A World on Fire.
On the 1st of May, 1861, a great conflagration, much larger than that of London or Moscow, was announced. To see the representation of a distinguished astronomer, a world was found to be on fire. A star, which till then had shone modestly and unobtrusively in the Corona Borealis, suddenly blazed up into a luminary of the second magnitude. In the course of three days from its discovery to this new character, by Mr. Birmingham, at Tamm, it had declined to the third or fourth order of brilliancy. In twelve days, dating from its first appearance in the firmament, it had sunk to the eighth rank; and it went on waning until the 20th of June, when it ceased to be discernible except through the medium of the telescope. This was a remarkable, though certainly not an unprecedented proceeding, on the part of a star; but one singular circumstance in its behavior was that, after a lapse of nearly two months, it began to blaze up again, though not with equal ardor, and after maintaining its glow for a few weeks, and passing through sundry phases of color, it gradually paled its fires and returned to its former insignificance.

RARE OPPORTUNITY

TO SECURE A HOME

To All Wanting Farms.

In the great Hammonton Fruit Settlement, the best inducements are offered to all wanting farms in the most delightful and healthy climate, with a good productive soil, being among the best in the garden state of New Jersey, only thirty miles from Philadelphia on the Camden and Atlantic Railroad, and but few miles to the "New York" Railroad. These lands are sold to the actual settlers at low prices and easy terms, in five, ten, twenty acres and upwards to suit.

The Title Perfect.

Warranted deeds, clear of all incumbrance, given when all the purchase money is paid.

The Soil

is a fine sandy and clay loam, suitable for all grains and grasses, and is pronounced the finest quality for gardening and fruit raising. It is a marine deposit, with a marl substance mixed all through it, very comminuted form and in the exact condition to support plants. With proper culture it is very productive and profitable, may be worked warm and early. The lay of the land is slightly undulating, and is called level; it is free from stones or rocks, which belongs to the sun and stars generally, but there was another in which four bright lines figured; and these, according to the canons of interpretation previously mentioned, indicated that some luminous gas (or passes) was also pouring out its light from the surface of the orb.

Two of the lines spelled out hydrogen in the spectral language. What the other two signified did not then appear; but inasmuch as those four streaks were brighter than the rest of the spectrum, the source from which they came must obviously have been more intensely heated than the underlying parts, or photosphere, from which the normal stellar light proceeded. And as the star had suddenly flamed up, was it not a natural supposition that it had become enwrapped in burning hydrogen, which, consequence of some great combustion, had been liberated in prodigious quantities, and then combining with other elements, had set this hapless world on fire? In such a fierce conflagration the combustible gas would soon be consumed, and the glow would therefore begin to decline, subject, as in this case, to a second eruption, which occasioned the renewed outburst of light on the 20th of August.

By such a catastrophe it is wholly impossible that our own globe may sometime be ravaged, for if a word from the Almighty were to unlock for a few moments the bonds of infinity which unite the elements of water—of the ocean, on the land and the moisture in the air—a single spark would bring them together with a fury which would kindle this funeral pyre of the human race, and be fatal to the planet and all the works that are therein. It cannot but be a startling fact for us that in yonder doomed and distant world we have, probably, seen in our own day, a realization of the fearful scene sketched by Peter, "when the heaven for atmosphere being on fire shall be dissolved and the elements shall melt with fervent heat." And if we regard it as the centre of a system, it is impossible to think without horror of the fate of the numerous globes around it when overwhelmed by this sudden deluge of light and cataract.

British Quarterly Review.

THE PRODIGAL SON IN CHINER.—A young Chinaman, Choy Awah, a scholar at the Five Points House of Industry, reads the *Testament* in English, and then gives the sense in a dialect of his own; and this is what he makes of the parable of the Prodigal Son:

