Down in the neighborhood of Seventh Street and Weymouth Road, near Lake's cranberry meadows, and from there over toward D. M. Ballard's bog, a large section of land and swamp has always been known as "Indian Town," and relics have frequently been found there,—arrow-heads and stone hatchets, etc. This week the story came out that George Wolford, who lives on the Elwood road, and was cutting cedar, had found, last week, a prize in the swamp,—an Indian canoe in a fair state of preservation. It had been cut or burned out from a solid tree trunk, and must have lain buried in the water and mud for ages. The local reporters for city papers "got on" to the story Tuesday night, and such a bustling as ensued is seldom seen among country scribblers. Consequently, the next morning's papers had glowing accounts of the find—fact, fancy, and imaginings intermingled,—with scare-heads and all; and such a breeze as blew from the lungs of a couple of the fraternity who supposed they had a "scoop." Every other one had "stolen" his information, each said, and used it dishonorably; this the others denied accesssfully, and threats and counter threats were thrown out unatintedly. All on account of a rotten old boat hulk, which some dead and gone Injun tied to a tree and forgot to call for.

The second shuffleboard tournament of the H. A. A., held in their hall on Wednesday evening, developed some surprises. Cordery, the winner of the first tournament, being defeated by Treat, who in turn was beaten in the final round by Slack. Some of the games were very close and exciting, notably those between Messrs. Prescott and Cottrell in the first round, Prescott and Bieling in the second round, and Cordery and Treat in the third. The third was one abounding in skillful plays, and excited the enthusiasm of the spectators to a high pitch. The following is a summary of the games:

First Round.—  
A O Prescott 21, D Cottrell 18  
H Smith 23, C E Fowler 11

Geo. W. Swank, Jr., sold a horse to Lucien Fairchild, for part cash and note for twenty dollars, due Aug. 10th next. Lucien sold the horse to Edw. Fisher, of Folsom. On Sunday, June 7th,—so goes the story told in court—George, hearing that Lucien had some money, went to the house of John Sharp ("Jack of Clubs") they used to call him) at Folsom, where Lucien was staying, called him out, and there, back of the house, demanded payment of the twenty dollars. Lucien said, "I don't owe you anything until August 10th,—then I'll pay you." Loud and angry voices were soon heard. Mrs. Fisher stepped out and saw George strike Lucien twice, and threaten further damage which she prevented. She saw George with a handful of money, which Lucien says George took from his pocket during the scuffle, but George says Lucien gave it to him. George was arrested on the charges of assault and battery and robbery, had a hearing before Justice Atkinson on Tuesday, and was held in \$300 bail to appear at Court next September. Complainant and witness were also held. Now, suppose we all suspend judgment until both sides have a chance to testify.

If the town owned a heavy land roller, that mly section of Bellevue Avenue between Second Street and the railroad could be rolled until the new gravel was "wring out," as a wash-woman wrings garments, and the road left in good working shape. We need such a roller.

**BASE BALL.**

**HAMMONTON VS. KENSINGTON.**  
Once more nine buoyant ball players from Kensington visited our local team, and once more they returned beaten. The ratio of last Saturday's score—4-8—is the same as last year—7-14, with the same battery.

The visitors played a pretty good game, making less errors than our boys, but were lacking at the bat. Brown showed up in good style, striking out thirteen and allowing but four hits and five bases on balls. Hedrick made an unusually large number of put-outs, and in return, was punished by being hit six or seven times with the ball, making him feel rather rheumatic. Bakely's muff at the outset of the game helped the visitors' score; but he atoned for this later, with a three-base hit and great running catch of West's foul in the seventh. Luderitz did very little except fan out at the bat, but did some pretty good fielding, catching Esswein's sky-scraper in the second inning, and mittened White's chances in the ninth. Geppert surprised himself at short, making good stops of sizzling grass mowers. The visitors' innings were largely studies in Black and White. Strange to say, the Black shading gave a much brighter prospect to their picture than the White.

