Italian Immigration.

We often hear opinions against the Italian immigration that is setting to wards our shores; and right here in Hammonton there are those of this opinion. This is all nonsense. All people are against bad immigrants, and the question is not one of nationality. Good immigrants are always welcome. In New Orleans we find great complaint, and justly, against the Italian immigrants, and serious trouble arose there not long ago. In Chile, conversing with the head of a Chile wholesale house, he said; "The Italians are the best immigrants we have. We are not afraid to give them credit, they pay prompt and keep their word, and are to be commended all around." Now, if bad people come from Italy it is because the government is bad, and the Italian leaves there because of oppression. The Italian loves Italy, and I don't blame him,—it is a beautiful country, and if the same social and political freedom were to be established there as here, there would be thousands of them return; and I don't know that I might not feel like joining them. Now, Americans pretend to sympathize with those who flee from oppression, and if they knew the bitter iron heel that is upon Italy's neck, they would be proud of the poor Italian who flees from the sunny country he loves, and comes here to try to make a man of himself. In America we ought to recognize the man and not the nationality. **Burbs wrote:**

The rank is but the guinea stamp,
The man's a man for a' that.

And we can change it, "The race is but the guinea stamp, the man's the man for a' that."

I am "down on" bad Americans, or on bad men,—their nationality is a secondary matter.

Yours for Justice,
GEO. D. COLEMAN.

MR. EDITOR.—I would respectfully ask, through the columns of your paper, why the Council gave instructions to have the trees cut, trimmed, or maimed, on Main Road in front of my place; and the cutting, trimming, and maiming done under the personal supervision of one of the members of Council. And such cutting, trimming, and maiming was done in direct opposition and verbal protest, in the presence of said member of Council and other witnesses. I ask in all faith, honesty, and justice why these trees should be thus mutilated, while others on the same line are not molested. It is my highest aim and ambition to be a good loyal citizen, and I am perfectly willing to take my medicine as a good reasonable patient should; but when they think that I will take any and all kinds mildly and never make a grimace, it is a mistake. I make no threats; all I ask is a square deal.
Respectfully, **ALEX. H. SUTTON.**

Some people often wonder when dishonesty prospers more than honesty. It works harder.

A kicker is generally a man who is not engaged in any business of his own. Diversity of opinion should never breed hatred; it does though.

An honest error is not to be ridiculed.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now, and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy, troubled with dizzy spells, Electric Bitters is the medicine you need. Health and strength are guaranteed by its use. Large bottles only 50 cents, at Croft's.

While at Peekskill, N. Y., Mr. J. A. Scriben, a prominent manufacturer of New York City, purchased a bottle of Chamberlain's Cough Remedy. Such good results were obtained from its use that he sent back to the druggist from whom he had obtained it for two bottles more of the same. When you have a cough or cold give this preparation a fair trial, and like Mr. Scriben you'll want it again when in need of such a medicine. It is a remedy of great worth and merit. 25 and 50 cent bottles sold by druggists.

SATURDAY, JUNE 8, 1895.

Of course we cannot expect to have all things as we would like to have them. We were sincere in desiring the re-election of Prof. Salisbury as Principal of our schools, and did what we could to secure that desired legislation; but we were defeated—no matter how, it is past, beyond recall, and need only be remembered for future action. We shall drop the subject for the present.

List of uncollected letters in the Hamonton Post-Office, on Saturday, June 8th, 1895:

Mrs. Barney, Mrs. Geo. Gago, James T. Smith, A. C. Jackson, Carroll Nesbit, Marie Martin, Claspindo di Genaro.

Persons calling for any of the above letters will please state that it has been advertised.

JOHN T. FRANKS, P. M.

Train time changed on Wednesday last week. Reading, up-trains leave Hamonton station at 6:10, 7:30 (exp.) 9:00 and 9:37 (exp.) a.m., at 3:59 (exp.) and 5:20 p.m. Down trains at 9:10 a.m., 3:49 (exp.), 5:50 (exp.), 7:00 and 7:57 p.m. On the C. & A., up-trains at 6:05, 7:25, 9:40 (exp.) a.m., 3:43 p.m. Down trains, 6:00 (exp.), and 9:25 a.m., 5:38, and 5:45 (exp.) p.m.

During Monday night's storm lightning struck the spire of the M. E. Church, near its apex, loosened and scattered shingles in its downward course, but seemingly did not enter the building, preferring a leap to the ground by the way of a fence post, which it shattered. Pastor Wagg and three of his male members were at work in the building at the time, but knew nothing of the catastrophe until the next morning.

Judge Alfred Reed, of the Supreme Court, was Tuesday appointed Vice Chancellor to succeed Robt. S. Green, deceased. Judge Reed's term on the Supreme bench would have expired next year and he probably reasoned that it would be safer to accept a seven-year appointment as Vice Chancellor, at \$3000 per year, than to take the chances of being retained in his present office by a Republican Governor. However that may be, the appointment is universally recognized as a good one.—W. J. Press.