"A man, he two sons. Son he speak to father, 'father give me money; give some—he father he take it all right—I just now give you half. He give him half; he go long way—like me come China to New York. No be careful of money, use too much; money all gone; he very hungry. He want to man. He want work, heavy; all right; he tell him to feed pig. He give pig beans; he eat with pig himself. He just now talk: 'My father he rich man—too much money. What for me stay here hungry? I want go back and see my father. I say to him, I very bad. He knows I bad. Emperor [God] see I bad. No bosom, no be coolie.' He go back; long way, father see him. He take him on the neck. The son say, 'I very bad. I just now no be your son; I coolie.' His father talk to boy and say, 'Get handsome coat; give he ring; give he shoes; bring fat cow—kill him; give him to eat.' They very glad.—He, all same dead; just now come back alive; he lost; he get back. Number one son come. He hear music; he tell servant, 'What for they make music?' He say, 'Your brother come back; your father very glad he no sick; he kill fat cow.' Number one son very angry; he no go inside; very angry. Father he comes out; he say, 'No, be angry.' Number one son say, 'I stay all time by father; never make him angry. My brother never kill one cow for me. My brother he very bad; he use money too much; he have fat cow and mule.' Father say, 'You no understand; he just dead; he now come to life; he lost, he now come back.'—*Harper's Magazine.*

The population of the settlement is large and rapidly increasing; it is composed of the best classes from New England, the Middle, and Western States,—intelligent, industrious and moral. The buildings are neat and handsome, and some of them fine. All materials for building, improving, &c. at hand; also reliable mechanics who will give satisfaction. Every convenience to be had that can be found at any other place.

The lands have been examined by some of the best agriculturists and fruit growers in the country, who pronounce them the best in the U. S. for fruit growing. Mr. Solon Robinson, the agricultural editor of the *New York Tribune*; Dr. J. P. Trimble, the State Entomologist; Mr. John G. Berger, member of the American Institute of New York; and others, reported that they never saw a finer growth of fruit, grain, and grass, than they saw here, and recommend this settlement to persons desiring to till the soil, pleasure or profit.

These lands are being rapidly sold, and from the rapid and extensive improvements property will certainly increase in value.—Inquire for R. J. BYRNES, the founder of the settlement, who will show the lands free of expense. For further information write or address,

R. J. BYRNES,
Hammonton, N. J.

All letters answered.

Several very desirable improved fruit farms for sale.

Next Estate.

HAMMONTON! S.

Medical.

SCHENCK'S PLEURONIC SYRUP.
SEAWEED TONIC AND MANDRAKE PILLS will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are also good for rheumatism, gout, &c. They clean the stomach, relax the liver and put the blood; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens into the lungs; and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To those who are ill, Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary Consumption. The Pleuronic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration; for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, however, Tonics and Mandrake Pills are to be freely used; to cleanse the stomach and liver so that the Pleuronic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stool will show what the pills can do; nothing has ever been invented to stop a constipation like this.

To do this, however, Tonics and Mandrake Pills are to be freely used; to cleanse the stomach and liver so that the Pleuronic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stool will show what the pills can do; nothing has ever been invented to stop a constipation like this.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, acts strongly to draw out the poisons from the system, to cleanse the body, and to restore the appetite.

Dr. Schenck, in his treatment, does not try to stop a cough, eight-a-morn-chill-fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient dies.

Dr. Schenck, in his treatment, does not try to stop a cough, eight-a-morn-chill-fever. Remove the cause and they will stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, &c., &c.; if the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of fat. When only one child is able to take Dr. Schenck's Tonic, then the mother will begin to feel up to the task, to stop a cough, eight-a-morn-chill-fever, and as the body begins to gain in flesh, and as soon as the body begins to gain in flesh, the lungs commence to heal, and the patient gets fleshy and well. This is the only way to cure consumption.

It is not true that there is no lung disease, and only Liver Complaint. Take the Mandrake Pills freely in all bilious complaints, as they are simple, simple in contrition, and not liable to get out of repair. Having a reversible feed enabling the operator, to stitch, either to the right or left, at pleasure.

MAKING FOUR DIFFERENT STITCHES,
LOCK, KNOT, DOUBLE LOCK AND DOUBLE KNOT.

Fancy to operate and will do a larger range of work than can be done by any other Sewing Machine.

The Florence is Licensed, and parties purchasing of us, or our agents need not have any doubts in regard to its value. All machines sold are warranted, in every particular, and hold in guarantee for one year. Those who are not satisfied, can return them by allowing \$5 per month for the use of them. Machine Needles of all kinds, Shuttle, Bobbins, Oil, Silk, Cotton, Machine Trimming, constantly on hand.

Agents wanted for the sale of the Blofeld Family Knitting Machine, an improvement over all others. Price \$30. A liberal discount to dealers.
