HAMMONTON, N. J.

New Canned Lobster is now in, and for fine quality and care in packing cannot be excelled. Only choicest of the fish are packed. Put up in paper-lined one-pound tins, either tall or flat, very desirable for salads or to serve plain. We warrant every can.

Tall Cans, 22 cents.
Flat Cans, 25 cents.

Dunham's Shred Coconut is, without exception, the finest article of its kind now on this market. Always sweet, fresh, and ready for immediate use. Elegant for cake or pie. Quarter pound packages, 8 cents.

Oh, the Flies! how they do bother us! Sure relief is secured by using "Tanglefoot" Sticky Fly Paper,—two sheets for 5 cents. 25 double sheets, with Holder, for 50 cents. If you object to the sticky paper, we have "Dutcher's Lightning Fly Killer." Simply fold a piece of the prepared paper, place in a saucer, and cover with water; set the dish where flies are most troublesome, and you will be surprised how soon you will be rid of the pests.

Fly Fiend—for horses—is certainly the greatest discovery of the age. Simply brush your horse or other animal lightly with the preparation, and the flies will not trouble them in the least for several hours. Two applications a day sufficient.

Fly Traps—for those who have a prejudice against fly paper of any kind. We think we have the best, and at an extremely low price,—16 cents each.

Have you tried "Germea" yet? No! Well, you are missing a good thing. This hot weather it is delicious for breakfast, and very quickly and easily prepared. A two-pound package for 15 cents.

Another summer article of diet which has become very popular is CRYSTAL RICE. These days you don't care for much fire about the house. The great advantage of using this Crystal Rice is that it requires no cooking. Serve it as you buy it, with milk and sugar. 5 cents per pound.

"Columbia" apartment of Mixed Mustard. The advantage of it is, you have almost any kind of a package desired, there being twelve different styles of packages in the apartment. Ready mixed for the table. 10 c. each, your choice of style.

New Cheese now in, but quality never finer. We reduce the price to 10 cents.

Sardines are seasonable goods. Very nice for picnic parties. We quote domestic, in oil, quarter-pound tins, at 5 cents; in mustard, 6 cents; imported, in oil, 15 cents.

Egg Macaroni, served with tomatoes, makes an elegant dish. One pound packages at 14 cents.

"Belle" Condensed Milk is rapidly taking the place of all other brands of like goods. The finest article for the price we ever offered for sale. Full weight cans at 10 cents, and every can warranted.

We still handle those justly popular "Quaker City" Hams. The present railroad conditions have forced the price up a little, but you can depend on the quality being the same. Either whole half or sliced. We make no quotations. Cause why? We think it best not to.

We still have plenty of Quart Berry Baskets, which we still hold at old figures.—\$3.40. Crate Separators, \$1.75 per 100. Grape Baskets, \$3.50 per 100. Carriers, 15 cents each.

Let us have your order for any or all of the above.

New Black Grass is now in. Also, a car of choice Mixed Fresh Hay, which we quote at 85 cents per 100 pounds, small bales. Special price on half-ton or ton lots.

Road Committee and others reported certain pieces of roads in very bad condition. Overseer instructed to repair.

Light committee presented bids for building two cisterns,—D. M. Ballard, \$133 each; James Smith, \$126 each. Contract awarded to Mr. Smith,—work to be begun at once.

Ordinance Committee introduced an ordinance requiring lights and bells on bicycles, and regulating speed. Laid over under the law, until the next meeting.

Marshal asked instructions as to enforcing ordinance forbidding riding on sidewalks. Ordered to enforce the law.

Question as to the resolution instructing its enforcement only within one-half mile of the Post-office, the sentiment appeared to be in favor of forbidding vehicles on the sidewalk anywhere in town; but no action was taken.

Mr. Schmickel, by his son, asked damages for injuries to person caused by bad condition of road at intersection of Second Road and Eleventh Street. Question whether Second Road was there an accepted street, undecided. Laid over for future consideration. Adjourned.

MR. EDITOR:—The following items are compiled from a letter handed me by Mr. P. H. Jacobs. An outfit for a canning factory, of say 3000 to 5000 cans per day costs not over \$500. The cans and labels cost much less than they can be made for here, though even this part of the business should not be overlooked by any means. The letter says, "These small fruit and vegetable factories are often run without one skilled man. The estimated cost above stated does not, of course, include the building, but that could easily be obtained. The letter gives a list of the articles needed, which could be bought for \$428. Much of the list is "Greek" to me, but evidently means business.

I will say this, however, on my own hook,—Get one such canning factory under way here, and a dozen or more would naturally follow in the course of five years. There is no better place in the United States for such an industry. There is a pile of money in it for both operatives and our fruit and vegetable culturists. Mr. Jacobs wishes to subscribe for the first shares of stock in the first factory.

Look out for an early call for a meeting to talk it up.
WM. RUTHERFORD.

