Our Lady's Day.

To-day, the 16th, is a great day in Hammonton, provided the weather man does his duty.

There will be visitors by the thousands, peddlers by the score, band concerts, and the parade, which all have been anticipating. In the evening, on the Walther lot (now owned by the association), fireworks will be set off, a grand display, which will be enjoyed by people for miles around.

Special trains will be run each way, as late as the midnight hour.

Sealer of Weights' Reports.

From July 8, 1920, to July 12, 1921, I made 65 arrests and assisted in making 15 more in Gloucester Co. I collected \$1375.00 in fines; 2 were let off with costs and a reprimand. The 15 cases in Gloucester Co. went to the Gloucester Co. Sealer of Weights and Measures. All but 5 of these cases were for not marking their crates, barrels and baskets.

This marking law came in effect June 1, 1920. I have done everything I could to keep the farmers out of trouble; but there are some that don't seem to care, and take a chance. I will send anybody a copy of the law if they will ask for it, but don't take a chance and let me catch you. If you do, you will be very sorry, for I will certainly pull you in. E. W. Strickland.

R. E. Muthard, of Princeton Theological Seminary, will occupy the pulpit of the Presbyterian Church Sunday morning. He will be remembered with pleasure from a former visit to Hammonton. Rev. Mr. Mudge will preach in Atco on Sunday morning and Waterford Sunday afternoon, occupying his own pulpit as usual Sunday evening.

THE BENEFITS OF A BANK ACCOUNT

The question that arises so often is, "Should I save my money?" The answer is self-evident. Most assuredly one should save his money. The idea of saving is not peculiar only to the human race, but it extends to animals as well. The dog buries his bone, for he knows that the day will come when that bone may stand between himself and starvation. The squirrel hides and stores the nuts and acorns. He, too, knows that the rainy day must come. And so into our lives will come the rainy day. It may come in the form of a business failure. It may come as an accident or sickness. It may come even in the form of the Grim Reaper himself. No one can foretell when the storm will descend. But when it does come the man with the bank account has half the fight won.

In order to begin to save one should start when young, although this is not essential, as the old may save as well as the young. To save is a good habit, and who is there who is not desirous of forming a good habit? The desirous of forming a good habit is especially welcome to an employer, and if the employer knows that a man is thrifty he will always give the preference to such a man because he knows that a person who is thrifty is industrious, and hence all the more desirable. These, however, are benefits which extend only to the individual. There are other benefits which are advantageous to the government as well.

A government having a thrifty population is doubly strong, for a thrifty people is an educated people, and this constitutes a peaceful and democratic government. When our country was engaged in the European conflict it could never have floated the immense Liberty loan successfully if it had not been for the banks all over the country buying up bonds to keep the loan up to the mark. Could these banks have done this if the nation at large was not behind them? Could this government have successfully fought back the Huns without its banks? Of course not! It was only by co-operation that this end was accomplished, and so we see that indirectly the success of our government depended on the bank accounts of its people. Surely that was being a benefit to the government in the true sense of the word.

It is perfectly comprehensible that a habit which benefits the individual as well as the nation is looked on as a permanent custom. In conclusion, to sum up its benefits we can say that it is the approved remedy by economic experts for the prevention of the rainy day, which must come to each of us in the course of a lifetime. And since it is beneficial to the government in providing the necessary means for the maintenance of our government's rights, it should be made the first lesson to be taught to future generations and should be kept forever green in our own memories. And so we can see that the old adage of "A penny saved is a penny earned" is the foundation of one of our country's greatest public and private benefits.

England invites Valera to a parley.

We invite you here!

We feel that we need not say too much about our previous clearance events. You have participated and know full well of the large genuine savings that were available. But this year's sale is destined to break all records for store attendance and receipts, for the unseasonableness of the weather has left us with more merchandise on hand than ordinarily at this time of the season. No price will be considered too little to ask in order to effect a quick clearance.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had our children die almost at birth. From one hour to nine-month days I all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthy baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy baby.' I am sending you a letter to you, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. B. JAMES, Milltown, Wis.

Mrs. Vanasse's experience of interest to children's wishes. "I wish to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it worked. I have my own strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. B. JAMES, Milltown, Wis.

