HAMMONTON, N. J., SATURDAY, JUNE 25, 1921

No. 26

One-half of 1921 has passed.

Miss Ina Blake spent the week-end with her brother.

Ellis Aaron and family will spend a month in Atlantic City.

W. L. Black is spending his vacation in Maine, as usual.

C. H. Sparks, from Delanco, is visiting his son, on Vine Street.

Misses Louise and Helena Farrar spent a fortnight with local relatives.

Dr. Pollard will be at Dr. Crowell's on Sunday, the 26th, between 10.30 a. m. and 2.00 p. m.

Harry H. Mills, of Palmyra, is spending his vacation at the home of his sister, Mrs. A. C. Clemens.

F. C. Dudley and son Allan, and his sister, Miss Adelia, are spending their vacation with a sister in New York State.

Mrs. Clara Brown and daughter Ruth, will leave early Tuesday morning to spend their vacation on a farm near Bedford Springs, Pa.

Volunteer Fire Company adopted the recommendation of its committee, and will make an ideal social room of its hall for the use of its members.

The regular monthly meeting of the Women's Home Missionary Society of the M. E. Church will be held at the home of Mrs. Davenport on Tuesday, June 28, at 3 o'clock.

At the invitation of the American Legion, representatives of the various organizations met in Town Hall last evening, to formulate plans for the celebration of Independence Day.

Two fires were recorded this past week. On Saturday afternoon, the rear roof of Raleigh Hotel took fire, probably from the passing locomotives. It was quickly extinguished. Then on Tuesday, rubbish took fire on the dump, nearly, opposite the park.

At Town Council's meeting, on Wednesday evening, the Board of Assessors resigned, as they threatened to do at the last meeting. Council also adopted the sewer extension ordinance, at Third and Fairview, published in another column.

Dr. Louis I. Helfand, a graduate of the School of Veterinary Medicine of the University of Pennsylvania, and the Agricultural College of Ohio State University, has returned to Hammonton to resume the practice of veterinary medicine.

Several business changes have and are taking place within one block, the past month. Hardly had John Helzer been settled in his new corner, under Anderson's, when the announcement came that R. L. Ruberton had purchased Jackson's market business and equipment. Following this, Couver & Son decided to move into the corner, where Helzer moved out. Other changes are being considered.

Wanted, for Murder.

County Detective Ellis H. Parker of Mount Holly, has issued a photographic circular, advertising for Lewis Lively, alias Carson, alias Brown, who is wanted for the murder of little Matilda Russo, of Moorestown, on June 4th. Various photos and finger prints can be seen at the Republican office. A reward of five hundred dollars has been offered for his arrest and conviction.

IMPORTANT NOTICE.

Owing to the excessive amount of water used for sprinkling purposes, it has become necessary to issue a warning to those who have so indulged that unless a material reduction is promptly noted that the Water Commission will be compelled to take drastic action to ensure a reasonable quantity of water in the standpipe for fire and other emergencies. The Commission trusts that this notice will produce a beneficial effect and that it will not be necessary to take drastic measures to compel those who are abusing the sprinkling privilege to cease from so doing.

Sprinkling period is from 6.00 to 8.00 a. m., and 6.00 to 9.00 p. m.

Hammonton Water Commission

The New Boulevard.

Next Wednesday, the celebration of the opening, or the christening, of the new road from Camden to Atlantic, will take place. Inasmuch as it is the finest road in the State, notwithstanding the raw deal handed Hammonton by the state engineers, everyone will doubtless attend and take part on this occasion.

Starting from Absecon at eleven o'clock, in automobiles, the committees, their friends, and others, will make for Hammonton. Here they will be met by the Mayor and Town Council, and addresses made, following words of welcome by Mayor Cunningham. Band music will be provided.

With as many automobiles from Hammonton as will join them, they will then proceed to Egg Harbor, for lunch, arriving there about two o'clock. A grand stand will be erected, a band will entertain with several selections, and a play staged for the screen, on the new highway.—a fitting meeting-place for Wm. Penn and Miss Atlantic City. There will be more speeches, by state and county officials, and other interesting ceremonies.

All owners of automobiles are urged to participate in the parade; and the committees assure all of a good time. Those living along the road will, of course, use an abundance of decorations.

At the time of the settlement of America unconfined interments were the rule among the humbler classes.

As early as 1703, however, we find record of coffins provided for the poor.

In the memory of the living these coffins were all made by hand by the undertaker, who attempted little more than this for the dead.

There is a bad spot on Bellevue Ave. in front of the fire house, which if not repaired, may cause serious accidents.

July Fourth is near at hand, and already we hear bands practicing and fire crackers booming.

Early potatoes are being plowed up, and berries drying up, on account of the very dry weather.

We regret to record the passing to other hands of one of the oldest stands in Hamonton, the Jackson Market.

In our article last week, we did not intend to discourage honest criticism; but for our own protection, we must ask those who address us to sign their names.

That dump opposite Mrs. Margath's property, on Egg Harbor Road, is becoming a menace to health, as well as to the eye.