Rev. G. D. Coleman, wife and two children, of Concepcion, Chile, arrived in town this week. It is Mr. Coleman's first visit to the United States, in twenty years, and it is Mrs. Coleman's first visit.—Her little ones, a boy and a girl, four and three years old, speak both Spanish and English. Mrs. Coleman speaks French, German, Russian, Spanish and English. They will make Hamonton their home, living on the York place, Thirtieth St. Mr. Coleman is styled, by a Hamonton enthusiast, a typical American.

Miss Mary Jenison, of Main Road, had a most pleasing surprise on the evening of Decoration Day—in being the anniversary of her birthday—by the assemblage of some of her young friends, led by Mr. and Mrs. W. P. Keyser and daughters. There were present among others, Miss Alice Slack, Master Saul, Slack, Keyser, and Alexander, who came loaded with many nice gifts for the young Miss thus honored. A very enjoyable evening was the result. Mr. Keyser furnished the music. Master Fred. Sutton seemed to enjoy himself, although a recent newcomer.

Hamonton shared in the storm of Monday night. Clouds of an intense blackness gathered rapidly, about eight o'clock, the wind blew a gale, lightning flashed brilliantly—even frightfully—thunder rolled and crashed, rain fell in torrents, and (in places) hail rattled on the window panes as though about to force an entrance. In two hours' time, two inches of rain fell. It was one of the most terrific storms on record. Many fences were leveled, vegetation battered, limbs broken from trees, small buildings overturned, and guinea worn by the surplus water on every down grade.

While in Topeka last March, E. T. Barber, a prominent newspaper man of La Lygo, Kan., was taken with cholera morbus very severely. The clerk at the hotel where he was stopping happened to have a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and gave him three doses, which relieved him and he thinks saved his life. Every family should keep this remedy in their home at all times. No one can tell how soon it may be needed. It costs but a trifle, and may be the means of saving much suffering and perhaps the life of some member of the family. 25 and 50 cent bottles for sale by druggists.

The Tuesday evening meeting of the Board of Education was as harmonious as a church social. Indeed, the President called it a "Quaker meeting," but there was too much talk for that. All were present except Mrs. Beverage. Dr. North moved that Mr. Krebs be "Supervising Principal of all the schools of Hamonton." This was discussed favorably by all, and unanimously adopted. Dr. North then moved to consider the resolution adopted by the public meeting of last week, in regard to the course of study. There seemed to be no real opposition to re-adopting the independent course; but the question was made a special order for the July meeting.—County Superintendent and Supervising Principal to be present and take part in the discussion. The fact is patent to all thinkers that, having succeeded in deposing Prof. Salisbury, the disturbing element in the Board is graciously willing to yield in all minor points,—hence the apparent harmony.

Miss Julia Magruder, whose story of "The Princess Souta," in the Century is attracting such favorable comment, has given her new novel to *The Ladies' Home Journal*. It is called "The Violet" and deals with the question of second marriage. Mr. C. D. Gibson, the illustrator, is making a series of pictures for the novel.

A good character, good habits and industry are impregnable to the assaults of all the ill luck that fools ever dreamed of.

He that cannot forgive others breaks the bridge over which he must pass himself; for every man has need to be forgiven.

Be like a glass and draw the sunshine of happiness; then let it shine through you upon others.

I have two little grandchildren who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and it acts like a charm. I earnestly recommend it for children with bowel complaint. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach. One-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my household work. Mrs. W. L. Danagan, Bon-aqua, Hickman Co., Tenn. For sale by druggists.

A Household Treasure.
D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house, and his family has always found the very best results follow its use; that he would not be without it if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and so long used? Trial bottles free at Croft's pharmacy.

Bucklen's Arnica Salve.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, itchy, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. The Artisans Order of Mutual Protection had a fine time on Tuesday evening. FOR SALE.—20 acre farm on Eleventh St., with 8-room house, barn, etc. Address: JAMES EVANS, Cor. Arvete and Del. Aves., Atlantic City.

A physician known to all of us, whose skill is undoubted, says there will eventually be a large number of sufferers from kidney complaints in town unless bicyclers abandon their sloping position in riding, and learn to use their machines with discretion. One can overdo in work or play, and bring on incurable disease by indiscreet use of a health-giving wheel.

Pasquale Ranero, whose serious injury he recorded last week, died early on Saturday morning, not having recovered the consciousness since the accident. Funeral services were held on Sunday afternoon in St. Joseph's (R. C.) Church, attended by a large number of people of all nationalities residing here. Seventy carriages were in line on leaving the church. Mr. Ranero was one of our best Italian citizens, industrious, progressive,—honorable in his dealings, and consequently prosperous. His sudden taking-off was a shock to the whole community for he was loved and respected him.