Mrs. Field of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says: "Marinette, Wis.—'I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your bottles of Lydia E. Pinkham's Vegetable Compound, and I have my own strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly.'—Mrs. H. B. JAMES, Milltown, Wis.

There are many, many such homes that were once children, and are now blessed with healthy, happy children because of Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to conceive and is desiring to have a child, let her try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness to so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Relating to Women" will be sent to you upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

CATS CONFINED TO "RANGE"

Chicago Man Reports Success in Novel Plan for Keeping Pests From Straying Far Afield.

Another western idea was adapted to city uses the other day when a south-side, who once rode the range on the Colorado plains, staked out his cats to keep them at home. The plan worked fine and now the feline animals get the air every day at the ends of tether ropes.

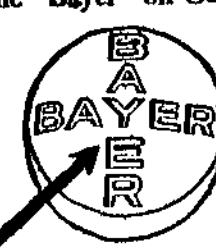

The cat owner found that every time he opened the cellar door the cats made a break for the open, frequently staying away for days and returning with blackened eyes and scratched hides. He thought of the cat's plan, but the first trial was not a success, as the cats slipped the ropes from their necks. He then created a suitable plan and tied the heavy string to one of the cat's hind legs, attaching the other end of the string to a stake driven in the back yard.

This system proved effective and now every day felines of the cat take their exercise around their tether stakes.—Chicago Journal.

He Explains: "Do you know how to play bridge?" "I wouldn't go so far as to claim that, I play, however."

ACCUSE FATHER OF 4 MURDERS

PASSION FOR MONEY

One Son Says Father Fired Building in Which Three Persons Were Sleeping and Shot Them Down as They Fled.

Middleton, Conn.—Lodged in jail in Middlesex county, Conn., in a short, stolid German, who, if all that is said about him is true, or even half of it, is likely never again to regain his freedom, if he is not condemned to death. That is the fate of the father of a family of five, a little settlement of 200 souls. He conducted the general store. He was former constable in the settlement. He was and is dominating in manner and was a stern character, of whom the people stood in awe. For years he was regarded the terror of the community and lorded it over others with proud disdain. Things had prospered with him and with a good business and a comfortable sum laid away in the bank, he took on great importance in his own opinion and for that matter in the eyes of the people.

But the idol has fallen from its pedestal. Schutte lies in jail on the charge of assault with intent to kill, committed against his wife, and the result of investigations may have also to answer within very few days for a series of atrocious murders. One of Schutte's weaknesses was an inordinate passion for money. Because the world would not do for him certain property was possessed, the wife was driven from her home by the enraged and avaricious husband, who chased her into the woods, firing revolver bullets at her as she fled. Mrs. Schutte was compelled to swear out a warrant for his arrest. The innocent, the old-mama was in jail—people began to talk and the authorities to act upon their intimations and suggestions.

The result is that Schutte is accused by his twelve-year-old son, Augustine, with the murder of a farm-hand killed, it is believed, for money, and is charged by another son, Julius, with having shot to death three members of one family and

An extraordinary physician for one of the prominent Life Insurance Companies, in New York City, made the following astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the great majority of those whose applications are declined do not even suspect they have the disease.

Dr. Kilmer's Swamp Root is on sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test the great preparation send ten cents to Dr. J. C. Kilmer, Dispensary, N. Y., for a sample bottle. When writing to send and mention this paper.

Invented Telephone Switchboard. His death in Boston, at the age of eighty-two, was the result of a long and obscurely the name of Dr. Thomas Swanwick Doolittle, who originated the telephone switchboard and was the inventor of the earliest telephone engineering device.

Doctor Doolittle possessed a special gift for the invention of this device for the production of the process of producing hand-drawn copper wire, and for the production of the earliest of the first our fare register device.

Fletcher's CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disregarded by improper food. Could you for a moment think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this—It is important, Mothers, that you should remember that the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

SATURDAY, JULY 16, 1921

The water situation on Messina Avenue is one that appeals to all, yet Town Council is powerless to assist them. It seems that when the street was laid out, an-inch and a half water main was laid, not anticipating so rapid a growth. There are now thirty houses within one square. They tell us that they have to wait for their neighbor to shut off his water in order to get any; that it is sometimes a half hour before one can secure sufficient to wash dishes. Aside from this, they need ample fire protection. If it is any way possible, we know Town Council will lay larger mains, and insure to them an ample supply.

