No. 29

Newslets.

Miss Bertha E. Miller was among the visitors the past week.

Dr. Pollard will be at Dr. Crowell's office Sunday, July 16. Hours 10 to 3 to 2.

The Civic Club Thimble Bee will meet next Thursday at 3 p. m. in the Club House.

Joe Prosper, of Vineland, a former town policeman, was seen at the carnival this week.

Samuel E. Cook, brother of Mrs. C. A. Leonard, died at his home in Newark, N. J., July 6th.

All are glad to see the fountain on again. Justice-Burdick got on the job, and the plumber did the rest.

Dr. H. L. Harley will be at his father's home, 115 N. Third St., this Sunday, July 16. Hours 11.00 a. m. to 3 p. m.

Edward Baker and daughter entertained friends from Yardley; Mrs. Sams and her son, they have returned home after a pleasant visit.

Mr. and Mrs. D. B. Berry, with their son Edmund and daughter Miss Helen, made brief call on a number of their friends here last Sunday.

W. J. Bradley and family started for Los Angeles, Cal., Tuesday morning. They have many warm friends in Hammonton who regret their departure.

In another column will be found a fish advertisement. The proprietors have a large, roomy dining car on wheels, as clean and white as anybody's kitchen.

The Wahanka group of Camp Fire girls will have a stand, Monday July 17th, on the grounds of the residence of Chas Slack on Third Street. Will have lemonade, cake, candy half-smokes and rolls for sale.

Mike Messina, whom the town assisted in various ways, including an operation on the eyes, will be sent to a blind home to learn one of its trades, that he may be self-supporting. The family will be otherwise provided for.

The Boy Scouts wish to announce that they will run a refreshment stand on Saturday and Monday, at the corner of Third and Pleasant Streets, for the purpose of raising funds to pay the expenses of a week at Camp Treasure Island.

The Poultry Raisers' Association will meet on Tuesday, July 18th, in Civic Club Hall, at 8.30 p. m. Attend and arrange to go on the Annual County Poultry Tour—this year to Toms River and Lakewood on Thursday, July 20th inst.

H. M. Carrell, Sec'y.

Mrs. Theodore Baker, mother of the Baker Brothers, passed away on Wednesday, at Lansdown, Pa. She had not been well for many months, and her death was not unlooked for. Mrs. Baker was beloved by all who knew her, and the family have the sympathy of very many friends. Funeral service this morning at 10.30.

A surprise farewell reception was tendered Mr. and Mrs. Wm. J. Bradley, Monday evening, in Civic Club Hall. Dancing, games, etc., were indulged in, followed by refreshments. James Cottrell, in a few well chosen words, presented them a large thermos bottle for use on the trip across the barren desert. "Bill" responded, expressing appreciation of the many friends in Hammonton, and regret at leaving a community of such warm hearted folks.

July Sixteenth.

As has been recorded each week, the Italian Society will celebrate on Saturday and Monday as usual, Our Lady of Mount Carmel Day.

While the Grand Parade will take place on Monday afternoon, those will be band concerts on Saturday, and fireworks on both that evening and Monday evening.

Special trains, autos and wagons will hurry many thousands of visitors here from every town around.

Town Council.

Five members responded to roll call at Wednesday's session of the City Fathers.

Highway Committee reported that the walk to Park, also retaining wall, were about completed.

Complaint was made that certain unimproved streets were encroaching on private properties. Referred to Highway Committee.

Clerk reported receipts of licenses, etc., as \$122.48.

Fire Chief reported five fires during the month.

Petition was read, asking for water mains on Line Street, also for fire plugs. Referred to Water Commission.

Protest was read, complaining about the yelping dog nuisance.

By vote, the collector's list of uncollectable taxes for 1919, 20 and 21, were abated. The total was about \$2000.

Resolutions were adopted, authorizing the following:

Appointment of a Delinquent Tax Collector.

Temporary improvement note.

The paying of one-half of the State and County School tax, amounting to \$40,188.78.

The paying of the balance of the emergency note, given for the payment of the new gate at water plant was ordered.

The Carnival.

