The regular monthly meeting of the Women's Civic Club will be held at the Club House, Tuesday morning, Oct. 4th, at 9 o'clock.

The program for this meeting will be a musical. Mrs. Louis Kaufman, of Millville, N. J., will sing several selections, and Mrs. Walter Reeve, also of Millville, will assist at the piano. This promises to be a very entertaining program, and all members are requested to be present.

Suit Entered Against Dodge.

Suit has been instituted by the trustees in bankruptcy of the Home-way Process Fruit Company against William H. Dodge for \$42,425.00 to recover the amount assessed upon the common stock owned by Dodge, under order of the Referee in Bankruptcy.

Dodge was the promoter of the corporation and for the greater part of its history its president and active manager. All of the common stock holders were assessed and by far the greater majority of them have paid the assessment. Suits are now being brought by the trustees against those stockholders who have not paid. A number of those against whom suit was brought to recover the assessment have paid up.

The action against Dodge is the final effort of the trustees to recover for the benefit of the creditors and it was stated that every possible effort will be made to enforce payment of the assessment by Dodge.

Primary Election.

The day was a surprise to many people, but not to the fellow who sits with his ear to the ground.

Results showed that Elvins had secured the nomination for Mayor on the Republican ticket; Phillips on the Democratic; Mattola, Brownlee and Mattola were named for Council on the Republican ticket, while Brownlee, Measley and Davis appeared on the Democratic ticket.

There were 2337 names registered; 1227 votes cast; and 98 ballots rejected—47 of which were Republican in the Second District.

WEIGHT REPORTED

Young Women Only Weighed 70 Pounds—Now Weighs Over 100 and is Gaining Every Day.

"Before I began taking Tonic I only weighed 70 pounds. I now weigh over 100 pounds and am gaining every day," said Miss Lillian Davis of Chattanooga, Tenn.

"I bought my first bottle of Tonic at Oak City, Ind., and it helped me so much that I continued using it. I have always been very delicate and under a great deal of stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 70 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tonic.

"Oh, I felt so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tonic is simply grand and I can truthfully say it is the only medicine that has ever done me any good."

Tonic is said by leading druggists everywhere.—Advertisement.

He Couldn't Tell by the Looks. The domestic animals on a farm proved a source of great wonder and speculation to the neighbors when his first visit to the country.

One morning an extremely young colt was shown to the neighbors. "Well, Bob, what do you call that?" asked the farmer.

After a few minutes of deliberate thinking Bob replied: "It looks horse, but I guess sheep."

Turned Up What seemed to Be a Piece of Crystal. That it seemed ridiculous to suppose it could be a diamond. Schepers was called in to examine it, and he pronounced it a real stone.

After the stone became known diggers crowded round, the stone was examined and re-examined, and finally was pronounced a real diamond.

The diamond was weighed and bids began to be made to the lucky diggers—bids that to them appeared fabulous. They kept their heads, however, and refused to sell until they could get their find properly valued.

WEALTH FROM STROKE OF PICK

Three Prospectors in South Africa Gain Fortune by Finding Huge Diamond.

New York—Details that read like a chapter of romance have reached here from the Transvaal of an ancient diamond in South Africa weighing 381 carats.

Several weeks ago three men, Schepers, Kalkbrenner and Smith, set out from the Transvaal diggings in South Africa, for Maitsheng, where a new hole was to be opened. Smith, who was little by because ill and the party was forced to leave the mine and camp at Maitsheng. The mother was nursing her child.

Found it by Mere Chance. The men, to fill in their idle time, went to work digging in the vague hope of picking up some trifle. Smith went from bad to worse, the diggers having no luck, and finally the party were reduced to living on maize meal and little else.

The sick child grew steadily worse, and died. After the funeral there was no more to be done. Smith, who was so ill, decided to give it a trial. They decided to follow his advice, and at the end of two days was into a pool of clear oil which diamonds usually are found.