Sorry, but the weather man promises rain for today. We hear people complaining that they cannot sleep for the barking of dogs. Give him plenty of water, a bone or two, an electric fan, and, if that doesn't stop him, put him into your sausage barrel.

The carnival has been here for nearly a week, and has doubtless taken several thousand dollars. There are but few stands that are not under the ban of the gambling laws—and could be put out of business anywhere in New Jersey. Most of the prizes are fancy dressed dolls, secured thro' the spinning of the wheel. Some people spent as high as three dollars, at ten cents per, for a doll. We are not alone in saying that these carnivals are of no benefit to Hammonton; and the sooner our people get on the job the better. We enjoy merry-go-rounds, ocean waves, swings, and like amusements; but can see no use for gambling devices.

There are some peaches in local stores, not behind the counters only, but in baskets. We were fearing that the crop was entirely frozen up.

It is doubtless thru ignorance, but still should not be allowed, the flying of another flag without the U. S. emblem. Several the past week have been compelled to make the change. Now just stop and reason—isn't it a slight; a showing of preference, and really an insult, to place another above the one under which you are now protected? No matter under what flag you were born, the U. S. flag should be on top, and of equal size.

Yesterday was St. Swithen's Day. Accordingly, we are to have forty-days of rain.

It will be but two months before we have a Chautauqua in Hammonton. Keep the dates open, September 5th to 9th.

Do not fail to advertise the fact, in case you have rooms or a house to let. There are fifty applications to every vacancy.

The most-talked-of subject today (aside from July 16th) is the special school meeting. Those who have carefully considered the Educational problem are endorsing the Board's recommendations, the adding of four rooms between the High School at 4th Avenue, and the erection of a new building, with a huge auditorium and other necessary and down-to-date rooms. It is not a question of choice between the two, for we will, in a year or two, have to get thro' this same election, if this is turned down, to accommodate the rapidly increasing population. By the way, have you noticed that the biggest kickers over this seemingly large bond issue are those who have the most children? Turn out, next Friday night, and vote for the best interests of your children and grandchildren. They will pay the bill,—but very little coming due during your lifetimes.

Influence of What You Read

What you read has a great influence over what you receive in your pay envelope Saturday night. Constantly reading of the misconduct and misdeeds of other men will cause you to slip and trip. Red-headed headlines get in your head, and the more you discount human nature. Bandit news, atrocities and outrag—murder, divorce and debauch—crime, felony and arson—these are things that harm. Read of the fortitude and the firmness of the man who has had the courage to continue on the square. You do not build with your hands and add your feet—your worth lies in that part of your anatomy that is North of your collar. Fill your brain with the business of rotten reading, and you will develop a big white feather.

EX-SERVICE MEN EX-SERVICE WOMEN

Legions, Women's Auxiliary and all eligibles to Women's Auxiliary consisting of mothers, wives, daughters and sisters of ex-service men who are members of the American Legion, are invited to attend the social given by the F. A. Funston Post and The Women's Auxiliary, at Park Hall, Hammonton, N. J., Tuesday evening, July 19th, 1921, at 8 p. m. Come and have a good time, there will be plenty of good music, dancing, and a buffet lunch for all. There will be transportation from town to park and return for those who do not have it of their own. Don't forget the date, Tuesday, July 19th, 1921.

WM. E. MYERS, Chairman Com

Hammonton, N. J. July 11th, 1921.

