

There is much hope of general reduction in freight rates.

If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 15, 20 or even 25 cents after next July 1st.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered no hardship of consequence during the big bituminous coal strike.

We are simply appealing to your common-sense.

You insure your house against fire, don't you? Not because you expect fire

but as a protection in case a fire loss occurs. The best insurance you can buy now is fuel insurance—you don't know what's coming next winter.

The Real Estate interests of New York City recently had a survey made, with a resulting recommendation that coal be bought now, and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says: "Protect yourself at once for all family and factory coal needs."

We say: "Buy your coal now—take reasonable quantities throughout the spring and summer. In this way, you will avoid an excessive demand [like last fall], and a shortage with high prices next winter. Then, if unusual conditions arise in the winter, who can measure the value of the coal already in your cellar?"

Call us up—we'll work with you.

SATURDAY, MAY 21, 1921

There will be a few peaches, and of splendid size. We were glad to notice that the farmers have turned their attention to other crops,—potatoes, tomatoes, cauliflowers, cabbage, etc. While these may not be as profitable as peach growing, they will certainly help out nicely.

Read the Mayor's proclamation in regard to Memorial Day. This is an unusual occasion, the dedication of a monument to both living and dead, and citizens should co-operate, and take the day off.

Wanted, more houses. The need was never greater. One cannot rent now, excepting in a few cases,—they have to buy. To be sure, a few new houses are going up, and buildings remodeled; but there should be at least fifty houses erected each year, right in town, with every convenience.

While it may be practical in the cities, we hear of but few here in the country who favor the proposed daylight saving hours. Unless it is made a national issue, it will be worse than useless. It seems idiotic for every town and city to act on it individually.

We have no objection to harmless boxing bouts, providing they don't bring objectionable crowds; and also providing the youth do not get the habit. But we are inclined to fear that will be the result. The proposition is to have weekly bouts here, and we hope the authorities will act wisely about it.

Good! Milk has taken another drop. Now for other eatables and drinkables.

At the time of the settlement of America uncoffined interments were the rule among the humbler classes. In England "some decent coverings were deemed necessary, but this was all." It is more than probable that many of the pilgrim fathers were thus interred.

As early as 1703, however, we find record of coffins provided for the poor. Roger Williams was buried in a coffin as early as 1683, so that for the past two hundred and fifty years inhumation in coffins may be said to be the custom in this country.

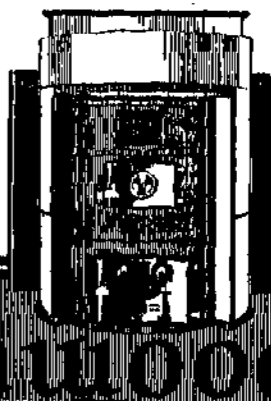

In the memory of the living these coffins were all made by hand by the undertaker, who attempted little more than this for the dead. The labor-saving machinery of the last half-century has transformed the undertaker from a carpenter to a funeral director, for his chief duty is no longer to painfully steam long boards into the sides of a coffin, but to intelligently and scientifically care for the dead. By his skill decomposition can now be held in check at will, for with the means and knowledge at present at his command he may choose the antiseptics best suited to his particular purpose. The American funeral director, as a result, has become the superior of the ancient Egyptian embalmer. How this has been accomplished will be described in subsequent announcements.

My Dry Feet. Notwithstanding the early morning clouds, Saturday brought out a very large, enthusiastic crowd of singers, athletes, and rooters.

Schools were represented throughout the county. The results of the singing contests held in the Methodist Church are as follows: Hammonton High School, first, and Egg Harbor High School, second. Hammonton won the Chamber of Commerce cup for the second time. Egg Harbor has won it once. It is necessary for a school to win three times before it gains possession of the cup.

The singing contest for elementary schools, the judges awarded to Northfield, first; Egg Harbor, second; Ventnor, third; Minotol, fourth and Hammonton, fifth.

In the physical training contests Hammonton won the Physical Training Banner with an average of 92 1/2 per cent.; Egg Harbor, 88 1/2 per cent.; Nesco 74 per cent.; Elwood, 59 1/2 per cent., and Ventnor, 52 1/2 per cent.

Atlantic County Track Meet. Boys' High School: Won by Hammonton with 58 points; Pleasantville second, with 26 points; Egg Harbor 3rd with 2 points.

