MR. EDITOR:—An article in your paper, last week, reminded me of a lecture which I heard some fifty years ago. The discourse was on "The possibilities of the future," and the young man spoke of many things that would or could by some possibility take place. Among others, he described a "Leviathan Machine," that would mow down the hills and fill up the valleys, and make the earth one level floor; then, by some powerful lens, the future man would condense the sun's rays and bake the roads harder than McAdam had ever dreamed of. Well, sir, that was good to stretch the imaginative powers; but what is all that to the discourse delivered in Brooklyn? I never thought for a moment that the time would come when I could be taken to look into the Home of the future, where every trade and profession would be called into requisition! But now I know, having read the sermon.

Think, sir, of old Benjamin Franklin, not at his old press (that is in Philadelphia), but a new, grander machine—perhaps an eight-cylinder, or one of the latest "perfecting" presses. Be that as it may, we are told (and of course the preacher knows) that all of earth's occupations will be very far in advance of the present time. Morse will then, of course, not be connecting continents, but worlds—Mars, Jupiter, and ten thousand others that are off in space, and need to be tied together with the lightning wires. We are told (and who doubts it) that the same tunes will not always be played on the sweet-toned harps; that Haydn and all those great musicians will be as gods, compared to their earthly skill. There is one thing more he has set right,—there will be variety. Notice how soon we tire, even in my thoughts,—will it often be the same thing? That point is now set at rest; it will be progress all through time, and of course to eternity.

I notice, too, he makes the world to exist long before Adam's time.

PRESENT AND FUTURE.

Thomas V. Cator, as chairman of the Prohibition State Committee of New Jersey, has issued a call for a meeting on Sept. 8th.

There are now in the State Prison 800 convicts, 149 of whom can neither read nor write, and the experiment of a night school is to be tried next winter.

Spain is to celebrate the quatre-centenary of the discovery of America by Columbus and invite America to join.

General Crook doesn't scare at the report of an Indian uprising among the White River Utes, but it is well to bear in mind that Crook is not in the habit of scaring at anything. However, if he is sent to operate against the blood-thirsty savages they are bound to be overcome by hook or by Crook—and we pin our faith in this case to Crook.

The United States Sub-Treasury in Philadelphia, has redeemed 2,551,411 trade dollars, which is over one-third of the entire number redeemed by the government. The holders of this coin are given until September 3rd to turn it in and receive other money in exchange.

The cranberry crop in New Jersey is a failure this year. If the turkey crop turns out all right, however, Thanksgiving Day will be celebrated as usual.

It is said by some housekeepers that the addition of a little vinegar to the water in which tough meat is boiled will have the effect of rendering it tender.

American fishermen are still having trouble with the Dominion authorities and will continue to have until their rights are vindicated by their Government. If this country had a secretary of state who had any appreciation of the nutritive qualities of the meek and lowly codfish—the Canadian pirates would never have been allowed to impose upon Yankee fishermen as they have done.

Delegates from 250 German societies organized a permanent association to fight the enforcement of the Sunday laws in Philadelphia.

BROWN'S IRON BITTERS

THE BEST TONIC.

This medicine combines Iron with pure vegetable tonics, and is invaluable for Diseases peculiar to Women, and all who lead sedentary lives. It Enriches and Purifies the Blood, Stimulates the Appetite, Strengthens the Muscles and Nerves—in fact, thoroughly invigorates. Clears the complexion, and makes the skin smooth. It does not blacken the teeth, cause headache, or produce constipation—all other Iron medicines do. Mrs. Elizabeth Bump, 74 Furwell Ave., Milwaukee, Wis., says, under date of Dec. 26th, 1884: "I have used Brown's Iron Bitters, and it has been more than a doctor to me, having cured me of this venereal disease in life. Also cured me of Liver Complaint, and now my complexion is clear and good. Has also been beneficial to my children." Mrs. Leona C. Bradford, East Lockport, N. Y., says: "I have suffered untold misery from Female Complaint, and could obtain relief from nothing but Brown's Iron Bitters." Genuine has two Trade Marks and crossed red lines on wrapper. Take no other. Made only by BROWN CHEMICAL CO., BALTIMORE, MD.

Mr. and Mrs. E. H. Carpenter had the pleasure of entertaining their son, over Sunday.

The Hammononton Loan Association meeting next Thursday evening, Sept. 1st, in the Town Hall.

Mr. W. R. Tilton, Cashier of the Bank, is to have a house built for his own comfort, on Vine Street.

P. S. Tilton & Son's delivery wagon is now drawn by a lively pair of horses, which make the wheels hum.

Rev. Mr. Day, pastor of a Baptist Church in Schenectady, N. Y., visited Mr. Moses Stockwell this week.

The Winslow Lodge of Odd Fellows contemplate securing a membership in the Odd Fellows' Home at Trenton.

A. H. Simons has a hundred or more empty flour barrels for sale. He has sold many since advertising them, last week.

O. E. Moore has his store fixed up and well-stocked. Call and see him, Second Street, near the avenue. His wagon still travels.

Mr. Cook, the jeweler, is getting up a "clock club," to be conducted like his popular watch club. Call at his store for particulars.

Plenty of showers this week,—and most of them very severe, the water apparently tumbling down in blocks. Umbrellas were useless.

Mr. Ephraim Eldridge, a former Hammononton, father of Mrs. William Bernshouse, died at his home in West Chester, Pa., last week.