Then fortune came to them. At one stroke of Kalkbrenner's pick he turned up a lump of clear oil, which was a piece of crystal, something so big and so clear that it was a wonder.

Some diamonds won't even pay a tonnage.

When Deputy Warden MacLennan, aided by Schepers, had put out the flames, Schepers was a night that made even the hardened Transvaal guards shudder.

WIFE TAKES HUSBANDS ADVICE

And Is Made Well Again by Lydia E. Pinkham's Vegetable Compound

"The doctor told me that I had to have an operation, otherwise I would be a invalid for the rest of my life. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound to see if it would not help me. For the first four months I could do but little work, but by the end of the first year, I was as well as ever. I am now able to do all the housework and to go to the office. I am truly grateful for your Vegetable Compound, which I did. Of my eight children this is the only one who is well and happy. I am truly grateful for your Vegetable Compound, which I did. Of my eight children this is the only one who is well and happy."

Sickly, ailing women make unhappy homes, and after reading Mrs. Wadsworth's letter one can imagine how she was transformed by her restoration to health.

"A letter came to my house three days, wanting me to take stock in the Disarmament League, or something of the sort, at a dinner, a share, whatever. I don't reckon you bought any?"

"You're mighty sure right I didn't! While he was showing me to me he stepped on the tail of one of the dogs. I don't know what he was thinking, but the infernal cuss licked the dog. I wouldn't buy anything from no such fellow as that. I saved up a good deal of money, and I saved up a good deal of money, and I saved up a good deal of money."

SATURDAY, OCTOBER 1, 1921

Hammonton people are pleased that the uneven piece of road at the intersection of Bellevue Avenue and Egg Harbor Road, to the Pennys tracks, has been removed, and relaid in good substantial shape. It has been very unsatisfactory for several years, a series of bumps and hollows.

People are asking: "How did you like the Primary Election results?" Well, it didn't make us half so mad as it did some people.

Teen persons in town are worth five dollars more than they were a few weeks ago, if we can accept the theory that each boll is worth that amount. We have found none, however, but what would be glad to sell the pesky eruption for less than that amount.

Watch your hogs. The cholera is going around again. Call in a veterinary surgeon at once.

No wonder the poor reporters, mail carriers, and gossips, get people's names confused, for we have such a similarity of names. For instance we have the sons—Jackson, Anderson, Peterson, and Johnson; then there is Schenk and Schank, Hoyt and Hoy, Rice and Ricci, Clemens and Clement; and if one is color-blind, he has Black, White, Brown, Green, Gray, Yellow, and some.

Leaves are rapidly falling, indicating an early winter. If this is so, and we understand that the never-falling goose bone has so decided, we should see that our wood-piles, coal-bins, heaters and blankets are in good working order.

Those nominated on either ticket should signify their intention of accepting the Clerk, at once; otherwise their names will not appear on the election ballot.

How the days are shortening! It is dark at six o'clock. We notice it especially now that we have resumed same time.

If you have not registered as yet, you can do so on Oct. 18th.

Jacob's Meat Market

We will on October 1st open a meat market in our store, 203 Bellevue Avenue, and have employed Ralph Rudderow, formerly with Jackson & Son, as our meat cutter.

Our music department will be removed, for the present, next door, in Mrs. Myer's millinery store.

Admission 20c.

SATURDAY:—William Fairbanks, "Western Pep."
Westers Pep is by far the best picture William Fairbanks has produced to date. It is full of punch and action. You see a horse and rider go over the cliff down 200 feet to the rocks below, and jumping from a speeding auto onto a runaway team nearly cost this star his life, in order that you might have realism.
Our Usual Clever Comedy.

Eagle Theatre To-Night.

Special Cast, — "The Saphrod."
Sunshine Comedy, "Book Agent."