Hammonton had little trouble in winning the meet, although they were badly handicapped with two of her best men virtually crippled. Captain Monfort, having strained his side badly two days before, in the Inter-class meet, was game enough to enter the 100 dash, and won second honors there; he also ran anchor in the one-mile relay. It looked as though he would not be able to finish the race when he started, but he fought hard and finished a close second to Henry, of Pleasantville.

Youngman was also in bad shape having strained his hip in the Inter-class meet, but nevertheless made a fair showing in the 100 yard dash and relay.

Events: 100 yard Dash—won by Sacco, Hammonton; 2nd Monfort, Hammonton; 3rd Henry, Pleasantville; 4th Youngman, Hammonton. Time 10 4-5 seconds.

Half Mile Run—won by Clark, Pleasantville; 2nd Lake, Pleasantville; 3rd Wertz, Hammonton; 4th Whitney, Hammonton. Time 2 minutes, 16 1/2 seconds.

1 Mile Relay—won by Pleasantville; 2nd Hammonton; 3rd Egg Harbor; Time 4 minutes.

High Jump—won by Scott, Pleasantville; 2nd Heath, Hammonton; 3rd Sacco, Hammonton; 4th Harris, Youngman, Brickman. Height 6 feet, 2 inches.

Broad Jump—won by Sacco, Hammonton; 2nd Heath, Hammonton; 3rd Youngman, Hammonton; 4th Brickman, Egg Harbor. Distance 19 feet, 4 inches.

Shot Put—won by Algeier, Hammonton; 2nd Jochims, Pleasantville; 3rd Henry, Pleasantville; 4th Lumm—Hammonton. Distance 34 feet, 11 inches.

Base Ball Throw—won by C. Smith, Hammonton; 2nd Heath, 3rd Jacobs, Hammonton; 4th Henry, Pleasantville. Distance 288 feet.

Chinning Bar—won by McMiching, Hammonton; 2nd Lerner, Hammonton; 3rd Buckman, Pleasantville; 4th Wood, Hammonton. Number of times 19.

Girls' High School—won by Hammonton, 28 points; 2nd M.ys Landing, 18 points; 3rd Egg Harbor, 8 points.

Fannie Montgomery, of Hammonton, was the individual star, winning four 1st places and running anchor on the Relay team which also won.

Boys' Grammar School—won by Egg Harbor, 30 points; Hammonton, 23 points; Northfield, 15 points; Buena 11 points.

Girls' Grammar School—Three tied for 1st place, Buena Vista, Mays Landing and Ventnor, all scoring 11 points. Hammonton, 8 points; Barnegatown, 2 points; and Egg Harbor 1 point.

# BUICK

## Beating the Southern Pacific's Fastest Limited

The kind of going Buick encountered may be deduced from this picture of a rear wheel of the Buick at one stage of the trip.

The Shasta Limited is the fastest train traveling over the 751 miles of magnificent track between San Francisco and Portland.

But Buick clipped 44 minutes off the best time ever made by this train.

A stock 1921 Buick Coupe on January 7th and 8th performed this remarkable feat. Conquering frozen roads and mud holes, winding mountain roads and rocky canyons, Buick once again demonstrated its characteristic inbuilt power, endurance and reliability.

The time of 29 hours, 16 minutes has never been equalled in a trip on land between these two Pacific Coast cities.

### Lightning Can't Strike if Shinn Gets There First

It has been proven for twenty years, by the experience of thousands of protected buildings all over America, during the most severe electrical storms—that Lightning cannot destroy a building protected by Shinn-Flat Lightning Rods.

### Shinn-Flat Lightning Rod Prevents Losses

They are distinctive in design—woven in a flat form—with 36% greater capacity for carrying electricity than old-fashioned rods. All authorities agree that this is the best form of Lightning Rod—the safest and best, also the most attractive and the least conspicuous.

Ask for a copy of the Book on Shinn-Flat, explaining the Cause and Control of Lightning—Free.

## ON THE SCREEN

### Palace Theatre To-Night.

Will Rogers, "Honest Hutch."

Homely Bill Rogers has been called the "Abraham Lincoln of the screen," and in many ways he lives up to the reputation. Homely well, Mrs. Rogers knows, for when she wants to punish any of the little Rodgerses she makes them sit down and study a minypte of Daddy Bill in his go-to-meeting clothes for five long minutes. Does it? well, ask the kids. But whe it comes to good, clean acting, with the punch and the big heart pull, the kind that mixes in with the fairy dreams of the little folks, and forms a golden hue for the retrospective of the silver haired matrons, Bill Rogers is the beloved of all.

Chester Comedy, "Torcheys Double Triumph."

Doors open 5.45, for continuous showing. Admission 20c.

