Our World's Fair Letter.

CHICAGO, Nov. 2, 1893.
The end of the Columbian Exposition is draped in mourning. The grand festivities, tableaux, floats and fireworks prepared for Chicago Day were abandoned at the last moment, out of respect to Mayor Harrison's death. Flags were at half mast, and the only thing that signaled the close of the Fair was the firing of the minute guns at sunset.

That there was no gaiety at the Fair the last day did not keep the people away,--the paid admissions numbered 208,173. It was the last day of this "University of the World," and the crowd thought the minutes too precious to be wasted in frivolities.

Now, the work of demolition begins. As the Fair is over, the first question is:

"What is the total number of paid admissions?" 21,464,000, subject to slight correction when all the accounts are finally squared. Financial success was assured three weeks ago, on Chicago Day when the last debts were paid. The receipts since then will pay about fifteen cents on the dollar to the stock holders. Most of the Midway concessions have been successes. In addition to their own profits, they've paid over \$4,000,000 into the Exposition treasury. Cairo St. has led them all in popularity. Its paid admissions are over 2,225,000. Oct. 10, the day after Chicago Day, bro't them their largest attendance--28,361. It was interesting to see how the manager of Cairo Street ran up the admission fee as the crowds poured in. Starting at ten cents, he jumped to fifteen in a few weeks, where it remained till September when the street was still crowded at twenty cents; while the increasing throngs of October had to pay twenty five cents to see the donkey and camel-riding. For in reality that was all that the admission fee entitled you to see, except the gewgaws for sale. Hagenbeck's animal show came next in point of attendance, with over 2,000,000 visitors; and considering the 50¢ admission fee, Hagenbeck took in more money than any other show on the grounds. Altho' the Ferris wheel did not begin running until June 21, it carried before the close of the Fair over 1,600,000 passengers. This means that it has been running expenses and its own cost in less than four months.

The Fair is closed officially, but the grounds and buildings are open at the same admission fee. As fast as the exhibits will be removed as quickly as possible, before cold weather sets in. A good many exhibits will go to the Mid Winter Fair in California. Hundreds of laborers are at work laying tracks to the principal buildings, to expedite the removal of exhibits. But if good weather continues for two weeks probably 50,000 people will pay admission to see the closing city. Beginning next week, lasting thro' the month, there will be a grand Chrysanthemum show in Horticultural Hall.

The contract with the Jackson Park Commissioners calls for the removal of the buildings before May 1, '94, but the time will probably be extended another year. While burning has been suggested as the easiest and cheapest way to get rid of the buildings, they will likely be pulled down in the regulation way, and sold as scrap iron. Two of the buildings are of brick, and will remain permanently. The Pennsylvania building has been given to the Park, and will be used as a Club House. The Fine Arts building is to be the home of Chicago's latest project, the Chicago Museum. The idea of establishing upon the ruins of the Fair a lasting monument in the shape of a great museum, to rival the Smithsonian Institution at Washington, was conceived in the minds of Chicago business men but a short time ago, and grew in that phenomenal way peculiar to western energy. The idea became a reality last Thursday when Marshall Field, one of Chicago's merchant princes, gave a round million to the project, on condition that \$500,000 more be raised in cash, and \$2,000,000 in World's Fair stocks, which, as mentioned before, are worth about 15 cents on the dollar.

But this is only part of the story. It

is said that the Smithsonian Institute was largely the result of the Centennial, therefore the projects of this enterprise are soliciting donations of World's Fair exhibits. The forestry building is promised entire, and most of the anthropological building.

Next year, from May to November, an international exposition will be held at Antwerp. The United States will be represented by the American Propaganda Company, which, for a specified sum will transport, care for, and return each American exhibit.

THE LANDSLIDE.

New Jersey Free.

Gamblers Routed.

The Legislature Republican in both Branches.

It seems too good to be true; but it's a fact that the gamblers were routed, horse, foot, and dragons! Wherever a race-track candidate showed his head, voters pelted him with ballots, without regard for party. So far, we have found but one of their adherents among those re-elected. — Billy Thompson himself, from Gloucester.

The next State Senate will be composed of 11 Republicans, 10 Democrats, Assembly, 35 Republicans, 25 Democrats. On joint ballot, a Republican majority of 11 on joint ballot.

This is Jersey's "good time coming." The race-track gambling laws will be first repealed; then comes the battle royal with a host of infamous partisan laws, which must be repealed. Oh, it's a dandy job laid out for the new legislature. We hope to see that excise board law among the earliest to be abolished, and the unfair legislative district arrangement made right.

Yes, Jerseymen have applied the lash to their recreant sons, and now let not public trust be betrayed by those who take their places.

Other States in Line.

Pennsylvania has increased her usual Republican majority to 131,000.

In New York, the self-degraded Judge Maynard was returned in favor of the Republican nominees by a majority of 90,000, and gave other Republican candidates 30,000 majority.

Massachusetts, too, has, turns in Republican majorities of 25,000.

McKinley, the beloved apostle of protection, elected Governor of Ohio by 90,000 plurality.

Iowa elects Jackson Governor, an earnest Republican, by 30,000.

