**AND Demorest's Monthly Magazine.**

**A WONDERFUL PUBLICATION.**

Many suppose DEMOREST'S MONTHLY to be a fashion magazine. This is a great mistake. It undoubtedly contains the finest Fashion Department of any magazine published, but this is the case from the fact that great enterprise and experience are shown, so that each department is equal to a magazine in itself. In Demorest's you get a dozen magazines in one, and secure amusement and instruction for the whole family. It contains Stories, Poems, and other literary articles, including Artistic, Scientific, and general matters, and is illustrated with original Steel Engravings, Photographs, Water-Colors, and fine Woodcuts, making it the MONTHLY MAGAZINE OF AMERICA.

Each copy contains a PATTERN CARD containing the holder to the selection of ANY PATTERNS illustrated in any number of the Magazine, and IN ANY OF THE ARTS manufactured, each valued at from 25 cents to 50 cents; or over \$3.00 worth of patterns per year, free.

Yearly subscription, \$2.00. A trial will convince you that you can get ten times the value of the money paid. Single copies (each containing Pattern Order) can be sent.

Published by **W. JENNINGS DEMOREST, NEW YORK.** The above combination is a splendid chance to get our paper and Demorest's Monthly at reduced rate. Send your subscriptions to this office.

In the present condition of political affairs 70,000 voters in the State of South Carolina send as many representatives to congress as 334,000 voters in the State of Kansas. That is, one voter in South Carolina exercises as much power in the election of Congressmen as four voters in Kansas. Query: This being the case, can it be justly said that we are living under a republican form of government.

The watermelon crop this year promises to be immense, and our colored brethren are correspondingly happy.

The condition of the crops throughout the country is shown by the *Farmer's Review* to be above the average, but there has been an excess of rain, and hot weather is needed.

One hundred and twenty-five horses perished during a fire at the livery stables of Moses Wells, New York.

A newly born donkey at the Philadelphia Zoo was christened "Baby McKee."

Three Irish immigrants, two of whom had their passages paid by an agent supposed to represent the British Government, were detained at Castle Garden.

John L. Sullivan arrived in New York, last week Friday so drunk that he could not talk sensibly on any subject. Mitchell is said to have fled to Canada.

Mrs. John A. Logan returned to New York from Europe, where she met Mr. Gladstone, Queen Victoria, the Prince and Princess of Wales, the Shah of Persia and other notables.

The gross postal receipts at the Philadelphia Post-office during the quarter ended June 30, 1889, were \$499,435. In New York City the receipts were \$1,351,804.

The Prohibitionists of this state in convention at Asbury Park drew up a platform for out and out Prohibition and woman suffrage and nominated George La Monte, of Bound Brook, for governor.

It is now estimated that the Delaware peach crop will amount to 2,798,000 baskets. That is a fair showing for what was only a few months ago set down as a "complete ruin."

The first impulse of a boy with a new watch is to assure himself that none of its 175 parts are missing.

**Electric Bitters.**

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A pure medicine does not exist, and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum, and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation, and indigestion, try Electric Bitters. Some years ago I ventured to assert in these pages that the future of Australia for the next thirty years rested with the engineers.

The Spider's Web.

Prof. Claves has recently been telling the readers of the Swiss Cross how that wonderful little animal, the spider, spins her web. It is all so full of interest, that we quote freely from it: "First, our spider begins to draw from her spinneret a cord of as many of these strands as seem to her good, and fastens it to some leaf or twig..."

Entered as second class matter. HAMMONTON ATLANTIC CO. N. J. SATURDAY, JULY 27, 1889.

Our Terms.—Our subscription price to all within the county is One Dollar per year if paid in advance. If not paid within the year two months, \$1.25 per year, invariably. To subscribers outside of this county it is advanced as we are compelled to wrap papers and prepay postage.

The Prohibitionists have had their State Convention, and nominated a New York paper maker, by name LaMonte, as candidate for Governor. It may be said of that party—

Had they never gone so brazenly, Had they never rushed so wildly; Had they never met, or never parted, They must have lived much stronger-hearted.

In the many reasons given by the Prohibitionists for their defeat in New Hampshire, Massachusetts, Rhode Island, and Pennsylvania, they have not stated the real and only reason. Judge Hanthorn, of pleasant memory, who represented this county, many years ago, in Assembly, was the Democratic nominee for a second term, but was defeated. When asked why he was defeated, he said: "The only reason I can give is, I didn't get votes enough."

What's the matter with this reason for the defeat of the Prohibitionists in the states named? They didn't get votes enough, especially in Pennsylvania. This ought to teach that party that it is a few days too previous.

During a period of less than two years the Government has purchased bonds of the par value of \$175,084,000 at a cost of \$201,790,367. The Prohibitionists have had their State Convention, and nominated a New York paper maker, by name LaMonte, as candidate for Governor. It may be said of that party—

Had they never gone so brazenly, Had they never rushed so wildly; Had they never met, or never parted, They must have lived much stronger-hearted.

In the many reasons given by the Prohibitionists for their defeat in New Hampshire, Massachusetts, Rhode Island, and Pennsylvania, they have not stated the real and only reason. Judge Hanthorn, of pleasant memory, who represented this county, many years ago, in Assembly, was the Democratic nominee for a second term, but was defeated. When asked why he was defeated, he said: "The only reason I can give is, I didn't get votes enough."

What's the matter with this reason for the defeat of the Prohibitionists in the states named? They didn't get votes enough, especially in Pennsylvania. This ought to teach that party that it is a few days too previous.

During a period of less than two years the Government has purchased bonds of the par value of \$175,084,000 at a cost of \$201,790,367. It is estimated that these purchases will save the Government \$51,800,472 as compared with what it would have been compelled to pay if the bonds had run to maturity.

DR TALMAGE'S SERMON:

The House on The Hill.

In my Father's house are many mansions... John 14:2... The disciples were sad, and Christ offered heaven as an alternative...

THE DIVINELY AUTHORIZED COMPARISON... of heaven to a great homestead of large accommodations... I purpose to carry out...

A GREAT HOMESTEAD... for a family unnumberable, yet to be at first lived alone in that great house...

TO BE APPORTIONED OFF... into apartments. We shall love all who are in heaven...

THE ROOMS WILL BE PALATIAL... and those who have not had enough room in this world will have plenty of room at the last...