### Program for Week of May 23rd.

We have an exceptional bill to offer for this week's entertainment, beginning the week at the Palace with Buck Jones and the initial episode of our Jungle serial, "The Son of Tarzan," and closing the week with our universal favorite, Tom Mix, in "The Hornet's Nest." For Friday's special we have the laughing adventurous hero Richard Barthelmess in David Wark Griffith's super-production, "The Love Flower," from the Collier's Weekly story "Black Beach," by Ralph Stock. We are making an innovation at our Eagle Theatre on Tuesday by introducing four acts of Vaudeville, called vod-a-vill movies, embracing "Trolley Car Duo," "Fox and Fozey Circus," "Lesere and Lesere," "Specialty and "Leoras" the great sensational acrobat. Price of admission unchanged—Come early and make sure of securing a seat.

MONDAY:—Buck Jones, — "Get Your Man."

Initial Episode, — — — "Son of Tarzan."

TUESDAY:—Paul Capaloni, "Infatuation of Youth"

Fox News, Bray Pictograph.

WEDNESDAY:—Alice Brady,—"The New York Idea."

Century Comedy, — — — "Seein is Believin"

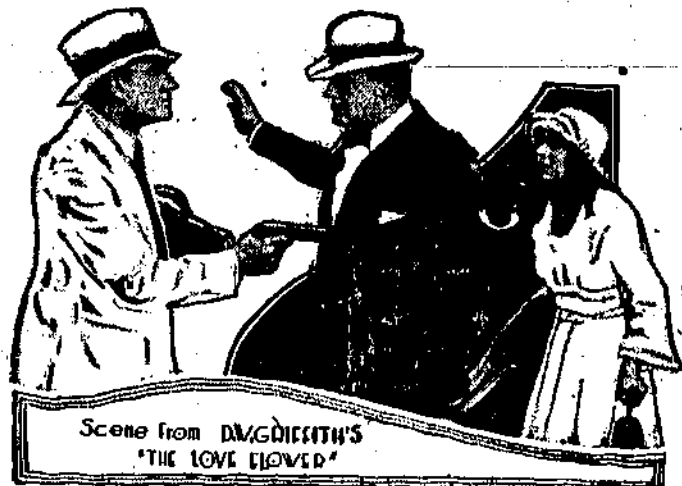

THURSDAY:—Edith Roberts, — "Unknown Wife."

Episode No. 12, — — — "Double Adventure."

FRIDAY Special:—Richard Barthelmess, "The Love Flower."

This is a D. W. Griffith production, from one of the sweetest stories ever told. It has an appeal for young and old alike. It is a picture for the entire family. Admission 20c.

Rolin Comedy, — — — "Bubbling Over."

Scene from D.W. GRIFFITH'S "THE LOVE FLOWER"

SATURDAY:—Tom Mix, — "The Hornets' Nest."

This is Tom Mix's latest release, and all critics agree it is so full of thrills and action that the film itself grows restless when not in use. Rather than disappoint so many of the little folks who can't come to a later show, we have decided to open our doors for this day at 3 o'clock. Admission to first show 17c, thereafter 20c.

Clyde Cook Comedy, — — — "Don't Tickle"

### Eagle Theatre To-night

Bert Lytell, — "Misleading Lady."

To those who are not familiar with this star a treat is in store. He can crowd more action into a little 6x8 room than you could ever hope to see at a good old fashioned Irish wake. Don't fail to see him.

TUESDAY:—All star cast, "Palace of Darkened Windows."

She wanted to see what the inside of a harem looked like. She saw—and so can you.

SATURDAY:—Mabel Normand, "What Happened to Rosa."

After you are able to catch your breath you will be wondering—"What didn't happen." It's a scream.

Chester Comedy, — — — "One Best Pet."

### THE U. S. ROYAL CORD

A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season. The stripe around the sidewall is registered as a trade-mark in the U. S. Patent Office.

## How you can measure tire value in 1921 —

"Any U. S. Tire is a universal full money's worth."

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hard-pan car owner who sticks year in and year out to a standard brand as the only rational economy.

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the

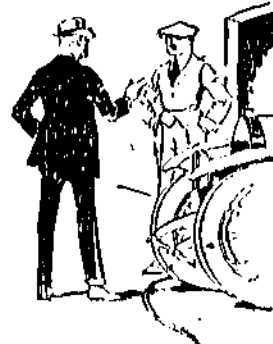

country to another to "find a market."

There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

"The different tire views that come out in a chance talk."