Kensington went to bat first. A fumble, a hit, and a miss play netted the visitors two runs for a good beginning. In our half, Naylor reached first on balls, and came in on Hedrick's two base drive to right field. Hedrick tallied on Bakely's single to left, and, on a series of errors, Bakely kept on trotting around, regardless of the fact that the ball passed him several times, until he made the score 3-2. In the second and third innings both teams were retired nearly in the one, two, three order. In the fourth, Hunter and McCaughey were sent to 1st on balls, and the former tied the score on a bad throw to 3rd. Naylor found their weak spot in left field, and scored on an error. Hedrick was hit by the ball, took his 1st and came in on Brown's drive to left. Then Bakely sent out his three bagger, bringing in Brown; but was himself stranded on 3rd. In the next, Watt sent thro' the left fielder and came in on Conley's drive to center. Naylor sent a beaut to left, bringing in Conley. Hunter was given his 1st on balls in the sixth, and attempting to steal 3rd he pushed Cunningham out of his way, so that the ball was missed and Hunter scored. This was the end of run making.

### McKinley & Hobart

The St. Louis Convention did good work this week. The platform adopted is, as Republican platforms usually are, clean-cut, strong, unmistakable in its declarations in favor of protection, sound money, and the Monroe doctrine. On these topics we shall have more to say during the next few months.

The nominees we endorse heartily. Mr. McKinley stands for all that is desirable in a President of these United States. Well trained in public life, fully posted in all matters pertaining to tariff, finance, and our foreign relations, he will enter upon his new duties, next March, without embarrassment, and possessing the confidence of his people.

Garrett A. Hobart, our candidate for Vice-President, is a worthy associate for Mr. McKinley. A worker in Republican ranks, well known, universally esteemed, an ex-President of our State Senate, he will bring to the duties of his new position the experience thus gained.

Owing to the severe storm last Sunday, the "Children's Day" program prepared by the Methodist, Baptist and Universalist Sunday Schools was postponed until tomorrow. At the Presbyterian Church, the special exercises were held Sunday evening, as previously announced.

The Italian who was arrested as owner of that vicious dog that bit a lady two weeks ago, proved to be the wrong man. The real owner appeared before Squire Atkinson, voluntarily, stated that the dog got loose during his absence from home, but he shot him as soon as he returned. There will probably be nothing more done about it.

Last Saturday night brought us a flood,—or rather, there was enough water to make a flood if we had a water way to carry it. A high wind accompanied the rain, together causing considerable damage to fruit and shade trees. Corn and growing plants bowed to the earth, and required human aid to resume the perpendicular. Rain continued nearly all day Sunday.

Rev. W. S. Jenagan, a native of Armenia, addressed congregations in the Presbyterian and Baptist Churches last Sunday, interesting all who heard him. He is working in the interest of homes which have been established for the widows and orphans of Armenians murdered by the Turks. Information regarding contributions can be had from Pastors Randall and Killian.

### A PATENT PEACH CARRIER OR CRATE.

The long-felt want for something better than a tottering small bottomed basket for shipping Peaches in, has been found at last, in the shape of a crate that holds two baskets. This carrier has a spring bottom, like a truck-board, that prevents fruit from being bruised in transit,—on wagon or cart, on the way to market. It is light, but very strong, and insures a return package. The cover is hinged on, which saves the annoyance of tying or wiring covers on baskets. Price complete, \$1.50 per 100. Baskets for outside, \$3.50 per 100. Sample can be seen at Brown & Co.'s store. For sale by JOHN SULLIVAN, Agt.

President Cleveland is said to have declared that he would vote for McKinley on a gold platform sooner than for the Democratic nominee on a silver one. If he does it will be the most sensible vote he ever cast—much more sensible than his vote of 1892.

To have made a clear discovery of the faults and defects of your character is to have taken the first step toward correction.

In seeking Christ, go as far as you know the way, and he will meet you there.

Bad habits are as infectious by example as the plague itself is by contact. Conscience is the voice of the soul; the passions are the voice of the body.

The devil is in partnership with the man who does all his work with his mouth.

Cheap money means cheap labor, cheap men and a cheap country.

How blessings brighten as they take their flight.

With a man it is a motive. With a dog it is a bone.

The sure way to miss success is to miss the opportunity.

Whoever follows Christ will be sure to lead somebody else.

No good can be lost on earth that will not be found in heaven.

A life of pleasure makes even the strongest frivolous at last.

The shadow of a trouble is generally blacker than the trouble itself.

Your boy won't live a month.

So Mr. Gimna Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had lung trouble, following typhoid malarial, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying, "Your boy won't live a month."

Dr. King's New Discovery, and a few bottles, restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at Croft's Pharmacy.