PROPOSALS will be received by the Atlantic County Almshouse Committee, until Friday, June 29th, 1894, at 10 o'clock A. M., for the erection of an eight or ten foot wind-mill over the rear entrance to the Almshouse. Tower to be 50 feet high, and contain a 1000 gallon cedar tank. The mill to connect with one of the wells already on the premises. Piping to be 1 1/2 inch galvanized. Committee will meet at Almshouse on the above date, to examine plans and specifications. The right is reserved to reject any or all bids. Address proposals care Almshouse Steward, S. M. Landing, N. J., and endorse on each "Bids for Windmill." JAMES B. TOWNSEND, JOHN T. IRVING, JOSEPH H. BORTON, Almshouse Committee.

Democratic congressional nominations are cheaper than ever before, but the demand for them is only perceptible in spots.

During the administration of President Harrison \$234,009,864 of the public debt was paid off. During the first third of Cleveland's administration the national debt has been increased \$50,000,000 and the gold reserve is now at a lower mark than it was when the bonds for that amount were issued. At this rate Mr. Cleveland will add to the debt double the amount that Mr. Harrison paid off—a sort of financiering which the people do not fancy.

The country will soon know how strong a "pull" the sugar trust has on the Democrats of the House.

Every charge made by those newspaper correspondents in connection with the sugar trust scandal has been proven but the Senate has not requested the U. S. District Attorney to enter a *nol. pros.*

When anarchists are treated like smallpox patients the assassination of officials will be less frequent.

Why will men persist in butting their heads against the stone walls? Not one of the great railway strikes of the past can be pointed to as a success for the strikers.

SATURDAY, JULY 7, 1894.

Bicycle riders now constitute a large portion of our population—there now being upwards of two hundred wheels in town. Naturally, any action which bids fair to abridge the rights or privileges of riders attracts the whole community. Several years ago, when only high wheels were known here, Council passed an ordinance forbidding riding on the sidewalks. Later, they passed a resolution, instructing the Marshal to enforce this ordinance only within one-half mile of the Post Office, in every direction, which would include most of the closely-built district. Circumstances brought up agitation last week, and on Monday it was reported that Council had rescinded their resolution, and ordered a strict enforcement of the law. This was not true, but it prompted the circulation of a petition, asking Council to repeal the original ordinance and pass a new one, in which bicycle riders shall have use of the sidewalks under what we believe to be safe restrictions, and under heavy penalties in case of violations of its provisions or should the rider prove careless; also requiring lights and bells, and regulating speed. We believe Council will grant the petition if it is properly presented. There are but few roads in Town (out side of the thickly settled section) where a bicycle can be used. For example, see Third Street, from Central Avenue to Peach Street; or the whole length of First Road; and the very general use of these convenient and health-promoting vehicles demands that they shall be recognized.

D. B. BERRY, for the past two years with one of the best oculists of Boston, will be in Hammoncton and vicinity for a short time. People needing glasses, or wishing to have their eyes scientifically examined, should call on him at the store of Mr. E. Woolley, on Saturday of each week. Or write him a postal card, and he will call at your house.

A change of time-table on the Atlantic City R.R. took effect June 29. Down trains: accommodations at 9:19 a. m., 5:51 and 7:52 p. m.; express 11:34 a. m., 3:49 and 5:47 p. m. Sundays; up at 8:04 a. m., 5:37, 5:55, and 10:09 p. m. Down, 9:35 a. m., 6:02 p. m.

THE FOURTH.

It was a dry day in one sense, but not in the way of enjoyment. At nine o'clock, a. m., the school bell rang, and a little company from the Junior Mechanics and Grand Army marched to the school-house, and found quite a company gathered. Our grand "old glory" was raised to the peak of the new flag-staff, three cheers were given, and the people scattered. Not a song or a speech had been prepared, which was a disappointment.

There was the usual clatter and bang from daylight till midnight,—the small boy and his relatives enjoying it all with great heartiness. About eleven o'clock fun began at the Park with a potato picking match, Louis Allendar winning first prize, Willie Simons second, Harry Simons third. Lily Allendar won the swimming match, with Louis a good second. The tub race was as funny as ever, Lily Allendar reaching the goal first, with Louis second.

One hundred yards foot-race resulted in victory for Louis Colwell, Ed. Thayer second, Willie Small third. The wheelbarrow race, the boys all blindfolded, caused much amusement. Louis Allendar reached the line first, Bertie King second, Willie Small third.

About three o'clock came the bicycle races, on our excellent half-mile track, as follows:

One mile novice,—O. C. Lippencott first, in 2:54; Alfred Patten second, 2:55; Harry Monfort third, 2:58.

1:20 class club, half-mile,—A. K. Bernshouse first, in 1:10; Edw. Cordery, 1:11; Fred Seymour, 1:18. Second heat, Cordery first, in 1:22; Bernshouse second, 1:23; Seymour, third, 1:24.