Billy Clark's Broadway Shows arrived in Hammonton on Sunday night, occupying an entire train of cars, also a score or more of horse drawn wagons. On arriving on the lot, they found it far too small, and the Walter lot was obtained. It is composed of about thirty-five different forms of amusement and stunts; a very large affair, and provides entertainment for everybody.

To be sure there were some concessions that might better have been left out. One was the "Devil's Garden," and consisted of an oriental dancer. This was not deemed proper by the firemen's committee, and it was closed up on Wednesday evening. The next evening, on pledge that certain objectionable features would be eliminated, it was re-opened. The sentiment, however, was against its doing business, and it was probably closed for good last evening.

This afternoon and to-night, and all day Monday, it will do a huge business, weather permitting. The firemen are always on the grounds, and take up the tickets at the various attractions.

Excellent order has been maintained, owing to the local authorities, ably seconded by the State Police.

Base Ball News.

The local ball club will again bring before the public the strong U. C. I. team. Upon their last appearance here we were compelled to withdraw the exhibition on account of rain. The United Gas makers are regarded as a well-balanced ball club, and should give a good account of themselves today.

The home lads sure are hitting that old pill, and a few homers are witnessed each game, a delightful sight for the rooters to gaze upon. Last Saturday the local battery stood the Navy boys on their heads and then bombarded their main battery. Three home runs were witnessed; the Navy boys two, and Billie Heath's drive to deep right. This one hit the Navy below the water line, and all was over.

On Monday, the 17th, there will be two games, a. m. and p. m., in which our boys will oppose the Medford nine, of the Burlington County League. This is one of the strongest teams in south Jersey. Montgomery and Batchelor will be reserved as pitchers. The boys are in the best of condition, and should receive hearty support.

The sign of one-quality tires

The Goodrich dealer's sign does not mean one thing about one tire and something else about another. It means the same thing about every Goodrich tire—one quality only.

You can buy the Goodrich "55" clincher fabric 30 x 3 1/2 for your light car, or the famous Goodrich Silvertown Cord in any size—and be certain that you are getting one quality only in material and workmanship. And you make your purchase on the basis of Goodrich fair list prices, which means that you are getting full value in tire and in service.

Buy your tires, tubes and accessories where you see this Goodrich dealer's sign. It means satisfaction in every transaction.

There is a Big Rush coming

LAST year, when the first sign of cold weather appeared, there was such a rush for ARCOLA—the wonderful new hot-water heating system, that there weren't enough ARCOLAS to go around. Many of our good customers were disappointed. Right now, before that rush starts, is the time to let us install ARCOLA. Right now, we have more time, and we can install ARCOLA with a radiator in each room, so that you will be ready for the first cold snap.

You will save much by ordering ARCOLA now

The figures given below are for the average home and will give you an idea of the low cost of ARCOLA, completely installed, to heat:

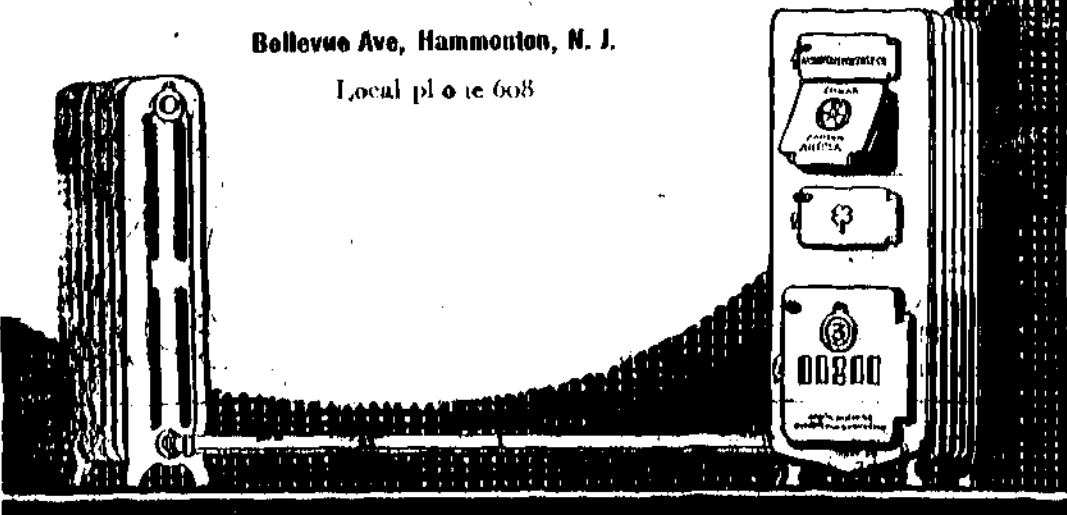

- 3 Rooms ARCOLA with 2 radiators **\$ 185**
- 4 Rooms ARCOLA with 3 radiators **\$ 250**
- 5 Rooms ARCOLA with 4 radiators **\$ 310**
- 6 Rooms ARCOLA with 5 radiators **\$ 375**

DO YOUR SAVINGS EQUAL THE AVERAGE?

According to Government reports, one person in every ten in the United States has a savings-bank account, with an average balance of about \$440.00.

How much money have you saved? Does your savings-bank balance equal the average?

Or are you, one of the nine-tenths who have no account—and no money saved?

If you are one of the latter, we invite you to join the 1125 people who are depositing their savings with us. We are here to help you—if you will let us.

We are continually asked, what's the difference in ready-mixed paints, as they all look about the same when you open the can and apparently look alike when applied?

To cheapen the cost of paints the manufacturers work in adulterations such as: barytes, silica, calcium, carbonate, linseed oil, water and benzine, cheap tinting colors.

These paints are under different labels than their own. The weight of paint does not necessarily measure its quality.

To pay more than we ask for our best paint you are being overcharged; if you pay less you are getting a paint of inferior quality.

SATURDAY, JULY 15, 1922.

Good; the fountain is on again. But don't park your car within ten feet of it or the cop'll get you.

The receipts for taxes at the Collector's office indicate that money is getting more free. We are sincerely glad of it, for that was altogether too scarce a thing in Hammonton for a year past.

The recent heavy rains have proven that the storm sewer and ditch are far too small. Something must be done soon to take care of the floods at Second and Pleasant and Bellevue and Fourth Streets.

Another indication that the town is growing is the fact that one hundred dollars were received, the past month, for water house connections.

The Mayor treated his official body (and one or two others), on Wednesday, to ice cream, which was highly appreciated, for the weather was intensely warm.

All firemen should, when paying their taxes, mention the fact that they are firemen, and entitled to the exemption as provided by law. Otherwise, in the hurry at the collector's office, they may not think to look at the list of men entitled to exemption.

Peaches, of the finest quality and size, are being shipped in large quantities. It is gratifying to note this, and that prices are keeping up good.

The widening of Bellevue Avenue, from the railroad to Third Street, is an improvement that must come sooner or later. The present Council will probably start it, and we believe business men will see the wisdom of the move, and co-operate heartily.

We wish to call attention to the Town Report, as published this week and next, in the Republican.

Live Egg Factory Owners' Tour.

County Agricultural Agent Arthur R. Eldred calls the attention of all the members of the various county Poultry Associations as well as those not members to the Official Poultry Tour to be made into Burlington and Ocean Counties on Thursday, July 20th, rain or shine, and desires that every one who is a breeder of fancy or utility stock that can make it possible should come. The members of the Dorothy Association and those from that and the Mays Landing district are requested to assemble at the Court House, Mays Landing at 8.30 a. m., Daylight Saving Time so as to meet with the Egg Harbor Association and the poultry friends of that section at the White Horse Pike and Philadelphia Ave., Warker's Hotel corner.

The several Camden Associations and the Hammonton Association will make a start from their headquarters in time so as to join the cavalcade at Egg Harbor in time for a nine o'clock start prompt from that City, going thence by way of German's to Port Republic.

The Linwood Association and their friends as well as fanciers from Atlantic City, Absecon and the Shore District, will leave Absecon at 9 a. m. over the New York boulevard heading for Port Republic where they will fall in with the Dorothy, Camden, Hammonton and Egg Harbor contingents and then continue on as outlined in the County Agent's letter to the members of the County Agricultural Society as well as to the different Poultry Associations.

Some of the largest poultry plants in the State are in this district to be visited and Mr. Eldred promises revelations both in poultry-raising and in housing that will be advantageous to fanciers and egg farmers in this section.