More anon.

Virginia and Kentucky adhere to their ancient traditions, and remain in bondage.

Manufacturing establishments do not close down for political effect. In the first place, the effort to control legislation in that way would be vain, and particularly so now that the Democratic party, which is committed to free-trade is in full control of both branches of the National Legislature.

No dishonest vote ever went into the ballot box in consequence of the Federal Election laws. They have kept many a dishonest one out, however. And there is the rub.

Prominent Philadelphia clergymen organized a relief committee with Rev. Dr. S. D. McConnell, chairman, to do charitable work among the unemployed in the mill districts.

There are two hundred and ninety-one building associations in New Jersey, with an issue of \$71,655 shares.

One secret that a woman can generally keep is her honest, way-down-deep unmodified opinion of the man who persuaded her to marry him 25 or 30 years ago.

Somebody declares that American women are growing taller, while the men are getting shorter. A new bonnet certainly has a tendency to make a woman tall and at the same time to make her husband short.

Business dispatched is business well done, but business hurried is business ill done.

If the sun had nothing else to do but shine on the righteous, it would be hardly worth while for him to rise as early as he does.

Thousands of farmers voted "for Grover and \$1.25 wheat." They got Grover.

The bluffs on the Mississippi are nothing when compared with those in the Senate.

The practical politician is a man who takes more pride in his influence than in his integrity.

One trouble with the world is that so many people have more reputation than character.

PAINT! PAINT!

THE HAMMONTON.

When you buy the Hammonton Paint, you do not buy seven-eighths of a gallon for a gallon, or three pints for a half-gallon; nor do you get one of those packages that weigh 12 to 14 pounds, and containing so much alkali that it appears to be so thick that it is impossible to use it without thinning; but in buying the Hammonton you get a full standard gallon of paint, weighing 14 to 16 pounds to the gallon, made from the best materials known to the trade, and costs the consumer from \$1 to \$1.50 per gallon for honest paint.

If the purchaser doesn't want honest paint, and wants to be honest to himself, then be sure to buy the Hammonton Paint, and the manufacturer will give a receipt with every gallon sold telling you how to make two gallons of paint out of one of the Hammonton. It will cost 33 cents for the extra gallon.

One Dollar.

And then here comes Commercial Paint, in 30 shades, — the best wearing paint ever put on the market for so low a price as \$1 per gallon, and guaranteed to be a first-class wearing paint. If any one should not want to pay so high a price for a good exterior paint, then work the 33-cent racket, and get two gallons for \$1.33. Manufactured at Hammonton Paint Works.

To-morrow will be "Bible-Day" in the Baptist denomination, when all over the land special services are held, and a collection taken to aid in the publication and distribution of Bibles. Persons calling for any of the above letters will please state that it has been advertised.

GEORGE ELYING, F. M.

It is a curious fact that although Eugene Field has written over five hundred poems, he has never written a single love-song. "I don't know exactly why it is," said the Western poet recently in explanation, "except that I was married when quite young, and did not begin to write poetry until after my marriage." Mr. Field has now written his first love-poem, which he calls "Will You be My Sweetheart?" and has given it to *The Ladies' Home Journal* for publication.

A concert will be given in Union Hall, on Monday, Nov. 20th, '93 for the benefit of the M. E. Sunday School piano fund. To consist of vocal and instrumental duets, quartettes and recitations. A choice programme is in preparation, in which the following persons will assist: Miss Emma Pressey, Mrs. C. G. Whitmore, Miss Emma Faunce, Miss Linda Samson, Miss Gertrude North, Miss Marrietta D. Tilton, Miss George Swift, Miss Kate Myrore, Miss Grace Osgood, Mr. E. Scott, Mrs. C. F. Osgood, J. B. Joly, C. F. Osgood, A. K. Burnhouse, The Hammonton Glee Club, &c. General admission, 25c.; reserved seats, 35c. Reserved seats for sale at either of Elying & Roberts' stores, on and after Nov. 13th.

Tuesday was a fine day, and political workers of all parties put in full time. But, somehow, many voters were too indifferent to come to the polls, but 411 votes being cast, of 645 on the official register. Everything was quiet, except the usual good-natured banter and an occasional joke. A Democratic worker brought four Italians in his carriage, they prepared their ballots, gave their names, and then "was found that none of them had been naturalized. A Republican missionary from Atlantic City came up on Monday, but found no encouragement among his own party men. Finally a Democrat gave him to understand that five gallons of whiskey would help his patron; this was promised, and received on Tuesday. We don't know where it all went, but it did not purchase many votes (as you can see), and we did not see an intoxicated man that day. The Board flushed the count, made out all returns, and adjourned about eleven o'clock.

A Western editor received a letter from an indignant subscriber who said: "I don't want your paper any longer." To which the editor mildly replied: "That is all right. I wouldn't make it any longer if you did, because in that case I would have to buy a new press. The present length just suits me, and I am glad it suits you."

We Told You So.

Atlantic County voices her Protest against Race-track Legislation.

As we expected, this Republican County has elected the Democratic nominee for Assemblyman by a majority that speaks louder than the human voice in condemnation of race-track and gambling laws, and rebukes the Republican legislators who voted for those iniquitous bills.