Mr. Editor: The public is called again to a meeting to vote upon building propositions to be submitted by the Board of Education. The Board has taken into consideration the pressing needs of our Central Schools, and, after carefully thought-out plans, is coming before the voters and taxpayers with two propositions, both of which are needed. These are to be discussed and voted upon in the coming special election to be held Friday evening, July 22nd, 1921. The following facts have been compiled to give the voters a clear conception of the present needs of the Central Schools: School room needed to give full accommodations to all grades—For Grades—1, 3 rooms 2, 3 rooms 3, 3 rooms 4, 3 rooms 5, 4 rooms 6, 5 rooms 7, 4 rooms Necessary—25 rooms Rooms Available at present—Primary Building, 8 rooms High School, 1st floor 4 rooms Annex B 1st floor 6 rooms 18 rooms The Annex Assembly room will accommodate the eighth grade. The High School Assembly room is and will be more than full the coming term. If eight of the divisions of the Primary grades are put upon one session days, three additional rooms will still be necessary. If all of the divisions of the Primary Grades (1 to 4) are put upon one-session days, one additional room will still be necessary. It is not a practical thing to put grades above fourth on one-session days. Plans of the Board of Education for more school room: First. The addition to the existing—so-called—High School Building, four rooms contemplated. If authorized, it is contemplated these rooms will be erected in time for use by the time the schools fill up the coming term. This will afford quick relief for a part of the congested conditions. Second. The erection of a new building, contemplating room for twelve classrooms, at a point between 4th and 5th streets, and a gymnasium, playground, and a room for elementary grades. With this new building shall be ready for occupancy, it is the intent that the present High School quarters be converted into approved class rooms for the elementary and primary grades. In connection with this plan, it must be borne in mind that the present High School quarters have been declared by the State and County school officials as "inadequate" as furnished for High School purposes. It should also be borne in mind that all the pupils in our schools are not getting all they are entitled to. Respectfully yours, P. C. BULL, President Board of Education

NOTICE

To all owners of property abutting on Sewer on Egg Harbor Road between Bellevue Avenue and Maple Street in Town of Hammonton.

Notice having been given to the Town Council by the County authorities, to the effect that after September 1st, 1921, the County will refuse to issue permits for street openings in Egg Harbor Road for sewer repairs, extensions and connections, and expects that all such repairs, connections, etc. contemplated will be completed prior to September 1st, 1921; that there may be no requests made for opening the street for a period of five years. Therefore the Town Council hereby gives notice to all property owners whose it may concern, that all contemplated and necessary sewer repairs, connections, etc. be installed prior to September 1st, 1921. By order of the Town Council. W. W. SHELLEY, Town Clerk. July 15, 1921.

Thieves broke into a rear window of the Hammonton Candy Kitchen during Wednesday night and cash registers robbed of their contents.

Kate Aylesford Chapter, D. A. R. had a most delightful picnic at Busto, the historic point of South Jersey, last week Wednesday. There were about thirty in the company which motored down. In the old mansion they were treated to a delicious chicken dinner, to which they all did justice. Another enjoyable feature was a service held in the old church at Pleasant Mills.

ON THE SCREEN

Eagle Theatre To-Night.

William Farnum, "Riders of the Purple Sage."

Chester Comedy, "Wedding Blues."

Doots open 7:45, show commences at 8 admission 20c.

Program for Week of July 18th.

MONDAY:—Blanche Sweet, "That Girl Montana."

Episode Nine, "Son of Tarzan."

TUESDAY:—Special Cast, — "The Devil's Angel."

Bray Pictograph and Fox News.

WEDNESDAY:—Alice Brady, — "Fear Market."

Century Comedy, "For Sale."

THURSDAY:—Harry Carey, — "The Blazing Trail."

Episode One, "Diamond Queen."

FRIDAY Special—George Arliss, — "The Devil"

A magnificent production. Superb in its pictorial beauty, masterful in its character interpretation, and awe-inspiring in its fascinating and realistic theme.

Special Comedy, and Fox News. Admission 20c.

SATURDAY: Bryant Washburn, "The Road to London."

A blue-blooded English peach flashed a sad-eyed S. O. S. to this red blooded Yank. Duchesses, Viscounts, and speed laws meant nothing in his young life after that. It started as an adventure, and wound up in a romance. There's a laugh for every bump on "The Road to London."

Chester Comedy, "High and Dry."

Doors open 7:45, show commences at 8. Admission 20c.

Palace Theatre To-Day.

Tom. Mix, — "The Big Town Round-up."

Charlie Chaplin, "A Night in The Show."

Doors open at 10 a. m. for continuous showing. Admission 20c.

NEXT SATURDAY:!

Tom. Moore, — "Hold Your Horses."

This is an enjoyable high comedy. The plot is based on the book "Canavan" by Rupert Hughes. It depicts a young man who, from a street cleaner becomes a powerful politician, and eventually marries a wealthy woman. It is packed to the guards with laughter, and carries the usual clean-cut Tom. Moore punch.

Lyons and Moran, "Blue Sunday."

Doors open 6:15, show commences at 6:30. Admission 20c.