Half-mile, 1:25 class. Walter Ellis, first, in 1:18; Nat. Black, close second; Harry Monfort, third. Second heat, Ellis, in 1:19; Black, in 1:21; Monfort, 1:24.

Half-mile, boys. Howard Monfort first; Parker Treat, Clarence Browning, Second heat, Browning, Monfort, Treat; Third heat, Monfort, Treat, Browning.

Half-mile free to all. O. C. Lippencott first in 1:17; Englehart (Egg Harbor City) second, in 1:18 2/5; Alf. Patten third, 1:20. Second heat, Lippencott, in 1:19; Englehart, 1:19 4/5; Patten, 1:21.

One mile club championship. Cordery, in 2:45; Bernshouse, 2:49; Ellis, 2:50.

Two mile competition. Cordery, in 5:51; Bernshouse, 5:54; Seymour, 5:54.

Ladies' competition—not a race—decided as to points of gracefulness by vote of ladies on the grand stand. Mrs. Millie Monfort, first; Miss Dora Moore, second; Miss Jennie Whitmore, third; Mrs. Dr. Waas, fourth; Mrs. Maggie Jackson, fifth.

Half-mile invitation handicap. Patten, first; Nicolai, second; Lippencott, third.

Five-mile competition. A. K. Bernshouse first, 14:34; Nat. Black second, 15:10.

Messrs. Cordery, Ellis and Seymour were "handed" (that is rubbed-down and looked after) by Mr. Wm. Meschick, Jr., formerly with the Manhattan Athletic Club of New York, and now stopping with friends at Egg Harbor.

By his advice, Cordery did not start in the handicap and five-mile races, owing to his exhausted condition and considerable bleeding at the nose.

It was altogether a most enjoyable celebration of our Independence Day. May there be many happy returns.

Don't be swindled by short term orders. We have in Hammoncton the Artisans' Order of Mutual Protection, twenty years old, which pays sick benefits and \$1000 at death. Mr. A. B. Davis will give you full particulars. Two more members were received at last meeting.

Pastor Killian has been granted a two-weeks' vacation, which he will spend with his parents, in Pennsylvania. There will be no service in the Baptist Church to-morrow. Sunday School at 12:00 o'clock. Junior at 3:00 and C. E. at 6:30 o'clock.

Miss Daisy P. Smith of 4130 Westminster Place, who was graduated at the High School, will leave shortly for the East, where she will spend the summer visiting relatives.—St. Louis Globe-Democrat.

Miss Smith will spend the summer in the family of her uncle H. E. Mack, Hammoncton.

Wm. Rutherford, Commissioner of Deeds, Notary Public, Real Estate and Insurance, Hammoncton, N. J.

Dry, hot, dusty—all the week.

The New Jersey State Teachers' Association, and the National Educational Association are in session at Asbury Park from July 6th to 12th. Prof. R. E. Sallabury, Principal of the Hammoncton School, is a member of the Association on "Educational Progress," and will attend the meeting next week. Mark Pressy will also be present.

More work and better pay, not more holidays is what is needed. Congress, do you hear.

Suppose the Democratic Congress and administration have taken away the employment of 10 per cent. of the country's wage-workers and reduced by an average of 25 per cent. the earnings of those who still have work, haven't they made ample amends by making Labor Day a holiday?

It is much easier to say that 250,000 persons died in the United States last year from preventable diseases, as the doctors do, than it is to produce the preventive in each case.

When it isn't a trust it is a syndicate (merely a change of name) that controls every act of the Democrats in Congress.

No wonder Tammany is strong. It absolutely controls an army of 15,000 officials and its disbursements have in a single year exceeded \$88,000,000. But strong as it is, there are grounds for the belief that its downfall is near.

Speaker Crisp says he is satisfied with the legislation of this session of Congress. Dime museum managers should not overlook the chance to exhibit this freak. The only man of his kind.

Quay and McPherson must feel awful lonesome in the Senate since they acknowledged having speculated in sugar stock.

A SMALL DOCTOR BILL.—Fifty cents is a small doctor bill, but that is all it will cost you to cure any ordinary case of rheumatism if you use Chamberlain's Pain Balm. Try it, and you will be surprised at the prompt relief it affords. The first application will quiet the pain. 50 cent bottles for sale by A. W. Cochran, druggist.

HE KNEW ITS WORTH.—Dr. J. M. Davis is a prominent physician of Lewis, Cass County, Iowa, and has been actively engaged in the practice of medicine for the past thirty five years. On the 26th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Colic, Cholera, and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he bought a 25 cent bottle, two doses from which completely cured him. The excitement and change of water and diet incident to traveling often produce diarrhoea. Every one should procure a bottle of this Remedy before leaving home. For sale by Cochran, druggist.
