BOARD OF TRADE.

Nine members were all that turned out, Tuesday night; but it was one of the longest meetings held.

A letter was then read from one of the assessors in regard to taxation, which showed that they had misunderstood the Board's propositions on the subject. The Board was not finding fault, but merely wished to assist in equalizing taxation on properties in different locations, realizing the almost impossible task of pleasing everybody. No action was taken, but a discussion was indulged in. The subject will come up again at the September meeting.

Quite a debate was raised in regard to exorbitant insurance rates.

A communication was received from the Vineland Grape Juice Company, to whom large quantities of Hammonton grapes are sent, stating that they might locate here if business would warrant. As they would require 250 tons of grapes per year, the letter was filed.

Mineral spring committee reported that Dr. McLaughlin, of Princeton, had made an analysis of five gallons sent, but had allowed it to stand so long before testing that the carbonic acid gas escaped, allowing the iron to precipitate; hence a very incomplete analysis. Voted, that Dr. Peet communicate with Dr. McLaughlin, asking him to make another analysis in September. The water was highly recommended for invalids. The subject of bottling it, like soda water, and placing in some of the stores for sale at a nominal price, was discussed.

Mail service committee reported that correspondence was going on.

The trolley question was taken up, and a committee appointed to encourage its running in this vicinity. The gentlemen are,—Messrs A. L. Jackson, T. C. Elvins, B. W. Richards.

A correspondence committee was appointed, to keep metropolitan papers posted as to our advantages and important doings.—J. A. Burgan, T. B. Deiker, J. L. O'Donnell.

Adjourned at 10.50.

BASE-BALL.

Saturday was an off day for the home team,—the more blows it. St. Luke's were not phenomenal players, but were too much for Hammonton.

SATURDAY, JULY 16, 1904

Republican Nominations.

For President, Theodore Roosevelt of New York.
For Vice-President, Charles W. Fairbanks of Indiana.

VERY INCONVENIENT.

The gutter-paving business seems to have been hooched from the start. It should never have been begun; but being under way, everybody wants it completed. Good progress was made last week, and nothing done since, except to haul in a lot of stone and sand, on Thursday.

There seems to be some kind of a misunderstanding among the contractors. Two of the three (officially) notified Council to pay all the money earned on the contract to a Trust Co. named. The other member expressed to us his satisfaction with that action, but seems to have changed his mind, for (we are told) he secured a Court injunction, forbidding the payment of said money to anybody. Naturally, the work was not resumed.

The condition of Bellevue, from Second St. to Horton, is unbearable. The gutter excavations have been made on both sides, five feet wide and several inches deep, narrowing the same too wide roadway, preventing teams from reaching the curb, and passage way is further narrowed by heaps of material. Hammontonians are patient and long-suffering people, and may endure the inconvenience for an indefinite time.

A proposition has been made, that the contractors be notified to proceed with the work in three days, and in case of their failure to do so, the Town complete the work at the contractors' expense. We sincerely hope that this plan, or a better one, will be followed without delay.

Exciting Runaway.

Just before seven o'clock last Saturday evening, W. H. Bernhouse's big team, attached to his ice wagon, stood (tied) at the ice-house near the mill. G. N. Lyman, the driver, and his son Will were in the building. An aggravating fly caused one of the horses to kick so vigorously that he planted one hoof on the wrong side of the wagon tongue, and this so excited both the animals that they started to run. Mr. Lyman quickly grasped at a bridle, but they were too much for him, and got away.

Running down Egg Harbor Road they started up Bellevue Avenue at break-neck speed, from side to side, part of the time with two wheels in the skeleton gutters, bumping over the bricks laid there, becoming more frantic as their difficulties increased, and not calmed by the waving arms and hats and shouts of men who tried thus to stop their flight. The wagon-tongue was broken, and the sharp-splintered stub seemed likely to draw the life blood of either animal; but they kept their pace pretty well, miraculously escaping collisions with numerous vehicles in the street, narrowed by the improvements under way, and were only stopped at the corner of Third Street.

Happily, no person was injured; one of the horses was slightly hurt, and the harness and wagon needed repairs. A fortunate outcome of what looked likely to be a much more serious affair.

Marshall Myers, if so ordered by Council, would soon put a stop to the too common racing of autos through town. It is getting actually dangerous for a lady to drive on our main streets during daytime. Not over two weeks ago, an auto came quietly up behind a carriage containing three ladies, locked wheels, causing damage that sent the carriage to a wheelwright shop for several dollars' worth of repairs. Last Wednesday night, one of the tourists went through town at a rate fully twenty-five miles an hour. Stop a few of them, and the rest of the fellows will require no warning. Camden County Freeholders have ordered their Sheriff to enforce the law.

Hoyt & Son's printing and prices are very satisfactory, judging by the size of an order just received from a Philadelphia business house for their York State forms.

FIRE!

The fire-bell rang, about eleven o'clock last Sunday night; but who rang it, and why, seemed to be uncertain. There was a fire, Yarrow furnace only across in this,—that "some one," seeing the reflection of a switch-light in St. Mark's Church, thought the building was on fire, and sounded the alarm. Provoking, of course, but better than a fire with no alarm.

The bill appended again on Thursday afternoon, about 5:30. This time there was a fire, but it was extinguished by a bucket brigade. It is said that Tom Bell had just deposited one of the boxes of fire-works in the barn on "what is known as the West place," at Third St. and Fairview Avenue, and not too minutes later smoke was seen issuing from the barn. The fire-works had exploded; but how, or why, no mortal seems to know.