Capt. Cramer, of Rosedale, has commenced an ejection suit against Mrs. John Armstrong, a tenant, whose husband has left for parts unknown.

The Hammononton Post-Master has now for sale the official "Letter-Shell Envelopes," a sheet of good paper, so arranged as to fold and seal, leaving a place for the address, and containing a two-cent stamp. It is also perforated for convenience in opening.

A number of our young people had a water-melon party at the Park, Tuesday evening. They had a grand time, their only regret being the mysterious disappearance of several melons, causing a short supply.

The Legislature having made the first Monday in September a legal holiday, how about the previous law which compels the Board of Assessors of each county to assemble on that day and apportion the taxes for the coming year?

An Italian had his foot crushed, Sunday morning, at the P. & A. C. station. His hat had fallen under a car, and to reach it he placed his foot on the rail. As he did so, the train started, catching his foot before he had time to remove it. Amputation was found necessary.—Mirror.

What's the matter with the Fire Company? The Marshal has twice called out the members for a drill, and not enough appeared to man the engine. How would it do to organize as a company of militia, under the State law? They could still retain charge of the fire apparatus, and the military discipline would add to its efficiency.

Andrew K. Bernshouse has taken up the saw and plane, intending to master the practical part of the builder's business. He has joined his brother Will, at Rosemont, Pa. Mr. B. is giving his boys opportunities which but few young men enjoy, and deserves their life-long gratitude. Bert, having spent a suitable time at the bench, can now be found at the big ledger, behind the office desk.

Mr. and Mrs. Theo. B. Drown were married August 20th, 1884. Last Saturday being the thirty-third anniversary, they summoned home all their children with their families.—Wilbur A. Drown, of Camden, Mrs. Stella Mitchell, of Philadelphia, and Mrs. George King, of Hammononton. It was a congenial company, and a day to be pleasantly remembered by all. Mr. and Mrs. D. are highly esteemed in this community, and we unite with all who know them in wishing them many more happy anniversaries.

Last Saturday evening, about nine o'clock, a passer-by discovered that the Bank office was dark, and very properly notified the officers of the fact. In a few minutes, several of the directors were on their way to the Bank. The subsequent proceedings were entertaining to an outsider. The supposition was that burglars had made an entrance and put out the light; yet several stood outside with lanterns; and, so far as our reporter could see, all were in front of the building, apparently waiting for the mercantile to quietly vanquish through the back door. The Cashier was absent, and each one present seemed willing for his next neighbor to make a closer inspection of the premises; and when a young man did approach the door, he found himself inhaling a peculiar smoke, which might have been caused by powder or dynamite, and after several had cautiously approached near enough to get a sniff, all with one accord called for volunteers to unlock the door and enter the building. Silence reigned. Things did look peculiar, and we don't wonder that no one seemed anxious to run his head against a possible black-jack, or tender his body as a depository of pistol balls. But when the necessity became apparent, Will M. Galbraith was found courageous enough to lead the way, and did so, being greeted only by darkness, silence, and a stifling smoke from the office lamp, which had evidently been left turning too high, had bursted the chimney, filled the room with smoke, and then gone out. It takes a brave man to march straight into the face of an un-narrowed danger, with no reward in an un-narrowed danger, with no reward in a two-cent stamp. It is also perforated for convenience in opening.

Mrs. Annie Evans will sell by auction, at her residence, Eleventh St., on Monday next, Aug. 29th, at 3 P. M., all her household goods. Capt. Jewitt will be auctioneer.

The real estate and personal property of the late Hon. Wm. Moore was sold at auction last Tuesday, and brought \$18,020.01. Sixteen shares of the "Hammononton Gravel and Improvement Association" were bought by John R. Wilson, for \$3 per share.

CRONUS P. OSOON, F. M.
The announcement is made that a number of Philadelphia capitalists have formed a syndicate to build an elevated gravity road in Atlantic City, from the Inlet down along the beach to the southern end of the island. It is proposed to construct the road that the round trip from the Inlet can be made in thirty-five minutes. The road is to be called the "Atlantic City Belt Line," and its projectors expect to complete it by June next.

THE WORLD'S OPPORTUNITIES

AND HOW TO USE THEM.

ALFRED H. GUERNSEY, Ph. D.

DR. JOHN BULL'S
Smith's Tonic Syrup

FOR THE CURE OF
FEVER and AGUE
Or **CHILLS** and **FEVER**,
AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the **SAFE, CERTAIN, SPEEDY** and **PERMANENT** cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **BULL'S VEGETABLE FAMILY PILLS** will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and Scrofulous affections.

RUSSIAN RHEUMATISM CURE
HAS PROVED TO BE THE REMEDY FOR RHEUMATISM.

MARION, Ind., Aug. 12, 1884.
My wife was so afflicted with Rheumatism in her shoulder and arm that she could do nothing for herself, and could not sleep in bed, but had to be bolstered up in a rocking chair. Physicians prescribed many patent medicines were used—but the pain still got worse. I went for the **Russian Rheumatism Cure**, under a cloud of doubt. It was used according to directions for one week, and my wife was cured. It was one of those agreeable surprises that you meet once in a lifetime. It is now over four months since the cure was effected, and she can wash, iron, hoe in the garden, and do all kinds of work as well as ever, and has no symptoms of the old disease. We have no hesitancy in recommending the cure to all similarly afflicted, as **SAFE AND SURE.**
Truly Yours,
H. J. FISHELL.

Thousands of others have been cured.