Daylight Saving?

The biggest blunder ever perpetrated on the American people. The very name is a lie, a camouflage.

The Almighty made the Sun to furnish light by day and the moon by night.

Farmers and working people have always been able to use daylight as the Lord gave it to them without monkeying with the clock.

A dentist was frank enough to admit that he could not get his patients to make an engagement for 8 o'clock, but push the clock ahead, and call it nine o'clock, and they accepted the dope and were happy.

Probably two-thirds of the people are annoyed and inconvenienced by the foolishness of monkeying with the clocks.

If Legislatures have their ears to the ground, they will make such fakes unlawful.

The excessive heat of the past few days, with every indication of a continuation, makes it imperative that we move to our summer quarters, therefore on Monday, July 4th, the Eagle Theatre will be opened to the public every night in the week, Sundays excepted, of course, and the Palace Theatre will be open on Saturdays only at 5:45. Serials and entire service will be transferred to Eagle Theatre until further notice. On account of the daylight saving plan we have decided to open the Eagle Theatre at 8 o'clock each night, and screen the feature and comedy or serial the first show, and screen the feature only for the second show. This plan we believe will enable all our patrons to see a complete show, after attending to their household and other duties. Any suggestions, however, will be gladly welcomed, and be given careful consideration.

Program for Week of June 27th.

MONDAY:—Pearl White, — "Beyond Price."
Episode Six, "Son of Tarzan."

This is a Pearl White super-production, and acclaimed by the critics to be "her one best bet". It is full of romance, thrills, suspense and a strange admixture of love, doubt and hatred. You will like it.

TUESDAY:—June Caprice (Marguerite Courtat, "Rogues and Romance," and George B. Seitz.)

He buys her pretty clothes, but when he asks her to be his she repulses him. Angered, the artist marks her on the breast with a knife. Complications which fairly enthral, with a happy ending make this wonderful little star most lovable.

The Atlantic County Board of Agriculture, in co-operation with J. B. Bamford, of the State Department of Agriculture, has secured Sunday express service to New York City from Hammonton. This service will be operated over the Pennsylvania Railroad, and will leave Hammonton about 4 p. m. daylight saving time. This question of service was brought to the Board of Agriculture's attention by W. J. Slack, local committeeman. This is what co-operation does.

AN ORDINANCE.

An Ordinance providing for the extension of the sanitary sewer on Third Street from Cottage Avenue to Fairview Avenue, thence along Fairview Avenue in a northeasterly direction, in the Town of Hammonton, Atlantic County, New Jersey, and providing that such extension shall be undertaken as a local improvement with assessment of benefits.

Section 1. Be it ordained by the Town of Hammonton in Council assembled, that the sanitary sewer shall be extended under and along Third Street in a northeasterly direction from its present termination on Third Street at Cottage Avenue to Fairview Avenue; thence under and along Fairview Avenue in a northeasterly direction to a point distant about 200 feet from the center line of Third Street, in accordance with the plan approved by Town Council.

Section 2. And be it ordained that the extension of said sewer as aforesaid shall be undertaken as a local improvement.

Section 3. And be it further ordained that the cost of such extension of said sewer shall be paid for in the first instance by the issuance of temporary improvement notes which shall mature in not exceeding one year from their date, and shall bear interest at not exceeding six per centum per annum, and which said notes may from time to time be renewed by the issuance of new notes of such maturity and rate of interest as the Town Council in its wisdom may determine.

Section 4. And be it further ordained that upon the completion of the work of extending said sewer there shall be assessed upon such land or real estate as may be benefitted by said improvement such portion or expense as will equal the amount of benefits actually acquired by such land or real estate in the manner as now provided by law. Said assessment of benefits shall be used for the payment or retirement of the temporary improvement notes which may be issued as hereinbefore provided. If the benefits so assessed shall not equal the cost and expense of the improvement, or shall be insufficient to fully pay or retire the said temporary improvement notes, then the balance shall be paid by the Town at large.

Section 5. And be it further ordained that this ordinance shall take effect immediately.

Signed,
CHAS. CUNNINGHAM, Mayor.

New Jersey Must Look Out or Be Burnt Out.

State Firewarden C. P. Wilber states that the unusual period of dry weather now prevailing has created a serious state-wide forest fire hazard. Fires have become numerous, and many of them have gotten to serious size before they could be controlled, because of the drought and high winds. Greater care than ever is urged upon smokers when in or near the woods, and special caution is given against all use of fire for brush or rubbish disposal, for camping or for any other purpose, until general rain relieves the situation. If the drought continues and fires keep up, it will become necessary to issue instructions to all firewardens to stop issuing permits, thereby stopping all use of fire, until the weather conditions make its use more safe. Everybody, residents and transients, are urged to pass by no fires in the woodlands without calling the attention of some responsible person to its presence, or being assured that the firewardens are at work on it.

Under fire control the forests of New Jersey are improving in every way. An appeal to the public on their behalf is now made.