NEXT SATURDAY: Bert Lyttel, "A message from Mars."
The most selfish man in London was Horace Parker, and everyone knew it—but Horace Parker. Then someone told him: A figure he had never seen; one he laughed at when he first saw it—Suddenly Horace stopped laughing. It was well he had his laugh, for Horace Parker was to go through much, to learn a great deal about life and love, and his own short comings before he would laugh again. It is a picture for the most exacting, and one that will measure up to your highest ideals.
Chester Comedy, "Bang."

A HIGHLY INTERESTING STATEMENT

One of the most important moves yet made by the Motion Picture Theatre Owners of the United States, through their national organization with headquarters in New York City, has been to establish a Public Welfare Division through its Department of Public Service now located at Washington, which is devoted to the advancement of educational, civic, industrial, commercial and other necessary elements in all sections of the United States.

This Welfare Division is the outcome of a resolution adopted at the annual convention of the Motion Picture Theatre Owners of America in Minneapolis last June. Since that time the national officers, headed by President Sydney S. Cohen, of New York, have been at work formulating plans to put this division on a firm footing and establish co-operative relations with as many communities as possible.

Preliminary to the Minneapolis convention movement, the officers of the national body, accompanied by Dr. Francis Holley, Director of the Bureau of Commercial Economics in Washington, called upon President Harding and offered to him, and through him to the various departments of the Federal Government, the use of 16,000 screens in the motion picture theatres of the United States for such public purposes along propaganda and other lines as might be found practicable.

President Harding responded to this offer in a most cordial manner, declaring it to be one of the most important moves that happened in the recent history of the United States, and agreeing that every official of the Government would, as occasion might arise, avail himself of this wonderful system of visualizing events, advancing general work of their departments. In his statement to the Motion Picture Theatre Owners of America officials, President Harding spoke as follows:

"Mr. Cohen and gentlemen of the Motion Picture Theatre Owners of America: I am glad to have this opportunity of saying that in my judgment the full potency of this great medium of expression which we know as the motion picture is far from being fully understood and appreciated. I agree with what you have said about its importance to our citizenship. I therefore accept your offer most gratefully and I do and will require your services in the upbuilding of a spirit of proper Americanism, so vital to the existence of the Republic. I do little when I thank you for the expression of your resolution. It affords me great pleasure to have seen and met you all, to know of your purposes and on behalf of the Government I express to you my sincere and heartfelt thanks."

It is the purpose of the Motion Picture Theatre Owner to effect a definite line of co-operation with school districts through which lessons taught to different classes in the school will be visualized on the screens of the theatres, and the classes taken to the theatre on such occasions and under the direction of the teacher taught the lesson previously given from the books, by the use of the actual picture of the subject under discussion. This, it is believed, will have the effect of bringing in a vivid, clear and definite way to the minds of the pupils, the actual substance of the subject taught in a manner hitherto unknown.

It is also the special purpose of the picture men to effect definite arrangements with the departments of the Federal, State and municipal governments, in the effort to carry forward any move which is distinctly advantageous to the public. Care will be exercised all of the time not to project the theatres into any partisan or political dispute, as only matters that are generally acknowledged to be of service to the public will have a place on the screen.

In this relation, co-operation will be established with Chambers of Commerce, Boards of Trade and other industrial and commercial bodies and everything that in any way tends to advantage the American community will be carried forward with special vigor. In a word, the theatre will be an absolute community center from which anything of service to the public will be projected and carried forward.

ANNOUNCEMENT OF CANDIDACY

Believing that William E. Phillips cannot defeat Harry L. Murphy for Freeholder; that Murphy is not the choice of a majority of the voters of Hammonton, Republican or Democratic; that he is a machine candidate; that for reasons which may be made public later—if Murphy insists on re-election to the Atlantic County Board of Chosen Freeholders—the undersigned enters the field as an Independent Candidate for that office. Assured of the support of the best element of citizenship of Hammonton he will make the fight on November 8, and will ask you to support him only after he has made his platform clear, and given you reasons why Murphy should not be re-elected.
Yours for Good, Clean Government,