There can be no other interpretation possible to the result of the ballot taken on Tuesday. Smith Johnson, Republican candidate for Sheriff, was elected by 367 plurality; Frederick Schuchardt received 627 plurality. These figures show that more than one thousand Atlantic County Republicans must be classed with those of whom Charles A. Burke is reported to have said: "They are too good, and the Almighty ought to call them home."

We hope that it will not be necessary to repeat this lesson two years hence, nor at any future date; but there are intimations contained therein which are intended for others, not directly affected this year.

Get your seats early for the Thanksgiving play.

Henry, a little son of Herman Fielder, fell from a box, Tuesday, and split his tongue so badly that several stitches were required to close it.

All our county schools were closed for the week on Tuesday. The teachers are attending the Institute (Atlantic and Gloucester Counties) at Atlantic City.

Sunday School people should all remember the County Convention to be held next Tuesday, in the Salem M. E. Church, Smith's Landing. It will be profitable for all.

Albert H. Simons returned from the hospital in Philadelphia, Saturday last, very much improved in health, looking much better than at any time since his accident.

We hope that Senator Hoffman will read tonight the scene of the times, and during the next two years regain the confidence of his constituents. "A word to the wise is sufficient."

Say, Charlie, don't you wish you had taken our advice, and retired to private life voluntarily? It would have been much cheaper and not so very humiliating as the popular verdict.

We Told You So.

Atlantic County voices her Protest against Race-track Legislation.

As we expected, this Republican County has elected the Democratic nominee for Assemblyman by a majority that speaks louder than the human voice in condemnation of race-track and gambling laws, and rebukes the Republican legislators who voted for those iniquitous bills.

There can be no other interpretation possible to the result of the ballot taken on Tuesday. Smith Johnson, Republican candidate for Sheriff, was elected by 367 plurality; Frederick Schuchardt received 627 plurality. These figures show that more than one thousand Atlantic County Republicans must be classed with those of whom Charles A. Burke is reported to have said: "They are too good, and the Almighty ought to call them home."

We hope that it will not be necessary to repeat this lesson two years hence, nor at any future date; but there are intimations contained therein which are intended for others, not directly affected this year.

Get your seats early for the Thanksgiving play.

WHAT

IS

THE

DIF-

FER-

ENCE?

Between the Compound Oxygen Treatment of Diseases and that by the use of Drugs? It is an important one.

Drugs are taken into the stomach. For this reason their action is not direct. Compound Oxygen is taken into the lungs, and, therefore, comes immediately into contact with and is absorbed into the blood.

Drugs, being generally poisons, act by causing a disturbance in the body. Compound Oxygen, being composed of the elements of the air, and acting upon the blood, is not open to this objection.

But, however it may act, it has certainly cured many cases of chronic disease, in which drugs have failed. This is the point of greatest interest to all chronic sufferers. To all such we say:

Send for our book of 200 pages, sent free. Read for yourselves what Compound Oxygen is, how it acts, and, above all, what it has accomplished.

THEY GIVE THEIR REASONS.—Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We'll tell you. When this Remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and gradually lessen its severity; and it is the only remedy that will do this. It acts in perfect harmony with nature, and aids nature in relieving the lungs, opening the secretions, liquefying the mucus and causing its expulsion from the air cells of the lungs, and restoring the system to a strong and healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly. For sale by A. W. Cochran, the druggist.

IS IN YOUR OWN HAND.
Palmsistry assumes to tell what the lines in your hand mean. It will cause you to reach for the stars. The above diagram almost explains itself. The length of the **LINE OF LIFE** indicates probable age to which you will live. Each **BRACELET** gives you thirty years. Well-marked **LINE OF HEAD** denotes brain power; clear **LINE OF FORTUNE**, fame or riches. Both combined mean success in life; but you must keep up with modern times to win it. You will find plenty of these in **Demorest's Family Magazine**, so attractively presented that every member of the family is entertained. It is a dozen magazines in one. A CLEAR **LINE OF HEART** speaks tenderness; a straight **LINE OF FATE**, peaceful life; the reverse if crooked. A well-defined **LINE OF HEALTH** spares you doctor's bills; so will the right hints in **Demorest's**. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the **CIRCLE OF VENUS** well marked; keep your temper, having **Demorest's Magazine** to read. By subscribing to it for 1893 you will receive a gallery of fine works of art of great value, besides the superb premium picture, 17x22 inches, "I'm a Jew," which is almost a real baby and cost \$300; and you will have the best painting equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the facts and different points of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while **Demorest's** is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$2.00, and you will really get over \$25.00 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the **Triangle** means honesty; a large **QUADRANGLE** means honesty; a large **TRIANGLE** generosity; long **FIRST DIVISION OF THUMB**, stone will; long **SECOND DIVISION**, reason; facility. **THE MOUNT OF JUPITER** betokens ambition; that of **SATURN** prudence; the **VENUS**, love of splendor; **MAES**, courage; **MOON**, imagination; **VENUS**, love of pleasure; and **MERCURY**, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.