Happily, Charles Myers, Leonard Adams, and others were passing by, and with neighbors, doused the flames with water, and saved the barn, before Volunteer Fire Company arrived on the scene.

The fire-works destroyed cost fifty dollars, they say, and were only a part of to-night's celebration.

A New Society.

The "Daughters of the American Revolution" met on Wednesday evening, July 13th, at the residence of Mrs. E. J. Byrne. The meeting opened by all repeating the Lord's Prayer; introduction of Regent, by Mrs. Patnam, State Secretary, Mrs. H. L. Monfort, Treasurer, Miss Emma Faucec.

At the entertainment followed, consisting of music and recitations, after which all were invited out onto the lawn and treated to ice cream and cake. Some time was then spent socially.

About four o'clock the parade is expected to start from St. Joseph's Church, accompanied by music and a host of followers. After dark, fire-works will be set off on John Walther's field.

Obituary.

Mrs. JULIA A. HOLLAND died on Saturday, July 10th, 1904, at her residence, on Bellevue Avenue, Hammonton, N. J. Mrs. Holland came here just one year ago, from New York, suffering with a bronchial trouble, and received much benefit for a time. Although in a very weak condition, her demise was not expected until a few days before it took place. She was ready and anxious to go, knowing that all was well with her. Her remains were taken to New York on Wednesday, and laid beside those of her husband, in Trinity Church-yard.

Mrs. Holland was a sister of Mrs. Bryant, the writer, daughter of the late Roy O. E. Bryant, a niece of the poet William Cullen Bryant, and descendant on both sides of the family from the Mayflower pilgrims.

Certificate of Dissolution.

STATE OF NEW JERSEY, DEPARTMENT OF STATE, To all to whom these presents may come.

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the "Commonwealth Real Estate and Improvement Company," a corporation of this State, whose principal office is situated at No. 1504 Atlantic Ave., in the City of Atlantic City, County of Atlantic, State of New Jersey, (Isaac Sacharach being agent therein and in charge thereof, upon whom process may be served,) has complied with the requirements of "An Act concerning corporations (Revision of 1898)," preliminary to the issuing of this Certificate of Dissolution.

Now, therefore, I, S. D. Dickinson, Secretary of State of the State of New Jersey, do hereby certify that the said corporation did, on the fifth day of July, 1904, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereunto set my hand and affixed my official seal, at Trenton, this fifth day of July, A. D. one thousand nine hundred and four.

S. D. DICKINSON, Secretary of State.

Sheriff's Sale.

Seized as the property of Domenico Rava and taken in execution at the suit of Benjamin Foglietta, and to be sold by

SAMUEL KIRBY, Sheriff.

BENJAMIN FOGLETTA, per se.

29-35. pr. fee, \$0.00

A sail house-boat is being built near the Slack homestead, Main Road, by several young men, mostly glass cutters. It measures 12 x 28 feet over all, the cabin being about six feet high, and measures about 12 by 18 feet. When completed, Wm. H. Burgess will haul it down to the Mullica River. A fine time is anticipated by the builders, during vacations.

Base-ball games both morning and afternoon, to-day. At ten o'clock there will be a game at Base-Ball Park, between the regulars and a nine called "Yanagans," composed mainly of men who were giants in the sport in days not so long gone. Joe Herbert will pitch for them; Ed. Jones behind the bat; E. A. Cordery, Law Conley, John Tell, Charlie Scull, Will. Keyser, Rieley, and Morris Bling positions as assigned. This will be a good game. At 2:30, the A. C. team will try conclusions with our home nine,—early, that the crowd may have time to see the Italian procession.

What has become of that Town Ordinance (passed July 11, 1868) which required a license for all such peripatetic institutions as merry-go-rounds and circuses? Not so many years ago, they paid quite a little into the treasury for the privilege of doing business here. A poor printer, shoemaker, or grocer, invests his little all in town, is assessed for all he's worth, and pays tax to support the local government. These travelers come and go, taking with them more or less of the people's money (it is said the receipts of the last merry-go-round exceeded six hundred dollars in three weeks), enjoy the protection of municipal law, and pay in nothing. Is it right?

NOTICE TO CREDITORS.

Estate of John A. Quinn, deceased. Pursuant to the order of Benjamin C. Shaner, Surrogate of the County of Atlantic, made on the twenty-sixth day of March, nineteen hundred and four, on the application of the undersigned Administrator of said decedent, notice is hereby given to the creditors of the said decedent to exhibit to the publisher, under oath or affirmation, their debts, demands and claims against the estate of the said decedent, within nine months from said date, or they will be forever barred from prosecuting or recovering the same against the subscriber.

WILLIAM L. BLACK, Administrator, Hamonton, N. J.

The Booklets.

Ten thousand booklets of the Town of Hamonton, beautifully illustrated, have just been issued by the Board of Trade. Every citizen is entitled to a copy, free of charge, which may be procured by calling on the Secretary, Dr. Charles Cunningham, at his residence, Second Street.

Additional copies may be obtained by paying the following prices: eight for 25 cents; three for 10 cents; or 5 cents each. These prices include envelopes for mailing, when desired. They can be purchased of the Secretary, from P. H. Jacobs, Chairman of Printing Committee, and at Henson's news room.

The cost of these booklets largely exceeds the above prices, and all money obtained from their sale will be kept separate from the general funds of the Board of Trade, and be used exclusively for advertising the Town in other ways.