A Pretty Folsom Wedding

Folsom, on Sunday last, was the scene of the prettiest wedding that has ever taken place in that town. The event was the marriage of Miss Katharine E. Eckhardt, daughter of Mr. and Mrs. Jacob Eckhardt, to Mr. Henry B. Goodell of Irving, N. Y.

The bride carried white roses, and was beautifully attired in a white dress of embroidered Canton Crepe, that was set off by a most becoming veil and wreath of orange blossoms, and leaning on the arm of her father as she marched up the Church aisle, to the strains of the wedding march, was indeed a picture of all that a bride should be. The march was played by Miss Lillian Kremer of Norristown, N. J.

The altar of the Reformed Church had been decorated with greens and flowers, with a pretty floral arch for the bridal party.

Preceding the bride were her three tiny nieces; Marydell, Ruth and Miriam Kramer who acted as flower girls, and in attractive dresses of blue, peach and pink, added much beauty to the occasion.

The maid of honor was Miss Bertha K. Eckhardt, sister of the bride, whose dress of Nile green georgette crepe was a beautiful contrast to the colorful effects of the rest of the bridal party. The best man was Mr. Harry B. James of New York City, and the officiating minister the Rev. Paul R. Hoppe, pastor of the Chelsea Presbyterian Church of Atlantic City.

Following the ceremony a reception was held at the home of the bride and after a bridal supper, Mr. and Mrs. Goodell were escorted to the train by their relatives and friends who surely wish them all success and future happiness.

The bride and groom were the recipients of many beautiful presents.

Among the guests were: Mr. and Mrs. Jacob Eckhardt, Mr. Geo. Eckhardt and family; Mr. and Mrs. Kramer and family; Mr. and Mrs. H. B. Goodell, Mr. Bernard Goodell, Irving, N. Y.; the Misses Bertha, Betty, Gertrude and Margaret Eckhardt, Mr. Edward, Joseph and Jack Eckhardt; Mrs. and Miss Measley, John Getz and daughter, Philadelphia; Mrs. Ivan Kremer

and daughter, Norristown; Mr. Henry Seeler, Mr. Chas. Parks, Mr. and Mrs. Russell Denny, Atlantic City; Mr. and Mrs. Clinton Black, Mr. and Mrs. C. Kramer, Mr. and Mrs. Arthur Loft, Collingswood; Mr. and Mrs. Richard Glendenning, Miss Alice Glendenning, Elizabeth, N. J.; Mrs. Margery Rehberg, New York City; Miss Katharine Herbert, Perth Amboy; Mr. Harry Fenn, Wilmington; Del.; Mr. Wallace Bakins, Mr. Walter Scott, Trenton; Miss Ruth Chamberlain, Portland, Maine; Miss Antoinette Carroll, Mr. and Mrs. J. Dusen, Miss Ida Biggins, Atlantic City; Mr. Wm. Binn, Mr. Wm. Oney, Folsom.

Peach Borers.

A remedy (or control) has been found for this parasite or enemy of the peach grower. For forty years farmers have had to dig about the trees, and search with a knife for the fellow; and quite frequently the constant cutting has ruined the tree.

Through County Agent Eldredge, farmers can secure the remedy, paridichlorobenzine. (Get the word—it hasn't quite all the letters of the alphabet). Orders should be sent, with check, addressed to Wm. J. Slack, who will see that same are forwarded.

The prices, f. o. b. Niagara Falls, are as follows:

5-lb. pkgs.	25 1/2 c. lb.
10-lb. pkgs.	24 1/2 c. lb.
25-lb. pkgs.	22 1/2 c. lb.
50-lb. pkgs.	21 1/2 c. lb.
100-lb. pkgs.	20 1/2 c. lb.
150-lb. pkgs.	15 1/2 c. lb.

A poultry culling demonstration will be held at H. M. Carrel's farm on Bellevue Avenue, Hammonton, on Friday, July 22, at 3 p. m. Willard H. Allen, Extension Specialist in Poultry Husbandry from the State College of Agriculture, will do the culling and make an address. This demonstration will prove as interesting and valuable to persons having small flocks as to those having large flocks.

Women's Civic Club will hold a thimble bee every Thursday afternoon in the club house at three o'clock. All members are requested to attend.

The Rate Increase granted to Railroad has already benefited the Railroad bond market. This is a splendid time to invest.