Both are Buick

One has Four Cylinders—the other has Six

The Buick nameplate on the radiator of a car is the mark of merit. Whether the car has four cylinders or six is of secondary importance. The vital fact is that it's a Buick.

The new Buick Four is the ideal automobile for the motorist requiring a light economical car, yet having all the speed, power and sturdiness of larger and costlier cars.

The Buick Six, perfectly appointed, with all the flexibility and smoothness of the six cylinder car at its best, has earned its position among motor cars as the Standard of Comparison.

Both the Buick Four and the Buick Six have the famous Valve-in-Head motor, the same important chassis units, the same handsome body lines. Both are the product of the Buick organization with all its resources, its engineering talent, its wealth of ripe experience.

Choosing between the Four and the Six is simply a matter of size and price. Both are Buick.

Firestone

GUM-DIPPED CORDS

-and Their High Mileage Records

The high mileage records of Firestone Cords continue to emphasize the fact that Firestone methods are different and better. These records, steadily increasing in number and in mileage totals, justify the Firestone contention that there is one best way to build tires.

Among the primary sources of Firestone extra mileage is double gum-dipping—the saturation of the cord plies in a vat of liquid gum—thus coating each cord and virtually eliminating internal heat and friction.

Another is Firestone air bag curing, with its 200 pound pressure, which places every cord accurately and equalizes the tension.

By blending the rubbers of different plantations and types, and by tempering it before mixing, Firestone men add still more mileage.

Many cord tires are good—a few are better—Firestone users say one is best.

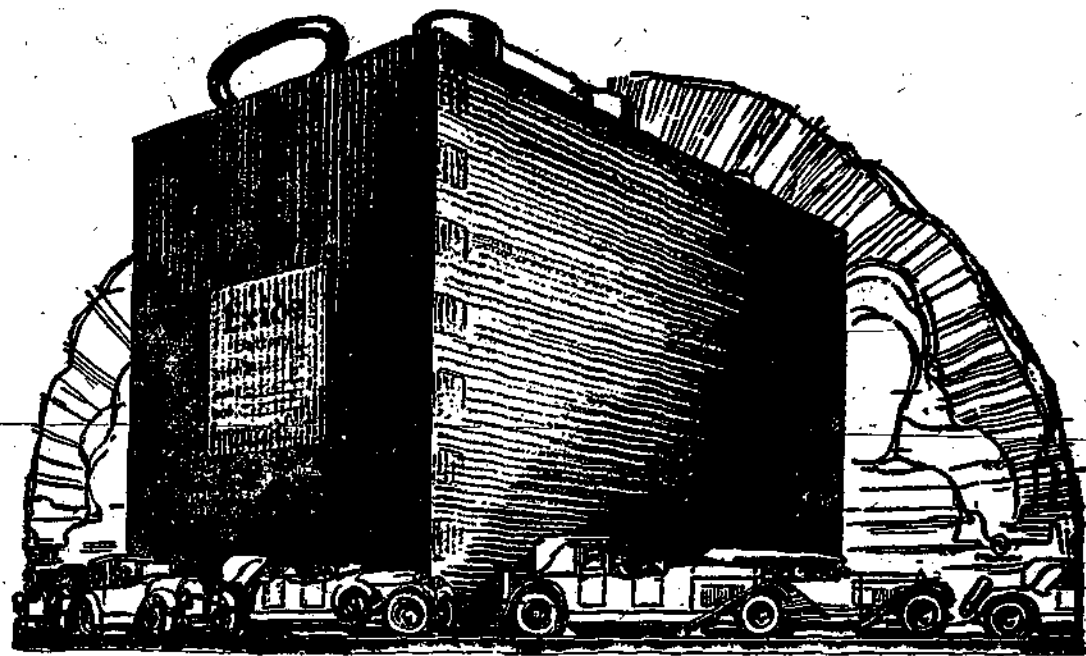

Those who have already experienced Firestone mileage, have stopped shopping and experimenting—they have made these cords standard equipment. Investigate your friends' success with Firestone Cords—and buy your next tire accordingly. Come in and get your share of extra mileage.

The Clinging Vine

By R. RAY BAKER. G. 1922, by McClure Newspaper Syndicate.

Jim Reynolds was in a quandary, and it was because he loved a girl. The quandary arose from the fact that she was not of the type of modern woman he always had admired...

Jim admired the capable, practical, striding, self-reliant type of girl who can stand up to a man and read him the 'riot act'...

He was a bachelor of thirty, not versed in the ways of the fair, and not particularly interested. He was assistant manager of the Wells Electric Pump company...

But as Jim was neither a zoopad, porch-climber, nor masher, he never came in contact with such an admirable person. The berthiboned, dimpled, fluffy-haired girl who played engineer to typewriters in the pump office...

Jim fought against it, but to no avail. He was not master of his own destiny. Mazie was to all appearances

'Good Gracious!' a soft, fluffy, velvety, clinging vine, but also she was pink-cheeked, graceful, snitly and altogether charming.

Against his better judgment, Jim just couldn't help taking Mazie to lunch occasionally, and once he over-stepped all bounds of reason and entertained her at a theater.

Hence the quandary. Jim's heart said, 'Marry Mazie,' and his common sense, bolstered by that long-moribund desire for a capable, self-reliant mate, said: 'Have a care; she's a clinging vine.'

Of course, he did not know that he could marry Mazie, but he believed she cured for him. Indeed, they were 'quite chummy,' and twice Jim had been on the point of proposing...

Along came a two-week's vacation, and Jim decided the opportunity was at hand to escape the clutches of the clinging vine. He went fishing with a friend, dressed in old clothes, smoked strong tobacco, and had a rough rest.

SENT TO DEATH BY GIRL'S LIE

Minister Kills Himself Because Parishioners Reject His Explanation of Child's Story.

PEOPLE MAKE THREATS. Pastor Leaves Note Declaring His 'Innocence Before God' of the Charges Made—Accusers Too Late in Believing Him.

MASS HILL, Me.—This community, nestling in the foothills of Mars mountains, is stunned by the knowledge that Rev. Charles E. Carlton, who recently committed suicide, following charges made by a hysterical girl of thirteen, was driven to his death an innocent man.

Incident at the Church. The pastor volunteered to find a child. He inquired for a boy at a nearby home. The lad's sister offered to go instead.

She became hysterical, began to weep, and despite his efforts refused to calm herself. In this condition she ran to her home. There she blurted out a story of having been sweet into the arms of the pastor.

He decided his only escape was an explanation, but how could he explain while this woman held a gun against him and threatened to pull the trigger if he offered to break silence?

'Mother McCrea,' as she is called in this community, is a member of the church. The child's story didn't sound right to 'Mother' McCrea. It was too com-plexing. She counseled the parents and neighbors to wait until after Easter before they made such ridiculous charges.

The next call was at the Carlton home. Here the pastor was startled by agitated voices outside. His protests were of no avail. They swept aside his explanations.

MARRIES Sister's Divorced Husband. Campbell Bluffs, in Grace Smith, thirty-two years old, recently was married to Roy T. Hall, from whom her sister, Barbara Smith, was divorced in April. The wedding was a secret.

HIDES IN TRUNK; ESCAPES FROM MOB

Sheriff's Ruse Saves Accused Slayer From Lynching at Hands of Excited Crowd.

NORFOLK, Neb.—With his prisoner concealed in a trunk in the baggage car, Sheriff Heenan, evaded three threatening crowds and delivered Walter Simmons, held in connection with the murder of Frank Paul, thirty-five years old of this city, to the jail at Gregory, S. D.

Following Simmons' arrest here crowds began to gather and his transfer to Butte, Neb., was planned as a safety measure. Word was received, however, that large numbers of persons, reaching almost mob proportions, had congregated at several railway

stations along the route and Sheriff Heenan altered his plans, taking the prisoner through to Gregory. A crowd stormed the train at Spencer and again at Anoka and Fairfax and searched the coaches for the prisoner, but the sheriff's ruse of having Simmons secreted in a trunk was successful.

Paul, an automobile dealer here, was murdered and his body pitched over a bridge into a creek, near Brilow, according to the verdict of the coroner's jury. The body was found by one of several possees that had been scouring the territory for two days.

Simmons is said to have admitted to officers that he abandoned Paul's automobile near Spencer, Neb., where a searching party found it, blood-stained.

He denies all knowledge of the manner in which Paul met his death.
